Financial assistance given to railways by the Government of Canada in 1986-87 (with cumulative figures to March 31, 1987)

The 1952 Canadian National Railways Capital Revision Act stated that "The Minister shall include annually in the Public Accounts a summary statement of all assistance, including land grants, guarantees and capital subsidies but not including grants made pursuant to statutes for the relief of unemployment, that has at any time been given by the Government of Canada to each of (a) the National System (Canadian National Railway System), including its predecessor companies; (b) the Pacific Railways (Canadian Pacific Limited) as defined in the 1952 Canadian National-Canadian Pacific Act, including its predecessor companies; and (c) any other railway".

The following statement presents the budgetary and non-budgetary financial assistance showing annual and cumulative payments. Cumulative budgetary assistance includes miscellaneous program expenditures in which the corporations have benefited. Only individual payments of $50,000 or over are reported in this statement.

Railways have been interpreted to include the following for purposes of this statement: (i) for Canadian National Railways—all companies owned, operated or managed by Canadian National, (ii) for Canadian Pacific—only companies engaged in transportation, communications and hotel activities.

Non-budgetary assistance represents the net increase or decrease to loans, investments and advances.

Budgetary assistance represents a charge to budgetary appropriations which affect the annual deficit or surplus of the Government.

(S) Statutory authority.

(1) Canadian National Railways Company. The Corporation is a beneficiary of loan guarantees by the Government amounting to $93.6 million in 1987 ($94.8 million in 1986).

(2) Cumulative land grants given to Canadian National Railway System including predecessor and affiliated companies and to Canadian Pacific Railway Company and other companies included in that system are 5,728,912 and 32,848,477 acres respectively.

(3) Total shares issued: 5,868,786 no par value shares, 655,116 shares were cancelled in consideration of transfer of all common shares of CN Marines Inc. now known as Marine Atlantic Inc. and certain other assets held by the company to the Government of Canada pursuant to the enactment on June 27, 1986 of the Marine Atlantic Inc. Acquisition Authorization Act.

(4) Total shares issued: 93,000 no par value shares.

(5) Controlled by Canadian National Railway.

(6) Controlled by Canadian Pacific Limited.

Losses of $1,000 or more due to accidental destruction of, or damage to, assets which would normally be covered by insurance had insurance existed

The Government does not generally place insurance on movable and immovable property. The Government, therefore, absorbs losses when they occur.

[1] The amounts reported in this column represent interest unless otherwise indicated.

[2] The amounts reported in this column represent the closing balances of asset accounts as at March 31, 1987. They generally do not represent amounts of principal on which interest is calculated and/or dividends paid.

[3] This amount was not reduced by the provision for valuation of $9.7 billion.

	19,949,622	1,435,742	21,385,364
Net expenditures	28,968,912(1)	6,665,515(2)	35,634,427

(1) Includes the net payments of compensation respecting:
(a) Government employees (Government Employees Compensation Act);
(b) merchant seamen (Merchant Seamen Compensation Act); and
(c) employees of mines who contracted silicosis prior to acquisition of mines by CBDC.

(2) Represents the federal Government's net share of administration expenses of provincial boards.
The claims of Federal employees eligible for compensation are dealt with and paid by the provincial workers' compensation boards from funds advanced by the federal Government. Claims of employees resident in the Northwest Territories and the Yukon Territory are processed and paid by the WCB of Alberta.

NATIONAL REVENUE
Customs and Excise
Statement of relief of custom duties

Note: this statement provides details of relief of custom duties of $1,000 or over as required pursuant to Section 51 of the Duties Relief Act.

	$
Section 11 of the Duties Relief Act (DRA) provides that the Minister of the Department of National Revenue may establish a list of machinery and equipment classified under tariff items 41100-1, 42700-1, 42700-2, 42700-3, 42700-4, 42700-5, 42700-9, 42700-10, 42700-11, 42700-12, 42700-13, 42700-14, 42700-15, 42700-16, 42701-1, 42701-2 and 42701-3 which are not available from Canadian production and on which no custom duties are payable. The Minister of the Department of National Revenue established a list of machinery and equipment effective October 30, 1986, and the following amount of duty was not paid on such goods from the effective date to March 31, 1987, inclusive	9,407,647

Section 13 of the Duties Relief Act (DRA) provides that the Minister of the Department of National Revenue may remit in respect to machinery and equipment classified under tariff items 41100-1, 42700-1, 42700-2, 42700-3, 42700-4, 42700-5, 42700-9, 42700-10, 42700-11, 42700-12, 42700-13, 42700-14, 42700-15, 42700-16, 42701-1, 42701-2 and 42701-3 and which are not available from production in Canada. Remissions of duty are less the duty applicable to the first $500 of value for duty in respect of each application. The following remissions were granted by the Minister of the Department of National Revenue under authority of Section 13, the amounts shown representing that portion of the remission applicable to the machinery and parts imported during the period of October 30, 1986 to March 31, 1987 inclusive:

The President of the Treasury Board :

Annual Report to Parliament on Crown Corporations and other Corporate Interests of Canada

Canada

INTRODUCTION TO THE PUBLIC ACCOUNTS

Nature of the Public Accounts

The Public Accounts is the report of the Government of Canada prepared each fiscal year by the Receiver General as required by Section 55 of the Financial Administration Act.

The report covers the fiscal year of the Government, which ends on March 31, and is prepared from data contained in the accounts of Canada and from more detailed records maintained in departments and agencies. The accounts of Canada is the centralized record of the Government's financial transactions maintained by the Receiver General in which the transactions of all departments and agencies are summarized. Each department and agency is responsible for agreeing its accounts to the control accounts of the Receiver General, and for maintaining detailed records of the transactions in their accounts.

The report covers the financial transactions of the Government during the year. In certain cases, parliamentary authority to undertake transactions was provided by legislation approved in earlier years.

Format of the Public Accounts

The Public Accounts is produced in three volumes.

Volume I presents a summary analysis of the financial transactions of the Government. **Volume II** is published in two parts. **Part I** presents the financial operations of the Government, segregated by ministry while **Part II** presents additional information and analyses.

Volume III responds to Subsection 153(1) of Part XII of the Financial Administration Act. In it, the President of the Treasury Board provides Parliament with an annual consolidated report on the businesses and activities of all parent Crown corporations. The report includes a list naming, as of a specified date, all Crown corporations and all corporations of which any shares are held by, on behalf of or in trust for the Crown or any Crown corporation. Employment and financial data, including aggregate borrowings of parent Crown corporations and other information, are also provided.

THE PRESIDENT'S MESSAGE

This is the fourth Consolidated Annual Report to Parliament pursuant to Subsection 153(1) of Part XII of the *Financial Administration Act* (FAA). I am pleased to present this report on the businesses and activities of Canada's portfolio of parent Crown corporations. For completeness, I have continued a practice initiated last year of including information on the eight parent Crown corporations which are exempt from the reporting and most other provisions of Part XII of the FAA.

As in previous years, this report is divided into two parts. The first part provides financial and other information on all Crown corporations, as reported by each corporation at its financial year-end on or before July 31, 1987. The second part contains a list of all corporations whose shares are held, wholly or in part, by, on behalf of, or in trust for the Crown or for any Crown corporation.

THE PORTFOLIO

The most recent information, as of September 1, 1987, shows that 58 Crown corporations make up the portfolio. All are included in this report. Forty-six of them are listed in Schedule C of the FAA and are therefore required to conduct their businesses and activities in a manner consistent with that Act and its regulations. Four corporations have been directed by the Governor-in-Council to report their affairs as if they were listed in Schedule C. They are: Petro-Canada International Assistance Corporation and the three subsidiaries of Canada Lands Company Limited. As well, as noted previously, information on the eight corporations that are exempt from Part XII is included in this report. Finally, three scheduled corporations are in the process of being dissolved. They are: Canadian National (West Indies) Steamships, Ltd., Canagrex and Mingan Associates Limited.

OVERVIEW

At their financial year-ends, the corporations comprising the portfolio (but excluding the Bank of Canada) reported assets totalling $59.6 billion, of which financial institutions accounted for 42 per cent.

Data for the same period indicate that all Crown corporations and their wholly-owned subsidiaries employed 183,000 people, a decrease of 17,000, or 8.5 per cent, from the last report. This results, in the main, from the privatization of both Canadair Limited and The de Havilland Aircraft of Canada, Limited, (subsidiaries of Canada Development Investment Corporation) as well as from a slight decline in employment in general during the past year.

Budgetary funding from Canada to all corporations amounted to $4.7 billion during this reporting period, a decrease of $0.8 billion from last year's total. The decrease reflects reduced funding for Canadair Limited and The de Havilland Aircraft of Canada, Limited, which were privatized during the reporting period, for the Canada Mortgage and Housing Corporation, and other relatively minor variances. Funding provided to the eight exempt corporations was $1.2 billion, an increase of 9.3 per cent from the last report.

More complete information on individual parent Crown corporations may be found in their annual reports which are tabled in Parliament, pursuant to subsection 152(1) of Part XII of the FAA.

CORPORATE HIGHLIGHTS

While privatization issues dominated much of the activity related to Crown corporations, there were other significant developments during the past year.

The Government of Canada recovered $133 million from Canada Ports Corporation and the local port corporations in December 1986. This sum represented the balance of the cash recovery exercise initiated in the 1985 Budget. The Port of Saint John (N.B.) was established as a local port corporation in December 1986. As a result of this addition to the number of local port corporations, Canada Ports Corporation has retained responsibility for the management of seven non-corporate ports as well as overseeing the national system of ports.

In May, the government announced its decision to allocate $361 million to VIA Rail Canada Inc. for the refurbishing of long-haul cars, the acquisition of new high-power locomotives, the continuation of station upgrading, infrastructure improvement and construction of maintenance facilities. It is expected that these capital investments will lead to increased passenger comfort and equipment reliability.

Aided by low fuel prices, a $150-million cost reduction program and strong traffic demand from Expo 86, Air Canada earned a record profit in the last six months of 1986 and recorded a $40.4 million net profit for the year. The corporation anticipates a higher net profit in 1987 as passenger revenues have remained strong.

Marine Atlantic Inc. reduced its reliance on government operating subsidies from $143 million in 1985 to $123 million in 1986. Operating expenses remained constant with commercial revenues increasing by 12 per cent. Passenger traffic increased, particularly to Newfoundland, with the introduction of the new M.V. Caribou ferry.

The government approved a seven-year, $175-million rehabilitation program for the St. Lawrence Seaway Authority for the Welland Canal in November 1986. During the year, $14.3 million was spent there on lock wall reinforcing and restoration, and on canal bank stabilization and rehabilitation of ancillary structures.

Losses incurred by the Farm Credit Corporation in the amount of $132.5 million for the year have now eroded the corporation's capital base and resulted in a negative shareholder's equity of $124.8 million as of March 31, 1987.

Canada Post Corporation continued to make progress towards the goal of financial self-sufficiency in 1988-89. The corporation's operating deficit was $129 million, or 4 per cent of its total expenses, in 1986-87, down from $210 million in 1985-86. Mail volumes continued to grow slightly.

The National Capital Commission received a revised mandate focusing on the three principles of the National Capital as Canada's Meeting Place, Communicating Canada to Canadians, and Safeguarding and Preserving the Capital. The Commission's responsibility for the physical evolution of the National Capital was confirmed and enhanced, through its revised mandate from the government, to develop the National Capital as a national symbol. Additionally, the government decided to transfer to the Commission responsibility for the care of Canada's official residences in the National Capital Region.

Petro-Canada's financial performance showed considerable improvement over the previous year, with earnings after tax rising 28 per cent to $123 million. This reflected both cost-cutting by the corporation as well as the partial recovery of international oil prices. The corporation announced, in March 1987, that it will move ahead on the development of the Terra Nova oil field off Newfoundland. Drilling of two delineation wells in the summer of 1987 could lead to a development plan for the Terra Nova field in 1988.

In 1986, the Canadian National Railway Company (CN) sold its CN Route trucking subsidiary to a group of Canadian private sector investors. In early 1987, CN sold the Newfoundland Dockyard to Marine Atlantic Inc. and, in July 1987, it announced that agents had been retained for the sale of CN Hotels. Proceeds from the sale will be used to reduce the corporate debt.

During 1986, the Canada Deposit Insurance Corporation (CDIC) was required to make payments to insured depositors as a result of financial difficulties experienced by three member institutions: the Columbia Trust Company, the Bank of British Columbia, and the North West Trust Company. More recently, another member institution, Principal Savings and Trust Co., was ordered to wind-up, and payments in this regard will be required from CDIC.

The International Centre for Ocean Development (ICOD) completed its second year of operation, focusing exclusively on management of the 200-mile economic coastal zone. ICOD is establishing a unique identity within the Canadian and international development assistance structure. The corporation is assisting developing countries to build institutions and to elaborate long-range policy and plans for the development of their marine sectors.

PRIVATIZATION

The creation, in December 1986, of the Office of Privatization and Regulatory Affairs in support of the Minister of State (Privatization) has continued to give impetus to the government's privatization program.

In the period since the appointment of the Honourable Barbara McDougall in June 1986, the number of privatized Crown corporations has risen to 11, and more candidates for privatization are under active and detailed review.

The following privatizations have been completed since the last report:

- Nanisivik Mines Limited. The government's 18 per cent interest in the corporation was sold in October 1986, for $6 million, to Mineral Resources International Limited.
- CN Route. The firm was sold in December 1986, for $29 million, to Route Canada Holdings Inc.
- Canadair Limited. The government sold the corporation in December 1986, to Bombardier Inc., for $120 million cash plus future royalty payments on Challenger sales.
- Northern Canada Power Commission. The Yukon portion of the corporation was transferred to territorial ownership in March 1987, for $19.5 million cash and notes of $56 million.
- Teleglobe Canada. The firm was sold in April 1987 to Memotec Data Inc., for $488.3 million cash, a $106 million dividend and $16.6 million in shares.
- Fisheries Products International. Also in April 1987, a public share offering was completed, resulting in net proceeds to the government of $104.4 million.
- Canada Development Corporation. Two share offerings have been completed: 21.8 million shares were sold in September 1986 with net proceeds of $246 million; and 1.4 million shares were sold in June 1987 for $15.8 million.

Those divestitures, coupled with four previous privatizations of federal Crown corporations (Northern Transportation Company Limited, The de Havilland Aircraft of Canada, Limited, Pêcheries Canada Inc. and Canadian Arsenals Limited), have produced more than $1.3 billion in net proceeds for the federal government.

Other Crown holdings are currently under review as potential candidates for privatization in 1987-88 and beyond. In every case, a careful review encompassing all aspects of a Crown corporation's operations and purpose is carried out before the Minister of State (Privatization) makes her recommendations to Cabinet.

PUBLIC POLICY

Official Languages

Parent Crown corporations and their wholly-owned subsidiaries are subject to the provisions of the *Official Languages Act*. They are therefore required to provide services to the public in both official languages at their head offices, in the National Capital Region, and elsewhere in Canada where there is significant demand. In general, services provided in English are satisfactory, services provided in French have improved, but improvements are still required in regions of significant demand outside the National Capital Region and Quebec.

The Treasury Board Secretariat continues to assist Crown corporations with the implementation of the government's official languages objectives. Major Crown corporations were consulted with respect to the new Bill C-72 that the government introduced on June 25, 1987 to update the *Official Languages Act*.

Employment Equity

This year, Treasury Board received from Crown corporations their first annual reports respecting employment equity. The reports reflect the efforts of Crown corporations to meet employment equity goals, despite their divergent mandates and often difficult circumstances.

During the past year, Crown corporations continued to meet regularly to discuss issues and initiatives of common concern in implementing employment equity programs, and to receive updates from the Treasury Board Secretariat and other relevant resource organizations. During the summer of 1987, recommendations drawn from the annual reports of Crown corporations were submitted to Treasury Board for approval. Highlights of those initiatives are as follows:

Marine Atlantic Inc.—The marine industry is one of several industries steeped in tradition. This has tested the creativity and initiative of Marine Atlantic to develop an action plan. Its plan, however, includes the expansion and development of a co-op education program, ensuring that women represent at least 50 per cent of placements. This initiative could serve as a model for other Crown corporations within similar industrial sectors.

Canadian Broadcasting Corporation (CBC)—The CBC developed a native broadcaster training program in the North a number of years ago, and has worked in association with others to develop a two-year journalism program at Arctic College. The first students were accepted in September 1987. One of the measures that the CBC has also undertaken to address the visible minorities issue is to conduct internal studies to identify qualified members of this designated group from which the CBC can draw to staff positions throughout the corporation.

Defence Construction (1951) Limited—The corporation is significantly smaller than the majority of Crown corporations designated to submit an action plan. In planning for disabled persons, the corporation has identified basic activities whereby the participation rate of this designated group may be increased within any work environment. The activities include eliminating non-essential physical barriers, ensuring technical aids are available if required, and including a representative from this designated group on employee selection committees.

While the foregoing represents advancements made by individual corporations, all Crown corporations are making efforts towards the implementation of employment equity. Through the continued commitment of senior management, employment equity coordinators and all other employees, I trust Crown corporations will place themselves in a strong leadership role with respect to employment equity initiatives.

MIXED AND JOINT ENTERPRISE CORPORATIONS

As indicated above, the second part of this report lists corporations which are only partially owned by Canada. Canada's investment in these corporations, as of July 1987, was valued at approximately $265 million, a reduction of approximately $400 million since April 1, 1986, due mainly to the sale of Canada Development Corporation shares and the privatization of Fisheries Products International. There are now 13 mixed and joint enterprise corporations, a reduction of one from the last report.

During the past year, Treasury Board instituted a policy resulting in an improved reporting regime for mixed and joint enterprises. The annual reports of all such corporations will now be tabled in Parliament. The submission of quarterly financial reports to Treasury Board is another new requirement. A five-year corporate plan will also be required from corporations seeking new equity investment, and when significant financial assistance is provided by Canada.

REGULATIONS

Since the last Annual Report, the following regulations have been promulgated:

Crown Corporation Summaries Regulations, 1986 (labelling, timing)—29/12/86 SOR/87-37 (superseding Crown Corporation Summaries Regulations (timing)—24/1/84 SOR/85-128).

A list of other regulations, promulgated pursuant to Part XII of the FAA, is as follows:

Crown Corporation General Regulations (notification, disposal of property by Agent corporations, remuneration and by-laws)—31/08/84 SOR/84-743, amended 05/07/85 SOR/85-643.

Crown Corporation Borrowing Regulations (transactions, approvals, exemptions)—31/08/84 SOR/84-742, amended 07/03/85 SOR/85-230, amended 12/09/85 SOR/85-902.

Crown Corporation Borrowing Regulations, amended—16/01/86 SOR/86-143.

Crown Corporation Corporate Plan and Budget Regulations (form, contents, timing and period covered)—29/07/86 SOR/86-828.

CONCLUSION

Two major issues continue to dominate the Crown corporation environment: privatization initiatives and the implementation of Part XII of the FAA. It is clear that the government has met with success in honouring its commitment to privatization, and that it will pursue this objective in the future.

The effect of the implementation of the improved control and accountability framework enshrined in Part XII of the FAA and its regulations is far-reaching. Part XII has been in place for three years now, and I am happy to report that there is continued improvement in the quality and timeliness of Crown corporations' submissions. Corporate plans, budgets and annual reports are proving to be key accountability and control instruments, as envisaged by the Act. They are also the vital linkages to overall corporate performance. As a result, considerable progress has been made in improving the accountability of Crown corporations to Parliament itself.

Don Mazankowski

PART I

ANNUAL CONSOLIDATED REPORT ON THE BUSINESSES AND ACTIVITIES OF ALL PARENT CROWN CORPORATIONS

1. INTRODUCTION TO PART I

Part I of this Annual Report is a document of record on the financial affairs of all parent Crown corporations, comprised as follows:

- Tables 1 and 2 respond to subsection 153(3)(b) of the *Financial Administration Act* (FAA) in presenting for 60 Crown corporations aggregate financial and employment data relative to their individual financial years. The 60 are:
    - 49 parent Crown corporations listed in schedule C of the FAA in the twelve months ending July 31, 1987;
    - four subsidiaries of listed corporations which, by Orders pursuant to s. 97(2) of the FAA, are required to report their affairs as if they are parent Crown corporations; and,
    - seven parent Crown corporations which, by s. 96(1) of the FAA are exempted from the provisions of divisions I to IV of the FAA.
- Table 3 presents financial data for the same 60 corporations but, in contrast to the previous tables, all of the data are as at the single date March 31, 1987.
- Audited financial statements for the period covered by the report for each of the above 60 corporations and for the Bank of Canada.
- A Summary Page for each corporation precedes its financial statements. This page presents a financial summary of several years' performance of the particular corporation, along with basic information about the corporation.

Tables 1 and 2 show that at the close of the period covered by their reports the 60 corporations had total assets of $60.2 billion and their combined employment was 181 thousand; their obligations to private sector lenders increased in the report periods by $1.25 billion while their obligations to Canada were reduced by $1.41 billion. Budgetary funding to the corporations totalled $4.7 billion, which is $0.8 billion less than the previous Report's total. The reduction reflects reduced funding for Canada Mortgage and Housing Corporation and for the aircraft subsidiaries of Canada Development Investment Corporation which were sold to private sector interests in this report period.

2. PARENT CROWN CORPORATION DATA ON INDIVIDUAL FINANCIAL YEAR BASIS

Tables 1 and 2

Tables 1 and 2, which follow, respond to the requirement in the *Financial Administration Act* (FAA) that financial data, including employment and aggregate borrowing by corporations, be reported. The Act calls for data for individual corporations "for their financial years ending on or before July 31," 1987, and totals of these data, therefore, do not relate to a single 12-month period.

Data are presented for 60 corporations comprising: 49 corporations which were listed in schedule C of the FAA in the report period; four subsidiaries, being Petro-Canada International Assistance Corporation and three subsidiaries of Canada Lands Company Limited, all of which have been directed to report as if they are parent corporations, and seven of the eight corporations which, pursuant to s. 96 of the FAA, are exempted from scheduling. The other exempt corporation, the Bank of Canada, is excluded from the tables because of the unique nature of its financial data (see its Summary Page).

Reporting of data is on the following principles:

- **Year-end dates:** December year-ends relate to 1986; other year-ends relate to 1987, unless footnotes indicate otherwise.
- **Employment data** describe the number of full-time employees. They relate to the parent corporation and all its subsidiaries. Special cases are footnoted. Bank of Canada (2,320 employees) is excluded.
- **Net new borrowing data** comprise changes during the financial period in outstanding principal amounts of capital leases and long-term and short-term borrowings. To the extent possible, they do not include adjustments for exchange rate variations and they take no account of transfer of assets and related debts such as those occurring between the port administrations.
- **Budgetary funding from Canada** comprises cash paid to the parent corporation and, as well, that paid directly to its subsidiaries. Payments for which a class or kind of recipient is eligible are excluded from these data. (Examples of such exclusions are Petroleum Incentive Payments and those for Rehabilitation of Prairie Branch Railway Lines.) Canada Post data include cultural mail subsidies.
- **Shareholder's equity.** For four corporations, Canadian Dairy Commission, Canada Council, The Canadian Wheat Board and Freshwater Fish Marketing Corporation, the corporate mandate and operation cause the excess of assets over liabilities to be surplus which is due to clients and not Equity of Canada.

Table 1

See Notes, following these tables.

Notes to Tables 1 and 2

1. For some corporations, audited consolidated financial statements for the period covered by this Report were not available when the Report was sent to press. Therefore, *preliminary data* for the report period are presented in respect of Canada Lands (Mirabel) Ltd.

2. Financial data presented are from audited financial statements for a period other than the report period, as follows:

   Canadian Arsenals Limited - 12 months ending March 31, 1986

   Canadian Dairy Commission - 12 months ending July 31, 1986

   The Canadian Wheat Board - 12 months ending July 31, 1986

3. The equity value for Canada Deposit Insurance Corporation takes account of the position of its Deposit Insurance Fund.

4. Funding data for Export Development Corporation are Corporate Account data. Budgetary funding to Canada Post Corporation includes cultural and special mail subsidies.

5. Employment data:
   - for Canadian Dairy Commission, Freshwater Fish Marketing Corporation, National Arts Centre Corporation and The Canadian Wheat Board are as at December 31, 1986.
   - for Canada Development Investment Corporation comprises employment in Eldorado Nuclear Limited and that in the parent corporation.
   - for Canada Ports Corporation do not include employment in the local port corporations named in these Tables.
   - for the four Pilotage Authorities include contract pilots.

6. Petro-Canada International Assistance Corporation and three subsidiaries of Canada Lands Company Limited are shown amongst C-I corporations since, though not scheduled in the report period, they have been directed, pursuant to s. 97(2) of the FAA, to report their affairs as if they are (C-I) parent Crown corporations.

3. PARENT CROWN CORPORATION DATA AS AT MARCH 31, 1987

Table 3

This table provides basic information about the corporations listed in tables 1 and 2 but, in contrast to those tables, these data are as at a single date, being March 31, 1987, the closing day of government's financial year.

The data comprise:

- values for total assets and for principal amounts outstanding of short and long-term borrowings, bank loans, notes issued and capital leases. Values are derived from audited financial statements or, where a corporation's financial year ends on a date other than March 31, from schedules confirmed by the corporation's auditors; and
- the value recorded in the accounts of Canada as the outstanding balance of loans, investments and advances made by Canada to each corporation. Subject to any related reserve created in those accounts to ensure fair presentation of the financial position of Canada, the value recorded is an asset of Canada. The aggregate of the reserves in place in respect of all of these corporations is noted at the foot of this column of data.

Table 3

Financial data, as at March 31, 1987; parent Crown corporations, $millions

Notes to Table 3

1. Obligations to the private sector:

   —of the Canadian Wheat Board include financing provided by agents

   —of Petro-Canada include redeemable preferred shares of a subsidiary which could be a charge on the parent.

2. Canadian Arsenals Limited was sold six weeks after the date for which data are presented in this table; therefore, no values have been provided for this corporation.

4. SUMMARY PAGES AND THE AUDITED FINANCIAL STATEMENTS FOR EACH PARENT CROWN CORPORATION

A Summary Page precedes the audited financial statements of each of the Crown corporations (57 parents and 4 subsidiaries).

Each Summary Page presents basic information about a corporation's mandate, origins and present status and names the senior officers as of September 18, 1987. As well, a financial summary includes information such as obligations (which comprise long-term and short-term loan principal outstanding and other funding to be repaid, plus capital leases) and details of the cash provided to the corporation and its subsidiaries by Canada. The non-budgetary amounts displayed in the financial summary include equity infusions as well as loan funding.

Bracketed values () denote: for assets or equity, a deficit;
for "cash from Canada, net", a net payment
to the Consolidated Revenue Fund.

When the word *restated* is shown for a year's financial data, this indicates that changes made by the corporation in its audited financial data subsequent to the publication of its Annual Report for that year are reflected in the summary.

SUMMARY PAGE

AIR CANADA

MANDATE

To provide a publicly-owned air transportation service, with powers to carry out other businesses incidental to the airline operation, having due regard to sound business principles and, in particular, the contemplation of profit.

BACKGROUND

The corporation's operation began in 1937. Until 1978, it was a subsidiary of CNR. Today it operates 114 jet aircraft, has 22,570 employees and its operations comprise about 60 per cent of Canadian revenue-passenger miles flown. No federal funds have been invested in Air Canada since the conversion to equity in 1978 of $324 million of its debt obligations to Canada.

AIR CANADA

MANAGEMENT REPORT

The consolidated financial statements contained in this annual report have been prepared by management in accordance with generally accepted accounting principles and the integrity and objectivity of the data in these financial statements are management's responsibility. Management is also responsible for all other information in the annual report and for ensuring that this information is consistent, where appropriate, with the information and data contained in the financial statements.

In support of its responsibility, management maintains a system of internal control to provide reasonable assurance as to the reliability of financial information and the safeguarding of assets. The Corporation has an internal audit department whose functions include reviewing internal controls and their application, on an ongoing basis.

The Board of Directors is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control and exercises this responsibility through the Audit Committee of the Board, which is composed of directors who are not employees of the Corporation. The Audit Committee meets with management, the internal auditors and the external auditors at least four times each year.

The external auditors, Thorne Ernst & Whinney, conduct an independent examination, in accordance with generally accepted auditing standards, and express their opinion on the financial statements. Their examination includes a review and evaluation of the Corporation's system of internal control and appropriate tests and procedures to provide reasonable assurance that the financial statements are presented fairly. The external auditors have full and free access to the Audit Committee of the Board and meet with it on a regular basis.

AUDITORS' REPORT

TO THE HONOURABLE
THE MINISTER OF TRANSPORT

We have examined the consolidated balance sheet of Air Canada as at December 31, 1986 and the consolidated statements of income and retained earnings and changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these consolidated financial statements present fairly the financial position of the Corporation as at December 31, 1986 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied, except for the change in accounting for pension costs and obligations as explained in Note 1(i) to the consolidated financial statements, on a basis consistent with that of the preceding year.

Further, we have examined the transactions of the Corporation and its subsidiaries that came to our notice in the course of the abovementioned examination of the consolidated financial statements of Air Canada for the year ended December 31, 1986 to determine whether they were in accordance with Part XII of the Financial Administration Act, its regulations, the Air Canada Act and the By-laws of the Corporation. Our examination of these transactions was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances. In our opinion, these transactions were, in all significant respects, in compliance with the authorities specified.

AIR CANADA—*Continued*

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. Summary of significant accounting policies

(a) Consolidation

The consolidated financial statements include the accounts of Air Canada and its wholly-owned subsidiaries, Touram Inc., enRoute Card Inc. and enRoute Card International Inc. All inter-company transactions have been eliminated.

(b) Depreciation and amortization

Operating property and equipment, including assets under capital lease, are depreciated or amortized to estimated residual values based on the straight-line method over their estimated service lives. Estimated service lives for flight equipment range from 14 to 18 years, except when extended by significant modifications. Estimated service lives for other property and equipment range from 5 to 30 years.

(c) Maintenance

Maintenance and repairs are charged to operating expenses except for significant modification costs which are capitalized.

(d) Spare parts, materials and supplies

Spare parts, materials and supplies are valued at average cost. A provision for the obsolescence of flight equipment spare parts is accumulated over the estimated service lives of the related flight equipment.

(e) Airline revenue

Airline passenger and cargo sales are recognized as operating revenues when the transportation is used. The value of unused transportation is included in current liabilities.

(f) Interest capitalized

Interest on funds used to finance the acquisition of new flight equipment and other property and equipment is capitalized for periods preceding the dates the assets are put into service.

(g) Translation of foreign currencies

Monetary assets and liabilities in foreign currencies, with the exception of subordinated perpetual bonds, are translated at month-end exchange rates. Gains or losses are included in income of the year, except gains or losses relating to long-term debt and capital lease obligations which are deferred and amortized over the remaining life of the debt and obligations. Other assets and liabilities, subordinated perpetual bonds and items affecting income are converted at rates of exchange in effect at the date of the transaction.

(h) Investment tax credits

Investment tax credits related to assets acquired prior to 1985 are recognized in income net of applicable deferred income taxes, using the flow through method in the year in which the credits are claimed for tax purposes. Investment tax credits related to assets acquired after 1984 are recognized as a reduction of the cost of property and equipment in the year of acquisition.

(i) Pension costs and obligations

The Corporation has adopted the new recommendations of the Canadian Institute of Chartered Accountants on accounting for pension costs and obligations with prospective application from January 1, 1986. Pension expense consists of the actuarially computed costs using management's best estimate assumptions of pension benefits in respect of current year's service, imputed interest on plan assets and pension obligations, and straight-line amortization of experience gains or losses and assumption and plan changes, over the average remaining service life of the employee group. The difference between the actuarial present value of the accrued pension obligation and the market value of the pension fund assets at January 1, 1986, is also being amortized into income on a straight-line basis over the expected average remaining service life of the employee group. Corporation pension contributions during the year in excess of the amounts in the income statement are recorded as a deferred charge in the balance sheet. If this change had not been made, net income for the year would have been reduced by $23.0 million and the deferred charge in the balance sheet would have been reduced by $43.9 million.

(j) Sale and leaseback of assets

Gains on sale and leaseback of assets are deferred and amortized to income over the terms of the leases as a reduction in rental expense.

2. Property and equipment

	1986	1985
	$	$
Cost		
Flight equipment	2,097,044	2,270,031
Other property and equipment	720,597	694,285
	2,817,641	2,964,316
Accumulated depreciation and amortization		
Flight equipment	738,727	806,910
Other property and equipment	424,383	387,550
	1,163,110	1,194,460
	1,654,531	1,769,856
Progress payments	15,144	37,333
Net book value	1,669,675	1,807,189

Flight equipment includes one aircraft with a net book value of $2.6 million which was sold in January 1987 for $11.9 million.

During the year, the Corporation sold and leased back under operating leases, 24 DC-9 aircraft and an office and computer building.

3. Flight equipment under capital leases

	1986	1985
	$	$
Flight equipment under capital leases	292,266	295,985
Less: accumulated depreciation	218,169	204,270
Net book value	74,097	91,715

4. Investment in other companies

Investments in companies accounted for on the equity basis included GPA Group Limited (26.0% owned, 22.7% owned until March 31, 1986), Innotech Aviation Industries (1986) Limited (30.0% owned), Aerospace Realties (1986) Limited (30.0% owned), MATAC Cargo Ltd. (50.0% owned), Global Travel Computer Holdings Ltd. (33.3% owned), Air Ontario Limited (24.5% owned effective March 4, 1986) and Air Nova Inc. (49.0% owned effective July 1, 1986). The Corporation's share of the earnings of these companies has been included in other non-operating income and amounted to $12.7 million (1985—$9.1 million).

9.25% note due 1991 to 1993	31,574	32,128
8.375% note due 1990	26,896	35,007
Various notes due 1987 to 1992	2,370	53,530
	1,133,158	1,147,168
	1,308,747	1,343,266
In-substance defeasance (Note 12)	(180,067)	
	1,128,680	1,343,266
Current portion	(60,118)	(84,142)
	1,068,562	1,259,124
Net value of related long-term forward exchange contracts	(18,883)	(30,329)
	1,049,679	1,228,795

None of the long-term debt is secured.

Repayment requirements over the next five years amount to $347.3 million net of defeasance: $60.1 million in 1987, $67.6 million in 1988, $70.9 million in 1989, $70.7 million in 1990 and $78.0 million in 1991. Long-term debt includes $581.5 million payable in U.S. funds, $171.2 million in Swiss francs, $143.5 million in German marks, $130.9 million in Japanese yen, $70.0 million in U.K. Sterling, and $31.6 million in French francs. Essentially all the U.S. debt is covered by long-term U.S. currency forward exchange contracts. The Corporation has a currency swap agreement with a Canadian bank which has the effect of extinguishing future exchange fluctuations of the Sterling debt and interest.

In 1985 the Corporation entered into interest rate swap agreements expiring in 1988 and 1990 aggregating U.S. $150 million in notional principal. The Corporation has assumed the variable interest rate position adjusted quarterly to the prevailing LIBOR rate against an average 10.15% fixed interest rate position assumed by third parties.

The Corporation has revolving and term credit agreements totalling $200 million with two Canadian chartered banks. The revolving and term periods are three and five years respectively. As at December 31, 1986 there were no outstanding drawings against these agreements.

7. Lease obligations

The future minimum lease payments under capital and operating leases are as follows:

	Capital leases—Aircraft	Operating leases—Aircraft & property
	$	$
1987	16,786	66,034
1988	13,935	61,940
1989	7,685	54,983
1990	3,651	53,974
1991		51,165
Remaining years		413,085
Total future minimum lease payments	42,057	701,181
Less: amount representing interest and holdbacks	10,933	
Present value of capital lease obligations net of amounts defeased of $62.1 million (Note 12)	31,124	
Less: current portion of net obligations	14,184	
Present value of net long-term obligations under capital leases	16,940	
Less: net value of related long-term forward exchange contracts	3,043	
Present value of long-term obligations under capital leases	13,897	

Capital leases are recorded at the present value of the lease payments using the interest rate implicit in the lease. The average implicit interest rate of these obligations is 7.6% and their expiry dates are from 1989 to 1991.

8. Deferred credits

	1986	1985
	$	$
Gains on sale and leaseback of assets	211,931	
Income taxes	87,172	67,738
Other	2,206	8,095
	301,309	75,833

9. Subordinated perpetual bonds

	1986	1985
	$	$
300 million Swiss francs at 6¼% Callable in year 2001 and every fifth year thereafter at 102% of par	201,600	
200 million Swiss francs at 5¾% Callable at 101½% of par in year 1999 and every fifth year thereafter at 102% of par	134,400	
	336,000	

The maturity of these bonds is only upon the liquidation, if ever, of the Corporation. Principal and interest payments on these bonds are subordinated to the prior payment in full of all indebtedness for borrowed money. Since it is not probable that circumstances will arise requiring redemption of the bonds, they are valued at the historical exchange rate and no provision is made for foreign exchange fluctuations.

AIR CANADA—*Concluded*

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—*Concluded*

10. Income taxes

The Corporation's provision for (recovery of) deferred income taxes is comprised as follows:

	1986	1985
	$	$
Provision for (recovery of) income taxes based on the combined basic Canadian federal and provincial income tax rate	24,787	(24,535)
Lower effective income tax rate on capital (gains) losses	1,258	(5,125)
Tax exempt earnings of related companies	(5,450)	(4,024)
Investment tax credits, net of deferred income tax of $1,054	(1,288)	
Miscellaneous	(166)	(181)
Provision for (recovery of) deferred income taxes	19,141	(33,865)

As at December 31, 1986 the Corporation has available $21.9 million of investment tax credits that can be applied in 1987 or 1988 as a reduction to future federal income taxes payable. The benefit of these credits has not been recognized in the accounts.

11. Extraordinary items

During the year the Corporation defeased $268.7 million of long-term debt and capital lease obligations resulting in a gain of $9.9 million after deducting deferred income taxes of $6.4 million.

Provision for the cost of staff reduction programs amounted to $5.4 million (1985—$2.8 million) after deducting deferred income taxes of $4.4 million (1985—$2.2 million).

12. In-substance defeasance

In 1986 the Corporation deposited $251.8 million of government securities in irrevocable trusts, solely to satisfy the scheduled interest and principal repayment requirements of $200.6 million in long-term debt and $68.1 million in long-term capital lease obligations. As at December 31, 1986, these obligations, which amounted to $180.1 million in long-term debt and $62.1 million in capital lease obligations, are considered extinguished for financial reporting purposes and, together with the related securities, have been removed from the Corporation's balance sheet.

13. Changes in accounting estimates

Estimated residual values of aircraft spare parts were adjusted in the determination of the provision for obsolescence in 1986. This resulted in a decrease in amortization and an increase in net income of $5.0 million after deducting deferred income taxes of $4.1 million.

14. Commitments

As at December 31, 1986, the Corporation had undertakings to increase its participation in Air Ontario Limited from 24.5% to 75%, to acquire 75% of Austin Airways Ltd. and 100% of AirBC. These undertakings involved an estimated expenditure of $68.8 million. The Air Ontario and AirBC commitments were concluded subsequent to year-end.

Contracts for aircraft modifications amounted to approximately U.S. $6.3 million. Other commitments for property, ground equipment and spare parts, amounted to approximately $37.6 million Canadian.

At December 31, 1986, the Corporation had contracted for sale in mid 1987, 2 L-1011 aircraft presently under capital lease. Proceeds of sale will exceed the carrying value of these aircraft.

15. Pension Plans

Air Canada maintains several defined benefit pension plans covering substantially all of its employees. Based on the latest actuarial reports prepared as of December 31, 1985 using management's best estimate assumptions, the present value of the accrued pension benefits as at December 31, 1986 amounted to $1,746.2 million, and the market value of the net assets available to provide these benefits was $2,260.4 million.

In accordance with generally accepted accounting principles recommended by the Canadian Institute of Chartered Accountants, the amount by which the Corporation's 1986 funding contributions exceeded the amounts recorded in the determination of its net income, has been reflected in the balance sheet as a deferred charge.

16. Contingencies

Various lawsuits and claims are pending by and against the Corporation. It is the opinion of management supported by counsel that final determination of these claims will not materially affect the financial position or the results of the Corporation.

Under aircraft sale and leaseback agreements, the Corporation may be required to provide residual value support not exceeding $39.5 million. Independent appraisals presently indicate that the Corporation will not be required to provide this support.

17. Related party transactions

In the ordinary course of business, the Corporation enters into transactions with related parties, including the Government of Canada, its agencies and other Crown corporations. The Corporation derives revenues from related parties for passenger, cargo and contract services. Expenses with related parties include landing fees, terminal assessments, taxes and interest on long-term debt. Account balances resulting from these transactions are included in the balance sheet and are settled on normal trade terms.

18. Comparative figures

Certain of the 1985 comparative figures have been reclassified to conform to the presentation adopted in 1986.

19. Act of incorporation

The Corporation operates under the Air Canada Act, 1977, as amended.

20. Subsequent events

In February 1987, the Corporation entered into an agreement with CSFB-Effectenbank in Germany pursuant to which it will issue to the bank Deutsche Mark 200 million of 6⅜% interest adjustable subordinated perpetual bonds in consideration for which the bank will convert Deutsche Mark 200 million of existing long-term public bond debt into these subordinated perpetual bonds and to fund the interest payment requirements on the new perpetual bonds until conversion in 1992 and 1993. The principal component of the subordinated perpetual debt will be recorded in the accounts upon actual conversion and until such time the Corporation will be contingently liable for such obligations. The bonds are unsecured. The interest rate will be 6⅜% until 1994 and re-set for each subsequent 3 year period based on an interest rate index. The bonds may be called by the Corporation on each interest rate re-set date at 100% of par. As a result of this transaction, the deferred foreign exchange position in respect of the Deutsche Mark 200 million of existing long-term public bond debt ($52.1 million deferred loss as at December 31, 1986) will no longer be amortized to income.

SUMMARY PAGE

ATLANTIC PILOTAGE AUTHORITY

MANDATE

To establish, operate, maintain and administer in the interests of safety, an efficient pilotage service within designated waters in and around the Atlantic provinces.

BACKGROUND

Established in 1972, the Authority provides pilotage services and has the power to make regulations, subject to the approval of the Governor in Council, which establish compulsory pilotage areas; prescribe the ships/classes of ships that are subject to compulsory pilotage, the circumstances under which compulsory pilotage may be waived and pilotage tariffs; and which cover the licensing of pilots and issuance of pilotage certificates. Tariffs must be fair and reasonable and sufficient to permit the Authority to operate on a self-sustaining financial basis.

ATLANTIC PILOTAGE AUTHORITY

AUDITOR'S REPORT

TO THE MINISTER OF TRANSPORT

I have examined the balance sheet of Atlantic Pilotage Authority as at December 31, 1986 and the statements of operations, deficit, contributed capital and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Authority as at December 31, 1986 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Further, in my opinion, the transactions of the Authority that have come to my notice during my examination of the financial statements have, in all significant respects, been in accordance with Part XII of the Financial Administration Act and regulations, the Pilotage Act and regulations, and the by-laws of the Authority.

Raymond Dubois, C.A.

Cash, end of year	303	16,801

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1986

1. Nature of activities

The Atlantic Pilotage Authority was established on February 1, 1972 pursuant to the Pilotage Act. The objects of the Authority are to establish, operate, maintain and administer a safe and efficient pilotage service within designated Canadian waters. The Act provides that pilotage tariffs shall be fair, reasonable and sufficient, together with any revenue from other sources, to permit the Authority to operate on a self-sustaining financial basis.

2. Significant accounting policies

(a) Parliamentary appropriations

When revenues are not sufficient to permit the Authority to operate on a self-sustaining financial basis, cash operating losses are recovered from parliamentary appropriations. These appropriations are recorded in the accounts when approved by Parliament and are reflected in the statement of deficit.

(b) Depreciation

Depreciation of fixed assets is calculated on a straight-line basis and is based on the estimated useful life of the assets as follows:

Buildings	20 years
Pilot boats	20 years
Pilot boats under capital lease	25 years
Furniture and equipment	10 years

ATLANTIC PILOTAGE AUTHORITY—*Continued*

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1986—*Continued*

(c) Contributed capital

Capital assets and the principal portion of payments under capital lease agreements financed from parliamentary appropriations are shown as contributed capital when approved by Parliament.

(d) Capital leases

The Authority leases three pilot boats from Canada under long-term financing leases. Under the terms of the lease agreements, the Authority assumes the rights and obligations of ownership. As a result, the leases are treated as purchases and the principal portion of lease payments is capitalized and depreciated over the estimated useful lives of the boats. The corresponding liability is reduced by the principal portion of lease payments and the interest portion is expensed in the year to which it relates.

(e) Pension plan

All employees are covered by the Public Service Superannuation Plan administered by the Government of Canada. Contributions to the Plan are required from both the employee and the Authority. Contributions with respect to current service are expensed in the current period. Contributions with respect to past service benefits are expensed when paid, generally over the remaining years of service of the pilots.

(f) Employee termination benefits

Employees of the Authority are entitled to specified benefits on termination as provided for under labour contracts and conditions of employment. The liability for these benefits is recorded in the accounts as the benefits accrue to the employees.

3. Parliamentary appropriation

(a) On March 26, 1986, the Government of Canada provided, through Appropriation Act No. 4, 1985-86, for the 1985 cash operating loss and capital expenditures of the Atlantic Pilotage Authority. An amount of $611,111 was received in 1986 by the Authority in respect of this appropriation.

(b) On December 4, 1986, the Treasury Board of Canada approved, under T.B. 803674, the amended 1986 Capital Budget of the Atlantic Pilotage Authority for the construction of a new pilot boat (Note 4). Approval has been granted for a 1986-87 final Supplementary Estimate to transfer $450,000 from Transport Canada Vote 5 to the Authority. A contract to construct the pilot boat, for a total cost of approximately $395,000, was signed on December 19, 1986. Delivery is expected in June, 1987.

(c) On February 12, 1987, Treasury Board approved the Authority's application, in the amount of $275,000, to include an item in Supplementary Estimates for 1986-87 for the 1986 cash operating loss and capital expenditures. The actual amounts are as follows:

	$
Cash operating loss	121,913
Fixed asset additions	21,143
Principal payments for capital leases	84,340
	227,396

4. Fixed assets

	1986			1985
	Cost	Accumulated depreciation	Net	Net
	$	$	$	$
Land and buildings	450		450	450
Pilot boats	299,909	224,452	75,457	85,918
Pilot boats under capital lease	964,000	466,720	497,280	535,840
Furniture and equipment	129,076	76,005	53,071	47,203
Pilot boat under construction (Note 3(b))	78,494		78,494	
	1,471,929	767,177	704,752	669,411

5. Capital lease agreements

The Authority leases three pilot boats under long-term financing leases. The payments required under the leases are as follows:

		1986	1985
		$	$
9⅜%	lease agreement, due April 1991, payable in blended annual payments of $54,785	273,930	328,715
8%	lease agreement, due October 1989, payable in blended annual payments of $31,077	93,228	124,305
8%	lease agreement, due November 1989, payable in blended annual payments of $31,077	93,228	124,305
	Total lease payments	460,386	577,325
	Less: amount representing interest	89,172	128,426
	Principal amount of capital lease	371,214	448,899
	Less: current portion	84,340	77,685
	Principal amount of capital lease agreements net of current portion	286,874	371,214

The following is a schedule of lease payments under the capital leases expiring in 1989 and 1991.

	1986	1985
	$	$
Year ending December 31		
1986		116,939
1987	116,939	116,939
1988	116,939	116,939
1989	116,939	116,939
1990	54,784	54,784
1991	54,785	54,785
Total lease payments	460,386	577,325

Upon maturity of the leases, the Authority has the option to purchase each of the boats for $1.

ATLANTIC PILOTAGE AUTHORITY—*Concluded*

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1986—*Concluded*

6. Pension plan

Under provisions of the Pilotage Act, pilots may choose to become employees of the Authority and become entitled to count service prior to becoming an employee as pensionable under the Public Service Superannuation Act. For pilots who have elected to purchase pension benefits with respect to past service, the Authority is required to match the employee contribution. Total past service pension expense was $19,464 in 1986 ($20,985—1985). The estimated unfunded past service pension contribution with respect to these employees was approximately $128,000 at December 31, 1986 ($127,000 at December 31, 1985) and will be funded over the remaining years of service of the pilots, or the terms of purchase, whichever is the lesser.

7. Related party transactions

The Canadian Coast Guard, through its Vessel Traffic Service Centres in Nova Scotia, New Brunswick and Newfoundland, provides a pilot dispatching service to the Authority without charge.

8. Cost reduction

The Authority continually monitors its operating expenditures in striving to operate on a self-sustaining financial basis. During 1986, steps were taken to reduce costs of pilots, pilot boats, and administrative overheads.

9. Income tax

Under the provisions of the Income Tax Act, the Authority is not subject to income tax.

SUMMARY PAGE

ATOMIC ENERGY OF CANADA LIMITED

MANDATE

To develop the utilization of atomic energy for peaceful purposes. The mandate of the corporation is prescribed by s. 10(1) of the *Atomic Energy Control Act* and by its charter and articles of incorporation.

BACKGROUND

Founded in 1952, AECL developed Candu power generating technology. It operates Canada's major research and development laboratories at Chalk River, Ontario and at Pinawa, Manitoba. Three provincial utilities received federal financing for nuclear facilities through AECL and now make repayments to it which are passed on to Canada. The corporation was responsible for Candu reactors built recently in Argentina and in Korea and is providing services related to two Candu reactors under construction in Romania. Its design and engineering teams are important to the continued improvement and development of nuclear power stations and nuclear technology in general. Consideration is now being given to the privatization of the Radiochemical division of the company which produces and markets radiating isotopes and medical equipment.

ATOMIC ENERGY OF CANADA LIMITED

MANAGEMENT RESPONSIBILITY

The financial statements and all other information presented in this annual report are the responsibility of the management and the Board of Directors of the Corporation. The financial statements have been prepared in accordance with generally accepted accounting principles and include estimates based on the experience and judgement of management.

The corporation maintains books of account, financial and management control, and information systems, together with management practices designed to provide reasonable assurance that reliable and accurate financial information is available on a timely basis, that assets are safeguarded and controlled, that resources are managed economically and efficiently in the attainment of corporate objectives, that operations are carried out effectively and that transactions are in accordance with Part XII of the Financial Administration Act and its regulations, as well as the charter, the by-laws and policies of the corporation. The corporation has met all reporting requirements established by the Financial Administration Act, including submission of a corporate plan, an operating budget, a capital budget, and this annual report.

The corporation's internal auditor has the responsibility for assessing the management systems and practices of the Corporation. The Auditor General of Canada conducts an independent examination of the financial statements of the Corporation and reports on his examination to the Minister of Energy, Mines and Resources.

The Board of Directors' Audit Committee, composed of directors who are not employees of the Corporation, reviews and advises the Board on the financial statements, the Auditor General's reports thereto and the plans and reports related to special examinations, and oversees the activities of internal audit. The Audit Committee meets with management, the internal auditor and the Auditor General on a regular basis.

AUDITOR'S REPORT

TO THE MINISTER OF ENERGY, MINES AND RESOURCES

I have examined the balance sheet of Atomic Energy of Canada Limited as at March 31, 1987 and the statements of income, contributed capital, retained earnings and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1987 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Further, in my opinion, the transactions of the Corporation that have come to my notice during my examination of the financial statements have, in all significant respects, been in accordance with Part XII of the Financial Administration Act and regulations, the charter and the by-laws of the Corporation.

Kenneth M. Dye, F.C.A.
Auditor General of Canada

Ottawa, Canada
May 8, 1987

BALANCE SHEET AS AT MARCH 31, 1987
(in thousands of dollars)

ASSETS	1987	1986
Current		
Cash and short-term deposits	57,701	55,495
Accounts receivable	142,182	126,858

Cash from (used in) financing	425	(52,733)
Increase (decrease) in cash and short-term deposits	2,206	(67,169)
Cash and short-term deposits at beginning of the year	55,495	122,664
Cash and short-term deposits at end of the year	57,701	55,495

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

These financial statements have been prepared in accordance with generally accepted accounting principles applied on a consistent basis. The most significant accounting policies are summarized below:

Foreign currency translation

Transactions denominated in a foreign currency are translated into Canadian dollars at the exchange rate in effect at the date of the transaction, except those covered by forward exchange contracts, where the rate established by the terms of the contract is used. Monetary assets and liabilities outstanding at the balance sheet date are adjusted to reflect the exchange rate in effect at that date. Exchange gains and losses arising from the translation of foreign currencies are included in income.

Inventories

Radiation equipment and materials are valued at the lower of average cost and net realizable value. Maintenance and general supplies are valued at cost. Heavy water is valued at the lower of average cost, less related parliamentary appropriations, and net realizable value. Heavy water inventory not expected to be sold within the next year or used in operations is classified as non-current.

Investment and deferred costs

Investment and deferred costs are recorded at cost and charged to the revenue derived therefrom over the expected period of revenue generation.

Property, plant and equipment

Property, plant and equipment of a research and development nature are recorded at cost and expensed in the year of acquisition.

ATOMIC ENERGY OF CANADA LIMITED—*Continued*

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES—*Concluded*

Other property, plant and equipment are recorded at cost and depreciated on a straight-line basis over the estimated useful life of the asset as follows:

Machinery and equipment	— 3 to 20 years
Buildings	— 20 to 50 years

Costs of decommissioning nuclear facilities are expensed when incurred.

Long-term contracts

Revenue and costs on long-term contracts are accounted for by the percentage-of-completion method, applied on a conservative basis to recognize the absence of certainty on these contracts. Full provision is made for all estimated losses to completion of contracts in progress.

Parliamentary appropriations

The Government of Canada, through parliamentary appropriations, funds certain operations of the Corporation as outlined in Note 2. The parliamentary appropriations are offset against the applicable expenditures except for the portion used to discharge certain loan principal which is recognized as an increase in contributed capital.

Pension plan

Employees are covered by the Public Service Superannuation Plan administered by the Government of Canada. The Corporation's contributions to the plan are limited to an amount equal to the employees' contributions on account of current service. These contributions represent the total pension obligations of the Corporation and are charged to income on a current basis.

Employee termination benefits

Employees are entitled to specific termination benefits as provided for under collective agreements and conditions of employment. The liability for these benefits is charged to income as benefits accrue to the employees.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 1987

1. Accounting policies

The summary of significant accounting policies is an integral part of these financial statements.

2. Parliamentary appropriations

Parliamentary appropriations were used during the year for the following purposes:

	1987	1986
	(in thousands of dollars)	
Research and development operations	181,737	176,612
Discontinued operations		
Prototype reactors	11,855	18,331
Heavy water plant closures	18,839	35,382
LaPrade plant protection	1,850	2,302
Heavy water plant loan interest	2,044	2,146
	34,588	58,161
Heavy water production		29,193
Heavy water plant loan principal	1,256	11,154
	217,581	275,120

3. Inventories

	1987	1986
	(in thousands of dollars)	
Current		
Radiation equipment and materials	44,916	37,763
Heavy water	9,653	20,904
Maintenance and general supplies	5,026	3,000
	59,595	61,667
Non-current		
Heavy water	554,787	556,366
Less: accumulated parliamentary appropriations	554,787	554,787
		1,579

Accumulated parliamentary appropriations are repayable, together with interest thereon, to the extent of future revenue from sales of related heavy water. At March 31, 1987 no significant contracts had been finalized for the sale of heavy water funded by parliamentary appropriations.

4. Long-term receivables

	1987	1986
	(in thousands of dollars)	
Notes receivable from provincial utilities in respect of the financing of nuclear facilities (refer to Note 7 for related debt)	600,219	623,559
Contract receivables maturing through 1995	34,069	96,064
Mortgages receivable and other	5,523	5,132
	639,811	724,755
Current portion	42,433	25,592
	597,378	699,163

During the year, a major project was completed and the terms of payment of amounts still outstanding under the contract were re-negotiated. As a result, the related provision for contracts in progress and deferred revenue balances as at March 31, 1987 are reflected as an allowance against contract receivables.

5. Investment and deferred costs

	1987	1986
	(in thousands of dollars)	
Investment in Pickering 1 and 2		
The Corporation, Ontario Hydro, and the Province of Ontario are parties to an agreement for the construction and operation of Units 1 and 2 of the Pickering «A» nuclear generating station, with ownership of these units being vested in Ontario Hydro. Under the agreement, the Corporation is entitled to receive payments until the year 2001 based on the net operational advantage of the power generated by Pickering Units 1 and 2 as compared with the coal-fired Lambton Units 1 and 2	84,012	84,012
Deferred costs		
Costs incurred in modifying non-corporation owned facilities for revenue-producing purposes and other deferred costs	23,640	26,268
	107,652	110,280

Pickering Units 1 and 2 remain shut down for replacement of the pressure tubes and therefore the Corporation did not earn any revenue during the 1986 and 1987 years. As a result, no amortization of the investment was charged in either year. The reactors are currently scheduled to be back in operation in calendar 1987. Extension of the agreement beyond 2001 is currently being finalized with Ontario Hydro due to the shutdown.

Amortization of deferred costs for the year amounted to $1.5 million (1986—$.5 million).

ATOMIC ENERGY OF CANADA LIMITED—*Continued*

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 1987—*Continued*

6. Property, plant and equipment

	1987			1986
	Cost	Government funding and accumulated depreciation	Net	Net
	(in thousands of dollars)			
Commercial operations				
Land and improvements	2,419	1,067	1,352	1,587
Buildings	49,328	19,919	29,409	26,642
Machinery and equipment	39,787	19,673	20,114	20,866
	91,534	40,659	50,875	49,095
Research and development operations				
Land and improvements	9,689	9,689		
Buildings	67,690	64,958	2,732	2,860
Reactors and equipment	240,350	240,350		
Construction in progress	57,730	57,730		
	375,459	372,727	2,732	2,860
Discontinued operations				
Prototype reactors	170,557	170,557		
Heavy water plants	802,881	802,881		
	1,440,431	1,386,824	53,607	51,955

Depreciation of commercial property, plant and equipment for the year ended March 31, 1987 amounted to $5.3 million (1986—$5.7 million).

Research and development property, plant and equipment expensed during the year amounted to $20.1 million (1986—$17.9 million).

The decommissioning of nuclear research and prototype facilities is an integral part of the nuclear program. A program has been developed and implemented to bring the facilities to a safe-storage mode as the initial stage of decommissioning. Currently, the Gentilly 1 and Douglas Point prototype reactors are on a safe-keeping basis. The balance of the Douglas Point program is proceeding on target, with an estimated cost to complete of $3.2 million. The future net decommissioning costs of nuclear research and prototype facilities cannot be quantified at this time due to the uncertainty as to the exact nature, timing and ultimate disposal alternatives. In accordance with the Corporation's accounting policy, any such costs will be expensed when incurred.

The closure of the heavy water plants at Glace Bay and Port Hawkesbury commenced July 1985 and is close to completion, with an estimated cost of $2.0 million for remaining work.

7. Long-term debt

	1987	1986
	(in thousands of dollars)	
Loans from Government of Canada		
To finance provincial utility nuclear facilities maturing through 2008 at fixed interest rates varying from 6.687% to 9.706% (refer to Note 4 for related receivables)	599,582	621,643
To finance leased heavy water and other assets, maturing through 2003 at fixed interest rates varying from 4.125% to 10%	25,964	27,142
Loans from third parties		
To finance the purchase of the Glace Bay heavy water plant, maturing through 1998 at an imputed interest rate of 8.875%	23,352	24,284
	648,898	673,069
Current portion	26,353	24,171
	622,545	648,898

Loan repayments required over the succeeding years are as follows (millions of dollars): 1988—$26.4; 1989—$47.7; 1990—$30.3; 1991—$32.9; 1992—$35.9; and subsequent to 1992—$475.7.

8. Related party transactions

In addition to the transactions disclosed elsewhere in these financial statements, the Corporation had the following transactions with the Government of Canada:

	1987	1986
	(in thousands of dollars)	
Repayment of loans and interest	81,358	134,757
Payments to the Public Service Superannuation Plan	12,748	14,526

In the normal course of business, the Corporation also enters into various transactions with the Government of Canada, its agencies and other Crown corporations.

9. Contingencies

Certain claims against the corporation have arisen in the course of its medical products business and were pending at March 31, 1987. While the amount of any ultimate liability cannot be determined at this time, the outcome of these matters in the opinion of management will have no material effect on the corporation's financial position or results of operations.

10. Supplementary information

Incorporation

Pursuant to the authority and powers of the Minister of Energy, Mines and Resources under the Atomic Energy Control Act, the corporation was incorporated in 1952 under the provisions of the Canada Corporations Act (and continued in 1977 under the provisions of the Canada Business Corporations Act) to develop the utilization of atomic energy for peaceful purposes.

The corporation is a Schedule C Part I Crown corporation under the Financial Administration Act. The corporation is exempt from income taxes.

Operations

The operations of the corporation are reported in the Statement of Income as commercial operations, research and development operations, and discontinued operations.

Commercial operations consist of nuclear power engineering and design, project management, operating plant support services, manufacturing and selling of medical and industrial radiation equipment and radioisotopes, and investments.

ATOMIC ENERGY OF CANADA LIMITED—*Concluded*

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR END MARCH 31, 1987—*Concluded*

Research and development operations consist of basic and applied nuclear research and development, and contract research and development services.

Discontinued operations consist of placing and maintaining prototype reactors in a safe-storage mode as the initial stage of decommissioning, as well as the activities associated with closure and protection of the heavy water plants at Glace Bay, Port Hawkesbury and LaPrade.

Insurance

The corporation assumes substantially all risks pertaining to the assets and operations of research and development, and prototype reactors. Commercial assets and operations, as well as heavy water inventories, are insured to the extent considered appropriate.

Sales agents' remuneration

Guidelines concerning the commercial practices of Crown corporations require disclosure of sales agents and the total remuneration paid to them during the year.

Remuneration and expenses paid to the following sales agents and representatives in 1987, primarily with respect to commercial operations, aggregated $2.0 million (1986—$2.3 million):

Alnor Instruments AB, Sweden; Aristons Ltd., Sri Lanka; B.C. Simeon Park, U.S.A.; Bio Nuclear Diagnostica Industria E. Comercio Ltda., Brazil; Companhio Brazileira De Radiologia, Brazil; ETS F.A. Kettaneh S.A., Lebanon; Eastronics Limited, Israel; Gammaster, B.V., The Netherlands; Gemed Sistemas Medicos C.A., Venezuela; General Machinery Company Ltda., Chile; General Medica De Columbia Ltda., Columbia; Hamco Commercial S.C.R.L. Lima, Peru; International General Electric Co. (India) Ltd., India; Jardin Danby Ltd., Hong Kong; Korea General Trading Corporation, Republic of South Korea; Kostas Karayannis S.A., Greece; Marsman & Company Incorporated, Philippines; Marubeni Corporation, Japan; Medtel Pty Limited, N.S.W. Australia; Mundinter, Portugal; Novelait (Medical) Limited, Hong Kong; Nuclital, s.r.l., Italy; Pacific Economic Development Corporation, U.S.A.; P.I.I., U.S.A.; P.T. Sanga Kencana International, Indonesia; Radiotherapy & Medical Systems Pty Ltd., Australia; Societa Lombarda Di Televisione s.r.i., Italy; Tecnologia Em Radiacao Ltda., Brazil; Tamathe s.r.l., Argentina; Tareq Company, Kuwait; Zelin Limited, Pakistan.

SUMMARY PAGE

BANK OF CANADA

MANDATE

The Bank of Canada is responsible for the formulation and implementation of monetary policy in Canada and acts as the government's fiscal agent. The Bank has the sole right to issue currency intended for circulation in Canada and it fixes the percentage of the deposit liabilities of chartered banks which they must maintain as secondary reserves. It conducts open-market operations, buying or selling securities as, in its judgement, the progress of Canada's economy requires. As fiscal agent, it handles the issue of securities of Canada and payment of related interest and principal; it also cashes and negotiates cheques drawn on the Receiver General. It administers the Exchange Fund Account and acts as agent for the government's operations in the foreign exchange market.

BACKGROUND

The Bank was created by its Act in 1934 as Canada's central bank.

CORPORATION DATA

HEAD OFFICE	234 Wellington Street Ottawa, Ontario K1A 0G9
STATUS	Acts as the fiscal agent of the Government of Canada; is exempt from the provisions of Divisions I to IV of Part XII of the *Financial Administration Act*.
APPROPRIATE MINISTER	The Honourable Michael Wilson, P.C., M.P.
DEPARTMENT	Finance
YEAR AND MEANS OF INCORPORATION	1934, by *The Bank of Canada Act* (R.S.C. 1970, B-2).
CHIEF EXECUTIVE OFFICER	J. W. Crow
AUDITOR	Arthur Andersen & Co. and Ernst & Whinney.

FINANCIAL SUMMARY ($ million) The financial year is the calendar year.

	1986	**1985**	**1984**	**1983**
Expenses, before depreciation	143	135	118	110

Note: This Financial Summary is cursory compared with that for any other corporation in this Report. This is appropriate because the nature of the operations of a central bank makes its financial statements unique in their import. For example: the Bank's assets are mostly securities of Canada and its revenues are mostly the interest paid to it by Canada on those securities. Therefore, the substantial net income (1985, $1,880 million; 1986, $1,936 million) which the Bank pays to Canada is simply completion of a circular flow of cash, diminished by the amount of the Bank's operating expenses.

BANK OF CANADA

AUDITORS' REPORT

We have examined the statement of assets and liabilities of the Bank of Canada as at December 31, 1986 and the statement of revenue and expense for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the Bank as at December 31, 1986 and the results of its operations for the year then ended in accordance with the accompanying summary of significant accounting policies, applied on a basis consistent with that of the preceding year.

STATEMENT OF REVENUE AND EXPENSE
YEAR ENDED DECEMBER 31, 1986
(with comparative figures for 1985)
(in thousands of dollars)

	1986	1985
Revenue		
Revenue from investments and other sources net of interest paid on deposits of $6,601 ($4,552 in 1985)	2,092,189	2,027,447
Expense		
Salaries(1)	62,234	57,018
Contributions to pension and insurance funds(2)	7,040	8,073
Other staff expenses(3)	1,411	1,564
Directors' fees	109	70
Auditors' fees and expenses	740	380
Taxes—Municipal and business	8,161	7,496
Banknote costs	32,561	33,007
Data processing and computer costs	5,745	5,142
Premises maintenance—Net of rental income(4)	14,805	12,585
Printing of publications	541	459
Other printing and stationery	2,119	1,831
Postage and express	2,158	2,106
Telecommunications	1,574	1,817
Travel and staff transfers	2,009	2,112
Other expenses	2,067	1,770
	143,274	135,430
Depreciation on buildings and equipment	12,449	11,986
	155,723	147,416
Net revenue payable to Receiver General for Canada	1,936,466	1,880,031

See accompanying notes to the financial statements.

(1) Salaries include overtime and are for Bank staff other than those engaged in premises maintenance. The number of employee years worked by such staff (including temporary, part-time and overtime work) was 2,289 in 1986 compared with 2,215 in 1985.

(2) Contributions to pension and insurance funds for Bank staff other than those engaged in premises maintenance.

(3) Other staff expenses include retirement allowances and educational training costs.

(4) Premises maintenance comprises building and equipment maintenance expenses including related staff costs.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 1986

1. Significant Accounting Policies

The financial statements of the Bank conform to the disclosure and accounting requirements of the Bank of Canada Act and the Bank's by-laws. The significant accounting policies of the Bank are:

(a) Revenues and Expenses

Revenues and expenses are accounted for on the accrual basis except for interest on advances to a bank ordered to be wound up where interest is recorded as received.

(b) Investments

Investments, consisting mainly of Government of Canada treasury bills and bonds, are recorded at cost adjusted for amortization of purchase discounts and premiums. The amortization as well as gains and losses on disposition are included in revenue.

(c) Translation of Foreign Currencies

Assets and liabilities in foreign currencies are translated to Canadian dollars at the rates of exchange prevailing at the year-end. Gains and losses from translation of, and transactions in, foreign currencies are included in revenue.

(d) Bank Premises

Bank premises, consisting of land, buildings and equipment, are recorded at cost less accumulated depreciation. Depreciation is calculated on the declining balance method using the following annual rates:

Buildings	5%
Computer equipment	35%
Other equipment	20%

2. Advances to Members of the Canadian Payments Association

Advances as at December 31, 1986 include a total of $790,831,007 ($1,575,555,885 in 1985) provided to the Canadian Commercial Bank and the Northland Bank for which winding-up orders have been issued by the courts. The liquidators appointed by the courts were also appointed as agents of the Bank of Canada for the purpose of realizing on the loan portfolios held as security against the respective advances.

To ensure the maximum return on the realization of the loan portfolios, the liquidations may extend over several years. On the basis of the information available at December 31, 1986, it is the opinion of the Bank of Canada that its advances will be fully repaid from the proceeds of the liquidations.

3. Investments

Included are securities of the Government of Canada held under Purchase and Resale Agreements (PRA). As at December 31, 1986 there were no securities held under PRA ($75,145,489 in 1985).

BANK OF CANADA—*Concluded*

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 1986—*Concluded*

4. Bank Premises

	1986			1985
	Cost	Accumulated depreciation	Net	Net
	(in thousands of dollars)			
Land and buildings	138,572	53,820	84,752	63,200
Computer equipment	26,436	17,678	8,758	9,721
Other equipment	34,964	20,411	14,553	13,112
	199,972	91,909	108,063	86,033
Projects in progress	30,409		30,409	32,438
	230,381	91,909	138,472	118,471

5. Capital

The authorized capital of the Bank is $5,000,000 divided into 100,000 shares of the par value of $50 each. The shares are fully paid and in accordance with the Bank of Canada Act have been issued to the Minister of Finance, who is holding them on behalf of Canada.

6. Rest Fund

The rest fund was established by the Bank of Canada Act and represents the general reserve of the Bank. In accordance with the Act, the rest fund was accumulated out of net revenue until it reached the stipulated maximum amount of $25,000,000 in 1955. Subsequently all net revenues have been paid to the Receiver General for Canada.

7. Other Liabilities

As at December 31, 1986, all net revenue for 1986 had been paid to the Receiver General for Canada. (In 1985, $230,031,132 was paid subsequent to year-end).

8. Settlement of Daily Clearing of Cheques and Other Payment Items

In response to a request from the Canadian Payments Association, the Bank of Canada took steps during 1986 to eliminate the effect of the one-day lag in the settlement of the daily clearing of cheques and other payment items among banks and other deposit-taking institutions. This change resulted in the elimination or substantial reduction in payment items in process of settlement, as reflected in the relevant categories in the Statement of Assets and Liabilities. The corresponding figures for 1985 reflect a one-day lag in settlement.

9. Contingent Liabilities

The Bank has agreed with the Bank for International Settlements to participate in an international initiative to provide credit facilities to the International Monetary Fund. The Bank's potential liability under this agreement, which expires in June 1988, is limited to the placing of deposits with the Bank for International Settlements, if required, to finance loans made under the facility. Pursuant to the agreement, the Bank is contingently liable in the amount of SDR 176,407,186 ($297,884,147 at the December 31, 1986 exchange rate).

During 1986 the Bank of Canada also participated in an international initiative to provide short-term credit facilities to the Banco de Mexico through the Bank for International Settlements. Under this arrangement, the Bank's potential liability is limited to the placing of deposits with the Bank for International Settlements in the event that repayments due under the credit facility are not met. As at December 31, 1986, the Bank of Canada's contingent liability on the principal amount outstanding under this arrangement was U.S. $16,356,635 ($22,580,334 at the December 31, 1986 exchange rate); a repayment by the Banco de Mexico on January 5, 1987 reduced the Bank of Canada's potential liability to U.S. $10,160,923 ($13,961,108 at the January 5, 1987 exchange rate).

SUMMARY PAGE

CANADA COUNCIL

MANDATE

To foster and promote the study, enjoyment and production of works in the arts; to coordinate UNESCO activities in Canada and Canadian participation in various UNESCO activities abroad.

BACKGROUND

The Council receives a parliamentary grant each year for its operations. As well, it has income from the $50 million Endowment Fund which was created by its Act and from monies and properties donated to the Council and administered as Special Funds. It is a charitable organization for the purposes of the *Income Tax Act*.

CORPORATION DATA

CANADA COUNCIL

AUDITOR'S REPORT

TO THE CANADA COUNCIL AND THE
MINISTER OF COMMUNICATIONS

I have examined the balance sheets of the Endowment Account and Special Funds of the Canada Council as at March 31, 1987 and the statements of revenue and expenditure and equity of the Endowment Account and Special Funds and the statement of changes in financial position of the Endowment Account for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Council as at March 31, 1987 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Raymond Dubois, C.A.
Deputy Auditor General
for the Auditor General of Canada

Ottawa, Canada
June 12, 1987

NOTES TO FINANCIAL STATEMENTS MARCH 31, 1987

1. Authority and operations

The Canada Council was established by the Canada Council Act in 1957 which authorized the creation of an Endowment Fund of $50 million. Except for the annual parliamentary grant, monies or properties donated to the Council pursuant to Section 20 of the Act are generally accounted for as Special Funds. The Council is not an agent of Her Majesty. Its objectives are to foster and promote the study, enjoyment and production of works, in the arts.

2. Special funds

(a) Izaak Walton Killam Memorial

A bequest of $12,339,615 in cash and securities was received from the estate of the late Mrs. Dorothy J. Killam for the establishment of the Izaak Walton Killam Memorial Fund for Advanced Studies "to provide scholarships for advanced study or research at universities, hospitals, research or scientific institutes, or other equivalent or similar institutions both in Canada and in other countries in any field of study or research other than the 'arts' as presently defined in the Canada Council Act and not limited to the 'humanities and social sciences' referred to in such Act."

The bequest contains the following provisions: "the Fund shall not form part of the Endowment Account or otherwise be merged with any assets of the Council"; and "in the event that the Canada Council should ever be liquidated or its existence terminated or its powers and authority changed so that it is no longer able to administer any Killam trust, the assets forming any such Killam trust shall thereupon be paid over to certain universities which have also benefited under the will."

The cash and securities received and the proceeds have been invested in a separate portfolio.

(b) Killam Special Scholarship

This fund was established by way of securities received from the late Mrs. Dorothy J. Killam. Dividends and proceeds from the redemption of those securities amounted to $13,653,344. The net income from this fund is available to provide fellowship grants to Canadians for advanced study or research in the fields of medicine, science and engineering at universities, hospitals, research or scientific institutions or other equivalent of similar institutions in Canada.

(c) Jean A. Chalmers

An endowment of $500,000 in cash was received from Mrs. Floyd S. Chalmers to establish a special Jean A. Chalmers Fund for the crafts. In consultation with the Canadian Crafts Council, the income of the fund is used to provide a small number of special project grants for the development or advancement of the crafts in Canada.

(d) Molson Prize

Gifts of $1,000,000 were received from the Molson Foundation for the establishment of the Molson Prize Fund. The income of the fund is used for awarding cash prizes to Canadians "for outstanding achievement in the fields of the Arts, the Humanities or the Social Sciences that enriches the cultural or intellectual heritage of Canada or contributes to national unity". There is no restriction placed on the recipient as to the use of the prize.

(e) Lynch-Staunton

This fund was established by a bequest in cash of $699,066 received from the estate of the late V.M. Lynch-Staunton, the income from which is available for the regular programmes of the Council.

(f) Frances Elizabeth Barwick and J.P. Barwick

A bequest of $40,000 in cash was received from the estate of the late Mrs. Frances Elizabeth Barwick with the condition that "such bequest be applied for the benefit and encouragement of the arts". A bequest of $53,000 was also received from the estate of J.P. Barwick "for the benefit of the musical division of the arts and for the encouragement of the musical arts". The total fund is to be used for the benefit of the musical division.

(g) John B.C. Watkins

This fund was established by a bequest consisting of the net income from the residue of the estate of the late John B.C. Watkins to provide scholarships for postgraduate studies in specified countries.

(h) Vida Peene

This fund was established by a bequest in cash of $599,761 received from the late Vida Peene to provide payments to specified organizations.

CANADA COUNCIL—*Continued*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1987—*Continued*

(i) Funds will eventually be received from the following bequests:

(a) Edith Davis Webb
This fund, estimated at $400,000, is intended "for the purpose of making grants or establishing scholarships for musical study in such manner as the Council shall determine".

(b) Coburn Fellowship Trust
This fund, the amount of which cannot be determined at this time, is to provide for exchanges of scholars between Israel and Canada. It consists of an amount of $100 from Kathleen Coburn to establish this fund as well as a $20,000 donation received from F.E. Coburn.

3. Significant accounting policies

(a) Investments

Bonds, debentures, equities and mortgages are recorded at cost. The portfolios of two Special Funds (Molson Prize and Lynch-Staunton) are merged with the Endowment Account. The participation of each fund was calculated on the basis of market value. Interest, dividends, gains and losses on disposal of investments are allocated to each fund based on the percentages established at the beginning of each quarter.

(b) Equipment and leasehold improvements

Equipment and leasehold improvements are recorded at cost and depreciated over their estimated useful lives on the straight-line method, as follows:

Equipment	3 to 5 years
Leasehold improvements	term of the lease (maximum 10 years)

(c) Works of art

Works of art are recorded at cost.

(d) Employee termination benefits

Employees are entitled to specific termination benefits as provided for under the Council's policy and conditions of employment. The cost of these benefits is expensed in the year in which they are earned.

(e) Gains and losses on disposal of investments

Pursuant to subsection 19(2) of the Act, net gains on disposal of investments are credited to the fund capital. Net losses on disposal of investments are charged against this account to the extent of the balance available therein. In the event that losses exceed the balance available in the account, the excess is recorded as an expenditure in the year of realization.

(f) Contributed surplus

Amounts paid during the year for the purchase of works of art are expensed. Such purchases are then capitalized as contributed surplus—Works of art and no depreciation is recorded.

(g) Appropriated surplus

The Council has established a reserve to reduce the erosion of value of the original endowment due to inflation. Any changes in this account are approved by the Council.

(h) Capitalization of net income of Special Funds

The Council capitalizes 10% of the revenue less administration expenditure of the Izaak Walton Killam Memorial Fund for Advanced Studies and the Killam Special Scholarship Fund, in accordance with advice received from the trustees of these Funds in order to preserve the equity of these Funds for future beneficiaries. However, for the purposes of the Funds, the Council reserves the right to draw at any time on the accumulated net income capitalized.

(i) Pension plan

Employees participate in the Public Service Superannuation Plan administered by the Government of Canada. The employees and the Council contribute equally to the cost of the Plan. This contribution represents the total liability of the Council.

(j) Grants

Grants approved by the Council are recorded as expenditure in the year determined by the Treasurer in consultation with the Arts Division. Cancelled grants, approved in previous years, and refunds are shown as revenue in the Endowment Account. For Special Funds, such items are deducted from the grants expenditure.

4. Investments

CANADA COUNCIL—*Concluded*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1987—*Concluded*

7. Due to Special Trust

These funds have been accounted for separately due to special conditions related to the donations.

(i) Glenn Gould Prize Fund

The Council received $475,113 from the Glenn Gould Memorial Foundation to provide a prize of $50,000 every three years (funds permitting) to an outstanding individual for his/her original contribution in the field of Music and Communications. Since inception, the fund has earned $76,767, and has received a further advance of $50,000, and the balance stood at $601,880 at March 31, 1987.

(ii) Joseph S. Stauffer Fund

The Council received $350,000 from the Estate of Joseph S. Stauffer, the income from which is to provide prizes to encourage promising young Canadians in the fields of music, visual arts and literature. Since inception, the fund has earned $51,140, and the balance stood at $401,140 at March 31, 1987.

(iii) The Duke and Duchess of York Prize in Photography

During the year, the Government of Canada endowed $170,000 to Council as a wedding gift to The Duke and Duchess of York. The income from this endowment is to be used to provide an annual scholarship to a professional artist for personal creative work or advanced study in photography. The endowment earned $1,860 during the year and the value of the endowment was $171,860 at March 31, 1987.

(iv) The Gershon Iskowitz Prize

The Gershon Iskowitz Foundation has created the Gershon Iskowitz Prize to be administered and awarded by Council every two years to a mature, successful professional Canadian artist for personal creative work or continuing research in visual arts. During the year, The Gershon Iskowitz Foundation donated $29,750 to Council to cover the prize and its administration. As at March 31, 1987, the balance stood at $2,791.

(v) Visiting Foreign Artists Program

The Visiting Foreign Artists Program is administered by the Arts Awards Service of the Canada Council on behalf of the Department of External Affairs. It is a residency program through which professional Canadian organizations receive assistance to invite distinguished foreign artists from any country outside Canada for periods ranging from two weeks to four months. As at March 31, 1987, the balance stood at $128,908.

8. Lease commitments

The Council is a party to long-term leases in respect to rental accommodation. The aggregate minimum annual rental is as follows:

	(in thousands of dollars)
1988	1,511
1989	1,521
1990	1,527
1991	1,430
1992	1,410

9. Comparative figures

Certain of the comparative figures have been reclassified to conform to the current year's presentation.

SUMMARY PAGE

CANADA DEPOSIT INSURANCE CORPORATION

MANDATE

To provide limited insurance in respect of deposits with federal institutions (banks, trust and loan companies) and approved provincial institutions (trust and loan companies).

BACKGROUND

The corporation was established by the *Canada Deposit Insurance Corporation Act* in 1967. Member institutions pay annual premiums to the Deposit Insurance Fund to meet depositors' claims. However, recent payments to depositors of insolvent financial institutions have caused this fund to have a net deficit position.

CANADA DEPOSIT INSURANCE CORPORATION

AUDITOR'S REPORT

TO THE MINISTER OF FINANCE

I have examined the balance sheet of the Canada Deposit Insurance Corporation as at December 31, 1986 and the statements of investment and administrative operations, deposit insurance fund and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at December 31, 1986 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied, after giving retroactive effect to the change in accounting policy as described in Note 3 to the financial statements, on a basis consistent with that of the preceding year.

Further, in my opinion, the transactions of the Corporation that have come to my notice during my examination of the financial statements have, in all significant respects, been in accordance with Part XII of the Financial Administration Act and regulations, the Canada Deposit Insurance Corporation Act and the by-laws of the Corporation.

Kenneth M. Dye, F.C.A.
Auditor General of Canada

CANADA DEPOSIT INSURANCE CORPORATION—*Continued*

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1986

1. Authority and objective

The Corporation was established in 1967 by the Canada Deposit Insurance Corporation Act (the Act). It is a Crown corporation named in Schedule C Part I of the Financial Administration Act.

The Corporation's principal objective is to provide insurance on deposits with member institutions (banks, and federal and provincial trust and loan companies) up to $60,000 per depositor per institution. Section 11 of the Act empowers the Corporation to take such action as it deems necessary to fulfill its mandate including the right to acquire assets from, or advance funds to member institutions to reduce or avert a threatened loss to the Corporation.

2. Accounting policies

Basis of preparation

These financial statements have been prepared in accordance with accounting principles generally accepted in Canada.

These financial statements do not reflect the assets, liabilities and operations of member institutions whose operations the Corporation is financing in order to secure an orderly wind down.

The more significant policies adopted are set out below.

Premium recognition

Premiums are based on insured deposits accepted by member institutions as at April 30 of each year and are collectible in two equal installments on June 30 and December 31 of the year. Premiums are recognized when assessed.

General provision for loss

The general provision for loss reflects the Corporation's best estimate of losses in respect of member institutions against which the Corporation has or is certain to have a financial claim. This estimate includes consideration of losses expected in respect of claims arising from payments made to insured depositors, loans to member institutions and operations for the duration of the wind down period of member institutions under management by agents.

The general provision for loss is reduced by identified losses on loans to member institutions or claims in respect of insured deposits.

The general provision for loss does not include an estimated contingent liability for potential claims of depositors of any member institutions not specifically identified as being in difficulty as such claims would be impossible to estimate.

Loans to Member Institutions and Claims in Respect of Insured Deposits

Loans to member institutions and claims in respect of insured deposits are reported net of identified losses.

Interest recognition

The Corporation charges interest on loans advanced directly or indirectly to member institutions that are operating under agency agreements. It ceases to charge interest when a member institution is placed in liquidation. It charges interest on other loans in accordance with the terms of the specific loan agreements. Accrued interest is included on the balance sheet as part of "loans to member institutions".

3. Change in accounting policy

During the year, the Corporation changed its method of accounting for interest receipts and payments. In prior years, interest receipts on insured deposits and mortgages and interest payments on loans from the Consolidated Revenue Fund and in respect of insured deposits were included in the statement of investment and administrative operations. Since the transactions giving rise to these receipts and payments were made for the benefit of member institutions, the Corporation has decided to include the resulting interest receipts and payments in the statement of deposit insurance fund. This change has been applied retroactively. The effect of this change has been to reduce the loss from investment and administrative operations and to increase the deficiency from insurance operations by $83.3 million for 1986 (1985—$39.7 million).

4. Loans to member institutions

Certain member institutions that have experienced financial difficulties have been placed under the control of regulatory authorities. In accordance with Section 11 of the CDIC Act, the Corporation entered into agency agreements with other member institutions (agents) to ensure that the respective operations of institutions experiencing financial difficulties, would be wound down in an orderly fashion over a five year term with a majority of these agreements terminating in 1988. The liabilities and operations of these companies are being financed on a continuing basis by way of direct loans or by the respective agents providing loans on behalf of the Corporation. The Corporation has also made direct loans to other member institutions experiencing financial difficulties.

As at December 31, 1986, direct loans or loans made by agents on behalf of the Corporation were as follows:

Member institutions under agency agreements	Direct	By agents	Total 1986	Total 1985
	(in thousands of dollars)			
CCB Mortgage Investment Corporation	50,936		50,936	47,929

Balance	44,097	453,317	497,414	500,062

CANADA DEPOSIT INSURANCE CORPORATION—*Continued*

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1986—*Continued*

The Corporation has registered a floating charge on all the assets of member institutions under agency agreements as security for the loans. During the term of the agreements, the agents are paying all liabilities on maturity and are disposing of the assets in a manner to optimize recovery. The assets of these member institutions consist primarily of mortgages and real estate. The ultimate realization of these assets is dependent on the state of economy, interest rate levels and the real estate market.

5. Claims in respect of insured deposits

When the Corporation pays a depositor's claim it acquires a subrogation of the rights and interest of the depositor as against the assets of the member institution. The Corporation's claims in respect of payments to insured depositors of the following member institutions are identified below:

	1986	1985
	(in thousands of dollars)	
Amic Mortgage Investment Corporation	22,791	22,768
Astra Trust Company	339	339
Canadian Commercial Bank	276,836	277,000
Columbia Trust Company	84,309	
Continental Trust Company	41,008	113,901
London Loan Limited	23,854	23,854
Northguard Mortgage Corporation	27,634	27,552
Northland Bank	317,503	316,083
Pioneer Trust Company	81,721	116,015
Seaway Trust Company	86,968	110,062
Western Capital Trust Company	19,321	42,321
	982,284	1,049,895
Identified losses	22,960	
	959,324	1,049,895

6. Cost of guarantees

(a) The Corporation, under the general powers of Section 11 of the CDIC Act, made a payment of $200 million to The Hongkong and Shanghai Banking Corporation for purposes of reducing a risk or averting a threatened loss to the Corporation. In exchange for this payment, the Hongkong Bank of Canada assumed substantially all of the assets and obligations of the Bank of British Columbia and The Hongkong and Shanghai Banking Corporation provided the Corporation with a number of undertakings, the most significant of which is the guarantee of the deposit liabilities of the Hongkong Bank of Canada, including those deposit liabilities acquired by the Hongkong Bank of Canada from the Bank of British Columbia.

(b) Subsequent to year end, the Corporation entered into an agreement ("North West Trust Company Rehabilitation Agreement") whereby it agreed to make a loan in the amount of $275 million to the North West Trust Company, a member institution. The right to repayment of this loan will be assigned to the Province of Alberta. In exchange, the Province agrees to indemnify the Corporation for any loss occurring by reason of its obligation to make payment under a policy of deposit insurance. This loan will not be repaid to the Corporation; therefore, it has been charged to the deposit insurance fund rather than recorded as an asset. These financial statements reflect the related liability.

7. Loans from consolidated revenue fund

With the approval of the Governor in Council, the Corporation can borrow up to $1.5 billion from the Consolidated Revenue Fund. Bill C-42 was tabled in the House of Commons on March 3, 1987 and when enacted, will increase the Corporation's borrowing authority to $3 billion.

8. General provision for loss

	1986	1985
	(in thousands of dollars)	
Balance, beginning of year	918,836	676,569
Provision for loss (reversal)	(330,000)	420,000
	588,836	1,096,569
Less identified losses		
Loans to member institutions	36,661	177,733
Claims in respect of insured deposits	22,960	
	59,621	177,733
Balance, ending of year	529,215	918,836

The Corporation has not taken into account any estimate of the taxes payable by member institutions in arriving at its potential recoveries of claims in respect of insured depositors, and accordingly the general provision for loss. In a Notice of Ways and Means Motion tabled in the House of Commons by the Minister of Finance February 18, 1987, amendments to the Income Tax Act are proposed which will eliminate anomalies which may result in double taxation of a member institution in liquidation in respect of amounts paid by the Corporation to insured depositors of the institution.

9. Contingent liabilities

The Corporation is a defendant in a number of judicial actions arising out of the collapse or insolvency of various member institutions. The Corporation does not believe it has any liability as a result of these actions and has therefore not provided for any potential claims.

10. Income taxes

The Corporation is subject to federal income taxes although it is not subject to taxation on premiums assessed and may not take a deduction for claims paid.

The Corporation has available losses which can be carried forward to reduce future years' earnings otherwise subject to taxation. Such losses total $158 million and expire as follows:

Taxation year	Expiry date	Amount
1984	1991	33,000,000
1985	1992	62,000,000
1986	1993	63,000,000
		158,000,000

CANADA DEPOSIT INSURANCE CORPORATION—*Concluded*

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1986—*Concluded*

11. Deposit insurance fund deficiency

The Corporation is currently assessing premiums at the maximum rate of 1 /10 of 1% of the insured deposits as allowed by law which is due to expire on April 30, 1987. Bill C-42 was tabled in the House of Commons on March 3, 1987 and when enacted, will provide the authority, with Governor in Council approval, to set the premium rate to a maximum of ⅙ of 1% of the insured deposits.

12. Insured deposits

Deposits insured by the Corporation, on the basis of returns received from member institutions, as at April 30, 1986 and 1985 were as follows:

	1986	1985
	(in billions of dollars)	
Federal Institutions	173	160
Provincial Institutions	15	14
	188	174

13. Long-term operating lease commitments

The following is a schedule of future minimum lease payments for premises expiring in 1991.

Year Ending December 31	Amount
1987	422,434
1988	436,406
1989	436,406
1990	436,406
1991	213,767
	1,945,419

14. Comparative figures

Certain of the 1985 figures have been reclassified so as to conform with the presentation adopted for 1986, as follows:

(a) Loans to member institutions have been increased and claims in respect of insured deposits decreased by $47,929,000 to reflect the reclassification of the amount receivable from CCB Mortgage Investment Corporation.

(b) Loans to member institutions have been increased and claims in respect of insured deposits decreased by $40,000,000 to record a change in the application of amounts recovered from Seaway Trust Company.

(c) Comparative figures in the statement of changes in financial position have been restated to give effect to the changes required by the Canadian Institute of Chartered Accountants in the presentation of such statements.

(d) Other comparative figures have been restated as explained in Note 3.

SUMMARY PAGE

CANADA DEVELOPMENT INVESTMENT CORPORATION

MANDATE

To privatize its holdings while gaining a fair return for Canada in the process and, in the interim, to ensure that its subsidiaries are managed in a sound commercial manner.

BACKGROUND

CDIC was incorporated in 1982 to hold and manage enterprises and investments assigned to it by the federal government, and to divest those enterprises and investments when commercially feasible. Investments currently owned by CDIC, or assigned to it for management are Eldorado Nuclear Limited, Varity Corporation and Massey Combines Corporation. Divestitures include: the sale of The de Havilland Aircraft of Canada, Limited to the Boeing Company on January 31, 1986; the sale of Canadair Limited to Bombardier Inc. on December 23, 1986; the public sale of 21.8 million shares of Canada's equity holdings of 30.7 million shares in Canada Development Corporation; and the sale of the assets and operations of Teleglobe Canada to Memotec Data Inc. on April 3, 1987.

CORPORATION DATA

HEAD OFFICE	Suite 4520 1 First Canadian Place Toronto, Ontario M5X 1A4
STATUS	— Schedule C, Part II — an agent of Her Majesty

YEAR AND MEANS OF INCORPORATION	1982; by Canada Development Corporation under the *Canada Business Corporations Act*. Letters patent, May 26, 1982
CHIEF EXECUTIVE OFFICER	Vacant
CHAIRMAN	W. Darcy McKeough
AUDITOR	Peat, Marwick, Mitchell & Co. and the Auditor General of Canada

FINANCIAL SUMMARY ($ million) The financial year ends December 31.

	1986	**1985**	**1984**	**9 months to Dec. 31, 1983 (as restated)**
At the end of the period				
Total Assets	336	642	679	175
Obligations to the private sector*	nil	144	1,261	1,170
Obligations to Canada	nil	nil	nil	negl
Equity of Canada	287	485**	(709)	(1,042)
Cash from Canada to subsidiaries in the period				
— budgetary	(111)	500	550	300
— non-budgetary	nil	nil	nil	nil

* The obligations were largely those of a subsidiary, Canadair Financial Corporation Inc. However, legislation in June 1985 provided authority for the assumption by Canada of this Canadair debt. In that year $1,044 million of it was assumed and the $144 million principal balance was assumed in 1986; accrued interest of approximately $40 million was also assumed, for a total of $1.23 billion to Canada's account. Since then, Canada has discharged all but $333 million of these obligations, in disbursements separate from the Cash from Canada amounts shown above.

**The 1985 assumption of debt by Canada was allocated to contributed surplus in CDIC's accounts and was the main factor in reversing the Equity amounts recorded.

CANADA DEVELOPMENT INVESTMENT CORPORATION

AUDITORS' REPORT

PRESIDENT OF THE TREASURY BOARD

We have examined the consolidated balance sheet of Canada Development Investment Corporation as at December 31, 1986 and the consolidated statements of income (loss) and accumulated deficit, contributed surplus and changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these consolidated financial statements present fairly the financial position of the corporation as at December 31, 1986 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Further, in our opinion, the transactions of the corporation and of its wholly-owned subsidiaries that have come to our notice during our examination of the consolidated financial statements have, in all significant respects, been in accordance with Part XII of the Financial Administration Act and regulations, and the charters and by-laws of the corporation and its wholly-owned subsidiaries.

Contributed surplus (Cartierville Financial)	154,917	1,379,841
Decrease in long-term debt	(143,864)	(1,116,893)
Interest and financing expenses net of amortization of foreign exchange losses	(2,183)	(94,814)
Increase (decrease) in accrued interest	(9,164)	(28,793)
	(294)	139,341
Increase (decrease) in cash and short-term investments	8,372	(6,275)
Cash and short-term investments, beginning of year	3,588	9,863
Cash and short-term investments, end of year	11,960	3,588

The accompanying notes are an integral part of these consolidated financial statements.

For purposes of this statement, cash and increase (decrease) in cash excludes cash transactions relating to cash restricted as to use.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 1986
(All dollar amounts are stated in thousands)

1. The corporation

Canada Development Investment Corporation ("the corporation") was incorporated on May 26, 1982 under the provisions of the Canada Business Corporations Act and is wholly-owned by Her Majesty in right of Canada. The corporation is subject to the Financial Administration Act and is an agent of Her Majesty.

2. Basis of presentation

In a statement dated October 30, 1984, the Minister of the Government of Canada responsible for the corporation announced the intention of the Government to cause the corporation to dispose of its investments in Massey-Ferguson Limited ("Massey-Ferguson"), now Varity Corporation ("Varity") and Massey Combines Corporation ("Massey Combines") (see Note 6), Canadair Limited ("Canadair"), The de Havilland Aircraft of Canada, Limited ("de Havilland") and Eldorado Nuclear Limited ("Eldorado") in an orderly fashion. Disposal of the corporation's investment in de Havilland and Canadair was completed in 1986. Any divestiture plan or proposal for Eldorado will require formal approval by the Government pursuant to the requirements of the Financial Administration Act. As no formal plans of divestiture have been presented for approval with respect to Eldorado, the corporation believes that it is appropriate to continue to carry the investment in Eldorado on the equity basis of accounting. Eventual disposal prices for Eldorado may be more or less than the carrying value.

CANADA DEVELOPMENT INVESTMENT CORPORATION—*Continued*

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 1986—*Continued*

3. Significant accounting policies

(a) Basis of consolidation

The financial statements of Cartierville Financial Corporation Inc. ("Cartierville Financial"), formerly Canadair Financial Corporation Inc., have been consolidated with those of the corporation.

(b) Investments in non-consolidated subsidiaries

The corporation's investment in a subsidiary originally acquired with the objective of its eventual disposition or privatization is accounted for on the equity basis, unless there is a formal plan, approved by the Government of Canada, to dispose of the investment, in which case the investment is carried at the lower of the equity basis carrying value and net realizable value. A consolidation of the corporation's financial statements and such subsidiaries has not been prepared as the corporation believes that the equity method provides a more informative presentation to the shareholder. The financial statements of the non-consolidated subsidiary is attached.

(c) Foreign currency translation

Foreign currency assets and liabilities are translated into Canadian dollars in accordance with the temporal method. Under that method, monetary assets and liabilities are translated at the year-end rate, non-monetary assets and liabilities are translated at rates in effect on the dates of the transactions.

4. Cash restricted as to use

These funds are held in special accounts (primarily in the Consolidated Revenue Fund of Canada on a non-interest basis) to satisfy payment of contingent liabilities relating to the sale of the corporation's investments in de Havilland and Canadair (see Note 5).

5. Investments in non-consolidated subsidiaries

The carrying value of the corporation's investments is as follows:

	Carrying Value December 31, 1985	Equity in Income (Loss)	Dividends Received	Sale of Subsidiary	Carrying Value December 31, 1986
Canadair	224,002	96,858	(57,000)	(263,860)	
de Havilland	80,000			(80,000)	
Eldorado	205,004	(64,358)			140,646
	509,006	32,500	(57,000)	(343,860)	140,646

During the year, the corporation disposed of its investment in de Havilland and Canadair as follows:

(a) On January 31, 1986, the corporation sold its investment in de Havilland to the Boeing Company ("Boeing"). The nominal consideration for the sale was $155,000 of which $90,000 was received in cash on closing. $65,000 of the purchase price is payable in instalments, without interest, over a fifteen year period.

The corporation and the Government of Canada have agreed to indemnify Boeing and de Havilland for certain contingent liabilities and other expenditures which may be incurred by Boeing and de Havilland over a maximum of six years after closing.

These contingent liabilities include the following:

(i) A portion of de Havilland's product liability insurance premiums;

(ii) Certain suppliers' claims which may be asserted against de Havilland for production slow-down or termination and potential claims against de Havilland pursuant to product financing agreements up to a maximum of $60,000.

(iii) Claims related to possible losses caused by health hazards to workers at the de Havilland factory.

Due to the discounting of the $65,000 portion of the purchase consideration and to the estimates of those indemnifications and contingencies which could be reasonably determined, the net realizable value of the corporation's investment in de Havilland at the time of sale was recorded as $80,000. As some of the potential liabilities became quantifiable during the year, the corporation has provided an additional $15,000 in this regard.

No further provision for the related indemnity liability has been reflected in these financial statements, as reasonable estimates of the effects of certain future events and conditions cannot be made at this time. Such amounts will be recognized as appropriate in future fiscal periods when reasonable estimates can be made as to the likely amount, if any, which will ultimately be paid pursuant to the indemnities.

(b) On December 23, 1986, the corporation sold its investment in Canadair Limited to Bombardier Canadair Inc. ("Bombardier"). The nominal consideration for the sale was $120,000 in cash at closing and receipt of 1,000,000 Class A and 500,000 Class B shares of Bombardier having a stated value of $150,000. The redemption value of these shares is expected to be reduced through actions by Bombardier and Canadair as specified in the agreement. In addition, Canadair has agreed to pay royalties to the corporation on future sales of Challenger Aircraft and on Canadair's contract to service CF18 aircraft for the Department of National Defence.

For purposes of the sale, the value of the consideration was determined to be as follows:

Proceeds	
Cash	120,000
Bombardier preferred shares	10,000
Canadair technology rights and royalties	20,000
	150,000
Costs of disposal and provision for contingent liabilities	9,000
	141,000
Carrying value of investment in Canadair	263,860
Loss on sale	122,860

Prior to the sale, Canadair declared and paid the corporation a dividend of $57,000 consisting of $48,600 in interest bearing notes and the balance in cash.

(c) As at December 31, 1986, the Government of Canada provides authorities and guarantees for the borrowing of Eldorado of $600,000 of which $584,248 is being utilized at December 31, 1986.

CANADA DEVELOPMENT INVESTMENT CORPORATION—*Continued*

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 1986—*Concluded*

6. Portfolio investments

	Carrying Value December 31, 1985	Reallocation on Reorganization	Reduction in Carrying Value	Carrying Value December 31, 1986
Varity		26,348		26,348
Massey Combines		100,001	(100,000)	1
Massey-Ferguson	126,349	(126,349)		
	126,349		(100,000)	26,349

During 1986, Massey-Ferguson was reorganized on a basis agreed between its lenders and shareholders. As a result of this reorganization, CDIC now holds securities in Varity which, in aggregate, have been valued at $26,348. In addition, the corporation holds preferred shares in Massey Combines as well as an option to purchase 10% of the common shares of that company for a nominal amount. The balance of the corporation's original investment of $126,349 in Massey-Ferguson has been attributed to the Massey Combines securities in the amount of $100,001. The corporation believes that this cost of its investment in Massey Combines significantly exceeds the value of that investment; accordingly, the carrying value of that investment has been written down to $1.

7. Net operating expenses of CDIC

	1986	1985
Service fees from subsidiaries	1,704	3,084
Interest earned on short-term investments	308	418
Other income	79	
	2,091	3,502
Corporate and divestiture expenses	4,483	7,033
	(2,392)	(3,531)
Recovery of divestiture expenses incurred in prior year	1,225	
Net operating expenses	(1,167)	(3,531)

Divestiture expenses include costs of disposing of Teleglobe Canada which are recoverable at the time of sale.

8. Income tax

As at December 31, 1986, Cartierville Financial has tax losses of $258,000 available to reduce taxable income expiring as follows:

1990	166,000
1991	92,000
	258,000

CANADA DEVELOPMENT INVESTMENT CORPORATION—*Continued*

APPENDIX

ELDORADO NUCLEAR LIMITED

AUDITORS' REPORT

TO THE SHAREHOLDER

We have examined the statement of consolidated financial position of Eldorado Nuclear Limited as at December 31, 1986 and the statements of consolidated earnings and retained earnings (deficit) and changes in consolidated financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these consolidated financial statements present fairly the financial position of the Corporation as at December 31, 1986 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Further, in our opinion, the transactions of the corporation that have come to our notice during our examination of the consolidated financial statements have, in all significant respects, been in accordance with the Financial Administration Act and regulations, and the charters and by-laws of the corporation.

CANADA DEVELOPMENT INVESTMENT CORPORATION—*Continued*

APPENDIX—*Continued*

ELDORADO NUCLEAR LIMITED—*Continued*

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 1986

1. Eldorado Nuclear Limited

Eldorado Nuclear Limited is incorporated under the Canada Business Corporations Act, is subject to the Financial Administration Act, the Government Companies Operations Act, is an agent of Her Majesty in Right of Canada, and is wholly-owned by Canada Development Investment Corporation. The Company is primarily engaged in the mining, refining and conversion of uranium for sale as fuel for generating electricity in nuclear power reactors in Canada and other countries.

2. Accounting policies

A statement of significant accounting policies of the Company is provided elsewhere herein.

3. Other expense (income)

	1986	1985
	(in thousands of dollars)	
Write-down of fixed assets	992	6,226
Interest on investments	(706)	(459)
Other	1,019	(533)
Total	1,305	5,234

4. Income taxes and mineral royalties

The provisions for income taxes and mineral royalties are as follows:

	1986	1985
	(in thousands of dollars)	
Income taxes		
Mineral royalties	3,184	24,430
Total	3,184	24,430

As at December 31, 1986, the company had tax loss carry-forwards, investment tax credits and timing differences aggregating approximately $143.2 million for which no accounting benefit has been recognized. This amount includes $95.4 million which will expire at various dates up to 1993. The balance can be carried forward indefinitely.

5. Inventories

	1986	1985
	(in thousands of dollars)	
Eldorado uranium	59,367	43,793
Customer conversion	9,681	9,850
Specialty metals	1,338	1,641
Total	70,386	55,284

6. Property and equipment

	1986	1985
	(in thousands of dollars)	
Mining		
Plant and equipment	181,175	177,298
Development costs	49,096	47,612
Property acquisitions	156,460	156,460
Collins Bay Project	100,878	97,406
Fuel services		
Plant and equipment	411,539	407,584
Other	12,907	15,050
Total property and equipment	912,055	901,410
Less: accumulated depreciation and amortization	145,966	102,982
Net property and equipment	766,089	798,428
Depreciation and amortization for year	44,407	30,714

7. Joint venture activities

Through a wholly-owned subsidiary, the Company is a one-sixth partner in a joint venture mining operation at Key Lake, Saskatchewan. In accordance with the joint venture agreement, Eldorado is obligated to meet its proportionate share of the commitments of the joint venture. Other than normal operating expenditures, the Company has no outstanding commitments as at December 31, 1986.

The following amounts are included in the financial statements and represent the Company's proportionate share of the assets, liabilities, and operating expenses of the Key Lake mining joint venture:

	1986	1985
	(in thousands of dollars)	
Assets	94,567	93,582
Liabilities	1,330	1,814
Net assets	93,237	91,768
Expenses	8,785	8,469

8. Deferred charges

	1986	1985
	(in thousands of dollars)	
Production	36,815	25,431
Financing costs	2,470	3,166
Total	39,285	28,597
Amortization for year	3,218	2,354

9. Long-term sales contracts

Eldorado has entered into contracts which provide for the future sale and delivery of uranium in the form of UF_6 at flexible dates over the eight-year term of the contracts. The Company has sold the future sales contract to interested financing parties and has retained certain rights and obligations under all of the contracts. On the statement of Consolidated Financial Position, the Company has segregated the inventory committed and the advances under long-term contracts which will be satisfied out of the future revenues associated with these transactions. The impact on the Statement of Consolidated Earnings and Retained Earnings (deficit) will be recognized as deliveries take place.

CANADA DEVELOPMENT INVESTMENT CORPORATION—*Continued*

APPENDIX—*Continued*

ELDORADO NUCLEAR LIMITED—*Continued*

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 1986—*Continued*

10. Minority shareholding in a subsidiary

In April, 1984, an Eldorado subsidiary acquired all rights to and benefits in the 1970 New Continental Oil royalty agreement from Aberford Resources Limited, Hacienda Oil & Minerals Ltd. and Oak Ridge Oil & Minerals Ltd. This agreement gives the holder a 20 percent interest in the profits derived from certain Athabasca basin properties held by Eldorado's Eldor Mines division and others. Consideration was $5.0 million cash and $43.5 million redeemable preferred shares of the subsidiary company. The shares, with certain restrictions, can be redeemed between 1988 and 1994 and bear a 10 percent annual dividend.

As security, the three companies hold a lien on certain uranium inventory. At Eldorado's option, the lien can also be satisfied from time to time by a letter of credit. The lien covers the value of the subsidiary's redeemable preferred shares plus future dividends, through to the shares' designated redemption dates. Each payment of a dividend or redemption of a share reduces the lien by a similar amount. At December 31, 1986, the Company had inventories in excess of the prescribed value.

For consideration of $5.0 million cash, Aberford Resources Limited, Hacienda Oil & Minerals Ltd. and Oak Ridge Oil & Minerals Ltd. acquired from Eldorado a royalty interest on uranium sales from certain designated properties. The royalty covers that portion of such sales in excess of a designated base selling price which is adjusted annually for inflation. During 1986, sales did not exceed the adjusted base price and no royalty was paid.

11. Long-term debt

	1986	1985
	(in thousands of dollars)	
Notes due 1986, at 13.25% ($50 million U.S.)		69,875
Loan due 1987-1992, at 8.8% (2 billion Japanese yen)	17,450	13,968
Notes due 1988, at 9.19% (10.108 billion Japanese yen)	88,192	70,594
Debenture due 1988, at 11%	30,000	30,000
Euro notes, due 1989 to be set semi-annually at LIBOR rate ($100 million U.S.)	138,050	139,750
Notes due 1990 at 9.125%	10,093	10,093
Loan due 1991, at 7% (100 million Swiss francs)	85,590	67,860
Loan due 1992, at 14.25% ($44.7 million U.S.)	61,641	62,399
Notes due 1992, at 14.5% ($100 million U.S.)	138,050	139,750
Bonds due 1992, at 8.5% (10 billion Japanese yen), with 10% of principal due in each of years 1988-1991	87,250	69,840
Sub-total	656,316	674,129
Less: current portion of long-term debt listed above	1,745	79,968
deferred loss on foreign exchange	107,365	80,690
Total	547,206	513,471

The long-term debt payments due in each of the next five years are as follows: 1987—$1.7 million; 1988—$130.4 million; 1989—$150.3 million; 1990—$22.3 million; 1991—$97.8 million. Interest on long-term debt amounted to $71.1 million (1985—$74.9 million).

12 Share Capital

	1986	1985
Authorized		
Common shares	(Unlimited number no par value)	
Preference shares	1,600,000	1,600,000
	(in thousands of dollars)	
Issued and fully paid		
Common—3,852,880 shares (1985—3,852,880)	201,586	201,586
Preference—800,000 shares (1985—800,000)	95,000	95,000
Total	296,586	296,586

Each preference share is redeemable at the option of either party at a value of $118.75 per share and carries a non-cumulative dividend of $7.125 per annum.

13. Commitments and contingencies

(a) The Company has defined benefit pension plans covering all of its regular full-time employees.

The pension funds, which are administered by independent trustees, are valued at least every three years by consulting actuaries. Based on the latest actuarial valuations at June 30, 1986 and December 31, 1985, the plans have a surplus of $27.7 million.

(b) In 1986, the government ordered Eldorado to cease its program to site a new waste disposal facility to accommodate the wastes currently at two waste storage sites. Responsibility for selecting a new disposal site now rests with the government. The Company will continue to expense the ongoing maintenance costs of the existing storage facilities. No provision will be made for future disposal costs until a new site is selected and approved, the costs can be reasonably estimated, and the responsibilities for such costs are determined.

(c) To reduce its dependency on oil generated electricity, the Company has entered into a 10 year commitment, with certain qualifications, to buy 50 GWH per year of hydro electric power at 12¢ per KWH, a price which approximates its current cost of oil generated electricity.

(d) In connection with its operations, the Company is the defendant in certain litigation. While the amount of any ultimate liability cannot yet be determined, the Company after discussion with legal counsel, is of the opinion that there will be no material adverse effect on its financial position.

14. Supplementary information

(a) During 1986, the Company paid sales commissions to Marubeni Corporation, Toyomenka Canada Ltd., and Uranerzbergbau-GmbH.

(b) During 1986, the total remuneration paid to the Company's outside directors was $101,792 (1985—$93,709). The Company's officers received remuneration totalling $633,500 (1985—$607,500). One officer is also a director but is not compensated for service as a member of the Board or its committees.

ELDORADO NUCLEAR LIMITED—*Concluded*

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 1986—*Concluded*

(c) A management fee of $242,000 (1985—$286,000) was paid to Canada Development Investment Corporation.

(d) Certain 1985 accounts have been reclassified for comparison purposes.

15. Segmented Information

(a) Industry Segment

The Company is of the opinion that virtually all its sales revenues are in the industry segment identified as the nuclear fuel industry.

(b) Sales

Sales revenues, which are derived primarily from sales to foreign and domestic electric utilities, are as follows:

	1986	1985
	(in thousands of dollars)	
Export Sales	159,414	164,806
Domestic Sales	42,852	54,986
Total Sales	202,266	219,792

STATEMENT OF ACCOUNTING POLICIES

The accompanying consolidated financial statements were prepared by management in conformance with Canadian generally accepted accounting principles considered to be appropriate in the circumstances, and have been applied on a basis consistent with that of the preceding year. A summary of significant accounting policies of the Company is presented to assist the reader in interpreting the statements contained herein.

Consolidation

The consolidated financial statements include the accounts of Eldorado Nuclear Limited, its wholly-owned subsidiaries, and the Company's proportionate interest in the accounts of the Key Lake Mining joint venture.

Inventories

Inventories of mine concentrates, refined and converted products are valued at the lower of weighted average cost or net realizable value. Cost for customer-owned products is the cost of the refining and conversion processes only.

Inventories of mine concentrates are initially measured and accounted for in the financial statements when the material is sealed in containers upon completion of the milling process.

Supplies

Operating and general supplies are carried at lower of cost or market.

Property and equipment

Assets are carried at cost. Costs of additions, betterments, and renewals are capitalized. When assets are retired or sold, the resulting gains or losses are reflected in current earnings.

Maintenance and repair expenditures are charged to cost of production.

Depreciation and Amortization

Fuel Services and Mining buildings and equipment, mine development and mineral properties are depreciated or amortized according to the unit-of-production method. This method allocates the cost of these assets to each accounting period. For Fuel Services, the amount is equal to the portion of the facilities' total estimated lifetime production produced in that period. For Mining, the amount is equal to the portion of the mine's total recoverable ore reserves recovered during the period.

Mobile mining equipment and other assets, including Research & Development, Exploration, Specialty Metals, and Corporate Assets, are depreciated according to the composite straight-line method based on the estimated useful lives of these assets, which ranges from 3 to 10 years.

Fuel Services and certain mining facility costs associated with capacity additions are deferred until a commercial level of production is achieved. These costs are then amortized over 10 years. Other costs are charged to production as incurred.

Amortization of Financing Costs

Debt discounts and issue expenses associated with long-term financing are deferred and amortized over the term of the debt.

Provision for Reclamation

The estimated costs of decommissioning and reclaiming producing resource properties are accrued and charged to operations according to the unit-of-production method. Actual costs of decommissioning and reclamation are applied to this accrual.

Research and Development and Exploration Costs

Expenditures for applied research and development relative to the products and processes of the Company and expenditures for geological exploration programs are charged against earnings as incurred.

Sales of Products and Services

In accordance with normal industry practices, the Company contracts for future delivery of mine concentrates and conversion services. Sales revenue is recorded in the fiscal year that title passes or, with customer-owned material, when delivery is effected.

Foreign Exchange

Cash and short-term investments, accounts receivable, accounts payable, short-term and long-term debt denominated in foreign currencies are translated into Canadian dollars at rates of exchange in effect at year-end. Income and expenses are translated at rates in effect at the time of the transaction.

Except for certain U.S. dollar-denominated long-term debt that is hedged against future U.S. dollar revenue, the change in value in Canadian funds over the year of long-term debt denominated in a foreign currency is amortized evenly over the remaining life of the debt. For all other accounts, gains or losses resulting from foreign currency translation are reflected in the statement of consolidated earnings and retained earnings.

SUMMARY PAGE

CANADA HARBOUR PLACE CORPORATION

MANDATE

Administer properties at Canada Place in Vancouver, originally constructed as the Canadian pavilion at Expo 86.

BACKGROUND

The corporation commenced operations in 1982, and constructed the Canada Place facilities and managed the Canada Pavilion at Expo 86. The facilities called Canada Place include a cruise ship terminal for the Vancouver Port Corporation, the Canada Pavilion and a hotel-office complex built for the Tokyu Corporation. Following Expo 86, the Pavilion was converted to a trade and convention centre and leased to the Province of British Columbia for a period of 20 years.

CANADA HARBOUR PLACE CORPORATION

AUDITOR'S REPORT

TO THE MINISTER OF TRANSPORT

I have examined the balance sheet of Canada Harbour Place Corporation as at March 31, 1987 and the statements of operations, equity of Canada and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1987 and the results of its operations and the changes in its financial position for the year ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Further, in my opinion, the transactions of the Corporation that have come to my notice during my examination of the financial statements have, in all significant respects, been in accordance with Part XII of the Financial Administration Act and regulations, and the articles and by-laws of the Corporation.

NOTES TO FINANCIAL STATEMENTS MARCH 31, 1987

1. Authority and objectives

The Canada Harbour Place Corporation was incorporated on June 9, 1982 under the Canada Business Corporations Act. The Corporation is an agent of Her Majesty pursuant to the Government Companies Operation Act, and is named as an agency Crown corporation in Part I of Schedule C of the Financial Administration Act. The three shares issued and outstanding are all held in right of Canada by the Minister of Transport, the Responsible Minister with whom control of the Corporation lies.

The Corporation is exempt from income taxes.

The objectives of the Corporation are to act as a developer and acquire, administer and dispose of land, and manage real property for the Government of Canada in Vancouver, B.C. For this purpose, it is to design and construct a facility at Canada Place to include a cruise ship terminal and a Canadian host pavilion for Expo 86 suitable to be converted to a trade and convention centre. In addition, the Corporation has the authority to manage and operate the facility at Canada Place, either by itself or with others, and organize, operate and manage the participation of the Government of Canada as exhibitor and host nation for Expo 86.

The total cost of the facility at Canada Place, including the Canada Pavilion for Expo 86 and the cost to convert the Pavilion to a Trade and Convention Centre, is estimated at $227.4 million of which $151.8 million is expected to be contributed by the Government, $22.8 million by the Vancouver Port Corporation in respect of the cruise ship terminal and $52.8 million from other sources.

The Responsible Minister is to recommend to the Governor in Council prior to December 31, 1988 on the continued activities of the Corporation beyond that date.

2. Significant accounting policies

Construction in progress

All expenditures including those for acquisition, design, construction and administration for the permanent structures at Canada Place will be capitalized until the facility is fully developed in July 1987. Interest income is credited to construction in progress. Receipts from the sale of development rights, leaseholds and the Imax Theatre sponsorship are also deducted from the construction costs.

Depreciation will commence in 1987-88 when the facility is fully developed. Depreciation of the facility will be calculated on a straight line basis over a 40 year period.

Canada Pavilion

The expenditures to design, construct and fit-out the Pavilion and to organize, operate and manage the participation of the Government of Canada as exhibitor and host nation for Expo 86 respectively, net of related revenues, were recorded as deferred costs at March 31, 1986.

The expenditures on the Pavilion and its operating and other related expenditures and revenues have been taken into income during 1987 and offset against contributed capital.

Administration

Corporate and construction administration expenses are charged against construction in progress. Administration expenses for the Pavilion are included in Pavilion expenses.

CANADA HARBOUR PLACE CORPORATION—*Continued*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1987—*Continued*

3. Construction in progress

	Cumulative to March 31, 1986	1987	Cumulative to March 31, 1987
	(in thousands of dollars)		
Construction costs	95,330	612	95,942
Soft costs	15,760	1,615	17,375
Access and site purchase	14,551	209	14,760
Trade and Convention Centre conversion	5,421	6,343	11,764
Total costs	131,062	8,779	139,841
Less receipts (Note 4)	63,274	2,515	65,789
Costs, net of receipts	67,788	6,264	74,052

Soft costs include corporate and construction administration, architects and consultants fees and related management costs.

Title to that part of the bed of Vancouver harbour on which the facility is located was transferred to the Corporation from Vancouver Port Corporation for one dollar and has been so recorded in site purchase costs.

The ownership of the access roads to the facility will be transferred at no cost to the City of Vancouver. The cost of the access roads included in construction in progress is $9.4 million.

4. Receipts

	Cumulative to March 31, 1986	1987	Cumulative to March 31, 1987
	(in thousands of dollars)		
Lease Agreements			
Hotel Air Rights	29,838		29,838
Parking Lot	1,000	1,051	2,051
Development Agreement			
Cruise Ship Terminal	22,807		22,807
Sponsorship Agreement			
Imax Theatre	5,000		5,000
Interest Income	4,629	1,028	5,657
Restaurant		403	403
Other		33	33
	63,274	2,515	65,789

(a) Lease Agreements—Hotel Air Rights and Parking Lot

In 1983, the Corporation entered into 99-year agreements with Tokyu Canada Corporation, for the lease of air rights at Canada Place to Tokyu. The net amount under these leases for air rights and construction costs is $29.8 million. Tokyu will also pay additional rent for its share of the common area and operating costs.

In 1986, the Corporation entered into a 20 year agreement with Citicom Ltd. to operate the parking facilities at Canada Place. Citicom paid $1 million to the Corporation at the time the agreement was signed and made monthly payments totalling $1 million based on varying percentages of gross parking revenues.

(b) Development agreement—Cruise Ship Terminal

The Corporation executed a development agreement with the Vancouver Port Corporation to construct a cruise ship terminal for $22.8 million in the Canada Place project.

(c) Sponsorship agreement—Imax Theatre

The Corporation has entered into an agreement with Canadian National for rights respecting an Imax Theatre at Canada Place. The rights are for the sponsorship of the film "Transitions" and for the theatre to be named the "CN Imax Theatre" for a period of 40 years commencing May 2, 1986.

In return for these rights, CN has paid the Corporation $5 million which has been allocated wholly against construction costs.

5. Commitment—Trade and Convention Centre

During the year, the Government of Canada and the Province of B.C. signed an agreement in which the Province of B.C. will take over and operate the Trade and Convention Centre starting in July 1987.

Under the signed agreement, the Government of Canada agreed to do the following:

- Complete construction and outfit the Trade and Convention Centre at the Corporation's cost which is estimated to be $17.5 million.
- Pay $1 million to the Province of B.C. in July 1987.
- Lease to the Province of B.C., at a nominal consideration of $1, space in the Canada Place project for the Trade and Convention Centre including pre-function areas, meeting rooms and retail space for a term of 20 years with renewal options for three successive similar terms.

6. Operating Expenses and Revenues—Canada Pavilion

Expenses and revenues attributable to the period of operation of the Canada Pavilion at Expo 86 follow:

	Deferred at March 31, 1986	1987	Cumulative to March 31, 1987
	(in thousands of dollars)		
Expenses			
Construction and Exhibitry	31,417	6,325	37,742
Imax Theatre	4,884	530	5,414
General administration	3,877	1,619	5,496
Cultural programs	2,985	5,448	8,433
Public affairs	2,054	2,731	4,785
Operations	1,700	7,295	8,995
Building Management		3,222	3,222
Commissioner General	458	1,615	2,073
Royalty Fees—Expo'86		830	830
Exhibitry Disposal Proceeds	(42)	(1,729)	(1,771)
	47,333	27,886	75,219
Revenues			
Sponsorship	3,576	774	4,350
Food Fair and Retail	45	4,957	5,002
	3,621	5,731	9,352

7. Contractual obligations

At March 31, 1987, the construction and related costs to complete the project including conversion costs are estimated at $7.3 million of which approximately $3.7 million has already been committed.

8. Long-term lease commitment

The Corporation has entered into a long-term lease agreement for the Imax projection system. The future minimum lease payments by fiscal year are as follows:

	(in thousands of dollars)
1988	740
1989	162
1990	162
1991	162
1992	162

CANADA HARBOUR PLACE CORPORATION—*Concluded*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1987—*Concluded*

9. Retirement plan

Because of the term nature of the project, the Corporation has agreed to make annual payments for certain employees to retirement plans of their choice and to provide for a retiring allowance to senior officers. These benefits are equivalent to 8½% of the annual salary for each of these employees and officers.

10. Related party transactions

The Corporation is related in terms of common ownership to all Government of Canada created departments, agencies and Crown corporations.

The Corporation is dependent on the Government of Canada for working capital and to finance expenditures.

All significant related party transactions are disclosed in Notes 3 and 4. Certain components of the Canada Pavilion and increased federal activities in support of Expo 86 that have been provided directly by departments, agencies and Crown corporations are not reflected in these financial statements. The Corporation also enters into transactions with departments, agencies and Crown corporations in the normal course of business.

SUMMARY PAGE

CANADA LANDS COMPANY LIMITED

MANDATE

The Canada Lands Company Limited has the mandate to hold certain leases for a property in London, England and two properties on Indian reserves in Canada. It is also the shareholder in three subsidiary corporations.

BACKGROUND

Formerly the Public Works Lands Company, the corporation is not active; it transacts no business. It has three subsidiaries, Canada Lands Company (Mirabel) Limited, Canada Lands Company (Le Vieux-Port de Montréal) Limited and Canada Lands Company (Vieux-Port de Québec) Inc.

CANADA LANDS COMPANY LIMITED—*Continued*

NOTES TO FINANCIAL STATEMENT
MARCH 31, 1987

1. Authority and activities

The Canada Lands Company Limited, an agent corporation, originally named Public Works Lands Company Limited, was incorporated under the Companies Act on March 7, 1956. It was added to Schedule C to the Financial Administration Act on May 17, 1979 and listed as a parent Crown corporation on June 29, 1984 in Schedule C, Part I of the Financial Administration Act.

The Corporation has, by virtue of its letters patent of incorporation, the power to acquire, purchase, lease, hold, improve, manage, exchange, sell, turn to account or otherwise deal in or dispose of real or personal property or an interest therein. However, it has been used only to hold, in trust for other departments, certain leasehold interests in one property in London, England, and two properties on Indian reserves in Canada. Funding for these leases are borne by other departments.

2. Significant accounting policies

(a) Investments in subsidiaries

The Corporation wholly-owns the following three subsidiary corporations:
Canada Lands Company (Mirabel) Limited
Canada Lands Company (Vieux-Port de Québec) inc.
Canada Lands Company (Le Vieux-Port de Montréal) Limited.
The shares have been acquired in consideration of services rendered.

(b) Other investments

The Corporation holds two out of the three issued shares of the Canada Museums Construction Corporation Inc. The third share is held by the Minister of Public Works; however, control of this corporation lies with the Minister of Public Works through a shareholders' agreement.

(c) Exclusion of subsidiaries from consolidation

The financial statements of the subsidiaries are excluded from consolidation because increases in their equity are not likely to accrue to the parent.
On January 22, 1987, the Governor General in Council declared that certain sections of the Financial Administration Act apply to the subsidiaries as if each of these corporations were a parent Crown corporation set out in Schedule C, Part I of the Act. Pursuant to this Order, these subsidiaries are required to submit their corporate plans, operating and capital budgets, summaries of the plans and budgets and annual reports in accordance with the Act.

(d) Capital stock

The Corporation is authorized to issue three shares which shall not be transferred to any person other than a person approved by the Minister of Public Works. The authorized shares have been issued in consideration of services rendered and are held in trust for Her Majesty in right of Canada by the Minister of Public Works.

3. Financial statement

The Corporation has not been involved in any financial transactions. As a result, the balance sheet has nil balances and no other financial statement is presented.

CANADA LANDS COMPANY LIMITED—*Continued*

AUDITOR'S REPORT

TO THE MINISTER OF PUBLIC WORKS

I have examined, in accordance with generally accepted auditing standards, the balance sheets of Canada Lands Company Limited as at March 31, 1982 to 1986. In my opinion, they present fairly the financial position of the Corporation at those dates in accordance with generally accepted accounting principles applied consistently.

Further, in my opinion, the transactions of the Corporation that have come to my notice during my examination of the balance sheets have, in all significant respects, been in accordance with Part XII of the Financial Administration Act and regulations, the articles and by-laws of the Corporation.

CANADA LANDS COMPANY LIMITED—*Concluded*

NOTES TO FINANCIAL STATEMENT
MARCH 31, 1986

1. Authority and activities

The Canada Lands Company Limited, an agent corporation, originally named Public Works Lands Company Limited, was incorporated under the Companies Act on March 7, 1956. It was added to Schedule C of the Financial Administration Act on May 17, 1979 and listed as a parent Crown corporation on June 29, 1984 in Schedule C, Part I of the Financial Administration Act.

The Corporation has, by virtue of its letters patent of incorporation, the power to acquire, purchase, lease, hold, improve, manage, exchange, sell, turn to account or otherwise deal in or dispose of real or personal property or an interest therein. However, it has been used only to hold, in trust for other departments, certain leasehold interests in one property in London, England, and two properties on Indian reserves in Canada. Funding for these leases are borne by other departments.

2. Significant accounting policies

(a) Investments in subsidiaries

The Corporation wholly-owns the following three subsidiary corporations:

Canada Lands Company (Mirabel) Limited

Canada Lands Company (Vieux-Port de Québec) inc.

Canada Lands Company (Le Vieux-Port de Montréal) Limited.

The shares have been acquired in consideration of services rendered.

(b) Other investments

The Corporation holds two out of the three issued shares of the Canada Museums Construction Corporation Inc. The third share is held by the Minister of Public Works; however, control of this corporation lies with the Minister of Public Works through a shareholders' agreement.

For the years ended March 31, 1982 to 1984, the Corporation held two out of the three issued shares of Canada Harbour Place Corporation. However, control of this corporation lay with the Minister of State for Social Development. On August 31, 1984, these two shares were transferred to the Minister of Transport.

(c) Exclusion of subsidiaries from consolidation

The financial statements of the subsidiaries are excluded from consolidation because increases in their equity are not likely to accrue to the parent.

(d) Capital stock

The Corporation is authorized to issue three shares which shall not be transferred to any person other than a person approved by the Minister of Public Works. The authorized shares have been issued in consideration of services rendered and are held in trust for Her Majesty in right of Canada by the Minister of Public Works.

3. Financial statement

The Corporation has not been involved in any financial transactions. As a result, the balance sheets have nil balances and no other financial statement is presented.

SUMMARY PAGE

CANADA LANDS COMPANY (MIRABEL) LIMITED

MANDATE

Administer, pending disposition, and sell on behalf of the Crown, properties peripheral to the airport called Montreal North.

BACKGROUND

Since July 1982, the corporation has managed the lands which the Crown had acquired for the international airport at Mirabel but which were not required for the functioning of the airport. A program for the sale of all those properties has been developed and is being implemented by the corporation.

SUMMARY PAGE

CANADA LANDS COMPANY (LE VIEUX-PORT DE MONTRÉAL) LIMITED

MANDATE

Promote the development of the lands of Le Vieux-Port de Montréal and develop them; administer, manage and maintain Crown property there.

BACKGROUND

Since February 1982, the corporation has managed the Crown lands at Le Vieux-Port, including lands transferred to the Crown in 1983 from Canada Ports Corporation. Planning and consultation with the public and with the other levels of government have resulted in plans for major developments on the lands. Those plans are at present a significant issue for the various governments.

CANADA LANDS COMPANY (LE VIEUX-PORT DE MONTRÉAL) LIMITED

AUDITOR'S REPORT

TO THE MINISTER OF PUBLIC WORKS

I have examined the balance sheet of Canada Lands Company (Le Vieux-Port de Montréal) Limited as at March 31, 1987 and the statements of transactions and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1987 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Further, in my opinion, the transactions of the Corporation that have come to my notice during my examination of the financial statements have, in all significant respects, been in accordance with Part XII of the Financial Administration Act and regulations, the charter and by-laws of the Corporation, as well as the agreement between the Corporation and Her Majesty in right of Canada represented by the Minister of Public Works.

NOTES TO FINANCIAL STATEMENTS AS AT MARCH 31, 1987

1. Authority and activities

Canada Lands Company (Le Vieux-Port de Montréal) Limited was incorporated on November 26, 1981 under the Canada Business Corporations Act and is a wholly-owned subsidiary of Canada Lands Company Limited, a Crown corporation named in Part I of Schedule C to the Financial Administration Act.

Effective February 1, 1982, pursuant to an agreement between the Corporation and Her Majesty in Right of Canada represented by the Minister of Public Works, the Corporation is responsible for developing and for promoting the development of the lands of Le Vieux-Port de Montréal, and for administering, managing and maintaining the property of Her Majesty located therein. The Corporation fulfills this responsibility in the name and for the account of the Minister of Public Works who continues to hold title to the fixed assets for the benefit of Her Majesty.

2. Significant accounting policies

(a) Financial statement presentation

The statements present transactions carried out by the Corporation as agent and on behalf of the Minister of Public Works. All expenditures, net of proceeds from other than the direct use of fixed assets, are reimbursable to the Corporation. Proceeds from the direct use of fixed assets, principally rental revenues, are payable to the Receiver General for Canada.

Differences between parliamentary appropriations received and net reimbursable expenditures are recorded by the Corporation as due from or due to the Minister of Public Works.

CANADA LANDS COMPANY (LE VIEUX-PORT DE MONTRÉAL) LIMITED—*Concluded*

NOTES TO FINANCIAL STATEMENTS
AS AT MARCH 31, 1987—*Concluded*

(b) Expenditures of a capital nature

Expenditures of a capital nature represent costs which significantly increase the value or extend the useful lives of properties administered by the Corporation. They also include costs of demolishing structures.

(c) Employee termination benefits

On termination of employment, employees of the Corporation are entitled to certain benefits provided for under the salary administration policy of the Corporation. The cost of these benefits is recorded in the year in which they are earned by the employees. The estimated liability resulting from this policy is included in accounts payable.

(d) Retirement savings plan

The Corporation has established a group retirement savings plan under which a single trust was established with a private sector organization in order to accumulate contributions to provide a retirement income for the employees through individually registered retirement savings plans. All contributions are paid by the employees, the Corporation acting solely as an agent without incurring any liability.

5. Capital stock

The Corporation is authorized to issue a single share, to be held in trust for Her Majesty in Right of Canada, which may not be transferred without the consent of the Governor in Council. The authorized share has been issued in consideration of services rendered.

SUMMARY PAGE

CANADA LANDS COMPANY (VIEUX-PORT DE QUÉBEC) INC.

MANDATE

Implement a general development plan for certain lands of the Vieux-Port de Québec; administer, manage, promote and operate those lands and their developments.

BACKGROUND

Since August 1, 1981, the corporation has developed and managed the Crown lands of the Vieux-Port; for two years, ending February 27, 1986, it held, managed and directed a further parcel of Vieux-Port land and the improvements on it.

NOTES TO THE FINANCIAL STATEMENTS MARCH 31, 1987

1. Authority and activities

Canada Lands Company (Vieux-Port de Québec) inc. was incorporated on April 9, 1981 under the Canada Business Corporations Act and is a wholly-owned subsidiary of Canada Lands Company Limited, a Crown corporation named in Part I of Schedule C to the Financial Administration Act.

Effective August 1, 1981, pursuant to an agreement between the Corporation and Her Majesty in Right of Canada represented by the Minister of Public Works, the Corporation is responsible for the implementation of a general development plan for the lands of the Vieux-Port de Québec under its jurisdiction and for administering, managing, promoting and operating such lands and their developments. The Corporation fulfils this responsibility in the name and for the account of the Minister of Public Works who continues to hold title to the fixed assets for the benefit of Her Majesty.

From February 9, 1984 to February 27, 1986, the Corporation was responsible for its own account for the management, charge and direction of a parcel of land together with the improvements thereon which had been transferred to it, subject to certain limiting conditions, by order of the Governor General in Council on February 9, 1984. This property was retroceded on February 27, 1986.

CANADA LANDS COMPANY (VIEUX-PORT DE QUÉBEC) INC.—*Continued*

NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 1987—*Concluded*

2. Significant accounting policies

(a) Financial statements presentation

The Statement of Operations presents the transactions carried out by the Corporation for the management, charge and direction of the assets held from February 9, 1984 to February 27, 1986 for the benefit of Her Majesty.

The Statement of Transactions presents transactions carried out by the Corporation as agent and on behalf of the Minister of Public Works. All expenditures, net of proceeds from other than the direct use of fixed assets, are reimbursable to the Corporation. Proceeds from the direct use of fixed assets, principally rentals, are payable to the Receiver General for Canada.

Differences between parliamentary appropriations received and net reimbursable expenditures are recorded by the Corporation as due from or due to the Minister of Public Works.

(b) Expenditures of a capital nature

Expenditures of a capital nature represent costs which significantly increase the value or extend the useful lives of properties administered or owned by the Corporation. They also include costs of acquiring and demolishing structures.

(c) Fixed assets and depreciation

Fixed assets transferred free of charge from Canada on February 9, 1984 were recorded at their current value at the date of transfer, with the offset being credited to contributed surplus. Depreciation was calculated under the straight line method using a rate of 2.5% per annum based on the estimated useful life for the main structure of the building.

These were retroceded free of charge to Canada on February 27, 1986. The retrocession of these fixed assets was recorded at their net book value.

3. Accounts receivable

The accounts receivable include the following amounts:

	1987	1986
	$	$
Public services organization	471,929	468,368
Canada Ports Corporation	175,000	175,000
Others	215,608	141,490
	862,537	784,858

The amount receivable from the public services organization is for specific work carried out by the Corporation during the year 1982-83. The related cost is recoverable upon the signing of a protocol by the Corporation, the Canada Ports Corporation and the organization. The protocol, not yet signed, provides for the transfer of certain privileges from the Corporation and the Canada Ports Corporation. The work is completed for all practical purposes. The Corporation has not yet decided to transfer the privileges requested by the organization. It is possible that the Corporation may not recover the related cost and would have to account for it as a capital expenditure.

The amount receivable from the Canada Ports Corporation derives from a protocol providing for the reimbursement to the Corporation of expenditures it incurred for work carried out inside the strip of land upon which the Canada Ports Corporation has operational jurisdiction. This protocol provides that the reimbursement will be made out of a global amount approved by the Treasury Board to the Canada Ports Corporation, if there are funds remaining available. As at March 31, 1987, the Corporation had claimed for the reimbursement of $650,000 for expenditures incurred mainly during the year 1982-83, of which $475,000 had been received to that date. Not being able to determine the funds remaining available to the Canada Ports Corporation, the Corporation cannot establish the additional amount it might expect to receive, or any amount up to the $475,000 already received it might have to refund. Any difference established at the time of the final settlement of this transaction will be accounted for as a capital expenditure.

4. Due to (from) Receiver General for Canada

	1987	1986
	$	$
Balance at beginning of the year	(120,465)	(67,540)
Direct proceeds	778,088	713,788
	657,623	646,248
Remittances to the Consolidated Revenue Fund		(766,713)
Balance at end of the year	657,623	(120,465)

5. Due to Minister of Public Works

	1987	1986
	$	$
Balance at beginning of the year	505,160	460,536
Net expenditures	5,020,918	5,616,346
	4,515,758	5,155,810
Less: funds drawn from Department of Public Works vote for Canada Lands Company (Vieux-Port de Québec) inc.		
Vote 40 in 1985-86	283,615	5,660,970
Vote 35 in 1986-87	4,514,000	
	4,797,615	5,660,970
Balance at end of the year	281,857	505,160

6. Capital stock

The Corporation is authorized to issue a single share, to be held in trust for Her Majesty in Right of Canada and which may not be transferred without the consent of the Governor in Council. The authorized share has been issued in consideration of services rendered.

7. Contingencies

The Corporation and the corporation Québec 1534-1984 signed a protocol of general understanding determining the rights and obligations of each party for the staging in 1984 of a festive event and for the use of the site and of the equipment under the jurisdiction of the Corporation. Under the terms of the agreement, the Corporation has not granted the right to use the totality of the site, reserving for itself some premises that it might rent for commercial purposes. Leases were signed but, because of poor attendance, several were modified, cancelled or abandoned. The Corporation has received claims arising from those leases and from other activities, for a total in excess of $3.3 million, and more may be received. Management is of the opinion that these claims will not result in any significant financial responsibility for the Corporation.

8. Disposal of lands

The Corporation has embarked in a program under which it should dispose in the short term of the lands under its responsibility to public sector organizations or to private interests.

CANADA LANDS COMPANY (VIEUX-PORT DE QUÉBEC) INC.—*Continued*

AUDITOR'S REPORT

TO THE MINISTER OF PUBLIC WORKS

I have examined the balance sheet of Canada Lands Company (Vieux-Port de Québec) inc. as at March 31, 1986 and the statements of operations and retained earnings, contributed surplus, and of transactions for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1986 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Further, in my opinion, the transactions of the Corporation that have come to my notice during my examination of the financial statements have, in all significant respects, been in accordance with Part XII of the Financial Administration Act and regulations, the charter and by-laws of the Corporation, and the agreement between the Corporation and Her Majesty in Right of Canada represented by the Minister of Public Works, except that the Corporation did not maintain proper books of account and records and financial control and information systems from which it may prepare its financial statements. To prepare the financial statements as at March 31, 1986, it was necessary, as compensatory procedures, to analyse certain transactions which had not been reflected fairly in the accounts and those which were recorded in the subsequent year.

NOTES TO THE FINANCIAL STATEMENTS MARCH 31, 1986

1. Authority and activities

Canada Lands Company (Vieux-Port de Québec) Inc. was incorporated on April 9, 1981 under the Canada Business Corporations Act and is a wholly-owned subsidiary of Canada Lands Company Limited, a Crown corporation named in Part I of Schedule C to the Financial Administration Act.

Effective August 1, 1981, pursuant to an agreement between the Corporation and Her Majesty in Right of Canada represented by the Minister of Public Works, the Corporation is responsible for the implementation of a general development plan for the lands of the Vieux-Port de Québec under its jurisdiction and for administering, managing, promoting and operating such lands and their developments. The Corporation fulfils this responsibility in the name and for the account of the Minister of Public Works who continues to hold title to the fixed assets for the benefit of Her Majesty.

From February 9, 1984 to February 27, 1986, the Corporation was responsible for its own account for the management, charge and direction of a parcel of land together with the improvements thereon which had been transferred to it, subject to certain limiting conditions, by order of the Governor General in Council on February 9, 1984. This property was retroceded on February 27, 1986.

2. Significant accounting policies

(a) Financial statements presentation

The Statement of Operations presents the transactions carried out by the Corporation for the management, charge and direction of the assets held from February 9, 1984 to February 27, 1986 for the benefit of Her Majesty.

The Statement of Transactions presents transactions carried out by the Corporation as agent and on behalf of the Minister of Public Works. All expenditures, net of proceeds from other than the direct use of fixed assets, are reimbursable to the Corporation. Proceeds from the direct use of fixed assets, principally rentals, are payable to the Receiver General for Canada.

Differences between parliamentary appropriations received and net reimbursable expenditures are recorded by the Corporation as due from or due to the Minister of Public Works.

(b) Expenditures of a capital nature

Expenditures of a capital nature represent costs which significantly increase the value or extend the useful lives of properties administered or owned by the Corporation. They also include costs of acquiring and demolishing structures.

(c) Fixed assets and depreciation

Fixed assets transferred free of charge from Canada on February 9, 1984 were recorded at their current value at the date of transfer, with the offset being credited to contributed surplus. Depreciation was calculated under the straight line method using a rate of 2.5% per annum based on the estimated useful life for the main structure of the building.

These were retroceded free of charge to Canada on February 27, 1986. The retrocession of these fixed assets was recorded at their net book value.

CANADA LANDS COMPANY (VIEUX-PORT DE QUÉBEC) INC.—*Concluded*

NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 1986—*Concluded*

3. Accounts receivable

The accounts receivable include the following amounts:

	1986	1985
	$	$
Public services organization	468,368	467,816
Canada Ports Corporation	175,000	175,000
Department of Public Works (Note 5)		54,824
Others	141,490	388,185
	784,858	1,085,825

The amount receivable from the public services organization is for specific work carried out by the Corporation during the year 1982-83. The related cost is recoverable upon the signing of a protocol by the Corporation, the Canada Ports Corporation and the organization. The protocol, not yet signed, provides for the transfer of certain privileges from the Corporation and the Canada Ports Corporation. The work is completed for all practical purposes. The Corporation has not yet decided to transfer the privileges requested by the organization. It is possible that the Corporation may not recover the related cost and would have to account for it as a capital expenditure.

The amount receivable from the Canada Ports Corporation derives from a protocol providing for the reimbursement to the Corporation of expenditures it incurred for work carried out inside the strip of land upon which the Canada Ports Corporation has operational jurisdiction. This protocol provides that the reimbursement will be made out of a global amount approved by the Treasury Board to the Canada Ports Corporation, if there are funds remaining available. As at March 31, 1986, the Corporation had claimed for the reimbursement of expenditures totalling $650,000 for expenditures incurred mainly during the year 1982-83, of which $475,000 had been received to that date. Not being able to determine the funds remaining available to the Canada Ports Corporation, the Corporation cannot establish the additional amount it might expect to receive, or any amount up to the $475,000 already received it might have to refund. Any difference established at the time of the final settlement of this transaction will be accounted for as a capital expenditure.

4. Due from Receiver General for Canada

	1986	1985
	$	$
Balance receivable at beginning of the year	67,540	704,354
Direct proceeds	713,788	636,814
	646,248	67,540
Remittances to the Consolidated Revenue Fund	766,713	
Balance receivable at end of the year	120,465	67,540

5. Accounts payable

The accounts payable include an amount of $182,704 due to the Department of Public Works as at March 31, 1986 ($54,824 receivable as at March 31, 1985) as follows:

	1986	1985
	$	$
Grants in lieu of taxes paid by the Department for the account of the Corporation since February 9, 1984	230,523	121,836
Rentals received to be reimbursed	150,214	
Claim for late delivery of the leased premises	89,546	89,546
	470,283	211,382
Less: cost of fitting-up premises for renting	287,579	266,206
Due to (due from) at the end of the year	182,704	(54,824)

6. Due to Minister of Public Works

	1986	1985
	$	$
Balance payable (receivable) at begining of the year	460,536	(242,329)
Net expenditures	5,616,346	26,013,735
	5,155,810	26,256,064
Less:		
funds drawn from Department of Public Works Vote 40 (Votes 15 and 65 in 1985) for Canada Lands Company (Vieux-Port de Québec) Inc.	5,660,970	26,516,600
funds drawn from Department of Communications Vote 10 for the special cultural initiatives Program		200,000
	5,660,970	26,716,600
Balance payable at end of the year	505,160	460,536

7. Capital stock

The Corporation is authorized to issue a single share, to be held in trust for Her Majesty in Right of Canada and which may not be transferred without the consent of the Governor in Council. The authorized share has been issued in consideration of services rendered.

8. Contingencies

The Corporation and the corporation Québec 1534-1984 signed a protocol of general understanding determining the rights and obligations of each party for the staging in 1984 of a festive event and for the use of the site and of the equipment under the jurisdiction of the Corporation. Under the terms of the agreement, the Corporation has not granted the right to use the totality of the site, reserving for itself some premises that it might rent for commercial purposes. Leases were signed but, because of poor attendance, several were modified, cancelled or abandoned. The Corporation has received claims arising from those leases, for a total in excess of $3.0 million, and more may yet be received. Management is of the opinion that these claims will not result in any significant financial responsibility for the Corporation.

SUMMARY PAGE

CANADA MORTGAGE AND HOUSING CORPORATION

MANDATE

To promote the construction of new houses, the repair and modernization of existing houses and the improvement of housing and living conditions.

BACKGROUND

Established in 1946, the corporation acts as the government's agent in the provision of grants, contributions and subsidies for the advancement of housing and community development. It conducts research and provides policy advice to government; it administers the Mortgage Insurance Fund, the prime purpose of which is to ensure an adequate supply of mortgage funds for housing, and it lends to groups and individuals for housing purposes and invests in housing-related projects.

CANADA MORTGAGE AND HOUSING CORPORATION

MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL REPORTING

The Management of the Corporation is responsible for establishing and maintaining a system of books, records, internal controls and management practices to provide reasonable assurance that: reliable financial information is produced; the assets of the Corporation are safeguarded and controlled; the transactions of the Corporation are in accordance with the relevant legislation, regulations and by-laws of the Corporation; the resources of the Corporation are managed efficiently and economically and the operations of the Corporation are carried out effectively.

Management is also responsible for the integrity and objectivity of the financial statements. The accompanying financial statements of the Corporation as at December 31, 1986 were prepared by management in accordance with the accounting policies, consistently applied, as described in the notes to the financial statements. The financial information contained elsewhere in this Annual Report is consistent with that in the financial statements.

The Board of Directors is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control. The Board exercises its responsibilities through the Audit Committee which includes a majority of members who are not officers of the Corporation. The Committee meets from time to time with management, internal audit staff and the independent external auditor to review the manner in which these groups are performing their responsibilities and to discuss auditing, internal controls and other relevant financial matters. The Audit Committee has reviewed the financial statements with the external auditor and has submitted its report to the Board of Directors. The Board of Directors has reviewed and approved the financial statements.

The financial statements have been examined by the auditor, Robert D. Hepburn, C.A. of the firm Deloitte Haskins & Sells and his reports offer an independent opinion on the financial statements to the Minister responsible for Canada Mortgage and Housing Corporation.

FINANCIAL STATEMENTS
DECEMBER 31, 1986

Canada Mortgage and Housing Corporation was incorporated as a Crown Corporation by an Act of Parliament on January 1, 1946. Its activities are regulated by the National Housing Act, the Canada Mortgage and Housing Corporation Act and, in certain respects, the Financial Administration Act, and include:

Corporate Account

Financing housing and community improvement through the making of loans and investments under specific conditions at interest rates normally at market rates which are generally higher than the rates it pays on funds borrowed from the Government of Canada.

Minister's Account

Making certain payments or incurring expenses in the process of delivering housing programs on behalf of the Government of Canada. These payments and expenses include grants, contributions, subsidies, loan forgiveness, losses on real estate, losses under federal-provincial agreements, interest rate losses, research and development, and specified administrative costs. The funding for these activities is provided for in Main and Supplementary Estimates which are tabled in Parliament. Parliamentary approval is by way of the Appropriations Act together with Statutory Authorities which authorize the responsible Minister to reimburse the Corporation for the specified payments and expenses for the fiscal year concerned.

Funds Administered

Administering certain Insurance and Guarantee Funds on behalf of the Government of Canada. The Mortgage Insurance Fund is the chief instrument for establishing a framework of confidence for mortgage lending by private institutions. This instrument facilitates an adequate supply of mortgage funds by reducing the risk to lenders and encouraging the secondary market trading of mortgages, and thereby increasing the access to housing by Canadians.

CANADA MORTGAGE AND HOUSING CORPORATION—*Continued*

AUDITOR'S REPORT

TO THE HONOURABLE STEWART D. McINNES, P.C., M.P.
MINISTER RESPONSIBLE FOR
CANADA MORTGAGE AND HOUSING CORPORATION

I have examined the balance sheet of Canada Mortgage and Housing Corporation, Corporate Account as at December 31, 1986, and the statements of operations and reserve fund, and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards and accordingly included such tests and procedures as I considered necessary in the circumstances.

In my opinion, these financial statements, present fairly the financial position of the Corporation as at December 31, 1986, and the results of its operations and changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

I further report that, in my opinion, the transactions of the Corporation that have come to my notice during my examination of the financial statements were, in all significant respects, in accordance with the Financial Administration Act and regulations, the Canada Mortgage and Housing Corporation Act, the National Housing Act, the by-laws of the Corporation and any directives given to the Corporation.

CORPORATE ACCOUNT

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 1986

1. Significant Accounting Policies

In the Corporate Account, the Corporation follows generally accepted accounting principles. The financial statements of the Mortgage Insurance Fund and the other Insurance and Guarantee Funds are not consolidated with these financial statements. The principal accounting policies followed by the Corporation are:

(a) Loans

Loans are capitalized as funds are advanced. Where loans contain forgiveness clauses, such forgiveness is recorded and recovered from the Minister when the loans are advanced. Loans under certain programs give rise to interest rate losses which are recoverable from the Minister. No provisions are made for possible losses on loans. Losses on insured loans are recoverable from the Mortgage Insurance Fund while property acquired upon default of uninsured loans is subject to loss recovery as described under Real Estate. Other losses on uninsured loans are recoverable from the Minister.

(b) Federal-Provincial Agreements

Loans and investments are made under various cost sharing agreements with the provinces and territories to encourage development of rental housing, land assembly, co-operative housing, rural and native housing and housing rehabilitation. Only the Corporation's share of costs plus capitalized interest

CANADA MORTGAGE AND HOUSING CORPORATION—*Continued*

CORPORATE ACCOUNT

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1986—*Concluded*

are reflected in these statements. The Corporation's share of subsidies and losses related to these agreements are recovered from the Minister. Gains on the sale of land assembly are recognized as income in the Corporate Account. In accounting for federal-provincial loans and investments, the Corporation relies, in the majority of instances, on information provided by the provinces and territories.

(c) Real Estate

Real estate includes vacant land and properties acquired directly by the Corporation, or through the Government of Canada at no cost, or through default on uninsured loans. All real estate is recorded at cost which includes acquisition costs and any modernization and improvement costs.

Holding costs on real estate acquired directly by the Corporation are capitalized up to appraised values after which the costs are expensed in the Corporate Account. Net gains and losses on the disposal of these properties are recorded in the Corporate Account.

Holding costs on real estate acquired through the Government of Canada at no cost, or through default on uninsured loans, are capitalized. Net gains and losses on the disposal of these properties are paid to or recovered from the Minister.

All net operating losses on real estate are recovered from the Minister.

(d) Depreciation

Depreciation of real estate is recorded on a straight line basis over the expected useful life of the properties.

Depreciation on business premises, office furniture and equipment is recorded on a diminishing balance basis.

(e) Employees' Pension Plan

Current service costs of the employees' pension plan and interest on the unfunded liability are recorded as administrative expenses in the current year. Experience gains or losses are recognized in the year in which they are identified. An actuarial valuation is made at least every three years in accordance with the provisions of the Pension Benefits Standards Act.

(f) Reserve Fund

Income or loss after income taxes is transferred to the Reserve Fund which is limited by an Order-in-Council to $25 million. Any excess over this amount is transferred to the credit of the Receiver General for Canada.

(g) Interest Income and Expense

Interest income and expense are accounted for on the accrual basis.

2. Borrowings from the Government of Canada

The Corporation borrows from the Government of Canada under the provisions of Section 22 of the Canada Mortgage and Housing Corporation Act and Sections 40 and 55 of the National Housing Act to finance loans and investments. The borrowings are evidenced by debentures or other evidences of indebtedness, which bear interest at varying rates and are repayable over periods not in excess of 50 years.

3. Contingent Liabilities

In the normal course of operations, the Corporation is subject to legal claims, the effect of which cannot be determined until they are settled. At December 31, 1986, most of the claims outstanding are not expected to have a result which would be significant in relation to the financial position of the Corporation. However, during 1982 a large number of legal actions, which total approximately $48 million at December 31, 1986, were begun against the Corporation jointly with other parties claiming damages arising from installation of urea formaldehyde foam insulation. The Corporation does not admit liability in these cases and, until the actions have been heard by the courts, it is impossible to determine if there is a potential liability in this respect and thus no provision for possible loss arising from these legal actions is included in these financial statements. Should costs arise as a result of these actions they would be expensed in the year when the costs are incurred.

4. Interest Loss Recoveries

The Corporation was authorized by the Government of Canada to approve certain loans and investments at a negative interest margin and to recover this loss from the Government. The interest loss recovered is included in interest earnings. The recoveries by program are as follows:

	1986	1985
	(in millions of dollars)	
Market Housing	63.8	59.0
Social Housing	18.7	19.3
Housing Support	1.2	1.3

5. Services to Others

The major components of services to others are: delivery of Canadian Home Insulation Program grants on behalf of Energy, Mines and Resources Canada; inspections; and administration of mortgages for third parties.

6. Actuarial Valuation of the CMHC Pension Fund

The Corporation maintains a compulsory contributory defined benefit pension plan for all regular employees who satisfy certain eligibility conditions. The plan provides pensions based on the annual average salaries of any six-year period multiplied by the number of years of credited service.

The administrative expenses of the Corporation for 1986 include a charge of $9.9 million, being the increase in the unfunded future benefits obligation arising from an actuarial valuation of the Fund at January 1, 1986.

The cumulative difference between the amounts expensed and the funding contribution has been reflected in the balance sheet as a liability. This liability will be funded by annual payments up to the year 2000.

7. Administrative Expenses

Total administrative expenses of the Corporation for the year ended December 31, 1986 amounted to $178.5 million (1985—$174.6 million). These administrative expenses have been allocated to the Corporate Account, Minister's Account and Funds Administered.

8. Commitments

Commitments outstanding for loans and investments amounted to $435 million at December 31, 1986 (1985—$495 million).

9. Comparative Figures

The 1985 comparative figures have been reclassified to conform to the statement presentation adopted in 1986. The 1985 figures are based upon financial statements which were reported on by Paul-André Michaud, C.A. of the firm, Samson Bélair.

MINISTER'S ACCOUNT

AUDITOR'S REPORT

TO THE HONOURABLE STEWART D. McINNES, P.C., M.P.
MINISTER RESPONSIBLE FOR
CANADA MORTGAGE AND HOUSING CORPORATION

I have examined the Canada Mortgage and Housing Corporation, Minister's Account—Statement of Expenditures and Recoveries for the year ended December 31, 1986. My examination was made in accordance with generally accepted auditing standards and accordingly included such tests and procedures as I considered necessary in the circumstances.

In my opinion, this financial statement presents fairly the expenditures for and recoveries from the Minister for the year then ended in accordance with the accounting policy described in Note 1 to this financial statement applied on a basis consistent with that of the preceding year.

I further report that, in my opinion, the transactions in the Minister's Account that have come to my notice during my examination of the financial statement were, in all significant respects, in accordance with the Financial Administration Act and regulations, the Canada Mortgage and Housing Corporation Act, the National Housing Act, the by-laws of the Corporation and any directives given to the Corporation.

Robert D. Hepburn, C.A.

See accompanying notes.

CANADA MORTGAGE AND HOUSING CORPORATION—*Continued*

MINISTER'S ACCOUNT

NOTES TO FINANCIAL STATEMENT
DECEMBER 31, 1986

1. Significant Accounting Policy

   Expenditures made on behalf of the Minister responsible for the Corporation are recorded as recoverable when disbursed. No accruals are made at December 31, 1986 in this account. The year-end for the Government of Canada is March 31, 1987, at which time accruals will be recorded in accordance with Treasury Board Guidelines and reported in the Public Accounts of Canada.

2. Contingent Liabilities

   In the normal course of operations, the Corporation is subject to legal claims, the effect of which cannot be determined until they are settled. During 1982, a large number of legal actions, which total approximately $48 million at December 31, 1986, were begun against the Corporation jointly with other parties claiming damages arising from installation of urea formaldehyde foam insulation. The Corporation does not admit liability in this respect and it is unclear whether costs, if any, arising from these actions could be charged to the Government of Canada. Thus, no provision for possible loss arising from these legal actions is included in the accompanying statement of account. Should costs arise as a result of these actions they would be expensed in the year when the costs are incurred.

3. Administrative Expenses

   The administrative expenses charged to the Minister by the Corporation for the year ended December 31, 1986 amounted to $62.6 million (1985—$61.3 million).

4. Comparative Figures

   The 1985 comparative figures have been reclassified to conform to the statement presentation adopted in 1986. The 1985 figures are based upon financial statements which were reported on by Paul-André Michaud, C.A. of the firm, Samson Bélair.

FUNDS ADMINISTERED

AUDITOR'S REPORT

TO THE HONOURABLE STEWART D. McINNES, P.C., M.P.
MINISTER RESPONSIBLE FOR
CANADA MORTGAGE AND HOUSING CORPORATION

I have examined the balance sheets of the Funds Administered by Canada Mortgage and Housing Corporation: Mortgage Insurance Fund, Home Improvement Loan Insurance Fund and Rental Guarantee Fund as at December 31, 1986, and the related statements of operations and deficit or surplus, and of changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and procedures as I considered necessary in the circumstances.

In my opinion, these financial statements, present fairly the financial position of these funds as at December 31, 1986, and the results of operations and changes in financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

I further report that, in my opinion, the transactions that have come to my notice during my examination of these financial statements were, in all significant respects, in accordance with the Financial Administration Act and regulations, the Canada Mortgage and Housing Corporation Act, the National Housing Act, the by-laws of the Corporation and any directives given to the Corporation.

FUNDS ADMINISTERED

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1986

1. Significant Accounting Policies

The principal accounting policies followed by the Corporation in administering the Insurance and Guarantee Funds on behalf of the Government of Canada are:

(a) Premiums

Premiums are deferred and are taken into income over the life of the related policies. Premiums earned in a year reflect the amount of risk in that year as determined by the valuation actuary. The determination is based upon factors prescribed by the Department of Insurance Canada.

(b) Application Fees

Application fees for insurance are recognized as income when received.

(c) Issuance Costs

Issuance costs are expensed as incurred.

(d) Premium Deficiency

Annually, the Corporation compares the amount of its unearned premiums by line of business to the discounted costs of claims that have not yet occurred on insurance policies in force. Whenever it is determined that the unearned premiums on a line of business are inadequate to meet the expected net costs of future claims, a premium deficiency is established. The premium deficiency is taken into income on the same basis as the related unearned premiums.

(e) Real Estate

Real estate acquired upon the payment of a claim resulting from a loan default is valued at net realizable value. Cost is comprised of the unpaid loan balance plus interest accrued to the date of acquisition together with acquisition and capital improvement expenditures. Net realizable value is calculated as the current appraised value of the property, as determined by the Corporation, less the discounted value of estimated holding and disposal costs. Depreciation is not recorded on the real estate.

(f) Provision for Loss on Claims

This provision represents the estimated loss on claims in process of payment and the estimated loss on loans, where defaults have occurred, but for which a claim has not yet been received by the Corporation.

(g) Interest Income and Expense

Interest income and expense are recorded on the accrual basis.

(h) Mortgages

Mortgages are shown net of a provision for losses.

(i) Income Tax

The Insurance and Guarantee Funds are not subject to the provisions of the Income Tax Act, Canada.

2. Borrowings from the Government of Canada—Mortgage Insurance Fund

The Corporation may borrow from the Government of Canada, on behalf of the Fund, under provisions of Section 9 of the National Housing Act in order to meet the Fund's obligations. Borrowing arrangements pursuant to an Order-in-Council dated August 8, 1984 authorize interest free borrowings secured by promissory notes due on demand to a maximum of $400 million.

CANADA MORTGAGE AND HOUSING CORPORATION—*Concluded*

FUNDS ADMINISTERED

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1986—*Concluded*

3. Actual Valuation—Mortgage Insurance Fund

At September 30, 1986 an actuarial study of the Fund undertaken by the Corporation during the year disclosed that the Fund continues to be insufficient to pay all future claims in respect of business in force. The deficit as at September 30, 1986, estimated to be $454.3 million, has decreased to $433.3 million at December 31, 1986.

4. Recovery of Losses—Mortgage Insurance Fund

As a result of Treasury Board approval in December 1985, the outstanding borrowings of $248 million at March 27, 1986 were forgiven. This forgiveness represents partial reimbursement for the losses on the Assisted Home Ownership and Assisted Rental Programs.

In 1987, the Corporation will pursue with the Government of Canada avenues for eliminating the remaining deficit.

5. Insurance in Force—Mortgage Insurance Fund

At December 31, 1986, the insurance policies in force totalled approximately $39.3 billion (1985—$37.7 billion).

6. Home Improvement Loan Insurance and Rental Guarantee Funds

The Home Improvement Loan Insurance and Rental Guarantee Programs are no longer active.

7. Administrative Expenses—Funds Administered

The administrative expenses allocated to the Funds by the Corporation for the year ended December 31, 1986 amounted to $67.3 million (1985—$68.7 million).

8. Comparative Figures

The 1985 comparative figures have been reclassified to conform to the statement presentation adopted in 1986. The 1985 figures are based upon financial statements which were reported on by Paul-André Michaud, C.A. of the firm, Samson Bélair.

SUMMARY PAGE

CANADA MUSEUMS CONSTRUCTION CORPORATION INC.

MANDATE

To construct in the National Capital Region the National Gallery of Canada, the Canadian Museum of Civilization, (formerly called The National Museum of Man) and any other museum which the Governor in Council may direct.

BACKGROUND

The main structures of the corporation's two projects are scheduled for completion by 1989. To March 31, 1987, the government had allocated for the corporation a total of $308.0 million for these projects for the period to March 31, 1990.

CANADA MUSEUMS CONSTRUCTION CORPORATION INC.

RESPONSIBILITY FOR FINANCIAL STATEMENTS

The Board of Directors of the Canada Museums Construction Corporation Inc. is responsible for the financial statements and the integrity and objectivity of data contained therein. The financial statements have been prepared by management in accordance with generally accepted accounting principles and, where appropriate, include amounts based on management's estimates and judgement.

Management has developed and maintains books of account, records, financial and management controls and information systems. These are designed to provide reasonable assurance that assets are safeguarded and controlled and that transactions are in accordance with the Financial Administration Act and regulations, and the articles and by-laws of the Corporation.

The Board of Directors appoints the Audit Committee which is composed of three directors, two of whom are not employees of the Corporation. The Audit Committee meets at least annually to review and advise the Board of Directors with respect to the financial statements and the auditor's report thereon. The Audit Committee also oversees the internal audit activities of the Corporation and performs such other functions as are assigned to it.

The Corporation's external auditor, the Auditor General of Canada, examines the financial statements and reports to the Minister of Public Works who is responsible for the Canada Museums Construction Corporation Inc.

R. Plourde
Treasurer and Comptroller

R.J. Giroux

AUDITOR'S REPORT

THE MINISTER OF PUBLIC WORKS

I have examined the balance sheet of Canada Museums Construction Corporation Inc. as at March 31, 1987 and the statement of changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1987 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Further, in my opinion, the transactions of the Corporation that have come to my notice during my examination of the financial statements have, in all significant respects, been in accordance with Part XII of the Financial Administration Act and regulations, and the articles and by-laws of the Corporation.

NOTES TO FINANCIAL STATEMENTS MARCH 31, 1987

1. Authority and activities

The Corporation was incorporated on June 21, 1982 under the Canada Business Corporations Act as an agent of Her Majesty pursuant to the Government Companies Operations Act, and was named as a parent Crown corporation on February 7, 1985 in Schedule C, Part I of the Financial Administration Act. Two-thirds of the capital stock is held by the Canada Lands Company Limited, also a parent Crown corporation. On May 16, 1985 one-third was transferred from the Minister of Communications to the Minister of Public Works, the Responsible Minister with whom the control of the Corporation lies.

The business of the Corporation is limited to construction, in the National Capital Region, of buildings for the National Gallery of Canada (NGC), the Canadian Museum of Civilization (CMC) (previously known as National Museum of Man) and any other national museum which the Governor in Council may direct, including the acquisition, control, administration and disposal of land required for the construction. Unless otherwise directed by the Governor in Council, the Corporation shall be wound up after completion of the museum construction projects.

(a) Funding

In September 1981, the Government allocated $185 million for the two projects. This was revised in November 1983 to $191.45 million. In October 1985, the Treasury Board approved an increase of $69.54 million, and in January 1987, Treasury Board approved an additional $46.79 million, bringing the total funds allocated for construction of the museums to $307.78 million for the period to March 31, 1990 as follows:

	NGC	CMC	Total
	(in millions of dollars)		
Construction	115.56	149.28	264.84
Architects and consultants	10.84	19.55	30.39
	126.40	168.83	295.23
Administration expenses	6.28	6.27	12.55
	132.68	175.10	307.78

In October 1985, the Government directed the National Capital Commission to undertake the landscaping of both sites, estimated to cost the Commission $7 million from funds provided out of the Commission's existing budget.

The Corporation's budget for landscaping of the museums is $10.8 million; $3.8 million is included in the construction costs indicated above and the work is being done under the direction of the Corporation.

In January 1987, Treasury Board approved the establishment of a special reserve of $142.8 million within its Operating Reserve to provide the required funding to 1989-90 for all agencies (Department of Public Works, National Museums of Canada, National Capital Commission and Canada Museums Construction Corporation) involved in completing the Canadian Museum of Civilization. The reserve is to cover all incremental costs associated with completing the Museum, including construction, fit-up, exhibit development and initial operating costs of the Museum. Treasury Board, while noting that estimates sufficiently accurate to obtain effective project approval are not yet available, also approved a project approval level of $168.8 million for the construction of the Museum and expected that construction would be completed within this total. Any further cost increases or other funding requirements to 1989-90 are to be absorbed within the reserve and/or from approved funds within the portfolios of the Ministers of Public Works and of Communications. Treasury Board also underlined the joint responsibility of the Ministers of Public Works and of Communications to complete the project on schedule, with final completion and official opening in 1989 and with some form of limited opening to the public in 1988.

(b) Construction

In February 1983, the Government approved the construction sites and architects and in November 1983, the building concepts as developed by the architects and the long-term forecast of the building schedule and funding requirements for each museum. No provision was made for the cost of the sites. Major portions of the sites for the two museums are federally owned with the legal title to the lands currently belonging to the National Capital Commission. In keeping with the intent of the projects, which includes the eventual transfer of the completed buildings to Her Majesty in right of Canada, the Commission disclaims title to the construction in progress. On March 26, 1986, the Treasury Board approved the transfer of the lands of CMC and NGC currently owned by the Commission to Department of Public Works. The transfer is subject to Governor in Council approval. Negotiations by Public Works and the National Capital Commission to acquire parts of the sites that are not federally owned are underway.

2. Significant accounting policies

(a) Basis of accounting

These financial statements account for the costs incurred by the Corporation in the construction of the museums. They do not account for costs incurred by the National Capital Commission for sites or by the National Museums of Canada for accommodations planning and fit-ups.

(b) Capitalization

All expenditures, including those for site evaluation, design, construction and administration, will be capitalized until the museums are completed. Interest and other income are credited to construction in progress. Costs are allocated direct to each museum when they can be specifically identified. All other costs are allocated equally to the two museums.

CANADA MUSEUMS CONSTRUCTION CORPORATION INC.—*Continued*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1987—*Concluded*

3. Capital stock

The Corporation is authorized to issue three shares which shall not be transferred without the approval of the Governor in Council.

The Corporation acknowledges past services rendered as full consideration for the value of the shares issued.

4. Contributed capital

During the year funding of $66.0 million was provided through Vote 20 of the Department of Public Works for the expenditures of the Corporation (1986—$46.5 million, Vote 20 of the Department of Communications).

	1987	1986
	(in thousands of dollars)	
Opening balance	91,347	44,847
Funds provided during the year	66,000	46,500
Ending balance	157,347	91,347

5. Pension plans

(a) The Corporation has instituted, with a private sector organization, a contributory pension plan covering all its regular employees. The employees and the Corporation contribute equally to the cost of the plan. The Corporation's contributions represent its total liability and are recognized in the accounts on a current basis. Pension costs for the plan amounted to $69,850 for the year ended March 31, 1987 (1986—$70,244).

(b) The Corporation has fully discharged its obligations to provide an annual pension of $35,000, inclusive of pension funds transferred from previous employment, under an agreement with one of its former officers upon termination of employment on March 31, 1987.

6. Contractual obligations

As at March 31, 1987, commitments for construction and related costs amounted to approximately $41.7 million as follows:

	(in thousands of dollars)
National Gallery of Canada	18,596
Canadian Museum of Civilization	23,132
	41,728

7. Lease commitment

The Corporation has renewed its lease agreement until March 31, 1988, for office space. Under the terms of the lease the Corporation is responsible for payment of operating expenses and taxes to the lessor and the amount of future minimum annual rental payments for 1987-88 is $267,847.

8. Contingencies and claims

(a) The Corporation has received claims from contractors, architects, and engineers and has made provision for costs which may be incurred in settling some of these claims. However, the Corporation is unable to determine the likelihood of its having to make payments in respect of claims amounting to $8.5 million and no provision has been made for this amount in the financial statements.

The Corporation has filed various claims against its architects under professional liability insurance policies. These claims are under review by the insurers and no provision for amounts to be recovered has been made in these financial statements.

(b) The City of Hull is seeking building permit fees from the Corporation in the amount between $480,000 and $720,000 relating to the construction of Canadian Museum of Civilization. It is anticipated that payment for permit fees will be resolved on behalf of the Corporation by the Department of Public Works and accordingly no provision has been made in these financial statements.

On May 28, 1987, the Minister of Public Works obtained Governor in Council approval for the settlement, on an ex-gratia basis, with the City of Ottawa of building permit fees and redevelopment charges amounting to $1.2 million relating to the construction of the National Gallery of Canada.

(c) As of March 31, 1987, grants in lieu of taxes for the sites and construction of the two Museums amounted to approximately $2.4 million. Management is of the opinion that the payment of grants in lieu of taxes, if necessary, will be resolved on behalf of the Corporation by the Department of Public Works and accordingly no provision has been made in these financial statements.

9. Related party transactions

The Corporation had the following transactions with related parties.

(a) During the year the Department of Public Works has provided technical and engineering support amounting to approximately $108,000 (1986—$122,000). The Department also provided without charge the services of a senior officer to the Corporation on a full-time basis from May 16, 1985 till July 14, 1986.

(b) Under an arrangement with the National Museums of Canada, the Corporation will be reimbursed for costs incurred up to $600,000 in connection with building work required estimated at $870,000 in the Rideau Street Chapel space in the new National Gallery. At March 31, 1987, total costs incurred amounted to $391,661 of which $295,845 is included in accounts receivable.

10. Administration expenditures

The Corporation incurred the following administration expenditures which have been allocated equally to each museum on the schedule of construction in progress:

	1987	1986
	(in thousands of dollars)	
Salaries and employee benefits	1,354	1,299
Office accommodation	702	692
Professional and special services	115	218
Rental of equipment	76	87
Communications	47	92
Utilities, material and supplies	44	53
Travel and transportation	21	38
Public information	19	15
Other	15	17
Office furniture and equipment, net of proceeds from disposal	(7)	7
	2,386	2,518

11. Subsequent event

On May 14, 1987, the Corporation entered, on behalf of the National Museums of Canada, into a contract amounting to $410,000 with a consultant for interior design and fit-up of the public spaces and staff offices related to the new National Gallery of Canada. The funding of the contract will be provided by the National Museums of Canada.

SUMMARY PAGE

CANADA PORTS CORPORATION

MANDATE

Planning and coordinating the development of the 15 ports and harbours, previously administered by the National Harbours Board, to achieve the objectives of the national ports policy and support Canadian international trade objectives, as well as other social and economic objectives. The corporation is also responsible for the direct administration, management and control of the ports and harbours not granted local port corporation status.

BACKGROUND

The corporation was established in 1983 with responsibility for the 15 ports and harbours across Canada that previously fell under the jurisdiction of the National Harbours Board. Subsequently, local port corporations were established at Montreal and Vancouver (in July 1983), at Halifax, Quebec and Prince Rupert (in June 1984), at St. John's (in June 1985), and at Saint John (in December 1986). These corporations are now operating with a high degree of local autonomy.

CANADA PORTS CORPORATION

AUDITORS' REPORT

TO THE HONOURABLE JOHN C. CROSBIE, P.C., M.P.
MINISTER OF TRANSPORT

We have examined the balance sheet of Canada Ports Corporation as at December 31, 1986 and the statements of income, surplus, contributed capital and changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the Corporation as at December 31, 1986 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Further, in our opinion, the transactions of the Corporation that have come to our notice during our examination of the financial statements have, in all significant respects, been in accordance with the Financial Administration Act and regulations, the Canada Ports Corporation Act and the by-laws of the Corporation.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1986

1. Canada Ports Corporation Act

Canada Ports Corporation is established under the Canada Ports Corporation Act. The Act provides for the establishment of local port corporations to manage and operate selected ports. The Corporation is named in Part II of Schedule C of the Financial Administration Act and is exempt from income tax.

2. Significant accounting policies

(a) Financial statements

The financial statements of the Corporation include the accounts of all the ports and other facilities under its administration. The activities of the local port corporations are excluded from the financial statements from the date of their establishment.

(b) Investments

The investments are shown at amortized cost whereby premiums or discounts from par value are amortized over the periods to maturity.

(c) Investment in Ridley Terminals Inc.

The investment in Ridley Terminals Inc. is accounted for on the equity basis.

CANADA PORTS CORPORATION—*Continued*

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1986—*Continued*

(d) Fixed assets

Fixed assets are recorded at cost except for those transferred to the Corporation from Canada, which are recorded at appraised or fair market value established at the time of transfer. Grants towards capital projects received from Canada and from third parties are deducted from the cost of the related fixed assets.

Depreciation is calculated on the straight-line basis for the full year, commencing with the year the asset becomes operational, using rates based on the estimated useful lives of the assets.

(e) Pension costs

All permanent employees of the Corporation are covered by the Public Service Superannuation Plan administered by Canada. Contributions to the plan are required from both the employees and the Corporation. The annual contributions represent the liability of the Corporation for pensions and are recognized in the accounts on a current basis.

(f) Insurance

The Corporation assumes substantially all risks against fire and general perils, as well as for workers' compensation claims. Any costs arising from these risks are recorded in the accounts in the year they can be reasonably estimated.

(g) Grants in lieu of municipal taxes

The expense for grants in lieu of municipal taxes is based on estimated municipal assessments adjusted in accordance with the Municipal Grants Act. Grants are paid after the amounts have been audited by the Municipal Grants Division of Public Works Canada. Any adjustments upon finalization are reflected in the accounts in the year of settlement.

(h) Employee benefits

The Corporation accrues in its accounts, annually, the estimated liabilities for severance pay, annual leave, sick leave and overtime compensatory leave, which are payable to its employees in subsequent years under its collective agreements, or in accordance with its policy.

3. Local Port Corporations

At the closing of business on December 31, 1986, the Port of Saint John, New Brunswick was established as a local port corporation under the name of Saint John Port Corporation. The Port of St. John's, Newfoundland was established as a local port corporation on June 1, 1985, under the name of St. John's Port Corporation.

In accordance with the Canada Ports Corporation Act, the assets, liabilities and equity were transferred to the local port corporations on the dates of their establishment at their carrying value in the accounts of the Corporation. As a result, the carrying value of the assets, liabilities and equity of the Corporation has been reduced as follows:

	1986	1985
	(in thousands of dollars)	
Assets		
Cash and short-term investments	4,933	5,691
Other working capital	(309)	(303)
Long-term investments	949	944
Fixed	84,368	8,135
	89,941	14,467
Liabilities		
Long-term accrued employee benefits	483	69
Financing provided by a province	19,521	
Loans from Canada	68,356	1,949
	88,360	2,018
Equity		
Contributed capital	79,209	11,585
Contribution to Canada	(1,033)	
Surplus (deficit)	(76,595)	864
	89,941	14,467

The statement of income includes the results of operations of the Port of Saint John for the years ended December 31, 1986 and 1985, and the results of operations of the Port of St. John's for the five month period ended May 31, 1985 as follows:

	1986	1985
	(in thousands of dollars)	
Revenue from operations	11,562	12,228
Operating and administrative expenses	7,098	7,297
Depreciation	2,606	2,909
Grants in lieu of municipal taxes	801	808
	10,505	11,014
Net income from operations	1,057	1,214
Investment income	1,268	1,900
Interest expense	(3,313)	(3,650)
Net loss of ports established as local port corporations	(988)	(536)

4. Investments

Investments, which are direct and guaranteed securities of Canada, are:

	1986		1985	
	Amortized Cost	Market Value	Amortized Cost	Market Value
	(in thousands of dollars)			
Current	27,864	27,874	61,740	61,726
Long-term	18,225	22,050	19,102	21,830

5. Investments in Ridley Terminals Inc.

Ridley Terminals Inc. (RTI) was incorporated on December 18, 1981, under the Canada Business Corporations Act to develop, manage and operate a coal terminal on Ridley Island at the Port of Prince Rupert.

CANADA PORTS CORPORATION—*Continued*

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1986—*Continued*

At December 31, 1986, Canada Ports Corporation (the Corporation) had acquired, at a cost of $23,021,400, 90% of the issued common shares ($900) and 100% of the Class A preference shares ($23,020,500) of RTI. As of that date, Fednav Limited had acquired, at a cost of $23,020,600, 10% of the issued common shares ($100) and 100% of the Class B preference shares ($23,020,500) of RTI.

The Corporation's investment in RTI is accounted for on the equity basis. Application of this method in years in which RTI has a deficit requires that the Corporation recognize a share of the results of operations of RTI equal to its participation in the total equity in RTI which, at December 31, 1986, was 50%. In years in which RTI has retained earnings, the Corporation's share of the results of operations will be proportionate to its shareholding in common shares, after recognizing the dividend requirements of the two classes of preference shares.

As a result of RTI's successful appeal of the assessment of the 1983 and 1984 property taxes $2,582,000 was refunded to RTI in March 1985. The Corporation's deficit balance at January 1, 1985, was adjusted accordingly by $1,291,000 representing the Corporation's 50% share of the amount received.

The investment in Ridley Terminals Inc. is composed of:

	1986	1985
	(in thousands of dollars)	
Balance at beginning of the year	16,227	21,024
Share in loss	(5,090)	(4,797)
Balance at end of the year	11,137	16,227

A summary of the balance sheet of RTI as at December 31, as reported in its audited financial statements shows:

	1986	1985
	(in thousands of dollars)	
Assets		
Current	3,640	4,580
Fixed	224,792	230,540
Other	83	92
	228,515	235,212
Liabilities		
Current	1,225	1,941
Long-term debt	203,835	199,636
	205,060	201,577
Equity	23,455	33,635
	228,515	235,212

RTI has two long-term financing agreements with a major Canadian bank as follows:

(a) A construction credit loan agreement which is guaranteed unconditionally by Canada and is further secured by a $250,000,000 subordinate fixed and floating charge collateral demand debenture. On July 1, 1985, all borrowings converted to a fifteen year term loan with specified semi-annual repayments commencing July 31, 1991 through January 31, 2000. Interest on the bank loans is at the bank's prime rate, payable monthly. The Bankers' Acceptance fee is currently ½% per annum.

(b) A revolving credit loan agreement which provides an $80,000,000 credit facility for advances on a revolving basis until June 30, 1989 at which time all borrowings will convert to a term loan repayable in specified semi-annual instalments commencing July 31, 1989 through January 31, 1992. Interest on the bank loans is at the bank's prime rate plus ¼% per annum, payable monthly. The Bankers' Acceptance fee is currently ¾% per annum.

This agreement is secured by a $350,000,000 first fixed and floating charge collateral demand debenture with the terminal facility as security and an assignment of the lease with the Prince Rupert Port Corporation.

As at December 31, 1986, drawings under these agreements were as follows:

	1986	1985
	(in thousands of dollars)	
(a) Construction credit loan agreement—		
Bank loans		65,000
Bankers' acceptances, net of unamortized interest charges	197,940	134,036
	197,940	199,036
(b) Revolving credit loan agreement—		
Bank loans	1,900	600
Bankers' acceptances, net of unamortized interest charges	3,995	
	5,895	600
	203,835	199,636

Based on the amounts borrowed under the credit facilities as at December 31, 1986, annual principal repayments over the next five years amount to $738,000 in 1989, $1,918,000 in 1990 and $7,200,000 in 1991.

The Class A preference shares carry a fixed cumulative dividend at a rate of 18% per annum on their stated value The Class B preference shares carry a fixed cumulative dividend at a rate sufficient to net 20% after tax per annum on their stated value. The Class B preference shares annual dividend of 20% is a net sum after deducting an amount equal to the prevailing aggregate federal and provincial corporate income and profit taxes applicable to the dividend.

Holders of the Class A and B preference shares are entitled to interest at the respective dividend rates in the event that dividends accrued are not paid. Unpaid interest compounds annually at the same respective rates. Interest has accrued since April 30, 1982. The preference shares are redeemable at any time at their stated value plus accrued dividends and unpaid interest thereon. Preference dividends and related interest in arrears at December 31, 1986, calculated at tax rates prevailing as at that date with respect to the Class B shares amount to:

	1986	1985
	(in thousands of dollars)	
Class A preference shares held by Canada Ports Corporation	19,745	12,930
Class B preference shares held by Fednav Limited	46,567	29,764
	66,312	42,694

The results of operations of RTI for the year ended December 31, 1986, in comparison with the year ended December 31, 1985, are as follows:

	1986	1985
	(in thousands of dollars)	
Revenue from operations	28,793	30,855
Operating and administrative expenses	12,408	12,943
Depreciation	6,594	7,212
Interest expense	19,971	20,294
	38,973	40,449
Net loss	(10,180)	(9,594)

CANADA PORTS CORPORATION—*Concluded*

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1986—*Concluded*

6. Debentures of Saint John Harbour Bridge Authority

The Saint John Harbour Bridge Authority is indebted in the amount of $14,153,000 (1985—$14,257,000) to the Corporation which in turn is indebted to Canada in the same amount, in accordance with the provisions of Vote L106B, Appropriation Act No. 7, 1967, 1967-68, c. 8. The interest and repayment terms of the parliamentary advances to the Corporation are identical to those of the debentures of the Authority. Under the terms of the agreement between Canada and the Authority, Canada has, in effect, guaranteed the repayment of both principal and interest on the debentures. Accordingly, the debentures received have been offset against the advances and loans payable to Canada such that they are not reflected as an asset and a liability on the balance sheet. Interest income and expense of $971,000 (1985—$978,000) have been similarly offset and do not appear in the statement of income.

On July 9, 1981, Treasury Board agreed to the transfer of the responsibility for the administration of the indebtedness of Saint John Harbour Bridge Authority as well as the equivalent loan payable to Canada from the accounts of the Corporation to those of Transport Canada. As at December 31, 1986, this transfer had not been completed.

7. Fixed assets

(a) Summary

	1986				1985
	Depreciation rates	Cost	Accumulated depreciation	Net	Net
	%	(in thousands of dollars)			
Land		5,591		5,591	35,647
Dredging	2.5-6.7	9,330	5,101	4,229	5,187
Berthing structures	2.5-10	35,128	17,835	17,293	56,090
Buildings	2.5-10	15,911	11,982	3,929	12,728
Utilities	3.3-10	2,884	1,282	1,602	6,405
Roads and surfaces	2.5-10	2,139	1,706	433	1,729
Machinery and equipment	5-100	18,640	13,598	5,042	6,337
Office furniture and equipment	20	2,161	1,749	412	462
Works under construction		997		997	1,562
		92,781	53,253	39,528	126,147

(b) Capital grants

During the year, the Corporation received capital grants totalling $12,993,000 (1985—$14,127,000) towards the construction of capital projects.

(c) Capital expenditure commitments

Contractual obligations for the completion, construction and purchase of fixed assets are estimated at $232,000, of which most will be expended in the year ending December 31, 1987.

8. Accounts Payable and Accrued Liabilities

Included in accounts payable and accrued liabilities are the following:

	1986	1985
	(in thousands of dollars)	
Deferred revenues	192	749
Current portion of long-term liabilities	70	1,712

9. Financing Provided by a Province

The Province of New Brunswick advanced $25,000,000 to partially finance the construction of Rodney Terminal, Saint John. As at December 31, 1986, both the asset and the remaining debt were transferred to the Saint John Port Corporation.

10. Loans from Canada

	1986	1985
	(in thousands of dollars)	
Loans bearing interest at 6.44% and 9.09% with blended annual principal and interest repayment requirements of $193,000 and maturing on December 31, 2000	1,632	29,362
Deferred interest		4,371
Less: current portion	(70)	(1,712)
	1,562	32,021
Non-interest bearing loans with indefinite due date	17,841	55,609
Accrued interest on loans not due and payable	5,490	15,514
	24,893	103,144

Deferred interest on loans of $19,737,000 for the construction of terminal facilities at the Port of Saint John amounted to $4,371,000 as at December 31, 1985. In 1986, the deferred interest was forgiven by the Minister of Finance and was treated as contributed capital.

Principal repayment requirements over the next five years amount to $70,000 in 1987, $75,000 in 1988, $81,000 in 1989, $87,000 in 1990 and $93,000 in 1991.

11. Contingencies

Claims aggregating approximately $500,000 in respect of lawsuits, guarantees, employee agreements, damage allegedly suffered on the Corporation's property and sundry other matters in dispute have been received by the Corporation but are not reflected in the accounts. In the opinion of the Corporation, the final outcome of such claims should not result in any material financial liability.

12. Contribution from (to) Canada

In 1982, the Corporation received a contribution from Canada of $20,072,000 for the purchase of shares in Ridley Terminals Inc. The terms and conditions of repayment of the contribution were to be determined by Treasury Board and the Corporation prior to April 1, 1989.

In 1985, Canada requested from various Crown Corporations a portion of cash identified as surplus to their requirements. As part of this cash recovery exercise, a request was made for a contribution of $133,000,000 from the Ports Canada system which, at that time, consisted of the Canada Ports Corporation and the six local port corporations.

The Corporation's share of the contribution, excluding the Port of Saint John's share, was in the amount of $25,661,000 of which $20,072,000 has been applied against Contribution from Canada as authorized by the Minister of Transport. The balance of $5,589,000 has been treated as a Contribution to Canada.

13. Comparative Figures

The 1985 figures have been reclassified in order to conform with this year's presentation.

SUMMARY PAGE

CANADA POST CORPORATION

MANDATE

To operate a postal service on a self-sustaining financial basis while providing a standard of service that will meet the needs of Canadians.

BACKGROUND

The *Canada Post Corporation Act* requires the corporation to fulfill its mandate while "improving and extending its products and services," having regard to "the need to conduct its operations on a self-sustaining financial basis." The corporation is also called upon to manage its human resources "in a manner that will both attain the objects of the corporation and ensure the commitment and dedication of its employees." Canada pays subsidies to the corporation in support of the publishing industry, for Northern parcel mails, parliamentary free mail, and blind persons' free mail. The actual operating subsidy today is about 4 per cent of the corporation's operating expenses.

CANADA POST CORPORATION

RESPONSIBILITY FOR FINANCIAL REPORTING

The Board of Directors is responsible for the financial statements and all other information presented in this annual report in accordance with the Financial Administration Act and regulations. The financial statements have been prepared by management in accordance with generally accepted accounting principles and, where appropriate, include amounts based on management's estimates and judgment.

Management has developed and maintains books of account, records, financial and management control and information systems and management practices. These are designed to provide reasonable assurance that assets are safeguarded and controlled, and transactions are in accordance with the Financial Administration Act and regulations as well as the Canada Post Corporation Act and by-laws of the Corporation. Internal audits are conducted to assess these systems and practices.

The Board of Directors ensures that management fulfills its responsibilities for financial reporting and internal control through the Audit Committee which is composed of five directors, three of whom are not employees of the Corporation. The Audit Committee meets at least annually to review, and advise the Board of Directors with respect to, the financial statements and the auditors' annual report. The Audit Committee also oversees the internal audit activities of the Corporation and performs such other functions as are assigned to it.

The Corporation's external auditors, the Auditor General of Canada and Maheu Noiseux, examine the financial statements and report to the Minister Responsible for Canada Post Corporation.

AUDITORS' REPORT

TO THE MINISTER RESPONSIBLE FOR CANADA POST CORPORATION

We have examined the balance sheet of Canada Post Corporation as at March 31, 1987 and the statements of equity of Canada, operations and extraordinary restructuring costs and changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1987 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Further, in our opinion, the transactions of the Corporation that have come to our notice during our examination of the financial statements have, in all significant respects, been in accordance with Part XII of the Financial Administration Act and regulations, the Canada Post Corporation Act and the by-laws of the Corporation.

Kenneth M. Dye, F.C.A.
Auditor General of Canada

NOTES TO FINANCIAL STATEMENTS MARCH 31, 1987

1. Incorporation

The Corporation was established by the Canada Post Corporation Act on October 16, 1981 to operate a postal service on a self-sustaining financial basis while providing a standard of service that will meet the needs of the people of Canada. The Corporation is a Crown corporation included in Part I of Schedule C to the Financial Administration Act and is an agent of Her Majesty. The Corporation is exempt from income taxes.

The Canada Post Corporation Act provided that all the property, assets, rights, obligations and liabilities of the Post Office Department be transferred to the Corporation from the Government of Canada.

2. Significant accounting policies

These financial statements have been prepared in accordance with generally accepted accounting principles. A summary of the significant accounting policies of the Corporation follows:

(a) Rate regulation

The Canada Post Corporation Act provides that the Corporation may make regulations prescribing rates of postage that are fair and reasonable so as to provide revenue together with any revenue from other sources, sufficient to defray the costs

CANADA POST CORPORATION—*Continued*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1987—*Continued*

incurred by the Corporation in the conduct of its operations. The Corporation is required to publish each proposed regulation for interested persons to make representations to the Minister Responsible for the Corporation, who thereafter submits the regulation to the Governor in Council for consideration and subsequent approval or refusal.

With the approval of the Governor in Council, as rate regulator, the Corporation may include certain costs in its future operating cost base for purposes of establishing postal rates at that time. This may result in the deferral of costs which otherwise would be charged to current operations. All such costs are amortized and recovered in future postal rates on the basis specified by the rate regulator.

(b) Fixed assets and depreciation

Land, buildings and equipment transferred from the Government of Canada on October 16, 1981 were recorded at their fair value at that date, determined as follows:

Land	— Market value based on existing use
Buildings	— Depreciated replacement cost
Plant equipment, vehicles, and sales counter and office furniture and equipment	— Depreciated replacement cost or original cost less estimated depreciation

The market value of land and the depreciated replacement cost of buildings transferred by the Government of Canada was determined by independent appraisals. Acquisitions subsequent to October 16, 1981 are recorded at cost.

Minor equipment was recorded at estimated depreciated replacement cost at October 16, 1981. Subsequent additions to the base amount are recorded at cost. Replacement of mailbags and lockboxes are expensed as purchased.

Depreciation is provided on the straight-line basis over the estimated useful lives of the following assets:

Buildings	30 and 40 years
Plant equipment	4 to 30 years
Vehicles (other than passenger and light duty commercial)	6 to 10 years
Sales counter and office furniture and equipment	5 to 20 years
Minor equipment—Street furniture and monotainers	5 to 15 years

Depreciation is provided on the diminishing balance basis at an annual rate of 30 per cent for all passenger and light duty commercial vehicles.

(c) Employee termination benefits

Employees of the Corporation are entitled to specified termination benefits, calculated at salary levels in effect at the time of termination, as provided for under collective agreements and conditions of employment.

With the approval of the rate regulator, the Corporation defers the costs of unpaid employee termination benefits accruing to employees until such time as the Corporation becomes self-sustaining (anticipated to be the year ending March 31, 1989). Accordingly, the present value of the projected costs of unpaid employee termination benefits is recorded in the accounts as a long-term liability offset by a deferred charge, since such costs will be recovered from future postal revenues and/or Government funding (Notes 5 and 8c). The deferred costs are amortized and charged to operations on the same basis as the liability is paid and recovered from revenues and/or Government funding.

(d) Revenue recognition

Amounts received for which services have not been rendered prior to the end of the year are deferred.

(e) Parliamentary appropriations

Parliamentary appropriations representing Government contributions are credited to equity of Canada when costs are incurred. However, when capital items are funded under a Government assistance program, the funding is applied to reduce the capital cost. As outlined in Note 8a, unexpended amounts are set up as a current liability due to the Government of Canada.

Parliamentary appropriations representing subsidies on behalf of postal users and Government funding are credited to operations in the year to which they relate, as outlined in Note 8b and c.

(f) Workers' compensation

The Corporation assumes all risks for workers' compensation claims. The estimated costs of such claims, as a result of injuries on duty, are recorded as expenses in the year of injury. All payments for injuries suffered by employees prior to October 16, 1981 are the responsibility of the Government of Canada, since they are the liability of the Department of Labour.

(g) Pension plan

Employees of the Corporation are covered by the Public Service Superannuation Plan administered by the Government of Canada. Under present legislation, contributions made by the Corporation to the Plan are limited to an amount equal to the employees' contributions on account of current service. These contributions, which amounted to $96,265,000 (1986—$96,360,000), represent the total pension obligations of the Corporation and are charged to operations on a current basis. The Corporation is not required under present legislation to make contributions with respect to actuarial deficiencies of the Public Service Superannuation Account and/or with respect to charges to the Consolidated Revenue Fund for indexation payments under the Supplementary Retirement Benefits Act.

(h) Extraordinary restructuring costs, to be recovered in future postal rates

The Corporation has undertaken certain programs which form part of a major restructuring of the current postal system to meet specified operating and service performance standards. The costs of these programs are of an unusual, non-recurring and strategic nature.

With the approval of the rate regulator, these costs are to be recovered in future postal rates and, as such, are amortized on a straight-line basis over the ensuing five years. Pending the amortization and recovery of such costs in future postal rates, these costs are reflected in the statement of operations and extraordinary restructuring costs as incurred, and are accumulated as a reduction of the equity of Canada.

In the event that the Corporation determines there is no reasonable assurance that particular amounts will be recovered, such unrecoverable costs will be charged to current operations.

(i) Foreign currency translation

Revenues and expenses relating to transactions with foreign postal administrations are translated into Canadian dollars at the exchange rates at the time of transaction. Amounts due to or from foreign postal administrations at the balance sheet date are translated at the then prevailing exchange rates.

CANADA POST CORPORATION—*Continued*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1987—*Continued*

Gains or losses arising from translation of foreign currencies are included in operations.

3. Fixed assets

	1987			1986
	Cost or fair value	Accumulated depreciation	Net	Net
	(in thousands of dollars)			
Land	241,704		241,704	237,564
Buildings	1,013,603	195,520	818,083	810,046
Plant equipment	431,095	148,351	282,744	301,103
Vehicles	71,431	35,801	35,630	26,774
Minor equipment				
mail bags and lock boxes	24,325		24,325	27,251
street furniture and monotainers	40,174	12,232	27,942	14,450
Sales counter and office furniture and equipment	91,336	20,925	70,411	61,229
	1,913,668	412,829	1,500,839	1,478,417

4. National Postal Museum

The Corporation operates a museum which contains philatelic material, postal artifacts, a postal library, exhibits that trace the history of the mail and other postal memorabilia. Since these collections, exhibits and books are not for resale and are of undetermined value, they have been recorded at a nominal amount of $1,000.

5. Employee termination benefits

At the time of incorporation on October 16, 1981, the Corporation assumed the liability related to termination benefits which had accrued to employees of the Post Office Department. In addition, the Corporation recognizes in the accounts the liability for benefits accruing to employees of the Corporation since October 16, 1981. The present value of these projected liabilities and the corresponding deferred charge remaining to be amortized and charged to operations at March 31, amounted to:

	1987	1986
	(in thousands of dollars)	
Accumulated to October 16, 1981	240,949	239,643
Accumulated subsequent to October 16, 1981	145,990	117,963
	386,939	357,606

The total charge to operations for employee termination benefits amounted to $15,633,900 (1986 — $29,788,690).

6. Extraordinary restructuring costs, recoverable in future postal rates

During the year, the Corporation incurred costs which contribute to the restructuring of the current postal system to meet specified operating and service performance standards. These costs, totalling $38,748,000, relate to personnel downsizing and developing and implementing management and operating systems, and are to be recovered in future postal rates. These costs will be amortized on a straight-line basis over the next five years.

7. Contingent liabilities

(a) Two complaints have been filed with the Canadian Human Rights Commission, alleging discrimination by the Corporation concerning work of equal value. A settlement with no retroactive effect has been reached with one claimant. The Commission now has this settlement before it for approval. The Commission's investigation of the second complaint is continuing and the outcome is not presently determinable. Settlement, if any, arising from resolutions of these matters, will be recovered in future postal rates (as determined in accordance with the Canada Post Corporation Act) and/or from the Government of Canada.

(b) Employees are permitted to accumulate unused sick leave. However, such leave entitlements do not vest and are dependent on future illness. The amount of accumulated sick leave entitlements which will become payable cannot reasonably be determined. Sick leave benefits are expensed as paid.

8. Parliamentary appropriations

(a) Parliamentary appropriations for capital, extraordinary restructuring costs and special purposes

The Government of Canada provides contributions towards the acquisition of fixed assets and the extraordinary restructuring costs in the form of a parliamentary appropriation for capital and extraordinary cost requirements. In previous years, the Corporation also received appropriations for other special purposes. Appropriations have been allocated as follows:

	1987	1986
	(in thousands of dollars)	
Unexpended balance at beginning of year	2,261	2,492
Parliamentary appropriations		
Capital and extraordinary cost requirements	103,000	
Special purposes		730
Total available	105,261	3,222
Credited to		
Equity of Canada		
Capital and extraordinary restructuring costs	59,963	
Special purposes	1,207	526
Fixed asset acquisitions (Government assistance)	502	435
Expended during the year	61,672	961
Unexpended balance at end of year (in current liabilities)	43,589	2,261

(b) Subsidies on behalf of postal users

The Government of Canada provides assistance to the publishing industry by making payments which compensate the Corporation for reduced postal revenue from that source. In accordance with Government policy, the Corporation also receives compensation to subsidize postal rates for government free mail, literature for the blind and northern air stage services. Subsidies received are as follows:

	1987	1986
	(in thousands of dollars)	
Department of Consumer and Corporate Affairs	199,000	170,000
Department of Communications	55,093	55,093
	254,093	225,093

It is anticipated that where Government policy requires the Corporation to provide postal services at rates less than cost, the Corporation will continue to receive subsidies as compensation for foregone postage revenue.

CANADA POST CORPORATION—*Concluded*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1987—*Concluded*

(c) Government funding

The Canada Post Corporation Act provides that where the annual revenues of the Corporation are insufficient to permit the Corporation to pay all its operating and income charges, the amount of the insufficiency shall be included in the form of a deficit appropriation in the next Estimates laid before Parliament.

By arrangement with the Government of Canada, the annual deficit appropriation in respect of the loss from operations is $128,981,000 (1986 — $184,284,000).

9. Lease commitments

The Corporation leases certain facilities under operating leases which expire at various dates between 1988 and 2001. The Corporation's future minimum rental payments required under operating leases that have terms in excess of one year, are as follows:

	(in thousands of dollars)
1988	32,883
1989	28,561
1990	22,421
1991	16,759
1992	13,357
1993 to 2001	31,013
	144,994

10. Related party transactions

The Corporation had the following transactions with related parties in addition to those disclosed elsewhere in these financial statements.

(a) Property management

The Corporation has a property management arrangement with the Department of Public Works to manage substantially all the Corporation's real property. Operating, maintenance, leasing and other accommodation costs including grants in lieu of taxes, incurred by the Department of Public Works, plus a management fee charged to operations amounted to $176,200,000 (1986—$130,840,000 excluding grants in lieu of taxes). Rental income from third parties of $10,130,000 (1986—$6,320,000) is included in other revenues. Capital expenditures including a management fee amounted to $31,240,000 (1986—$13,270,000).

(b) Financing

At the present time, the Corporation's receipts are deposited to the credit of the Corporation in the Consolidated Revenue Fund of the Government of Canada and its expenditures are paid out of the amounts held to its credit in this Fund. Where, at any time, the available revenues of the Corporation are not sufficient to pay all the operating and income charges as and when due, the Minister of Finance may, with approval, place at the disposal of the Corporation such amounts as may be required to enable the Corporation to meet all such charges. The Corporation is not charged interest, nor does it receive interest, on its balance in the Consolidated Revenue Fund.

(c) Money orders

Funds received from the issue of money orders are held in trust to the credit of the Corporation in the Consolidated Revenue Fund of the Government of Canada until required for redemption of the money orders and/or settlement with foreign postal administrations. Interest is not received on the funds on deposit, nor is there a charge by the Government of Canada for expenses relating to the redemption of money orders.

(d) Other

In the normal course of business, the Corporation enters into various other transactions, such as the provision of postal services and the purchase of air and rail transportation, with the Government of Canada, its agencies and other Crown corporations.

11. Labour negotiations

Labour agreements between the Corporation and all of its bargaining units have expired. Negotiations, begun prior to expiry dates, are in progress.

SUMMARY PAGE

CANADIAN ARSENALS LIMITED

MANDATE

To provide an industrial base to fulfill the requirements of Canada's national defence for large calibre ammunition and complimentary products, with the assistance of the private sector to every extent possible.

BACKGROUND

The corporation's initial responsibilities had been the rationalization and the scaling-down of operations and facilities used in World War II and in the Korean conflict. Its only large purchaser was the Department of National Defence and its selling prices were related to its costs. *The Canadian Arsenals Limited Divestiture Authorization Act* was proclaimed on May 1, 1986 and on May 9, the corporation was sold for $92.2 million to the SNC Group.

CORPORATION DATA

STATUS	Sold to private sector interests

CANADIAN ARSENALS LIMITED

(Since the audited financial statements are not available in English, here is the French version)

RAPPORT DES VÉRIFICATEURS

AUX ADMINISTRATEURS DE
LES ARSENAUX CANADIENS LIMITÉE

Nous avons vérifié le bilan de Les Arsenaux Canadiens limitée au 9 mai 1986 ainsi que les états des résultats et des bénéfices non répartis, du surplus d'apport et de l'évolution de la situation financière pour l'exercice de six semaines terminé à cette date. Notre vérification a été effectuée conformément aux normes de vérification généralement reconnues, et a comporté par conséquent les sondages et autres procédés que nous avons jugés nécessaires dans les circonstances.

La Société impute l'amortissement des immobilisations cédées par le Canada au surplus d'apport plutôt qu'aux résultats, puisque le Canada ne reconnaît pas cet amortissement comme un élément de coût lors de la négociation des prix de vente. À cet égard, les états financiers ne sont pas conformes aux principes comptables généralement reconnus. Si l'on avait imputé cet amortissement aux résultats, le bénéfice net pour l'exercice aurait été inférieur de $215,287 et le solde des bénéfices non répartis et du surplus d'apport aurait été respectivement inférieur et supérieur de $9,843,810.

À notre avis, à l'exception des effets de la non-comptabilisation de l'amortissement aux résultats indiqués au paragraphe précédent, ces états financiers présentent fidèlement la situation financière de la Société au 9 mai 1986 ainsi que les résultats de son exploitation et l'évolution de sa situation financière pour l'exercice de six semaines terminé à cette date selon les principes comptables généralement reconnus, appliqués de la même manière qu'au cours de l'exercice précédent.

NOTES COMPLÉMENTAIRES AU 9 MAI 1986

1. Statut et activités

Les Arsenaux Canadiens limitée, constituée le 20 septembre 1945 et continuée en vertu de la Loi sur les sociétés commerciales canadiennes, est une Société d'État inscrite présentement à la partie I de l'annexe C de la Loi sur l'administration financière.

La Société manufacture des munitions de moyen et gros calibres ainsi que des produits militaires complémentaires.

2. Conventions comptables importantes

a) Immobilisations et amortissement

Les immobilisations achetées ou acquises par le biais de contrats de location-acquisition sont comptabilisées au prix coûtant. Celles cédées par le Canada au cours de l'exercice terminé le 31 mars 1982 sont comptabilisées à leur coût de reconstitution actuel à cette date qui a été établi par le ministère des Travaux publics en ce qui concerne les biens immeubles, et une firme d'évaluateurs indépendants en ce qui concerne les biens meubles. Les dépenses, qui augmentent de beaucoup la valeur des biens ou qui en prolongent la durée d'utilisation, sont capitalisées. Les dépenses courantes d'entretien, de réparation et de renouvellement sont imputées aux résultats de l'exercice au cours duquel elles sont engagées.

Les immobilisations en service sont amorties d'après la méthode de l'amortissement linéaire, à des taux établis selon la durée estimative d'utilisation des biens, sauf celles de la division St-Augustin acquises par le biais de contrats de location-acquisition qui sont amorties d'après la méthode de l'amortissement à intérêts composés (dotation croissante) afin de tenir compte des modalités d'un contrat de vente à long terme et ainsi assurer l'appariement des revenus et des dépenses. L'amortissement des immobilisations achetées ou acquises par le biais de contrats de location-acquisition est imputé aux résultats de l'exercice. L'amortissement des immobilisations cédées par le Canada est imputé au surplus d'apport puisque le Canada ne reconnaît pas cet amortissement comme un élément de coût lors de la négociation des prix de vente.

b) Stocks

Les matières premières et les fournitures sont évaluées au moindre du prix coûtant et du coût de remplacement au Canada. Les contrats en voie de fabrication et les produits finis sont évalués au moindre du prix coûtant et de la valeur nette de réalisation.

Les achats de brevets et de licences, d'outillage de fabrication ainsi que les frais de développement engagés pour le compte de clients sont imputés aux stocks et sont portés au coût des produits vendus au moment de la vente.

c) Frais reportés

Les frais de démarrage de la division St-Augustin sont amortis d'après la méthode de l'amortissement linéaire sur la période de cinq ans commençant le 1er avril 1985, la date du début de la production commerciale.

Les frais de développement de nouveaux produits sont amortis d'après la méthode de l'amortissement linéaire sur une période de trois ans à compter du début de la fabrication du produit à l'échelle commerciale ou sont radiés lorsque la commercialisation du produit est improbable.

CANADIAN ARSENALS LIMITED—*Continued*

NOTES COMPLÉMENTAIRES
AU 9 MAI 1986—*Suite*

d) Constatation du bénéfice

Les ventes sont constatées au moment de la livraison de biens et de leur acceptation par le client, selon les dispositions des contrats de vente, et lorsque la Société a acquis un droit inconditionnel au paiement complet. Elles sont comptabilisées à des prix fermes ou, les cas échéants, à des prix qui tiennent compte des clauses d'échelles mobiles prévues dans les contrats. Dans ces derniers cas, les prix définitifs demeurent cependant sujets à négociation entre la Société et ses clients et tout redressement final est comptabilisé sur une base courante.

e) Régime de retraite

Les employés participent au régime de retraite administré par le gouvernement du Canada. Les employés et la Société partagent également le coût du régime. Cette contribution représente la responsabilité totale de la Société. Les contributions, pour services courants et pour services antérieurs admissibles, sont imputées aux résultats de l'exercice au cours duquel les paiements sont effectués.

f) Prestations d'ancienneté

Les employés ont droit depuis le 1er avril 1985 à des prestations d'ancienneté, payables à leur gré, égales aux prestations de cessation d'emploi impayées auxquelles ils avaient droit en vertu de leurs conventions collectives et leurs conditions d'emploi en vigueur le 31 mars 1985. Toute augmentation dans la valeur de ces prestations est imputée aux résultats de l'exercice au cours duquel elle est gagnée par les employés et la valeur des prestations impayées est comprise dans les créditeurs.

3. Stocks

	$
Matières premières et fournitures	3,036,761
Contrats en voie de fabrication	50,678,413
Produits finis	5,099,266
Frais de développement	890,424
Brevets et licences	229,198
Outillage de fabrication	2,618,395
	62,552,457

L'outillage de fabrication représente une estimation du montant que la Société entend recevoir en vertu d'un contrat de vente à long terme.

Cet outillage de fabrication comprend de l'outillage détenu en vertu d'un contrat de location-acquisition à un coût de $2,044,342. La Société remboursera l'obligation découlant de ce contrat au moment de la vente de cet outillage.

4. Immobilisations

	Valeur comptable	Amortissement accumulé	Coût non amorti
	$	$	$
Terrains	1,612,025		1,612,025

NOTES COMPLÉMENTAIRES
AU 9 MAI 1986—*Fin*

8. Capital-actions

Autorisé	1,000 actions sans valeur nominale
Émis et entièrement libéré	30 actions
Payé	$30

9. Ventes

Les ventes au gouvernement du Canada, au cours de l'exercice terminé le 9 mai 1986, se chiffrent à $4,199,409 soit 92,0% du chiffre d'affaires de la Société.

10. Représentants et agents commerciaux

Au cours de l'exercice, la Société a versé $576 à titre de rémunération et de dépenses aux représentants et agents commerciaux suivants: Cormorant Limited, Pakistan; Matren Ltd, Grèce; Seri Mechan Products Sdn Bhd, Malaisie; Unicorn International Pte Ltd, Singapour; Vetecin S.A., Vénézuela; S. Kittivat, Thaïlande; Ubem Ltd, Turquie et Donald Kimmel, États-Unis.

11. Engagements

Au 9 mai 1986, le coût estimatif pour compléter les projets en immobilisations prévus et en cours s'élève à environ $1,770,000 pour lesquels la Société a des engagements contractuels au montant d'environ $690,000.

12. Licence pour fabrique d'explosifs

Le ministère de l'Énergie, Mines et Ressources n'a renouvelé la licence pour la fabrique d'explosifs dans un secteur particulier de l'usine de la Société que jusqu'au 31 août 1986. Un programme de modernisation, qui comporte des dépenses en immobilisations d'environ 24 millions de dollars étalées sur les trois prochaines années, au niveau actuel de production, a été proposé en vue de satisfaire les exigences du Ministère. La direction s'attend à ce que cette licence soit renouvelée avant son expiration.

13. Événements subséquents

a) Privatisation de la Société

Le 24 avril 1986, le Parlement a adopté une Loi visant à autoriser l'aliénation de la Société Les Arsenaux Canadiens limitée et visant la modification d'autres lois en conséquence, laquelle a reçu la sanction royale le 1er mai 1986. En vertu de cette Loi, le ministre des Approvisionnements et Services est autorisé à vendre, aux conditions que le gouverneur en conseil approuve, toutes ou une partie des actions de la Société détenues en fiducie pour le compte de Sa Majesté. Pour la réalisation de cette vente, les biens et les droits de Sa Majesté utilisés pour l'exploitation avant l'entrée en vigueur du paragraphe 3(2) de la Loi sont transférés à la Société, sauf ceux soustraits par décret du gouverneur en conseil.

Une entente a été signée en date du 9 mai 1986 pour la vente de toutes les actions en circulation de la Société à les Produits de Défense SNC inc. pour une contrepartie au comptant de $87,500,000 et pour le remboursement au Canada de ses prêts à la Société d'environ $4,725,000.

b) Fusion

Le 12 mai 1986, la Société et les Produits de Défense SNC inc. se sont regroupés sous la raison sociale Les Arsenaux Canadiens limitée. À cette date, les Produits de Défense SNC inc. a pour principal actif le placement dans Les Arsenaux Canadiens limitée, un passif d'environ $62,765,000 et un avoir des actionnaires de $30,000,000.

c) Émission d'actions

Le 23 mai 1986, la Société résultante de la fusion a reçu un certificat de modification de ses statuts autorisant la création d'un nombre illimité d'actions privilégiées; 10% non cumulatif de la valeur de rachat, non participantes, sans droit de vote, rachetables à un montant égal à la juste valeur marchande de la contrepartie reçue lors de l'émission, sans valeur nominale.

Le 3 juin 1986, cette Société a émis une (1) action privilégiée et a reçu en contrepartie un montant de $57,000,000 et le 4 juin 1986, elle a procédé au rachat de cette action pour le même montant.

14. Chiffres comparatifs

Les chiffres comparatifs n'ont pas été présentés parce que les chiffres de la période de six (6) semaines de l'exercice précédent ne sont pas disponibles.

CANADIAN ARSENALS LIMITED—*Continued*

AUDITOR'S REPORT

TO THE MINISTER OF SUPPLY AND SERVICES

I have examined the balance sheet of Canadian Arsenals Limited as at March 31, 1986 and the statements of income and retained earnings, contributed surplus and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

The Corporation charges depreciation of fixed assets transferred from Canada to contributed surplus rather than to operations, on the grounds that Canada does not recognize such depreciation as an element of cost when negotiating sales prices. In this respect, the financial statements are not in accordance with generally accepted accounting principles. If depreciation had been charged to operations, net income for the year would have been decreased by $2,159,117 ($2,358,582 in 1985) and the closing balances of retained earnings and contributed surplus would have been decreased and increased by $9,628,523 ($7,469,406 in 1985) respectively.

In my opinion, except for the effects of the failure to charge depreciation to operations as described in the preceding paragraph, these financial statements present fairly the financial position of the Corporation as at March 31, 1986 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Further, in my opinion, the transactions of the Corporation that have come to my notice during my examination of the financial statements have, in all significant respects, been in accordance with Part XII of the Financial Administration Act and regulations, as well as the charter and by-laws of the Corporation.

Kenneth M. Dye, F.C.A.
Auditor General of Canada

Ottawa, Canada
May 9, 1986

NOTES TO THE FINANCIAL STATEMENTS MARCH 31, 1986

1. Authority and activities

Canadian Arsenals Limited, incorporated on September 20, 1945 and continued under the Canada Business Corporations Act, is a Crown corporation named in Part I of Schedule C to the Financial Administration Act.

The Corporation manufactures medium and large caliber ammunitions and other complementary military products.

2. Significant accounting policies

(a) Fixed assets and depreciation

Fixed assets acquired by purchase or by way of capital leases are recorded at cost. Fixed assets transferred from Canada during the year ended March 31, 1982 are recorded at their current reproduction cost as at that date as determined by the Department of Public Works for immoveable assets and a firm of independent appraisers for moveable assets. Expenditures which significantly increase the value or extend the useful lives of fixed assets are capitalized. Routine expenditures for maintenance, repairs and renewals are charged against income as incurred.

Depreciation of fixed assets in service is calculated at rates based on the estimated useful lives of the assets using the straight-line method except for that of fixed assets at the St-Augustin division acquired by way of capital leases, which is calculated using the sinking fund method to take into account the terms of a long-term sales contract and thus match revenues and expenses.

Depreciation of fixed assets acquired by purchase or by way of capital leases is charged to operations. Depreciation of fixed assets transferred from Canada is charged to contributed surplus on the grounds that Canada does not recognize it as an element of cost when negotiating sales prices.

(b) Inventories

Raw materials and supplies are stated at the lower of cost and replacement cost in Canada. Work in process and finished goods are stated at the lower of cost and net realizable value.

Costs of patents and licences purchased and development costs incurred for customers' accounts are included in inventories and are charged to cost of goods sold at time of sale.

(c) Deferred charges

Development costs of new products are amortized using the straight-line method over three years from the start of commercial production of the related product or are written-off when the product is unlikely to be saleable.

Start-up costs of the St-Augustin division are amortized using the straight-line method over the five year period from April 1, 1985, the starting date of commercial production.

(d) Revenue recognition

Sales are recognized as goods are delivered and accepted in accordance with contractual agreements and the right to full payment has become unconditional. They are recorded at firm prices or, where applicable, at prices which take into account effects of cost escalation clauses contained in sales contracts. In the latter condition, definitive prices are nevertheless subject to negotiation between the Corporation and its customers and all final adjustments are recorded on a current basis.

CANADIAN ARSENALS LIMITED—*Continued*

NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 1986—*Continued*

(e) Seniority benefits

Employees are entitled since April 1, 1985 to seniority benefits, payable on request, equal to the unpaid termination benefits to which they were entitled on March 31, 1985 under their collective agreements and their conditions of employment. Any increase in the value of these benefits is expensed in the year in which it is earned by the employees and the value of unpaid benefits is included in accounts payable.

(f) Pension plan

Employees participate in the Superannuation Plan administered by the Government of Canada. The employees and the Corporation contribute equally to the cost of the Plan. This contribution represents the total liability of the Corporation. Contributions in respect of current service and of admissible past service are expensed when paid.

3. Inventories

	1986	1985
	$	$
Raw materials	32,103,518	27,442,036
Work in process	17,665,683	12,483,802
Finished goods	157,032	655,861
Development costs	668,175	1,287,494
Patents and licences	229,198	506,766
Production tooling	2,493,455	
	53,317,061	42,375,959

Production tooling constitutes the estimated amount that the Corporation expects to receive under a long-term sales contract in respect of the following:

	$
Base level production tooling	1,563,380
Replacement production tooling less provision for wear	487,435
Wear and maintenance of production tooling	442,640
	2,493,455

Negotiations are underway to determine the terms for the recovery of these items. Any difference between the recorded amounts and those that shall be received, which may not be determined with accuracy at the time of preparation of these financial statements, shall be accounted for when known.

Production tooling includes tooling held under a capital lease with a cost of $2,044,342. The Corporation shall reimburse the obligation under this lease upon the sale of this tooling.

4. Fixed assets

	1986			1985
	Recorded value	Accumulated depreciation	Net	Net
	$	$	$	$
Land	1,612,025		1,612,025	1,412,025
Buildings and surface installations	23,229,943	3,712,129	19,517,814	15,075,640
Equipment	24,191,872	6,577,504	17,614,368	7,783,403
Office furniture and equipment	2,841,543	1,070,257	1,771,286	1,475,450
Rolling stock	736,821	326,836	409,985	369,650
Construction in progress	2,415,012		2,415,012	18,778,484
	55,027,216	11,686,726	43,340,490	44,894,652

Fixed assets include those held under capital leases, with a cost of $10,367,075 and accumulated depreciation of $431,712 ($10,458,228 and $205,034 as at March 31, 1985).

Depreciation of fixed assets acquired by purchase or by way of capital leases, amounting to $1,376,835 ($599,259 in 1985), has been charged to operations. Depreciation of fixed assets transferred from Canada, amounting to $2,159,117 ($2,358,582 in 1985, including $162,291 as a loss on disposal of fixed assets) has been charged to contributed surplus.

The estimated useful lives of the principal classes of fixed assets for purposes of calculating depreciation are as follows:

	Number of years
Buildings and surface installations	20 to 40
Equipment	10 to 15
Office furniture and equipment	5 and 10
Rolling stock	3 to 10

5. Deferred charges

	1986	1985
	$	$
Start-up costs of the St-Augustin division	1,630,496	2,038,070
New products development costs	2,463,319	2,461,369
	4,093,815	4,499,439

Research and development costs charged to operations amounted to $4,315,831 ($2,229,747 in 1985).

6. Due to Canada

The amount due to Canada represents remaining balances of parliamentary appropriations.

7. Long-term liabilities

	1986	1985
	$	$
Obligation under capital leases	11,478,434	112,691
Loan from Canada	3,500,000	3,500,000
Provision for employee termination benefits		1,638,474
Advances under leasing agreement		10,901,599
	14,978,434	16,152,764
Less: current portion of the provision for employee termination benefits included in accounts payable		210,000
current portion of obligation under capital leases	2,380,963	50,090
	12,597,471	15,892,674

Advances received under a leasing agreement and interest thereon were converted during the year to capital leases.

The obligation under these contracts carries interest at the rate of 0.5% per annum over the lessor's guaranteed note rate of the term not exceeding 60 months selected by the Corporation. This obligation is repayable by March 1, 2001 by monthly instalments. In anticipation of the change in the voting control of the Corporation resulting from its privatization described in Note 12, the lessor and the Corporation have agreed to renegociate certain provisions of the leasing agreement by December 31, 1986, to the satisfaction of the lessor who shall otherwise be entitled to exercise the rights and remedies already provided in its favour in the leasing agreement.

CANADIAN ARSENALS LIMITED—*Concluded*

NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 1986—*Concluded*

The present value of the obligation under all capital leases at March 31, 1986 has been determined as follows:

Payments to be made in subsequent years:

	$
1987	3,344,163
1988	1,250,727
1989	1,248,729
1990	1,241,040
1991	1,240,632
1992 and subsequent years	12,129,408
	20,454,699
Less: portion thereof representing interest at variable rates to be charged to operations in the years to which it applies	8,976,265
	11,478,434

The loan from Canada, to provide working capital, does not bear interest and has no fixed repayment date.

8. Capital stock

Authorized	1,000 shares without par value
Issued and fully paid	30 shares
Paid-up	$30

9. Sales

Sales to Canada during the year ended March 31, 1986 amounted to $119,838,229 or 93.6% of the Corporation's sales ($95,516,433, or 92.1% in 1985).

Sales to Canada include $7,699,438 ($3,355,123 in 1985) for sales at cost of purchased goods.

10. Sales agents and representatives

During the year, the Corporation paid $13,257 ($76,066 in 1985) as remuneration and expenses to the following sales agents and representatives: Cormorant Limited, Pakistan; Matren Ltd., Greece; Seri Mechan Products Sdn Bhd, Malaysia; Unicorn International Pte Ltd., Singapore; Vetecin S.A., Venezuela; Holland Arma B.V., Holland; S. Kittivat, Thailand; Ubem Ltd., Turkey; Byron, United States and Donald Kimmel, United States.

11. Licence for manufacturing of explosives

The Department of Energy, Mines and Resources has renewed the licence for manufacturing explosives in a specific section of the Corporation's plant only to August 31, 1986. An upgrading program involving capital expenditures of approximately $24 million over the next three years, at the current level of production, has been proposed to satisfy the requirements of the Department. Management expects that this licence will be renewed prior to its expiry.

12. Privatization of the Corporation

On April 24, 1986, Parliament passed an Act to authorize the divestiture of Canadian Arsenals Limited and to amend other Acts in consequence thereof, which received the Royal Assent on May 1, 1986. Under this Act, the Minister of Supply and Services is authorized to sell, on such terms and conditions as are approved by the Governor in Council, any or all of the shares of the Corporation held in trust for Her Majesty. For the purposes of effecting this sale, all property, rights and interests of Her Majesty used in the business immediately prior to the coming into force of Subsection 3(2) of the Act are transferred to the Corporation, except those exempted by order of the Governor in Council.

An agreement has been made as at May 9, 1986 for the sale of all the outstanding shares of the Corporation to SNC Defence Products Inc. for a cash consideration of $87,500,000 and for the reimbursement to Canada of its loans to the Corporation of $4,725,000.

SUMMARY PAGE

CANADIAN BROADCASTING CORPORATION

MANDATE

Develop and provide a national broadcasting service for all Canadians in both official languages, in television and radio, and provide an international service.

BACKGROUND

Established in 1936 by the *Broadcasting Act*; major amendments were made to this Act in 1958 and 1968. In May 1985, the government appointed a task force to review broadcasting in Canada. Its report was presented in 1986 and is being considered by the government. *The Broadcasting Act* is currently under study and revisions are contemplated.

CANADIAN BROADCASTING CORPORATION

AUDITOR'S REPORTS

TO THE CANADIAN BROADCASTING CORPORATION
AND
THE MINISTER OF COMMUNICATIONS

1987 AUDITOR'S REPORT

I have examined the balance sheet of the Canadian Broadcasting Corporation as at March 31, 1987 and the statements of income and expense and reconciliation to government funding basis, proprietor's equity account and cash flow for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1987 and the results of its operations and the changes in its financial position for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

As explained in Note 13, the Corporation has addressed the matters that had prevented the maintenance of proper books of account. In my opinion, proper books of account had been re-established by March 31, 1987, and the March 31, 1987 financial statements are in agreement therewith, and the transactions that have come to my notice during my current examination have, in all significant respects, been in accordance with the former Part VIII of the Financial Administration Act and regulations as they apply to the Corporation, the Broadcasting Act and the by-laws of the Corporation.

1986 AUDITOR'S REPORT (REVISED)

In my report dated August 19, 1986, I denied an audit opinion on the March 31, 1986 financial statements and did not report on compliance with authority because it was impracticable to complete my audit. As discussed in Note 13, the Corporation subsequently restated the March 31, 1986 financial statements. I have examined the 1986 restated amounts, except that it remains impracticable to verify whether the restated expense amounts are properly classified among the various expense categories. As a result, I am now able to express the following opinion on the 1986 restated financial statements. In my opinion, except for the effect of adjustments, if any, regarding the classification of expense amounts on the restated statement of income and expense and reconciliation to government funding basis, the restated financial statements present fairly the financial position of the Corporation as at March 31, 1986 and the results of its operations and the changes in its financial position for the year then ended, in accordance with generally accepted accounting principles.

Kenneth M. Dye, F.C.A.
Auditor General of Canada

Ottawa, Canada

NOTES TO FINANCIAL STATEMENTS MARCH 31, 1987

1. Authority and objective

The Canadian Broadcasting Corporation was established by the 1936, 1958 and 1968 Broadcasting Acts. The Corporation is an agent of Her Majesty and all property acquired by the Corporation is the property of Her Majesty.

The objective of the Corporation is to develop and provide a national broadcasting service for all Canadians in both official languages, in television and radio, and to provide an international service. Both services should be primarily Canadian in content and character.

2. Significant accounting policies

The financial statements of the Corporation have been prepared by management in accordance with generally accepted accounting principles, consistently applied. Because a precise determination of many assets and liabilities is dependent upon future events, the preparation of periodic financial statements necessarily involves the use of estimates and approximations. The financial statements have, in management's opinion, been properly prepared within reasonable limits of materiality and within the framework of the accounting policies summarized below:

(a) Engineering and production supplies and merchandise

The inventory of engineering and production supplies is stated at the lower of average cost and replacement cost. The inventory of merchandise is stated at the lower of cost and net realizable value.

(b) Programs completed and in process of production

The inventory of programs completed and in process of production produced directly by the Corporation is stated at cost. Cost includes the cost of goods and services, and the share of labour and overhead expenses applicable to each program. The inventory of programs completed and in process of production, co-produced and co-financed with third parties, are stated at their cost to the Corporation.

CANADIAN BROADCASTING CORPORATION—*Continued*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1987—*Continued*

The program cost is charged to operations as the programs are broadcast or when programs are determined unusable.

(c) Film rights

The Corporation enters into contracts for film broadcasting rights. As payments are made under the terms of each contract they are reflected in the accounts as prepaid film rights. The film rights are charged to operations as the films are broadcast or determined unusable.

(d) Investments

The investment in a joint venture is accounted for by the equity method with the Corporation's share of profit or loss credited or charged to operations. Other investments are carried at cost.

(e) Fixed assets

Fixed assets are recorded at cost. Cost includes material, engineering services, direct labour and related overhead. Depreciation is calculated on the straight-line method based on the estimated useful life of the assets, as follows:

Buildings	33 years
Technical equipment	
Transmitters and towers	20 years
Other	10 years
Furnishings and office equipment	10 years
Automotive	5 years

Major leasehold improvements are capitalized and amortized over the term of the lease to a maximum period of five years. Amounts included in uncompleted capital projects are transferred to the appropriate fixed asset classification upon completion, and are then depreciated according to the Corporation's policy. Gains and losses on disposals of fixed assets are credited or charged to the Proprietor's Equity Account.

(f) Capital leases

The assets and related obligations for capital leases are recorded at an amount equal to the present value of future lease payments. Assets recorded under capital leases are amortized on the straight-line method over the estimated useful life of the assets or based on the lease term as appropriate. Obligations under capital leases are reduced by rental payments net of implicit interest.

(g) Employee termination benefits and vacation pay

Employee termination benefits and vacation pay are expensed as benefits accrue to employees under their respective terms of employment.

(h) Pension plan

The cost of funding current service pension benefits is charged to operations as incurred. Unfunded liabilities as determined by actuarial valuation are funded by payments which are charged to operations over periods recommended by the actuaries and in accordance with regulatory requirements. Additional payments are charged to operations as made.

(i) Parliamentary appropriations

Parliamentary appropriations for operating expenditures are recorded as income. Net parliamentary appropriations for capital and working capital are credited to the Proprietor's Equity Account.

3. Investments

	1987	1986
	(in thousands of dollars)	
		Restated
"Hockey Night in Canada"—Joint venture, at equity	555	4,309

	45,857	43,310

CANADIAN BROADCASTING CORPORATION—*Continued*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1987—*Continued*

6. Advances from Government of Canada

Advances from the Government of Canada are made for working capital purposes and are free of interest. These advances become repayable when cash and treasury bills exceed the Corporation's requirements for working capital.

7. Lease obligations

As at March 31, 1987, the Corporation's obligations related to significant capital and operating leases for terms in excess of one year are as follows:

	Capital Leases	Operating Leases
	(in thousands of dollars)	
1988	480	35,617
1989	506	34,232
1990	258	21,346
1991		8,494
1992		4,695
1993-2061		4,911
Total future payments	1,244	109,295
Deduct: amount representing interest	80	
Long-term obligations under capital leases	1,164	

8. Commitments

As at March 31, 1987, commitments for film rights amounted to $32.0 million (1986—$36.8 million).

9. Pension plan

The Corporation's pension plan covers substantially all continuing employees. The charge to operations for the cost of the plan for the year ended March 31, 1987 was $37.1 million (1986—$39.7 million).

The last actuarial valuation was made at December 31, 1985 by William M. Mercer Limited. Like the preceding valuations, it was made on a "going concern basis" and in accordance with standard actuarial practice and legal requirements. The December 31, 1985 actuarial valuation indicated a surplus of $62,383,000.

In accordance with the Pension Benefits Standards Act and Regulations, the Corporation has applied a portion of the surplus to increase the benefits under the Plan, to reduce the contribution of the employer to the normal cost of the Plan and left the balance in the Fund.

10. Contingencies

In the ordinary course of business, various claims and lawsuits have been brought against the Corporation. In the opinion of management, the losses, if any, which may result from the settlement of these matters are not likely to be material and accordingly no provision has been made in the accounts of the Corporation.

11. Income tax

The Corporation is a prescribed federal Crown corporation under Part LXXI of the Income Tax Regulations and is subject to the provisions of the federal Income Tax Act. Neither depreciation nor capital cost allowance are allowed in determining the Corporation's taxable income and in spite of an excess of expense over income determined for accounting purposes, the Corporation can have taxable income in any one year.

The Corporation has incurred a loss for income tax purposes in the current year. In the year ended March 31, 1986, the Corporation has recorded in its restated statement of Income and Expense and Reconciliation to Funding Basis the benefits related to the utilization of prior years losses as an extraordinary item.

As at March 31, 1987, losses which can be carried forward for income tax purposes and can be applied against possible taxable income in future years amount to $17.9 million which, if unused, would expire as follows:

	(in millions of dollars)
March 31	
1992	9.0
1994	8.9
	17.9

12. Related party transactions

The Corporation is related in terms of common ownership to all Government of Canada created departments, agencies and Crown corporations and is mainly financed by Parliament of Canada. Transactions with Canada are outlined in Notes 5 and 6.

During the year, transactions with these related departments, agencies and Crown corporations were normal business transactions on normal trade terms applicable to all individuals and enterprises.

13. Restatement of prior year's financial statements

During fiscal 1986, serious problems were experienced in implementing the initial phase of the National Finance System. As a result, proper books of account and an adequate degree of internal control were not maintained during the initial implementation period, which extended into fiscal 1987.

In fiscal 1987, the Corporation took major steps to restore internal control, re-establish and maintain proper books of account and restated the March 31, 1986 financial statements. The restatement resulted mainly from: recording bank and revenue transactions in the appropriate accounting period; adjusting accounts receivable and the provision for doubtful accounts; revising the indirect costs of program inventories; adjusting the accounts payable and accrued liabilities and the provision for employee termination benefits; and reclassifying amounts between balance sheet accounts. The impact of these adjustments on the major financial statement captions may be summarized as follows:

	Previously Reported	Increase (Decrease)	As Restated
	(in thousands of dollars)		
Balance Sheet			
Assets			
Current	204,750	(11,830)	192,920
Investments	4,521		4,521
Fixed	533,524	(465)	533,059
	742,795	(12,295)	730,500
Liabilities			
Current	160,607	(5,887)	154,720
Long-term	124,113	4,149	128,262
	284,720	(1,738)	282,982
Proprietor's Equity Account	458,075	(10,557)	447,518
	742,795	(12,295)	730,500

CANADIAN BROADCASTING CORPORATION—*Concluded*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1987—*Concluded*

	Previously Reported	Increase (Decrease)	As Restated
	(in thousands of dollars)		
Statement of Income and Expense and Reconciliation to Government Funding Basis			
Expense	1,052,313	9,051	1,061,364
Income	1,031,118	(1,458)	1,029,660
Excess of expense over income	(21,195)	(10,509)	(31,704)
Reconciliation to Government Funding Basis	27,503	5,956	33,459
Surplus (deficit) end of year	6,308	(4,553)	1,755

The Corporation is confident that all necessary corrections have been made, that the problems giving rise to such adjustments have been satisfactorily addressed, that by year end internal control has been re-established and proper books of account have been restored.

14. Change in accounting policy—Revised method of cost allocation for indirect program production labour and overhead expense

Commencing with the beginning of the 1985-86 fiscal year, the Corporation as part of its new National Finance System modified its method of accounting with respect to the allocation of the indirect program production labour and overhead expense to programs produced and transmitted. These costs are now allocated on the basis of a rate for each production centre, equal to the ratio of total direct to total indirect program costs, in lieu of basis employed in the preceding year. The changed basis has been applied prospectively effective April 1, 1985 for both television and radio.

To provide for greater consistency and uniformity, radio production labour and overhead are now accounted for on the same basis as television. This change had the effect of allocating a $3.0 million 1985-86 increase to radio program inventory on the balance sheet, with a corresponding decrease in radio programs broadcast on the statement of income and expense for 1985-86.

The impact of this change in policy on operating results of 1985-86 cannot be determined because of the discontinuance of the previous year's accounting systems.

SUMMARY PAGE

CANADIAN COMMERCIAL CORPORATION

CANADIAN COMMERCIAL CORPORATION

AUDITOR'S REPORT

TO THE MINISTER FOR INTERNATIONAL TRADE

I have examined the balance sheet of the Canadian Commercial Corporation as at March 31, 1987 and the statements of operations and retained earnings and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1987 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied, except for the change in the method of accounting for employees' annual leave and termination benefits as explained in Note 3 to the financial statements, on a basis consistent with that of the preceding year.

Further, in my opinion, the transactions of the Corporation that have come to my notice during my examination of the financial statements have, in all significant respects, been in accordance with Part XII of the Financial Administration Act and regulations, the Canadian Commercial Corporation Act and by-laws of the Corporation.

NOTES TO FINANCIAL STATEMENTS MARCH 31, 1987

1. Authority and operations

The Corporation was established in 1946 by the Canadian Commercial Corporation Act and is an agent Crown corporation listed in Part I, Schedule C of the Financial Administration Act. The Corporation is not subject to income taxes.

The Corporation acts as the prime contracting agency when other countries and international agencies wish to purchase products and services from Canada on a government-to-government basis.

Contracts are made with foreign governments and corresponding contracts are entered into with Canadian firms by the Corporation.

During the year, in accordance with a Cabinet decision, the Corporation implemented a policy of charging a fee for its services on contracts signed after June 1, 1986. However, on December 23, 1986, the Corporation suspended this policy pending further Cabinet review.

Supply and Services Canada provides contracting services to the Corporation at predetermined rates approved by Treasury Board, based on the amounts of contracts procured, and provides certain administrative functions at cost.

If the Minister so directs, the Corporation is required to pay to the Receiver General for Canada any funds that the Minister considers to be in excess of requirements. Any such payments are on deposit with the Receiver General for Canada and can, on the request and in the opinion of the Minister, be returned to the Corporation when required. During 1983-84, an amount of $8 million was paid by the Corporation to the Receiver General for Canada and no interest will accrue to the Corporation on such deposit (see also Note 10).

2. Significant accounting policies

(a) Contract billings

Revenues from contracts are recorded at the time of delivery except in the case of contracts involving progress payments; in these cases, revenues are recorded at the time the progress payments become due from customers. Since title to work-in-progress covered by progress claims has not passed to customers, the Corporation sets up a corresponding liability and cost of contract billings. The Corporation records all progress claims by its suppliers as assets. These assets and liabilities are reduced, in accordance with contract terms, as deliveries are accepted.

(b) Foreign currency translation

Assets and liabilities denominated in foreign currencies are translated into Canadian dollars at the year-end exchange rates. Revenues and expenses are translated at the average exchange rates for the month in which the transactions occur. Gains and losses resulting from translations are shown in the statement of operations.

(c) Parliamentary appropriations

Parliamentary appropriations are recorded in the year in which the corresponding expenses are incurred but are drawn upon only as cash disbursements are made.

(d) Pension plan

Employees participate in the Public Service Superannuation Plan administered by the Government of Canada. Contributions to the Plan are required from both the employees and the Corporation. These contributions represent the total obligation of the Corporation and are charged to income on a current basis.

(e) Employee termination benefits

Employees of the Corporation are entitled to specified termination benefits, calculated at salary levels in effect at the time of termination, as provided for under collective agreements and conditions of employment. The liability for these benefits is recorded in the account as the benefits accrue to employees.

CANADIAN COMMERCIAL CORPORATION—*Concluded*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1987—*Concluded*

3. Change in accounting policy

During the year the Corporation adopted the accrual basis for accounting for employees' annual leave and termination benefits as 93 employees from Supply and Services Canada with benefits of $827,000 were consolidated with its Head Office group with benefits of $148,000. Previously, annual leave and termination benefits were not accrued in the financial statements as they were not of a material amount. Instead, they were expensed as disbursements were made. Therefore, the change has been made prospectively. The effect of the change has been to increase the cost of operations by the net amount of $959,000 required to set up a liability for annual leave and a provision for employee termination benefits as at March 31, 1987.

4. Accounts receivable from foreign governments

As at March 31, 1987, the Corporation has provided $996,000 (1986—$854,000) to cover the possible non-collection of certain accounts receivable from a foreign government.

5. Government of Canada

As at March 31, 1987, funds to cover expenses of $461,000 applicable to 1986-87 appropriations had not been drawn and $2,945,000 had not been paid to various government departments.

6. Contractual obligations

As at March 31, 1987, the Corporation was obligated to fulfill contracts with customers amounting to $1.132 billion (1986—$1.127 billion).

The Corporation is responsible to its customers for the performance of its suppliers and thus may incur additional contract costs on default of a supplier. A provision of $3,181,000 (1986—$2,660,000) has been made for estimated additional contract costs which may be incurred if certain suppliers are unable to meet their contractual obligations.

7. Legal fees and expenses charged by the Department of Justice

The Corporation has been directed by Treasury Board to reimburse the Department of Justice for legal fees and expenses resulting from the action taken against the Corporation related to the contract referred to in Note 8(a). These costs amounted to $505,000 (1986—$272,000).

8. Contingencies

(a) The Corporation has been named as defendant in a lawsuit instituted in 1975 alleging losses resulting from the termination of a portion of a contract and seeking damages of $6.8 million plus accrued interest and costs. Based on the advice of legal counsel, management is of the opinion that no provision for possible loss in respect of this suit is required.

(b) The Corporation has been named as defendant in legal proceedings instituted in 1985, alleging losses resulting from a breach of contract by the Corporation and seeking damages of $744,000. The action is being contested by the Corporation and the ultimate outcome is uncertain. A preliminary review of the facts and law by counsel indicates that there is no liability on the part of the Corporation. On the basis of that opinion, management is of the view that no provision for possible loss in respect to these proceedings is required.

(c) The Corporation has been named as defendant in a lawsuit instituted in 1986 seeking damages in an amount of $720,000 plus interest and costs, resulting from an alleged breach of contract by the Corporation. The action is being contested by the Department of Justice on behalf of the Corporation. A preliminary review of the facts and law by counsel indicates that chances of success of this action against the Corporation are remote. On the basis of that opinion, the Corporation's management is of the view that no provision for possible loss in respect of these proceedings is required.

9. Restatement of 1985-86 financial statements

During 1986, the Government approved the consolidation of the staff of the former Export Supply Branch of Supply and Services Canada (SSC) with the Corporation's Head Office group, effective April 1, 1986. This integration was aimed at streamlining the day-to-day processes involved in carrying out the Corporation's work, and achieving substantial economies in terms of reduced costs. Consequently, in order to provide pertinent information and to enhance comparability with the financial statements of the current year, the administrative cost that was included in services provided by SSC is reclassified for 1985-86. Accordingly, SSC expenses were reduced by $6.220 million and administrative costs for 1985-86 increased by the same amount. This change in grouping of items within relevant categories provides more meaningful information to interpret data that are based on comparisons.

10. Subsequent event

On April 1, 1987, an amount of $5.0 million of the $8.0 million that was deposited with the Receiver General for Canada (Note 1) was returned to the Corporation. In the opinion of the Corporation and the Minister, these funds are required to meet funding requirements for 1987-88.

SUMMARY PAGE

CANADIAN DAIRY COMMISSION

MANDATE

To provide efficient producers of milk and cream with an opportunity of obtaining a fair return for their labour and investment and to provide consumers of dairy products with a continuous and adequate supply of dairy products of high quality.

BACKGROUND

Established in 1966, the corporation administers the following elements of the federal dairy program: calculation of Target Price for manufacturing milk and cream; market support for the Target Price through a nationwide offer to purchase butter and skim milk powder; payment of subsidy on eligible milk and cream shipments; international marketing of dairy products not required for domestic consumption; receipt of levies collected by provinces from farmers to finance the cost of exporting products surplus to domestic requirements; and coordination of national supply management of industrial milk production.

NOTES TO FINANCIAL STATEMENTS JULY 31, 1986

1. The Commission

The Canadian Dairy Commission is a Crown corporation named in Schedule C, Part I of the Financial Administration Act and is not subject to the provisions of the Income Tax Act. The objectives of the Commission, as established by the Canadian Dairy Commission Act 1966-67, are "to provide efficient producers of milk and cream with the opportunity of obtaining a fair return for their labour and investment and to provide consumers of dairy products with a continuous and adequate supply of dairy products of high quality".

2. Significant accounting policies

Foreign currency translation

Each asset, liability, revenue or expense arising from a foreign currency transaction is translated into Canadian dollars at the exchange rate in effect at the date of transaction. Monetary items denominated in a foreign currency at the balance sheet date are adjusted to reflect the exchange rate in effect at that date. Any exchange loss or gain, arising on translation or settlement of a foreign currency item, is charged to marketing operations financed by producers. Unrealized gains and losses arising from the translation of long-term monetary items are deferred and amortized over the remaining lives of these items.

Inventories

Inventories are valued at the lower of cost and net realizable value.

Fixed assets

Acquisitions of furniture and equipment are not significant and are charged to administrative expenses in the year of purchase.

Purchase commitments

Losses on commitments to purchase skim milk powder at Canadian support prices and other dairy products at negotiated contract prices, which are usually higher than export prices, are charged to marketing operations financed by producers at the time the commitment is made.

3. Inventories

	1986	1985
	(in thousands of dollars)	
Cost		
Butter	93,063	106,559
Skim milk powder	39,692	57,257
Other dairy products	12,803	33,440
	145,558	197,256
Less allowance for write down		
Butter	24,749	23,457
Skim milk powder	26,468	38,798
Other dairy products	4,391	15,005
	55,608	77,260
	89,950	119,996

Inventories which are recorded at cost have been written down to their net realizable value as the prices of surplus dairy products are substantially lower on the world market than domestic support prices and costs. The decrease in the allowance for inventory write down has been credited to marketing operations (cost of goods sold) financed by producers.

CANADIAN DAIRY COMMISSION—*Continued*

NOTES TO FINANCIAL STATEMENTS
JULY 31, 1986—*Concluded*

4. Commitments

As at July 31, 1986, the Commission was committed to purchase butter and skim milk powder, produced prior to that date, at Canadian support prices and other dairy products at negotiated contract prices for approximately $13.7 million (1985—$11.9 million). Losses which may result from these purchases at higher than export prices have been estimated at approximately $8.6 million (1985—$7.9 million) requiring an increase in the allowance during the year of approximately $0.7 million (1985—decrease $5.6 million) which has been charged to cost of goods sold on the statement of marketing operations and financing by producers.

5. Loans from Government of Canada

The loans are raised to finance the purchase of dairy products under the dairy support program. There are no specific terms of repayment. However, loans are repaid on a regular basis as and when funds are available. The Commission is allowed to borrow to a maximum of $300 million. The interest is calculated on a simple basis and paid at the time of any principal repayment. The interest rates during the year varied from 8.125% to 11.875% (1985—9.375% to 12.375%).

Loan transactions are summarized as follows:

	1986	1985
	(in thousands of dollars)	
Balance at beginning of year	238,599	182,516
Borrowings	289,410	497,236
Repayments	(401,719)	(445,452)
Accrued interest at end of year	951	4,299
Balance at end of year	127,241	238,599

6. Financing

Government of Canada

The Agricultural Stabilization Board, through Vote 15, provides financing to the Commission for the benefit of producers for the purpose of stabilizing the price of industrial milk and cream. During the year ended July 31, 1986, financing for this purpose amounted to $288 million.

Administrative expenses are financed by Agriculture Votes 40 and 55.

Producers

Producers are responsible for the cost of disposal of surplus products, including all losses on special export production under the export quota program, and for marketing costs attributable to surplus production. These costs are financed through producer levies which are charged and collected by the provincial marketing boards and agencies and remitted to the Commission.

Interest expense and carrying charges associated with the purchase of butter and skim milk powder in excess of the Canadian requirement of butterfat are financed by producers.

Effective April 1, 1986 interest expense and carrying charges associated with the purchase of skim milk powder are being financed by the Government of Canada up to a maximum of $10 million.

In accordance with Section 36 of the National Milk Marketing Plan, the treatment of any excess or deficiency of financing by producers in respect of marketing operations is to be determined by the Canadian Milk Supply Management Committee. Subsequent to the year end, the Committee has decided that $26 million of the $36 million excess financing at July 31, 1986 will be refunded to provinces through credits to levy payments to the Commission commencing with the payments due in December 1986.

7. Agents' commissions

The Commission has used the services of sales agents for dairy products on the export market. Sales commissions were as follows:

	1986	1985
	(in thousands of dollars)	
Coop Fédérée de Québec, Canada	1,895	2,401
L&M Exports Inc., Canada	631	2,594
Intercontinental, Mexico	555	535
Gestion Y. Dessarrollo—Commercial S.A., Peru	433	146
Canada Expa (1980) Inc., Canada	3	14
	3,517	5,690

8. Financial statement presentation

A statement of changes in financial position has not been included because, in the opinion of management, it would not provide any useful additional information.

SUBSIDIES TO PRODUCERS OF INDUSTRIAL MILK AND CREAM FOR THE YEAR ENDED JULY 31, 1986

SUMMARY PAGE

CANADIAN FILM DEVELOPMENT CORPORATION

MANDATE

To foster and promote the development of a feature film industry in Canada. To administer the Canadian Broadcast Program Development Fund and the Feature Film Fund for private sector development of television and feature film productions meeting specific standards of Canadian content.

BACKGROUND

The scale of the corporation's activities has increased since 1981 with the inception of new government programs in support of the domestic television and feature film productions industry.

CANADIAN FILM DEVELOPMENT CORPORATION

AUDITOR'S REPORT

TO THE MINISTER OF COMMUNICATIONS

I have examined the balance sheet of the Canadian Film Development Corporation as at March 31, 1987 and the statements of operations, equity of Canada and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1987 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Further, in my opinion, proper books of account have been kept by the Corporation, the financial statements are in agreement therewith and the transactions of the Corporation that have come to my notice during my examination of the financial statements have, in all significant respects, been in accordance with the Financial Administration Act and regulations, the Canadian Film Development Corporation Act and the by-laws of the Corporation.

Raymond Dubois, C.A.
Deputy Auditor General

NOTES TO FINANCIAL STATEMENTS MARCH 31, 1987

1. Authority and activities

The Corporation was established in 1967 by the Canadian Film Development Corporation Act with the objective of fostering and promoting the development of a feature film industry in Canada. The Corporation has since been charged with the administration of the Canadian Broadcast Program Development Fund, established on July 1, 1983, within the framework of the Broadcasting Strategy for Canada as well as with the management of various new programs established under the National Film and Video Policy of May 1984.

The Corporation is a Crown corporation subject to the provisions of Part VIII of the Financial Administration Act as it read before its repeal and as if it continued to be named in Schedule C of the Act.

2. Significant accounting policies

(a) Liquidity

The financial operations of the Corporation are processed through the Consolidated Revenue Fund of Canada, thus the absence of bank accounts. For the purposes of the statement of changes in financial position, its liquidity consists of a parliamentary appropriation receivable.

(b) Loans

Loans are shown on the balance sheet at their face value, less an allowance for losses.

(c) Investments

Funds advanced for feature films and Canadian programming, in return for a share in the proceeds, are expensed as assistance expenses in the year in which the advances are made.

All proceeds, up to the amount of the related investment, are credited to expenses as a reduction of assistance expenses made during the year. Any amount in excess thereof is accounted for as revenues.

CANADIAN FILM DEVELOPMENT CORPORATION—*Concluded*

NOTES TO FINANCIAL STATEMENTS MARCH 31, 1987—*Concluded*

(d) Fixed assets

Fixed assets are recorded at cost.

Depreciation is provided for using the diminishing-balance method, at the annual rate of 30% for the automobile and 20% for furniture and equipment and for the computer installations. Leasehold improvements are amortized, using the straight-line method, based on the terms of the leases.

(e) Parliamentary appropriation

The parliamentary appropriation voted to the Corporation for its objectives comprises a non lapsing amount for the development of a feature film industry and another lapsing amount for the production of Canadian programming. The unlapsed parliamentary appropriation is credited to the Equity of Canada. The admissible unlapsed amount not used at the end of the year is presented on the balance sheet as a parliamentary appropriation receivable.

(f) Employee termination benefits

On termination of employment, employees of the Corporation are entitled to certain benefits provided for under their conditions of employment. The cost of these benefits is expensed in the year in which they are earned.

(g) Pension plan

All employees of the Corporation participate in the superannuation plan administered by the Government of Canada. The employees and the Corporation contribute equally to the cost of the plan. This contribution represents the total liability of the Corporation. Contributions in respect of current service and admissible past service are expensed during the year in which payments are made. The terms of payment for past service are set by the applicable purchase conditions in effect, generally over the number of years of service remaining prior to retirement.

7. Commitments

As at March 31, 1987, the Corporation is contractually committed to advance funds totalling $22,452,834 as loans and investments, of which $10,648,738 are for French productions and $11,804,096 are for English productions. Further, it has accepted financing projects that may call for disbursements of approximately $19.3 million of which $8.1 million are for French productions and $11.2 million are for English productions.

The Corporation has entered into long-term leases for the rental of office space and equipment used in its operations. The aggregate minimum annual rentals payable during subsequent years are as follows:

	$
1988	685,385
1989	1,133,731
1990	1,102,611

SUMMARY PAGE

CANADIAN INSTITUTE FOR INTERNATIONAL PEACE AND SECURITY

MANDATE

To increase knowledge and understanding of the issues relating to international peace and security from a Canadian perspective, with particular emphasis on arms control, disarmament, defence and conflict resolution.

BACKGROUND

The corporation was established in 1984 by special Act of Parliament. That Act was amended (S.C. 1985, c. 43) to give the corporation status under the *Financial Administration Act* resembling that of the cultural Crown corporations, being exempt from most provisions of Part XII of the Act. The corporation is authorized to fulfill its mandate by the following means:

(a) foster, fund and conduct research;
(b) promote scholarship;
(c) study and prepare ideas and policies; and
(d) collect and disseminate information on, and encourage public discussion as they relate to matters of international peace and security.

CORPORATION DATA

CANADIAN INSTITUTE FOR INTERNATIONAL PEACE AND SECURITY

AUDITOR'S REPORT

TO THE CANADIAN INSTITUTE FOR INTERNATIONAL
PEACE AND SECURITY
AND
SECRETARY OF STATE FOR EXTERNAL AFFAIRS

I have examined the balance sheet of the Canadian Institute for International Peace and Security as at March 31, 1987 and the statements of operations and equity of Canada and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Institute as at March 31, 1987 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

D. Larry Meyers, F.C.A.
Deputy Auditor General
for the Auditor General of Canada

Ottawa, Canada

NOTES TO FINANCIAL STATEMENTS MARCH 31, 1987

1. Authority and operations

The Institute was established in June 1984 under the Canadian Institute for International Peace and Security Act which was amended by Bill C-69. It is an exempted Crown corporation as defined in the Financial Administration Act.

The purpose of the Institute is to increase knowledge and understanding of the issues relating to international peace and security from a Canadian perspective with particular emphasis on arms control, disarmament, defence and conflict resolution, and to:

(a) foster, fund and conduct research on matters relating to international peace and security;

(b) promote scholarship in matters relating to international peace and security;

(c) study and propose ideas and policies for the enhancement of international peace and security; and

(d) collect and disseminate information on, and encourage public discussion of, issues of international peace and security.

2. Significant accounting policies

These financial statements have been prepared in accordance with generally accepted accounting principles. The significant accounting policies followed are:

(a) Fixed assets

Fixed assets are recorded at cost. Office furniture and equipment are depreciated on the straight-line basis at an annual rate of 20%. Leasehold improvements are amortized, using the straight-line method, based on the duration of the lease.

(b) Pension plan

Employees participate in the Public Service Superannuation Plan administered by the Government of Canada. The Institute's contributions are equal to the contributions paid by its employees in respect of current services. These contributions represent the total liability of the Institute in respect of the pension plan and are recorded as expenses in the same period as the employees' services are rendered.

(c) Income taxes

The Institute is exempt from any liability for income taxes.

(d) Parliamentary appropriation

Parliamentary appropriation is recorded in the accounts on an accrual basis. Furthermore, the Act states that the Institute shall be paid from the Consolidated Revenue Fund the following sums:

	$
1987-88	4 million
1988-89	5 million
thereafter	5 million or such greater amount as may be appropriated by Parliament.

(e) Grants and transfer payments

The Institute recognizes its liability for a grant or transfer payment upon the conditions of the agreement being met by the recipient of the grant or transfer payment.

	247,771	87,053	160,718	140,994

4. Commitments

Leases

The Institute has entered into lease agreements for the rental of office premises. The Institute can renew in 1990 the main lease agreement for an additional five-year period. The minimum annual rent for the next three years is $133,000.

Grants and transfer payments

The Institute is committed to make payments totalling approximately $569,200 in subsequent years subject to compliance by the recipients with the terms of the agreements. Payments totalling approximately $551,000 are to be made during the next fiscal year.

SUMMARY PAGE

CANADIAN LIVESTOCK FEED BOARD

MANDATE

To ensure: availability of adequate feed grain to meet the needs of livestock feeders; availability of adequate storage for feed grain in eastern Canada; reasonable stability in prices for feed grain in eastern Canada, British Columbia and the Yukon and Northwest Territories; and fair equalization of feed grain prices in those regions.

BACKGROUND

Established in 1967, the Board executes its mandate by subsidizing the transportation costs of feed grains; by assessing requirements for feed grains and storage space and by collecting and disseminating related information; and by negotiating and coordinating with respect to storage, handling, transportation and cost of feed grains. Its programs are financed by budgetary payments from Canada.

CANADIAN LIVESTOCK FEED BOARD

AUDITOR'S REPORT

TO THE MINISTER OF AGRICULTURE
AND THE
CANADIAN LIVESTOCK FEED BOARD

I have examined the balance sheet of the Canadian Livestock Feed Board as at March 31, 1987 and the statements of operations, equity of Canada and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Board as at March 31, 1987 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Further, in my opinion, the transactions of the Board that have come to my notice during my examination of the financial statements have, in all significant respects, been in accordance with Part XII of the Financial Administration Act and regulations, the Livestock Feed Assistance Act and regulations and the by-laws of the Board.

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1987

1. Authority and objectives

The Board, a Crown corporation named in Part I of Schedule C to the Financial Administration Act, was established in 1967 under the Livestock Feed Assistance Act with the objective of ensuring:

— the availability of feed grain to meet the needs of livestock feeders;

— the availability of adequate storage space in Eastern Canada for feed grain to meet the needs of livestock feeders; and

— reasonable stability in, and fair equalization of, feed grain prices in Eastern Canada, British Columbia, the Yukon Territory and the Northwest Territories.

2. Significant accounting policies

(a) Liquidity

The financial operations of the Board are processed through the Consolidated Revenue Fund of Canada, thus the absence of bank accounts. For the purposes of the statement of changes in financial position, the liquidity consists of parliamentary appropriations receivable or payable.

(b) Contributions

Feed freight assistance is charged to operations in the year in which shipments are made.

Write-offs or provisions for losses of amounts recoverable under the new inland elevator construction assistance program are charged to operations in the year in which collection is considered doubtful.

(c) Capital expenditures

Purchases of equipment, office furniture, vehicles and costs of office renovations are expensed in the year of acquisition.

(d) Parliamentary appropriations

Parliamentary appropriations are recorded in the Statement of Equity of Canada for the year to which they apply.

CANADIAN LIVESTOCK FEED BOARD—*Concluded*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1987—*Concluded*

(e) Services provided without charge

An estimated amount for services provided without charge by a government department is included in expenses with an offset to the equity of Canada.

(f) Employee termination benefits

On termination of employment, employees are entitled to certain benefits provided for under their collective agreements and their conditions of employment. The cost of these benefits is expensed in the year in which they are earned.

(g) Pension plan

All employees participate in the superannuation plan administered by the Government of Canada. The employees and the Board contribute equally to the cost of the plan. This contribution represents the total liability of the Board. Contributions in respect of current service and of admissible past service are expensed when paid. The terms of payment of past service contributions are set by the applicable purchase conditions, generally over the number of years of service remaining prior to retirement.

3. Amounts recoverable under the new inland elevator construction assistance program

Under the new inland elevator construction assistance program, the Board contributed towards certain construction cost. As at March 31, 1983, all contributions by the Board had been paid to operators of the elevators. These operators are called upon to reimburse, without interest, part of the contributions received. Reimbursements are based on stored quantities from the fourth to the tenth year of operation of the new facility without exceeding 40% of the contribution received.

As at March 31, 1987, the Board estimates that the amounts that will be recovered, net of a provision for losses, total $459,879 ($611,207 as at March 31, 1986). Because of the basis for the calculation of reimbursements, it is not possible to determine the amounts that will be recovered during each applicable year.

SUMMARY PAGE

CANADIAN NATIONAL RAILWAY COMPANY

MANDATE

To operate a national railway system and other transportation and related services, including water transportation, trucking, telecommunications and hotels.

BACKGROUND

The corporation was created out of more than 200 companies, many of them insolvent. Its creation avoided the emergence of a monopoly in railway transport. The corporation's role was to mold a number of railway companies into one strong and commercially-competitive system, serving the entire nation. It was recapitalized in 1937, in 1952 and again in 1978.

CANADIAN NATIONAL RAILWAY SYSTEM

AUDITORS' REPORT

TO THE MINISTER OF TRANSPORT

We have examined the consolidated balance sheets of the Canadian National Railway System as at December 31, 1986 and 1985 and the consolidated statements of income, retained earnings and changes in financial position for each of the years in the three-year period ended December 31, 1986. Our examinations were made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these consolidated financial statements present fairly the financial position of the System as at December 31, 1986 and 1985 and the results of its operations and the changes in its financial position for each of the years in the three-year period ended December 31, 1986 in accordance with generally accepted accounting principles applied on a consistent basis.

CANADIAN NATIONAL RAILWAY SYSTEM—*Continued*

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Note 1: Summary of Significant Accounting Policies

Introduction

All references in these Notes to the "Company" refer to Canadian National Railway Company which is wholly-owned by the Government of Canada and, unless the context otherwise requires, its consolidated subsidiaries, and all references to the "System" mean Canadian National Railway Company and its consolidated subsidiaries together with the lines of railway, telecommunications and other property entrusted by the Government of Canada to the Company for management and operation. A division designated in the Consolidated Statement of Income as an "Imposed public duty", as is TerraTransport, is one whose operations are continued by the Company in accordance with directions from the Government of Canada despite the fact that such continued operations are contrary to the economic interests of the Company.

(a) Principles of Consolidation

With the exception of Coastal Transport Limited, the consolidated financial statements include the accounts of all subsidiaries and the Company's share of the assets, liabilities, revenues and expenses of CNCP Telecommunications which is accounted for by the proportionate consolidation method; CN's share in the activities of CNCP Telecommunications represents slightly less than 60 percent of the activities of CN Communications. Also, consistent with the legislation governing the System, the accounts of the Canadian Government Railways entrusted to the Company by the Government of Canada are included in the consolidated financial statements. Coastal Transport Limited and the net assets of the Company's dockyard operation in Newfoundland, which formerly formed part of the consolidation, have been included in investments in anticipation of their forthcoming divestiture.

Investments in entities in which the Company has less than a majority interest are accounted for by the equity method, where appropriate.

(b) Reporting by Division

In presenting the results by division, charges for services performed by one division for another, which are made generally at market value, have not been eliminated. Consolidated net income is not affected by this practice.

(c) Material and Supplies

The inventory is valued at laid down cost based on weighted average cost for ties and rails, latest invoice price for fuel and new materials in stores, and at estimated utility or sales value for usable second hand, obsolete and scrap materials.

(d) Properties

Accounting for railway and telecommunications properties is carried out in accordance with rules issued by the Canadian Transport Commission and the Canadian Radio-television and Telecommunications Commission respectively (Canadian properties), and the Interstate Commerce Commission (United States properties). Generally, major additions and replacements are capitalized and interest costs are charged to expense.

The cost of depreciable railway and telecommunications assets retired or disposed of, less salvage, is charged to accumulated depreciation, in accordance with the group plan of depreciation. Other depreciable assets retired or disposed of are accounted for in accordance with the unit plan whereby gains or losses are taken into income as they occur.

The Company follows the successful efforts method of accounting for its oil and gas operations whereby the acquisition costs of oil and gas properties, the costs of successful exploratory wells and the costs of drilling and equipping development wells are capitalized.

(e) Depreciation

Depreciation is calculated at rates sufficient to write off properties over their estimated useful lives, generally on a straight-line basis. For railway and telecommunications properties, rates are authorized by the Canadian Transport Commission, the Canadian Radio-television and Telecommunications Commission and the Interstate Commerce Commission. The rates for significant classes of assets are as follows:

	Annual Rate
Ties	2.89%
Rails	1.87%
Other track material	2.23%-2.83%
Ballast	2.76%
Road locomotives	5.23%
Freight cars	1.73%-3.18%
Commercial communication systems	6.40%

Hotel properties are depreciated at annual rates of 1% to 10%.

Acquisition costs of oil and gas properties are amortized on a straight-line basis over the term of the lease until such time as they are determined to be productive or judged to be impaired. Acquisition costs of productive properties and costs of successful exploratory drilling and of drilling and equipping development wells are charged against income on the unit-of-production method based upon proven reserves of oil and gas. Exploratory dry hole and acquisition costs judged to be impaired are charged against income in the current period. Other exploratory expenditures are charged against income as incurred.

(f) Transportation Revenues

Transportation revenues are generally recognized on completion of movements, with interline movements being treated as complete when the shipment is turned over to the connecting carrier. Costs associated with uncompleted movements are generally deferred.

(g) Pensions

Current service costs are charged to operations as they accrue. Past service costs are charged to operations in annual amounts covering principal and interest over varying periods.

The funding payments are determined in accordance with the accrued benefit actuarial cost method.

(h) Foreign Exchange

The Company's foreign operations are classified as integrated and are translated and accounted for on the following bases. Current assets (excluding material and supplies), current liabilities and long-term debt are translated at the rates in effect at the balance sheet date, whereas other assets and liabilities are translated at historical rates. Revenues and expenses are translated at average rates during the year except for depreciation which is translated at exchange rates prevailing when the related properties were acquired. The Company's own foreign denominated assets and liabilities are accorded similar treatment. Revenues and expenses are translated at rates prevailing at the time of the transactions except for revenues designated as a hedge against repayment of foreign denominated long-term debt which are translated at the rate in effect at the inception of the debt.

Currency gains and losses are reflected in net income for the year, except for unrealized foreign currency losses on long-term debt. The Company has designated future U.S. dollar revenue streams as a hedge against the repayment of long-term debt denominated in U.S. dollars, and has thus deferred reflecting the related unrealized foreign currency translation losses in net income until

CANADIAN NATIONAL RAILWAY SYSTEM—*Continued*

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—*Continued*

the earlier of the debt repayment or the expiry of the hedge. Such deferred amounts are included in the Consolidated Balance Sheet as part of Other Assets and Deferred Charges.

(i) Leases

Leases which satisfy the criteria for capital leases and which have been entered into after 1981 have been capitalized. Other leases, satisfying the criteria for capital leases but which were entered into prior to 1982, have been recorded as operating leases.

Note 2: Special charge and Discontinued Operations

(a) Special Charge

CN Rail expenses include a special charge of $60.2 million (1985—$40.4 million) relating to a provision for rationalization costs in connection with an ongoing program to reduce the size of the CN Rail work force.

(b) Discontinued Operations

During 1986 the Company disposed of its former division CN Route and its investment in CN Marine Inc. (see Note 6a)) and entered into negotiations for the disposition of its dockyard operations in Newfoundland. Details of the charges (income) incurred on these operations are as follows:

	Year ended December 31

Long-Term Debt			3,052,486	2,948,347

(a) Guaranteed by the Government of Canada.

(b) These bonds are subject to repurchase arrangements.

(c) The Company borrowed $70.0 million at an all-in cost of 10.25% by means of a Euro-yen public note issue and a currency swap.

(d) The Company borrowed $98.6 million at an all-inclusive cost of 11.17% by means of a public bond issue in Switzerland and a currency swap.

(e) $195.2 million of the Government of Canada loan bears interest at 8¾% per annum and is payable in equal semi-annual payments of $13.63 million covering principal and interest to June 30, 1998. The weighted average interest rate on the $195.2 million loan and the advances outstanding at December 31, 1986 and 1985, was approximately 8.2% per annum.

(f) Secured by rolling stock and payable by semi-annual or quarterly instalments over various periods to 1995 at interest rates ranging from 8% to 17¾%. As at December 31, 1986, the principal amounts are payable as U.S. $144.4 million (December 31, 1985—U.S. $167.6 million).

(g) A private placement of 100 million Swiss Francs bearing interest at 5⅛%, due on March 16, 1988, will be repaid on March 16, 1987.

(h) The Company borrowed $42.6 million at an all-inclusive cost of 11.535% by means of a yen syndicated loan and currency swap.

(i) Interest rates for these leases range from approximately 8⅞% to 15⅞% with expiry dates occurring during the years 1987 through 2004. The imputed interest on these leases amounts to $116.2 million (1985—$113.4 million).

(j) Repayable by semi-annual instalments of $218,503, including principal and interest, to August 1, 1988.

(k) Payment of non-cumulative annual interest at 16.55% and repayment of principal during the term and at maturity of the debenture in 2008 are subject to certain conditions.

CANADIAN NATIONAL RAILWAY SYSTEM—*Continued*

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—*Continued*

(l) Principal repayments, including sinking fund repayments, repurchase arrangements and capital lease repayments, on debt outstanding at December 31, 1986, are as follows:

	Year ending December 31
	(in thousands of dollars)
1987	305,812
1988	75,244
1989	76,913
1990	79,437
1991	242,330
1992-1996	1,128,031
1997-2001	808,928
2002-2006	446,553
2007-2011	103,537
2012-2013	47,627

Note 6: Shareholder's Equity

(a) Capital stock

The capital stock of Canadian National Railway Company is as follows:

	Number of Shares	(in thousands of dollars)
Commons Shares of No Par Value Authorized, Issued and Outstanding		
December 31, 1985	6,523,902	2,606,425
Less: shares cancelled in December 1986 in consideration of transfer of all the common shares of CN Marine Inc. and certain assets held by the Company to the Government of Canada pursuant to the enactment on June 27, 1986 of the Marine Atlantic Inc. Acquisition Authorization Act which Act also changed the name CN Marine Inc. to Marine Atlantic Inc.	655,116	327,558
December 31, 1986	5,868,786	2,278,867

(b) Retained Earnings

Under its governing legislation, the Company is required to pay to the Receiver General for Canada a dividend equal to 20% of net income for the year or such greater percentage as the Governor in Council may direct.

Note 7: Major Commitments

(a) Leases

(i) The Company's commitments as at December 31, 1986, under leases, excluding those which have been capitalized and for which the lease obligations are recorded as long-term debt (see Note 5), are as follows:

Non-Cancellable Leases

	Pre-1982 Capital Leases	Operating Leases
	Year ending December 31	
	(in thousands of dollars)	
1987	45,003	78,264
1988	41,850	73,039
1989	33,786	64,956
1990	14,099	40,678
1991	6,073	35,867
1992-1996	10,265	135,667
1997-2001	3,385	26,309
thereafter	853	5,182
Total minimum lease payments	155,314	459,962
Less amount representing imputed interest	31,368	
Present value of net minimum lease payments under capital leases	123,946	

A significant portion of the leases is in respect of railway rolling stock and many of them provide renewal options and an option to purchase the property at fair market value at the end of the lease term.

(ii) Rental expenses under all lease arrangements which have not been capitalized were:

	Year ended December 31		
	1986	1985	1984
	(in thousands of dollars)		
Total expenses	178,034	187,949	197,041
Expenses under pre-1982 capital leases included in total expenses	46,825	50,863	49,380

(iii) Increases in income, assets and liabilities in the consolidated financial statements, which would have arisen if leases entered into prior to 1982 and which satisfied the criteria for capital leases had been capitalized, are as follows:

	Year ended December 31		
	1986	1985	1984
	(in thousands of dollars)		
Net increase in income	11,609	10,776	3,036
Increase in Assets			
Properties			
Leased properties under capital leases	194,092	238,429	266,384
Less accumulated amortization	128,565	156,672	165,731
	65,527	81,757	100,653
Other assets and deferred charges			
Unamortized deferred exchange loss	3,869	17,689	23,323
	69,396	99,446	123,976
Increase in Current Liabilities			
Present value of obligations under capital leases	33,935	33,387	33,954
Increase in Non-Current Liabilities			
Present value of obligations under capital leases	101,622	127,180	154,832
Adjustment to current exchange rate (see Note 1(h))	22,324	30,699	31,097
	123,946	157,879	185,929
Less current portion	33,935	33,387	33,954
	90,011	124,492	151,975

(b) Other

The Company has commitments at December 31, 1986, for capital expenditures of $29.3 million for railway ties and $50.4 million for rolling stock.

CANADIAN NATIONAL RAILWAY SYSTEM—*Continued*

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—*Continued*

Note 8: Subsidies

Revenues include the following subsidies:

	Year ended December 31		
	1986	1985	1984
	(in thousands of dollars)		
Government of Canada			
(a) Payments under the Railway Act paid under authority of that Act and the related Appropriation Act in respect of certain uneconomic operations, services and prescribed rates which railways are required by the Railway Act to maintain	39,641	37,151	48,762
(b) Interim payments to partially offset revenue shortfalls associated with the cost of carrying grain at uneconomic statutory rates			8,660
(c) Maritime Freight Rates Act and Atlantic Region Freight Assistance Act subsidies	18,735	20,460	20,727
(d) Sundry	2,502	6,074	2,433
Other assistance	163	167	168
	61,041	63,852	80,750

Note 9: Pensions

The Company has retirement benefit plans covering substantially all its employees under which they are entitled to benefits at retirement age generally based on compensation and length of service and/or contributions. Annual pension costs were:

Year ended December 31		
1986	1985	1984
(in thousands of dollars)		
194,425	139,956	167,156

The effect of the most recent actuarial valuations reduced 1986 pension costs by $0.8 million (1985—$58.6 million, 1984—$46.4 million).

Total past service costs (surplus) remaining to be charged to operations based on the latest actuarial valuation at the time adjusted for subsequent changes, were:

	December 31		
	1986	1985	1984
	(in thousands of dollars)		
Canadian plans	1,530,194	1,528,639	1,480,297
U.S. plans	(11,155)	13,281	13,347
	1,519,039	1,541,920	1,493,644

The past service costs relating to the Canadian plans at December 31, 1986 will be charged to operations in annual amounts, including principal and interest, as follows:

	Annual Cost (in thousands of dollars)
1987	126,204
1988	124,169
1989	123,982
1990	124,422
1991	130,060
1992	135,970
1993	118,168
1994	120,102
1995	126,244
1996	126,980
1997	125,610
1998	123,825
1999	126,436
2000	136,757
2001	154,847
2002	163,364
2003	172,349
2004	181,828
2005	191,828
2006	202,379

In 1986 the new recommendations on Employers' Accounting for Pensions from the Financial Accounting Standards Board were adopted for the U.S. plans. This resulted in a surplus of approximately $11.2 million which is amortized at an annual rate of $0.8 million including principal and interest to the year 2000 inclusive.

For the year 1986 and 1985 funding exceeded the charge to operations by $16.8 million and $88.5 million respectively, whereas in 1984 charges to operations exceeded funding by $36.6 million. The cumulative excess of charges to operations over funding requirements amounts to $12.9 million (1985—$29.7 million) and is included in Other Liabilities and Deferred Credits.

Note 10: System Interest Expense

	Year ended December 31		
	1986	1985	1984
	(in thousands of dollars)		
Interest			
Total interest on long-term debt	380,977	333,574	281,097
Amortization of foreign exchange on long-term debt*			65,427
Interest on short-term borrowings	6,889	5,381	15,907
Interest income	(5,567)	(2,713)	(13,320)
	382,299	336,242	349,111

* Pursuant to the hedging of foreign currency long-term debt (Note 1(h)), the reduction of the deferred foreign exchange loss, which in 1986 amounted to $30.9 million (1985—$12.8 million), has been shown as a reduction of CN Rail revenues.

Note 11: Income Taxes

(a) The Company has timing differences of approximately $500 million which are available to reduce taxable income of future years. Of that amount, about $268 million is due to the excess of the undepreciated capital cost for income tax purposes over the net book value of depreciable assets.

CANADIAN NATIONAL RAILWAY SYSTEM—*Continued*

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—*Continued*

(b) Investment tax credits are also available to reduce future income taxes otherwise payable until the related year of expiry:

Year of Expiry	(in millions of dollars)
1987	32.0
1988	4.2
1990	25.7
1991	33.6
1992	29.7
1993	17.2

The Company is eligible for a refund of 20% of the current year's investment tax credits in respect of qualified expenditures and has recognized the resulting benefit as a reduction of such expenditures.

(c) The Company's provision for income taxes is made up as follows:

	Year ended December 31		
	1986	1985	1984
	(in thousands of dollars)		
Provision for (recovery of) income taxes based on combined basic Canadian federal and provincial tax rate of 49.8% (1985—48.9%, 1984—48.0%)	(42,967)	57,752	116,325
Increase (decrease) in taxes resulting from			
Non-allowable scientific research expenditures, net of proceeds from sale of related tax credits			5,469
Non-taxable portion of capital gain on disposals of discontinued operations	(21,631)		
Non-allowable foreign exchange loss on conditional sale agreements	1,535	437	
Refundable investment tax credits			(4,224)
Profit on sale of land	(2,528)	(2,874)	(4,076)
Unapplied losses	62,256		
Other	3,335	2,508	3,629
Actual provision for income taxes resulting in an effective tax rate of nil (1985—49.0%, 1984—48.3%)		57,823	117,123

Note 12: Segmented Information

(a) Geographic Areas

Virtually all of the System's operations and assets are within Canada with the exception of Grand Trunk Corporation which operates in the United States.

(b) International Traffic

In addition to the revenue generated by Grand Trunk Corporation, the System derives revenue from traffic originating or terminating on railroads in the United States. In 1986, such revenues approximated $587 million (1985—$628 million, 1984—$662 million).

*Represents additions to property, plant and equipment.

Note 13: Other Matters

(a) The Company carries on ordinary business transactions with various entities controlled by the Government of Canada on the same terms and conditions as current transactions with unrelated parties.

In addition, the Company provides, under contractual arrangements, rail transportation and maintenance services to the Government of Canada and to entities controlled by the latter. The revenue derived from such services rendered in 1986 aggregated $203.0 million (1985—$320.0 million, 1984—$351.8 million).

(b) Following enactment of the Western Grain Transportation Act, which became effective on January 1, 1984, the Government of Canada, in order to minimize the cost to grain shippers, pays a portion of the cost of shipping grain. Amounts received from the Government of Canada under the Western Grain Transportation Act amounted to $378.0 million in 1986 (1985—$278.9 million, 1984—$331.9 million), a reflection of the volume of grain handled.

(c) Commencing in 1977, the Government of Canada has agreed to pay to the Company, by way of capital grants not exceeding $557.9 million, certain amounts with respect to expenditures incurred in carrying out rehabilitation programs for branch lines in Western Canada. Total payments received up to December 31, 1986, amounted to $431.4 million of which $34.5 million was received in 1986 (1985—$43.7 million).

(d) As part of a program commenced in 1981 for the testing and evaluation of railway operations in Newfoundland, the Government of Canada reimbursed CN for certain costs. Total billings under this program amounted to $5.3 million in 1986 (1985—$7.6 million).

Note 14: Reclassification of Comparative Figures

During 1986, changes were made to improve the classification of certain items and for comparative purposes the 1985 and 1984 figures have been reclassified.

SUMMARY PAGE

CANADIAN NATIONAL (WEST INDIES) STEAMSHIPS, LTD.

MANDATE

To collect monies due to it from the sale of eight steamships to Cuban interests.

BACKGROUND

The corporation, which provided a steamship service to the West Indies, has been inactive since 1958 when its fleet of ships was sold to Banco Cubana of Havana. In 1959, the corporate management was transferred to federal government officials for the purpose of collecting the proceeds from the sale. An irrevocable letter of credit issued through the Bank of America to cover the final principal payment was not honoured because of the imposition of the Cuban Assets Control Regulations by the U.S. government on July 3, 1963. The sole purpose of maintaining the company has been to collect the outstanding principal plus interest, totalling $1.1 million as of December 31, 1986. Authority to dissolve the corporation was given in the *Crown Corporations Dissolution Authorization Act*, which received Royal Assent on October 29, 1985. The corporation will not be dissolved until the Bank of America provides assurances that payment would be made to Her Majesty in right of Canada.

CANADIAN NATIONAL (WEST INDIES) STEAMSHIPS LTD.

AUDITOR'S REPORT

TO THE MINISTER OF TRANSPORT

I have examined the balance sheet of Canadian National (West Indies) Steamships Ltd. as at December 31, 1986 and the statement of income and retained earnings for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the corporation as at December 31, 1986 and the results of its operations for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Further, in my opinion, the transactions of the corporation that have come to my notice during my examination of the financial statements have, in all significant respects, been in accordance with Part XII of the Financial Administration Act and regulations, the Canada Business Corporations Act and the by-laws of the corporation.

Retained earnings at end of the year	831,870	734,316

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 1986

1. Authority and activities

The Corporation is continued under the Canada Business Corporations Act and is a parent Crown corporation named in Schedule C Part I to the Financial Administration Act. It ceased all active operations in 1957, at which time it sold its fleet of eight vessels to Cuban interests.

On October 29, 1985, Parliament passed the Crown Corporations Dissolution Authorization Act which authorized the Minister of Finance to dissolve the Corporation.

An assignment has been prepared in which the Corporation transfers to Her Majesty in Right of Canada all its rights and interests in, to or arising out of the letter of credit referred to in Note 2 below. However, this document has not yet been executed since the consent from BankAmerica International to this assignment and their acknowledgement that payment under the letter of credit will be made to Her Majesty in Right of Canada, have not yet been received.

Accordingly, the Corporation remains to be dissolved and as such the blocked funds are still recorded as an asset of the Corporation.

The dissolution process will be completed when the consent and acknowledgement are received from BankAmerica International.

2. Blocked funds

The final installment of $470,400 on the sale of the eight vessels to Cuban interests was due to be paid August 19, 1963 by an irrevocable letter of credit issued through BankAmerica International (then known as Bank of America). However, on July 3, 1963, the United States Cuban Assets Control Regulations became effective and prohibited the Bank from honouring payment of the draft. Amendments to the Regulations, effective March 2, 1979 required blocked funds to be held in an interest-bearing account. At December 31, 1986, accrued interest amounted to $604,030 (1985—$506,489).

Negotiations to obtain a preferred status in order to receive the blocked funds have not been successful. In the opinion of management, based on legal counsel, these funds will be collected when the Regulations are repealed by the United States. A waiver of the application of the statute of limitations has been obtained until January 1, 1989, and further extensions will be obtained as required.

Since 1984, the BankAmerica International has withheld 15% of interest earned on the funds blocked at the Bank by the Cuban Asset Regulations as a tax on non-resident earnings. To date $46,518 has been withheld including interest of $8,069. In management's opinion, the tax exempt status of the Corporation is preserved in the United States by the Tax Convention of 1984. Therefore, amounts withheld and the interest forgone thereupon have been included in income and assets and accordingly no liability recorded.

3. Matured bonds—Unclaimed

The matured bonds have been unclaimed since March 1, 1955 and as a result of the statute of limitations there is no legal obligation to redeem them. However, the Corporation intends to honour any of the outstanding bonds should they be presented.

4. Due to Canada

The advances from Canada bear no interest and are repayable when the blocked funds are received.

SUMMARY PAGE

CANADIAN PATENTS AND DEVELOPMENT LIMITED

MANDATE

To secure optimum benefits to Canada from commercially utilizable technology accruing to the Crown from expenditure of federal funds.

BACKGROUND

The corporation makes available to the public the industrial and intellectual property resulting from government-funded research and development. It makes licensing arrangements with industry and monies received thereby are used to cover most of its operating expenses. Awards are paid to inventors under the *Public Service Inventors Act*.

NOTES TO FINANCIAL STATEMENTS MARCH 31, 1987

1. Authority and operations

Canadian Patents and Development Limited is a Crown corporation named in Part I of Schedule C to the Financial Administration Act and is incorporated under the Canada Business Corporations Act. The Corporation was established to make available to the public, through licensing arrangements with industry, the industrial and intellectual property which results from publicly-funded research and development.

The Corporation receives and processes industrial and intellectual property under arrangements with federal government departments, Crown corporations and agencies, universities, and other publicly-financed institutions. Suitable protection is sought in Canada and other countries for such property in instances where there is a promise of commercial use. In respect of money received from the exploitation of such property, the Corporation pays awards to public servants under the Public Servants Inventions Act and makes payments to other originators of such property in accordance with the agreements entered into with them.

2. Significant accounting policies

Industrial and intellectual property rights

Industrial and intellectual property rights are recorded at a nominal value of $1. The net cost of acquisition, protection and maintenance of industrial and intellectual property rights is charged to operations as incurred (Notes 3 and 5).

Experimental equipment on loan to a licensee

Experimental equipment on loan to a licensee is recorded at a nominal value of $1. The cost of this equipment is charged to operations in the year of acquisition.

Employee termination benefits

Employees are entitled to specified benefits on termination as provided for under labour contracts and conditions of employment. The liability for these benefits is recorded as the benefits accrue to the employees.

Pension plan

Employees of the Corporation are covered by the Public Service Superannuation Plan administered by the Government of Canada. The Corporation's contributions to the cost of the Plan under present legislation are limited to an amount equal to the employees' contributions on account of current service. These contributions represent the total pension obligations of the Corporation and are recognized in the accounts on a current basis. The Corporation is not required under present legislation to make contributions with respect to actuarial deficiencies of the Public Service Superannuation Account or with respect to charges to the Consolidated Revenue Fund for indexation payments under the Supplementary Retirement Benefits Act.

3. Industrial and intellectual property rights

The accumulated cost of current inventory of unexpired patent and other rights in respect of industrial and intellectual property amounts to $3,399,799 (1986—$2,884,259).

4. Experimental equipment on loan to a licensee

The accumulated cost of experimental equipment purchased under active development contracts and held by a licensee amounts to $123,500 (1986—$123,500).

CANADIAN SALTFISH CORPORATION

AUDITOR'S REPORT

TO THE MINISTER OF FISHERIES AND OCEANS

I have examined the balance sheet of the Canadian Saltfish Corporation as at March 31, 1987 and the statements of operations, deficit and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1987 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Further, in my opinion, the transactions of the Corporation that have come to my notice during my examination of the financial statements have, in all significant respects, been in accordance with Part XII of the Financial Administration Act and regulations, the Saltfish Act and the by-laws of the Corporation, except for the activities involving frozen fish products described in Note 1 to the financial statements. In my opinion, these activities are not within the powers of the Corporation under the Saltfish Act.

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1987

1. Authority, objectives and operations of the Corporation

The Canadian Saltfish Corporation was established by the Saltfish Act in 1970, to improve the earnings of the primary producers of cured codfish. The Corporation is a Crown corporation of Canada without share capital, named in Schedule C, Part I to the Financial Administration Act, is an agent of Her Majesty, and is required to conduct its operations in a self-sustaining financial basis. The Corporation is dependent on the Government of Canada for working capital and capital asset loans and is not subject to income taxes.

The Corporation has the exclusive right to trade in and market cured fish and its by-products in the Province of Newfoundland and the Lower North Shore of Quebec and is required to buy all cured codfish of an acceptable standard of quality offered for sale therein. Fish is purchased from fishermen, processed through agents of the Corporation and is subsequently marketed by the Corporation, primarily to foreign countries.

Traded fish and frozen fish products

The Corporation is involved in the role of marketing frozen fish products (traded fish) on behalf of independent producing companies for a commission. These transactions are recorded as sales and cost of goods sold in the statement of operations.

The Corporation also markets frozen fish products under contractual arrangements with a number of companies. Under these agreements, the Corporation may make advances based on the projected market value to the producer. The balance of the market value received by the producing company is determined by the ultimate selling price and all related expenses. For providing this service the Corporation recovers its direct costs, certain overhead expenses and charges interest on advances.

CANADIAN SALTFISH CORPORATION—*Concluded*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1987—*Concluded*

In certain instances, in order to secure the Corporation's position against any possible third party claims against the producer, the Corporation takes title to the product when it leaves the plant. These sales and related cost of goods sold are recorded as offsetting amounts in the statement of operations. The agreement with the producing company attributes any gain or loss on the ultimate sale of the product to the producer.

The total frozen fish sales that the Corporation was involved in marketing are as follows:

	1987	1986
	$	$
Traded frozen fish products	1,870,859	1,879,214
Frozen fish products	34,541,085	16,760,410
	36,411,944	18,639,624

In addition, the Corporation was involved in the marketing of $9,730 (1986—$1,318,805) of frozen fish products where title did not pass. These sales and related cost of goods sold were not recorded in the statement of operations.

2. Significant accounting policies

Depreciation

Depreciation is calculated on the straight-line method and is based on the estimated useful lives of the assets as follows:

Buildings	20 years
Equipment	3 to 10 years
Furniture and fixtures	5 years

Foreign currency translation

Monetary assets and liabilities are translated at exchange rates in effect at the balance sheet date. Revenues and expenses are translated at the rate of exchange prevailing on the transaction date. The resulting foreign currency translation gains and losses are included in the results of operations.

Pension plan

Employees are covered by the Public Service Superannuation Plan administered by the Government of Canada. Contributions to the plan are required from both the employee and the Corporation. Contributions with respect to current services are expensed in the current period.

Employee termination benefits

Employees are entitled to specific benefits on termination as provided for under labour contracts and conditions of employment. The liability for these benefits is recorded in the accounts as the benefits accrue to the employees.

Additional contributions to primary producers of cured codfish

The Corporation purchases saltfish at initial prices established by the Board of Directors and obtains processing services at negotiated rates. Additional contributions, if any, to primary producers of cured codfish are determined by the Board based on the results of operations for the year. Contributions are charged to operations in the year in which they are approved for distribution.

3. Inventories

Inventories are made up of the following categories:

	1987	1986
	$	$
Saltfish, at lower of cost and net realizable value	1,723,546	3,407,328
Packages and supplies, at cost	468,235	390,516
Salt, at cost	247,739	228,870
	2,439,520	4,026,714
Frozen fish, at lower of cost and net realizable value	10,458,716	1,657,651
	12,898,236	5,684,365

4. Advances to frozen fish producers

Advances are secured by mortgages on plant and equipment and floating charges on other assets.

5. Long-term receivable

This receivable (net of a bad debt allowance of $1,000,000) has been outstanding since April 1984. During 1986 the Corporation secured a first mortgage on property owned by this account for the appraised value of the property, which was approximately $1,000,000. The Corporation has commenced legal proceedings to foreclose on this mortgage. Management is of the opinion that no further write-down is required at this time.

6. Fixed assets

	1987			1986
	Cost	Accumulated depreciation	Net book value	Net book value
	$	$	$	$
Land	117,274		117,274	117,274
Buildings	1,027,213	422,651	604,562	604,031
Equipment	1,981,864	1,494,132	487,732	227,913
Furniture and fixtures	255,935	167,578	88,357	87,388
	3,382,286	2,084,361	1,297,925	1,036,606

7. Loans from Canada

Working capital loans are interest bearing (based upon current rates as set by the Bank of Canada) and are repayable within one year.

Total loans outstanding from Canada and banks shall not exceed $50 million.

Loans obtained to finance capital expenditures bear interest and are subject to repayment in ten equal annual instalments. Outstanding capital asset loans are as follows:

Due date	Interest rate	1987	1986
	%	$	$
March 27, 1989	10⅛	20,000	30,000
September 28, 1989	10	240,000	320,000
September 30, 1990	12⅜	240,000	300,000
		500,000	650,000
Less: current portion		150,000	150,000
		350,000	500,000

Repayment requirements over the next five fiscal years are $150,000 in 1988 and 1989; $140,000 in 1990 and $60,000 in 1991.

8. Related party transactions

The Corporation sold approximately $5.6 million of saltfish products to the Canadian International Development Agency. These transactions were in the normal course of business and at regular commercial rates.

9. Remuneration to foreign sales agents

During the year $115,021 (1986—$166,652) was paid to five foreign sales agents with whom the Corporation has commission agents' agreements. For reasons of commercial confidentiality the Corporation does not publish the names of its foreign sales agents.

10. Comparative figures

Certain comparative figures have been restated to conform to the current year's presentation.

SUMMARY PAGE

THE CANADIAN WHEAT BOARD

MANDATE

The Board's mandate is to market wheat, oats and barley grown in western Canada in the best interests of western Canada's grain producers. It administers the *Prairie Grain Advance Payments Act*.

BACKGROUND

The Board was established in 1935 by Act of Parliament and is now responsible for all exports of wheat, oats, and barley grown in a designated area which includes the prairie provinces and small parts of British Columbia. It is also responsible for sales of these grains for human consumption in Canada. The Board may sell domestic feed grains, but in general these sales are handled by producers themselves or by the private trade. The Board does not own or operate grain handling facilities. Co-operative and private companies handle Board grain as agents. The Board issues a government-guaranteed initial payment when the producer delivers grain. Receipts are pooled, and a final payment net of marketing costs is made after the full year's returns, by grain and grade, have been calculated. Deficits are rare but, if they occur they are, by statute, a charge upon the Consolidated Revenue Fund of Canada. The Board negotiates directly with customers, or through Accredited Exporters. Most sales are cash, but the Board does offer credit at commercial rates for up to three years if the credit is guaranteed by the Federal Government.

THE CANADIAN WHEAT BOARD

AUDITORS' REPORT

TO THE CANADIAN WHEAT BOARD

We have examined the balance sheet of The Canadian Wheat Board as at July 31, 1986, and the statements of operations for the 1985-86 pool accounts for amber durum wheat, designated oats, barley and designated barley for the period August 1, 1985 to completion of operations on October 31, 1986, the statements of operations for the 1985-86 pool accounts for wheat and oats for the period August 1, 1985 to completion of operations on November 30, 1986, the statement of administrative and general expenses and allocations to operations for the year ended July 31, 1986, the statement of advance payments to producers under the Prairie Grain Advance Payments Act as at July 31, 1986, and the statement of special account transactions for the year ended July 31, 1986. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the Board as at July 31, 1986 and the results of operations for the periods shown, in accordance with generally accepted accounting principles consistently applied.

THE CANADIAN WHEAT BOARD—*Continued*

FINANCIAL RESULTS AND NOTES TO FINANCIAL STATEMENTS

The Financial Statements of the Canadian Wheat Board including notes thereto for the crop year consist of the Balance Sheet (Exhibit I), which sets forth the financial position of the Board as at July 31, 1986, together with other statements (Exhibits II to X) showing the results of Board operations for the year.

The practice of the Board is to include in its accounts at July 31, the final operating results of pool accounts when marketing operations have been completed before the issuance of the annual report. Operations on the 1985-86 Pool Accounts for Amber Durum Wheat, Designated Oats, Barley and Designated Barley were completed on October 31, 1986, and for Wheat and Oats on November 30, 1986. Details of the final operating results of these pool accounts with commentary thereon are presented in this section of the report.

Although the basic measurement for grain has been the "tonne" since February 1, 1978, for your information a tonne equals 36.74371 bushels of Wheat, 64.84183 bushels of Oats or 45.92963 bushels of Barley.

Pool Account — Wheat

Initial Payments

During the crop year the Board was authorized to purchase wheat from producers at a fixed initial price of $160.00 per tonne for No. 1 Canada Western Red Spring.

Supplies of Wheat

Supplies of wheat in the 1985-86 Pool were 21,728,221 tonnes, comprised of 18,931,918 tonnes delivered by producers, 153,256 tonnes acquired from other than producers and 2,643,047 tonnes purchased from the previous pool.

Grade Pattern

Deliveries of grain to the 1985-86 Pool Account were of substantially lower quality compared with receipts in the previous pool. Deliveries of Nos. 1 and 2 Canada Western Red Spring totalled 9.659 million tonnes or 51.02 per cent of total receipts, while No. 3 Canada Western Red Spring receipts of 5.524 million tonnes amounted to 29.18 per cent of total receipts. Deliveries of Utility grades including Canada Feed amounted to 2.026 million tonnes or 10.70 per cent of total producer deliveries. Approximately 19.32 per cent of producer deliveries graded tough while 3.92 per cent graded damp.

Final Statement of Operations — Wheat — Table A

Marketing operations on the Pool Account for Wheat resulted in a deficit of $22,994,777 which is recoverable from the Government of Canada with funds provided by Parliament. The total payment realized by producers is therefore equal to the initial payments as shown in Table B.

TABLE B

Grade	Initial payments (dollars per tonne)
Red Spring Wheat Grades	
No. 1 Canada Western Red Spring	160.00
No. 2 Canada Western Red Spring	154.21
No. 3 Canada Western Red Spring	146.21
No. 1 Canada Utility	142.21
No. 2 Canada Utility	128.21
Canada Feed	121.00
No. 1 Canada Western Red Winter	145.21
No. 2 Canada Western Red Winter	143.21
No. 1 Canada Western Soft White Spring	132.00
No. 2 Canada Western Soft White Spring	129.00

Operating Costs

Operating costs incurred applicable to the pool were $172,467,900 or $9.110 per tonne. Details of the principal costs and comment thereon follow:

Carrying Charges — $107,187,640

Total carrying charges incurred by the Board, including storage and interest charges on wheat in country elevators and storage on wheat in terminal elevators amounted to $107,187,640 or $5.661 per tonne.

Bank Interest and Net Interest on Other Board Accounts — ($2,674,500)

This consists mainly of bank interest and interest paid to or received from other Board accounts. Interest earned, exceeded interest paid by $2,674,500 or $.141 per tonne.

Additional Freight — To Terminals — $8,087,425 — Freight Rate Change — ($126,518)

During the crop year the Board paid $8,087,425 of additional freight arising out of the movement of grain in adverse direction.

With the abolition of the Crows Nest Pass Freight rate on December 31, 1983, freight rates are reviewed annually under the Western Grain Transportation Act. On August 1, 1986, freight rates declined by approximately $.02 per tonne and the Board collected the resulting freight saved on the country stocks held by its agents on August 1, 1986, amounting to $126,518 in the Wheat Account.

Drying Charges — $23,113,388

Drying charges for 1985-86 totalled $23,113,388, a very significant increase from the previous year, reflecting the substantial quantities of tough and damp grain delivered to the pool under review.

Interest and Depreciation on Wheat Board Hopper Cars — $10,681,214

Costs for the use of the Board's 2,000 hopper cars include depreciation and interest. Hopper car expenses attributable to the 1985-86 Wheat Account totalled $10,681,214 compared to $10,170,355 for the previous pool.

Pool Account — Amber Durum Wheat

Initial Payments

During the crop year the Board was authorized to purchase Amber Durum Wheat from producers at a fixed initial price of $160.00 per tonne for No. 1 Canada Western Amber Durum Wheat.

Supplies of Amber Durum Wheat

Supplies of Amber Durum Wheat in the 1985-86 Pool were 1,812,922 tonnes, comprised of 1,685,977 tonnes delivered by producers, 7,299 tonnes acquired from other than producers and 119,646 tonnes purchased from the previous pool.

Grade Pattern

Receipts of Nos. 1, 2 and 3 Canada Western Amber Durum totalled 1.414 million tonnes or 83.85 per cent of total producer deliveries. Approximately 19.09 per cent of producer deliveries graded tough while 2.29 per cent graded damp.

Final Statement of Operations and Surplus for Distribution to Producers — Amber Durum Wheat — Table C

Table C shows the operating results of the Pool Account for the crop year. Marketing operations resulted in a surplus of $25,466,720. Operating expenses totalled $14,264,055 for the year or $8.460 per tonne. The principal cost was carrying charges amounting to $9,292,325 or $5.511 per tonne. After allowing for the cost of issuing the final payment and estimated interest earnings subsequent to October 31, 1986, the net surplus for distribution to producers was $26,008,379. This represents an overall average of $15.426 per tonne on producer deliveries of 1,685,977 tonnes. Table D shows the total payment received by producers for the principal grades of Amber Durum Wheat delivered during the crop year. This table shows the total price realized by producers for No. 1 Canada Western Amber Durum Wheat of $181.302 per tonne, compared to $204.853 per tonne for the previous pool.

Pool Account—Oats

Commencing August 1, 1981, as authorized by Order-in-Council, oats selected and accepted from producers for use in processing and milling for human consumption has been set up in a separate pool under the caption "Designated Oats". As a result, the transactions described herein consist mainly of marketing results related to feeding grades of oats.

Initial Payments

During the crop year the Board was authorized to purchase oats from producers at a fixed initial price of $100.00 per tonne for No. 1 Feed Oats.

Grade Pattern

Deliveries of Nos. 1 and 2 Canada Western Oats comprised .16 per cent of producer deliveries with feeding grades constituting the remaining 99.84 per cent of total receipts. Board receipts of tough and damp oats made up 11.20 per cent of deliveries.

Final Statement of Operations—Oats—Table E

Table E shows the operating results of the Pool Account for the 1985-86 crop year. Marketing operations resulted in a deficit of $6,919,810 which is recoverable from the Government of Canada with funds provided by Parliament. The total payment realized by producers is therefore equal to the initial payments as shown in Table F. Operating expenses totalled $2,529,336 or $12.748 per tonne. The principal cost was carrying charges amounting to $1,595,882 or $8.043 per tonne.

Pool Account—Designated Oats

Beginning with the crop year commencing on August 1, 1981, oats that have been delivered to the Board to be sold by the Board to purchasers who have selected and accepted the oats for use in processing and milling for human consumption, have been set up in a separate account. This account has been labeled "Designated Oats" and the results of operations on this account with comment thereon are contained in this section of the report.

Initial Payments

During the crop year the Board was authorized to purchase Designated Oats from producers at fixed initial prices of $130.00 and $128.00 per tonne for Nos. 1 and 2 Canada Western Oats respectively and $124.00 per tonne for No. 1 Feed Oats.

Supplies and Grade Pattern

Supplies of oats in the designated pool were 36,714 tonnes representing deliveries to the Board by producers during the crop year of oats which were selected and accepted by purchasers for use in processing and milling for human consumption. Receipts of Nos. 1 and 2 Canada Western Oats totalled 21,064 tonnes or 57.37 per cent of total deliveries. Feeding grades totalled 15,650 tonnes or 42.63 per cent of total receipts.

THE CANADIAN WHEAT BOARD—*Continued*

FINANCIAL RESULTS AND NOTES TO FINANCIAL STATEMENTS—*Continued*

Final Statement of Operations and Surplus for Distribution to Producers—Designated Oats—Table G

Table G shows the operating results of this pool account for the crop year. Marketing operations resulted in a surplus of $635,944. As to operating costs, it should be noted that the Designated Oats Pool, by its very nature, does not incur the handling expenses normally related to feeding grades of oats. It is not stored by the Board, being selected by the purchaser and shipped at his request from farm to processing plant via the country elevator. As a result, the only expenses incurred attributable to such oats were costs related to hopper cars owned by the Wheat Board and administrative charges totalling $56,310 or $1.534 per tonne. These expenses were more than offset by interest earnings of $67,518 or $1.839 per tonne on the accumulating surplus in the pool. After providing for the cost of issuing the final payment and adding estimated interest earnings subsequent to October 31, 1986, the net surplus for distribution to producers was $649,496 or $17.691 per tonne on producer deliveries of 36,714 tonnes. Table H shows the total payment received by producers for the principal grades of Designated Oats delivered during the crop year.

Pool Account—Barley

Since August 1, 1975, as authorized by Order-in-Council, barley selected and accepted from producers for the use of malting, pot or pearling, has been set up in a separate pool under the caption "Designated Barley". As a result, the transactions remaining in the Barley Pool Account described here consist mainly of marketing results related to feeding grades of barley.

Initial Payments

At the beginning of the crop year the Board was authorized to purchase barley from producers at a fixed initial price of $110.00 per tonne for No. 1 Feed Barley.

Supplies and Grade Pattern

Supplies in the regular Feed Barley pool were 5,446,720 tonnes comprised of 4,947,005 tonnes delivered by producers, 18,862 tonnes acquired from other than producers and 480,853 tonnes purchased from the previous pool. Deliveries of Nos. 1 and 2 Feed Barley comprised 93.23 per cent of the producer deliveries in the pool. Board receipts of tough and damp barley made up 4.40 per cent of deliveries.

Final Statement of Operations—Barley—Table I

Table I shows the operating results of the Pool Account for the crop year. Marketing operations resulted in a deficit of $171,370,689 which is recoverable from the Government of Canada with funds provided by Parliament. The total payment realized by producers is therefore equal to the initial payments as shown in Table J. Operating expenses totalled $38,734,279 for the year or $7.830 per tonne. The principal cost was carrying charges amounting to $14,579,769 or $2.947 per tonne.

No. 2 Canada Western Two-Row	111.93
No. 1 Feed	110.00
No. 2 Feed	107.43

Pool Account — Designated Barley

As stated previously, since August 1, 1975, barley that has been delivered to the Board to be sold by the Board to purchasers who have selected and accepted the barley for the use of malting, pot or pearling, has been set up in a separate pool account. This account has been labelled "Designated Barley" and the results of operations on this account with comment thereon are contained in this section of the report.

Initial Payments

At the beginning of the crop year the Board was authorized to purchase Designated Barley from producers at a fixed initial price of $155.00 per tonne for No. 2 Canada Western Six-Row and $165.00 per tonne for No. 2 Canada Western Two-Row.

Supplies and Grade Pattern

Supplies of barley in the designated pool were 645,255 tonnes representing deliveries to the Board by producers during the crop year of barley which has been selected and accepted by purchasers for the use of malting, pot or pearling. Of these receipts 342,421 tonnes or 53.07 per cent were row grades and 302,834 tonnes or 46.93 per cent were feeding grades. Receipts of tough and damp grades totalled 46,921 tonnes or 7.27 per cent of total.

Final Statement of Operations and Surplus for Distribution to Producers—Designated Barley—Table K

THE CANADIAN WHEAT BOARD—*Continued*

FINANCIAL RESULTS AND NOTES TO FINANCIAL STATEMENTS—*Continued*

Table K shows the operating results of this pool account for the crop year. Marketing operations resulted in a surplus of $21,213,932. As to operating costs, it should be noted that the Designated Barley Pool by its very nature does not incur the handling expenses normally related to feeding grades of barley or other grains. It is not stored by the Board, being selected by the processor (buyer) from a producer's sample and is shipped on buyer's call directly from farm to processing plant via the country elevator. As a result the only expenses incurred attributable to such barley were costs related to hopper cars owned by the Wheat Board and administrative charges totalling $989,653 or $1.534 per tonne. These expenses were more than offset by interest earnings of $2,036,919 or $3.157 per tonne on the accumulating surplus in the pool. After allowing for the cost of issuing the final payment and estimated interest earnings subsequent to Ocotber 31, 1986, the net surplus for distribution to producers was $21,683,836 or $33.605 per tonne on producer deliveries of 645,255 tonnes. This is compared to $25,284,020 or $35.501 per tonne for the previous year.

Table L shows the total payment received by producers for the principal grades of Designated Barley. The final return to producers for deliveries of No. 2 Canada Western Six-Row and No. 2 Canada Western Two-Row was $183.395 and $203.395 respectively, compared to $188.937 and $199.401 for these two grades respectively in the previous pool.

THE CANADIAN WHEAT BOARD—*Continued*

FINANCIAL RESULTS AND NOTES TO FINANCIAL STATEMENTS—*Continued*

NOTES TO FINANCIAL STATEMENTS

The following are an integral part of the financial statements.

1. Accounting policies

(a) Operating results and valuation of stocks of grain

The annual accounts at July 31 include the final operating results of all pool accounts for the crop year ended July 31 when marketing operations have been completed before the issuance of the annual report for that year. In determining the financial results for such pools the accounts of the Board at July 31 include:

(i) the stocks of such grains on hand at that date at the values which were ultimately received from the sale thereof basis in store Thunder Bay, Vancouver or Churchill; and

(ii) provision for all expenses incurred or to be incurred before the sales proceeds are realized in cash or in bills of exchange, including a charge for the portion of administrative and general expenses to be incurred subsequent to July 31 but relating to the marketing and accounting for the grains in the various pools before they are closed.

For pool accounts for which marketing operations have not been completed before the issuance of the annual report, the unsold stocks at July 31 are valued at cost, which is the initial price paid to producers, and no provision is made for carrying costs, interest, and administrative expenses beyond that date. Any debit or credit balance in these accounts is carried on the balance sheet.

(b) Foreign currency translations

Bills of exchange receivable in United States funds which are covered by forward exchange contracts are translated at the contract rates. In all other cases, bills of exchange receivable and bank loans payable in United States funds are translated at the rate of exchange in effect as at the balance sheet date, as is also the liability for debentures repayable in United States funds.

Foreign exchange adjustments arising from conversion of bills of exchange and bank loans are included in operating results. Adjustments arising from conversion of debenture debt are amortized over the term of the debentures.

(c) Depreciation

The rates of depreciation being applied are intended to fully depreciate assets over their expected lives and are as follows:

Hopper cars	30 years
Office building	40 years
Office furniture and equipment	10 years
Automotive equipment (to ⅓ residual value)	2 years

(d) Administration and general expenses

Administration and general expenses, except for that portion of such expenses attributable to distributing final payments to producers, are allocated to the various pool account operations to which the services relate on the basis of the relative tonnage. Expenses attributable to final payments are allocated on the basis of the number of producers receiving payments from the various pool accounts.

2. Bills of exchange plus accrued interest

Of the total bills of exchange receivable, $1,348,265,483 (1985—$1,499,477,966) represents the Canadian equivalent of $976,791,627 (1985—$1,111,053,626) repayable in United States funds.

The balances receivable arise from sales of grain to Brazil, Egypt, German Democratic Republic, Haiti, Iraq, Israel, Jamaica, Mexico, Peru, Poland and Zambia. The terms call for payment in full within 36 months or less from time of shipment, except for Brazil, Haiti, Jamaica, Peru, Poland and Zambia where the Board, together with the Canadian Government, have agreed to reschedule certain receivables beyond their original maturity dates. Terms of such reschedulings call for payment of interest and the rescheduled debt within ten years. As at July 31, total reschedulings amounted to $459,164,319 including $35,913,045 which is the Canadian equivalent of $26,032,957 receivable in United States currency.

As at July 31, 1986, amounts due and unpaid from Poland total $1,927,274,624 which includes the Canadian equivalent of $761,301,738 receivable in U.S. funds. Subsequent to the year end, the Board together with the Government of Canada concluded a bilateral rescheduling agreement with the Government of the Polish People's Republic, rescheduling all amounts matured and unpaid together with interest accrued thereon for the period January 1, 1982, to December 31, 1984, amounting to $1,453,356,541 which includes the Canadian equivalent of $539,059,681 receivable in U.S. funds. In accordance with a multilateral arrangement reached between Poland and official creditors, Poland is presently in the process of negotiating a further rescheduling for amounts matured and unpaid during calendar year 1985 amounting to $181,851,468 which includes the Canadian equivalent of $121,752,728 receivable in U.S. funds. The balance of amounts due and unpaid totalling $292,066,615 which includes the Canadian equivalent of $100,489,329 receivable in U.S. funds represents accrued interest and principal unpaid on the 1981 rescheduled debt, interest accrued and unpaid on the 1982-84 and 1985 debt. While certain repayment terms are specified in the 1982-84 bilateral Rescheduling Agreement with respect to the interest accrued in 1985 and 1986 on this debt, this interest is not included in the principal portion of the rescheduled debt.

During the crop year the Government of Canada and other creditor nations agreed to a further deferral of certain Zambian obligations that had earlier been rescheduled. The bilateral agreement to reschedule payments due and not paid as at December 31, 1985, and due and not paid for the period January 1, 1986, to December 31, 1986, has yet to be negotiated. The accounts of the Board at July 31, 1986, include $10,312,331 which may be subject to this rescheduling.

Subsequent to the year-end the Government of Canada and other creditor nations agreed with Brazil to reschedule over a six-year period certain obligations due and unpaid for the period January 1, 1985, to December 31, 1986. The accounts of the Board at July 31, 1986, include $173,699,989 which will be subject to the rescheduling.

Subsequent to the year-end the Government of Canada and other creditor nations agreed to reschedule over a nine-year period certain obligations owing by Mexico. The accounts of the Board at July 31, 1986, include $6,683,517 which is the Canadian equivalent of $4,842,076 receivable in United States funds which would be subject to such a rescheduling agreement.

Credit sales are made within limits established by the Government of Canada which guarantees the Board's borrowings incurred to finance such sales, both as to principal and interest. Because of these Guarantees the Board does not consider itself to be at risk should any of the unpaid amounts prove to be uncollectable; therefore, no provision is made in its accounts with respect to the possibility of debtors defaulting on their obligations.

THE CANADIAN WHEAT BOARD—*Concluded*

FINANCIAL RESULTS AND NOTES TO FINANCIAL STATEMENTS—*Concluded*

NOTES TO FINANCIAL STATEMENTS—*Concluded*

3. Accounts receivable

Settlement on amounts due on sales completed as at July 31 were received shortly after that date. Sundry accounts receivable consists mainly of freight costs which are recovered on completed sales.

4. Covered hopper cars

The Board purchased 2,000 covered hopper cars in 1979-80 having an original cost of $90,555,623. Of these 2,000 cars, 29 cars have been wrecked and dismantled leaving 1,971 still in the fleet having an original cost of $89,242,566 with accumulated depreciation of $19,338,509 to July 31, 1986. The Board is reimbursed for destroyed cars under an operating agreement with the Canadian National Railway.

5. Liability to banks

Details of liability to banks are as follows:

	July 31	
	1986	1985
	$	$
Ordinary operations	367,538,849	224,554,171
Loans to finance credit sales	3,516,739,651	3,683,799,803
	3,884,278,500	3,908,353,974

Of the total liability $1,344,002,480 (1985—$1,498,429,431) represents the Canadian equivalent of $973,703,166 (1985—$1,110,276,698) repayable in United States funds.

The Board's borrowings are guaranteed by the Government of Canada.

6. Debentures payable

The debentures with a face value of U.S. $50,000,000 were issued on December 1, 1982, at a price of $99.50 per $100, and bear interest at 11¼ per cent per annum payable each December 1. No principal repayments are required until maturity on December 1, 1990. Under certain circumstances the Board may redeem the debentures in whole or in part prior to maturity. Depending upon the particular circumstances giving rise to any early redemption, a premium may be payable on the principal amount redeemed.

The debentures are secured by a charge against grain held by the Board.

7. Liability to agents for grain purchased from producers

Grain companies acting in the capacity of agents of the Board accept deliveries from producers at country elevators and pay the producers on behalf of the Board based on the Board's initial price in effect. Settlement is not made by the Board for these purchases until delivery to the Board is completed by its Agents at terminal or mill position. Liability to agents amounting to $962,151,232 (1985—$570,996,143) represents the amount payable by the Board to its agents for 6,961,181 (1985—3,600,606) tonnes of wheat, amber durum wheat, oats and barley on hand at country elevator points and in transit at July 31 for which delivery to and settlement by the Board is to be completed subsequent to year-end date.

8. Liability to agents for deferred cash tickets

Grain companies as agents of the Board deposit with the Board in trust the proceeds of deferred cash tickets issued for Board grain. These monies are returned to the grain companies to cover producer deferred cash tickets maturing predominately during the first days of the following calendar year.

9. Accrued expenses and accounts payable

This item principally comprises accrued carrying charges, storage, interest and transportation charges to July 31, 1986, together with all other unpaid sundry accounts as at the foregoing date. It also includes provisions for all charges relating to the marketing of Pool Accounts for Amber Durum Wheat, Designated Oats, Barley and Designated Barley for the period from August 1, 1986, to completion of operations on October 31, 1986, and for Wheat and Oats for the period from August 1, 1986, to completion of operations on November 30, 1986.

10. Special account — Net balance of undistributed payment accounts

In accordance with the provision of Section 30 of the Canadian Wheat Board Act the Governor in Council may authorize the Board to transfer to a Special Account the unclaimed balances remaining in payment accounts which have been payable to producers for a period of six years or more. In addition to providing for payment of proper claims from producers against these old payment accounts, the Section further provides that these funds shall be used for purposes as the Governor in Council upon the recommendations of the Board may deem to be for the benefit of producers.

11. Provision for final payment expenses

This represents the balance of the Board's reserve for final payment expenses of pool accounts that have been closed. Six years after particular accounts have been closed, the remaining reserves for these pools are transferred to the special account by Order-in-Council.

12. Lease commitments

The Board, as an agent of Her Majesty in Right of Canada, is the lessor of 2,000 covered hopper cars for the Government of Canada. All lease costs are recoverable from the Government and are not a charge to the operations of the Board. Total payments associated with leases in the year ended July 31, 1986, amounting to $16,809,962 (1985—$16,728,906) have been recovered by the Board. Lease terms are for 20 and 25 years.

SUMMARY PAGE

CANAGREX

MANDATE

To promote, facilitate and, when specifically requested, to engage in the export of agricultural and food products from Canada.

BACKGROUND

Incorporated in 1983, the corporation began operations in 1984. The government plans to dissolve the corporation and transfer its operations to other government departments and agencies. Legislation (S.C. 1987, C. 38) to authorize dissolution of Canagrex was given Royal Assent on October 8, 1987.

CANAGREX

AUDITOR'S REPORT

TO THE MINISTER OF AGRICULTURE

I have examined the balance sheet of Canagrex as at March 31, 1987 and the statements of operations and surplus and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of Canagrex as at March 31, 1987 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Further, in my opinion, the transactions of the Corporation that have come to my notice during my examination of the financial statements have, in all significant respects, been in accordance with Part XII of the Financial Administration Act and regulations, the Canagrex Act and the by-laws of the Corporation.

D. Larry Meyers, F.C.A.

NOTES TO THE FINANCIAL STATEMENTS MARCH 31, 1987

1. The Corporation

The Corporation was established in June 1983 under the CANAGREX Act and commenced operations in January 1984. It is a Crown corporation named in Part I of Schedule C to the Financial Administration Act.

The purpose of CANAGREX was to assist Canadian producers and processors to increase their exports of food and agricultural products. The Corporation worked with the private and public sectors to promote, facilitate and engage in the export of agricultural products and services and food products and services.

It was announced by the Minister of Finance, on November 8, 1984, that the Canagrex programme was to be discontinued. Since then the Corporation has been engaged in winding-up its affairs. Bill C-42, "An Act to dissolve Canagrex and to amend certain Acts in consequence thereof" is presently before Parliament and has now undergone second reading in the House of Commons. If proclaimed, the Bill will result in the orderly liquidation of the Corporation.

Canagrex no longer has any employees. The president of the Corporation resigned in September 1985. The Board of Directors remains intact to deal with statutory requirements pending the dissolution of the Corporation, which is being administered, without charge, by officials of the Department of Agriculture.

2. Accounting policies

Interest income, which relates to bank deposits, is recorded on the accrual basis.

3. Refund of Quebec payroll taxes

In September 1986, the Quebec Ministry of Revenue determined that the Corporation was not subject to certain Quebec payroll taxes. Accordingly, amounts paid in 1984 and 1985 have been refunded and accounted for as an unusual item in the current year.

4. Comparative figures

Certain 1986 comparative amounts have been reclassified to conform with the presentation adopted in 1987.

SUMMARY PAGE

CAPE BRETON DEVELOPMENT CORPORATION

MANDATE

To operate, reorganize and rationalize coal production from the Sydney coal field. To broaden the economic base and develop new job opportunities on Cape Breton Island.

BACKGROUND

The corporation's two divisions were established in 1967 by the *Cape Breton Development Corporation Act*:

— Originally established to close down the Cape Breton coal mining industry with minimum dislocation, the Coal Division is still the major employer in the Sydney/Glace Bay area. A resurgence in coal demand locally for power generation has led to an expanded and modernized industry employing approximately 3,600 people. In addition to the Prince and Lingan mines, the corporation operates a coal preparation plant, a complete rail transportation system and a shipping pier. A new Phalen colliery will be completed in 1987, increasing the corporation's annual production capacity to over 4 million tonnes.

— The Industrial Development Division was created to develop alternative employment opportunities and broaden the base of the local economy. In conjunction with the Atlantic Canada Opportunities Agency, Enterprise Cape Breton and other federal and provincial initiatives, this Division promotes and assists the financing and development of industry on Cape Breton Island through a wide range of assistance instruments.

CAPE BRETON DEVELOPMENT CORPORATION

AUDITORS' REPORT

TO THE HONOURABLE
THE MINISTER OF REGIONAL INDUSTRIAL EXPANSION

We have examined the balance sheet and the statement of equity of the Coal Division and of the Industrial Development Division of the Cape Breton Development Corporation as at March 31, 1987, and the related income and operating statements and the statements of changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

The financial statements of the Industrial Development Division and of its subsidiaries have been presented on a consolidated basis. As required by the provisions of the Cape Breton Development Corporation Act, the financial statements of the Coal Division and of the Industrial Development Division are being presented separately.

In our opinion, these financial statements present fairly the financial position of the Coal Division and of the Industrial Development Division of the Cape Breton Development Corporation as at March 31, 1987, and the results of their operations and the changes in their financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Further, in our opinion, the transactions of the Corporation that have come to our notice during our examination of the financial statements have, in all significant respects, been in accordance with the Financial Administration Act and its regulations, and the Cape Breton Development Corporation Act and the by-laws of the Corporation.

COAL DIVISION

NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 1987

1. Significant accounting policies

(a) Financing

The Corporation is financed by way of votes of the Parliament of Canada. These votes are for the purpose of funding mining losses and to finance capital projects.

(b) Inventories

Inventories are valued at the lower of cost and net realizable value.

(c) Fixed assets

Fixed assets are stated at cost. The Corporation has provided depreciation on its fixed assets based on their estimated useful lives. The Treasury Board of Canada has indicated that depreciation should not be provided in determining mining losses for Parliamentary appropriation. Accordingly, the depreciation provision has been eliminated in arriving at this amount.

(d) Workers' Compensation

Cape Breton Development Corporation is in a single pool with respect to the Nova Scotia Workers' plan. Prior to the fire at, and closure of, No. 26 Colliery, the expense for Workers' Compensation was allocated to the overhead of each operating unit on a formula basis. The Corporation has continued this accounting treatment with the exception of the

CAPE BRETON DEVELOPMENT CORPORATION—*Continued*

NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 1987—*Concluded*

fixed portion of the expense that would have been absorbed by No. 26 Colliery. This item is shown separately on the Statement of Income as a non-operational expense.

2. Accounts receivable

	1987	1986
	$	$
Trade	16,656,770	23,928,237
Employees	105,467	95,048
	16,762,237	24,023,285
Less: allowance for doubtful accounts	100,000	150,000
	16,662,237	23,873,285

3. Fixed assets

	1987	1986
	$	$
Lingan Colliery	153,454,909	136,690,740
Prince Colliery	100,781,496	91,690,525
Donkin-Morien Colliery	80,920,142	72,437,092
Phalen Colliery	147,997,987	60,522,071
Coal Preparation Plant	84,247,324	60,464,896
Devco Railway	74,007,251	67,139,009
Carbogel	4,082,155	2,719,620
Other fixed assets	37,461,975	36,643,610
	682,953,239	528,307,563
Accumulated depreciation (Note 1(c))	196,898,874	167,722,742
	486,054,365	360,584,821

Included in fixed assets above is $80,920,142 of cumulative costs to March 31, 1987 on the Donkin-Morien Colliery development project. The Corporation has evaluated the viability of the overall project, taking into consideration the economic, commercial and strategic considerations with regards to the substantial costs involved in completion of the underground development of the colliery to realize commercial production. It has decided to maintain the completed access tunnels to ensure the future benefit of the funds expended. As these assets are not presently in use the Corporation has decided to provide for nominal depreciation commencing in the March 31, 1988 fiscal year.

4. Commitments

(a) Commitments on capital projects include the following:

Approximately $14,314,000 for underground mining equipment
Approximately $1,563,000 for other facilities

(b) In May, 1984, the Government of Canada committed to the development of the Phalen Colliery. The total development costs are anticipated to be approximately $184,400,000 with $36,400,000 anticipated for approval for the 1987-88 fiscal year.

(c) The Corporation leases the General Mining Building which houses the offices of the Coal Division. The lease is for a 20-year period, commencing June, 1984, with lease payments of approximately $1,200,000 per annum, at a current interest rate of 10.0%. The annual lease payments fluctuate with changes in the lessor's mortgage interest rates.

5. Contingent liabilities and claims

(a) On February 13, 1981, an explosion occurred on board a vessel carrying a shipment of coal supplied by the Corporation. As at March 31, 1987, an action has been commenced by the claimant which the Corporation intends to oppose as to the entire claim, and accordingly no provision for any possible claim is included in the financial statements.

(b) The Corporation self insures against the potential loss of underground assets and for a portion of its liability insurance.

6. Long-term sales agreement

The Corporation has signed an agreement with the Nova Scotia Power Corporation which calls for the delivery of a substantial portion of the Corporation's coal production to the Power Corporation. The agreement expires in the year 2010.

7. Pensions

An actuarial valuation of the Corporation's Non-Contributory Pension Plan as at December 31, 1985 indicated an unfunded actuarial liability of $62,400,000. No provision for this liability was included in the accounts as at March 31, 1987. The minimum annual amount required for past and current service, including pension payments, will be approximately $11,100,000 in each year from 1987 to 1992, $6,200,000 in 1993 and $5,500,000 from 1994 to 1997.

The Corporation is funding current pension payments of approximately $14,800,000. Should current pension payments in any year be less than the minimum annual amount required, the balance will be funded by the Corporation.

8. Income taxes

The Corporation will be applying for refundable investment tax credits in respect of qualified expenditures incurred and qualifying assets purchased after April 19, 1983. The Corporation estimates the refund to be approximately $13,000,000. This amount has not been reflected in these financial statements and will be recorded as a reduction to the related expenditures or assets when received.

INDUSTRIAL DEVELOPMENT DIVISION

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS MARCH 31, 1987

1. General policy

The mission of the Industrial Development Division, as stated in the approved five year plan (1985-86 — 1989-90), is to support the establishment and maintenance of viable enterprises on Cape Breton Island, thereby improving the economic base and employment opportunities on the Island. In accomplishing these objectives, the Corporation makes loans and investments, the amounts of which may be in excess of those which would be available through normal commercial sources. The Corporation also makes grants to assist enterprises which are considered likely to make a substantial improvement to the development of Cape Breton Island.

The Industrial Development Division is financed by way of Vote of the Parliament of Canada. Parliament voted $10,600,000 for this purpose during the fiscal year ended March 31, 1987.

2. Significant accounting policies

(a) (i) Basis of consolidation

The financial statements of the Industrial Development Division include the results of the Division and all its subsidiaries as explained below:

	Corporation Interest	Company Year end
Darr (Cape Breton) Limited (Real Estate)	100%	Dec. 31
Cape Breton Marine Farming Limited (Inactive)	100%	March 31
Whale Cove Summer Village Limited (Tourist Accommodations)	62.5%	March 31
Dundee Estates Limited (Tourist Accommodations)	100%	March 31

(ii) As the financial statements of Whale Cove Summer Village Limited report a deficit equity position as at March 31, 1987, and the minority interest in losses to date have been absorbed against the total of the minority invested capital, the losses of this company are included in the consolidated net operating expenses. As a consequence, no minority interest for this subsidiary is shown in the consolidated balance sheet.

(b) Fixed assets

Fixed assets are recorded at cost. The cost and related depreciation of items retired or disposed of are removed from the books and any gains or losses are included in the consolidated operating statement. Depreciation is provided on the straight-line method using rates based on the estimated useful lives of the assets generally as follows:

Buildings	Up to 20 years
Equipment	4 to 10 years
Vehicles	3 to 4 years

(c) Accounting policy—Certain subsidiaries

The statements of Dundee Estates Limited include notes indicating that their statements have been prepared on the assumption that the company can continue to operate as a going concern, which assumption depends on the continued financial support of Cape Breton Development Corporation.

(d) Inventories

Inventories are valued at the lower of cost and net realizable value, with cost determined on a first in, first out basis.

3. Fixed assets

	1987	1986
	$	$
Rental facilities	9,869,708	6,236,487
Tourist facilities	6,733,689	8,503,872
Primary industry facilities	1,735,253	1,730,627
Secondary industry facilities	7,673,106	7,215,937
	26,011,756	23,686,923
Less: accumulated depreciation	9,401,433	9,970,518
	16,610,323	13,716,405

The four categories of fixed assets shown above each include land, buildings and equipment.

CAPE BRETON DEVELOPMENT CORPORATION—*Concluded*

INDUSTRIAL DEVELOPMENT DIVISION

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
MARCH 31, 1987—*Concluded*

4. Guarantees

During the 1976 year, the Corporation guaranteed the repayment by Sydney Steel Corporation of that corporation's $70,000,000—11¼% Series D Debentures and the repayment of interest thereon. These funds were borrowed by Sydney Steel Corporation for the purpose of financing its plant rehabilitation program. The balance of the outstanding debentures has since been reduced to $38,010,000.

The Corporation in 1971 guaranteed the repayment of bank advances to Stora Kopparbergs Bergslags Aktiebolag. This guarantee originally amounted to $30,000,000. The balance of advances has since been reduced to $7,500,000.

The Corporation made the guarantees for and on behalf of Her Majesty the Queen in right of Canada; therefore, any amounts required to be paid shall be paid out of the Consolidated Revenue Fund of Canada and not out of funds of Cape Breton Development Corporation.

5. Commitments & Contingency

(a) As at March 31, 1987, the Industrial Development Division of the Corporation was committed to expenditures and loans over and above the amounts included in the financial statements at that time, totalling $5,300,000.

(b) The Corporation entered an agreement to lease premises in Commerce Tower, effective May 1, 1987, to provide office space for the Industrial Development Division and Enterprise Cape Breton. The lease is for a five year period with lease payments of approximately $252,000 per annum.

(c) For the fiscal year ending March 31, 1988, Parliament has voted $10,600,000 to the Industrial Development Division but has reserved $3,910,000 of this amount pending the completion of a formal memorandum of agreement between Enterprise Cape Breton and the Corporation, which agreement must also be approved by Treasury Board.

SUMMARY PAGE

DEFENCE CONSTRUCTION (1951) LIMITED

MANDATE

To contract for and supervise major military construction and maintenance projects required by the Department of National Defence; to provide technical and administrative assistance concerning construction matters to government departments and agencies on a cost-recovery basis.

DEFENCE CONSTRUCTION (1951) LIMITED

AUDITOR'S REPORT

TO THE MINISTER OF PUBLIC WORKS

I have examined the balance sheet of Defence Construction (1951) Limited as at March 31, 1987 and the statements of operations and deficit and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1987 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Further, in my opinion, the transactions of the Corporation that have come to my notice during my examination of the financial statements have, in all significant respects, been in accordance with Part XII of the Financial Administration Act and regulations, the Defence Production Act and the by-laws of the Corporation.

Kenneth M. Dye, F.C.A.
Auditor General of Canada

Ottawa, Canada
May 22, 1987

NOTES TO FINANCIAL STATEMENTS MARCH 31, 1987

1. Authority, objectives and operations

The Corporation was incorporated under the Canada Corporations Act in 1951 and is continued under the Canada Business Corporations Act, pursuant to the authority of the Defence Production Act, to contract for major military construction and maintenance projects required by the Department of National Defence. The Corporation is a Crown corporation named in Part I of Schedule C to the Financial Administration Act. The Corporation is not subject to income taxes.

The Corporation's principal functions in the field of construction management are to obtain tenders, make recommendations regarding proposed awards and to award and administer contracts. As an integral part of its responsibility for contract administration, the Corporation inspects the work to ensure completion in accordance with the contract and certifies contractors' progress claims for payment from funds of the Department of National Defence. It also engages architectural and engineering firms to prepare plans and specifications in accordance with the requirements of the Department of National Defence. It may provide technical and administrative assistance on construction matters to other government departments when required.

2. Significant accounting policies

Expenses

The accounts of the Corporation reflect only the administrative expenses incurred in procuring the construction and maintenance of defence projects on behalf of the Department of National Defence and in procuring the construction of such other projects as are approved by Treasury Board.

Depreciation

Depreciation is provided by the straight-line method over five years.

Employee benefits

Employee benefits are expensed when earned by employees.

Pensions

During the year, the Corporation made payments of $513,050 ($549,937 in 1986) in respect of current contributions to the Public Service Superannuation Account of the Government of Canada. The Account is actuarially valued every five years. The Corporation's contributions and recorded liabilities are limited to the matching of the current and certain arrears contributions of employees. The Corporation is not required to make contributions with respect to actuarial deficiencies of the Account.

Parliamentary appropriations

The cost of operations is funded by parliamentary appropriations through the Department of National Defence Vote 15 to the extent of net annual cash requirements.

3. Contractors' security deposits

	1987	1986
	$	$
Bid deposits	144,534	114,220
Deposits on plans and specifications	37,250	98,347
	181,784	212,567

DEFENCE CONSTRUCTION (1951) LIMITED—*Concluded*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1987—*Concluded*

4. Provision for employee benefits

	1987	1986
	$	$
Termination benefits	2,503,721	2,594,083
Life insurance	95,881	79,327
Furlough benefits	201,789	201,890
	2,801,391	2,875,300

5. Deficit

The deficit of the Corporation is comprised primarily of the liabilities for employee benefits which will require funding from parliamentary appropriations in future years as they are paid.

6. Recoveries of expenses

The Corporation provides certain technical and administrative assistance to the Department of National Defence and other government departments and agencies on a cost-recovery basis. As at March 31, 1987, accounts receivable for recoveries were $10,999 (1986—$21,288).

During the year, in the normal course of operations, the Department of National Defence provided office space free of charge for 163 employees of the Corporation.

7. Lease commitments

The Corporation leases certain equipment and accommodation in the performance of its operations. The future aggregate minimum lease payments are:

Year ending March 31	$
1988	62,372
1989	53,987
1990	26,937
	143,296

8. Contingencies

Claims aggregating approximately $5,870,000 in respect of contractual obligations have been received by the Corporation, but are not reflected in the accounts. In the opinion of management and legal counsel, the position of the Corporation is defensible, however the final outcome of such claims is not determinable. Any settlements resulting from the resolution of these claims will be funded through parliamentary appropriations of the Department of National Defence, in the year in which the settlements occur.

9. Supplementary information

The Corporation's contracting activity on behalf of government departments and agencies is summarized below:

	1987	1986
	(in thousands of dollars)	
Contracts in progress at beginning of the year	491,880	404,755
Contracts awarded	265,878	253,221
	757,758	657,976
Contracts completed	235,286	166,096
Contracts in progress at end of the year	522,472	491,880
Payments on contracts in progress at end of the year	388,303	366,931
Work outstanding on contracts in progress at end of the year	134,169	124,949

SUMMARY PAGE

EXPORT DEVELOPMENT CORPORATION

MANDATE

To facilitate and develop export trade by the provision of insurance, guarantees, loans and other financial facilities.

BACKGROUND

Funding from Canada for Corporate Account transactions is provided by loans and equity infusions, but the growth of the corporation's business in recent years has been financed mainly by its borrowing in the private markets. Apart from its corporate activities, EDC administers for Canada certain export financing transactions considered to be in the national interest for Canada, including those made pursuant to section 31 of the *Export Development Act*.

EXPORT DEVELOPMENT CORPORATION

AUDITOR'S REPORT

TO THE MINISTER FOR INTERNATIONAL TRADE

I have examined the balance sheet of Export Development Corporation as at December 31, 1986 and the statements of income and retained earnings and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at December 31, 1986 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Further, in my opinion, the transactions of the Corporation that have come to my notice during my examination of the financial statements have, in all significant respects, been in accordance with Part XII of the Financial Administration Act and regulations, the Export Development Act and the by-laws of the Corporation.

NOTES TO FINANCIAL STATEMENTS

1. Summary of significant accounting policies

These financial statements are prepared in accordance with accounting principles generally accepted in Canada, consistently applied, and conform in all material respects with international accounting standards. A summary of significant accounting policies follows:

Marketable securities

Marketable securities are valued at the lower of cost and market value as at the balance sheet date.

Allowance for losses on loans receivable

The allowance for losses on loans is based on a review of collectibility of all outstanding loans to sovereign and commercial borrowers. In respect of this review, the Corporation recognizes that the future economic and political conditions in some of the countries where the Corporation has made loans are subject to varying degrees of uncertainties and pressures. Accordingly, delays in the repayment of principal and interest may occur from time to time.

In the case of loans made to or guaranteed by sovereign borrowers, that is the governments of countries or their agencies, payment delays are not necessarily indicative of a future loss requiring an allowance. Sovereign entities and their international financial obligations do not have commercial mortality, and the international system does not allow the unilateral denial of a sovereign obligation. Furthermore, the international system provides several mechanisms and institutions through which countries facing repayment difficulties can effect remedial measures in agreement with their creditors. Therefore, except in the rare instance of a write-off of asset value agreed to by creditors, the ultimate collectibility of a sovereign obligation, and thus its asset value, is not, in the opinion of management, subject to question although delays may have to be accepted.

It is the policy of the Corporation to charge to income, in addition to any specific provisions made as a result of the review of the outstanding loans, an amount sufficient to maintain an accumulated non-specific allowance proportionate to the total loan principal and interest receivable for which no specific provision has been made.

Allowance for claims on insurance and guarantees

The Corporation provides for claims based on claims experience augmented, if necessary, by a specific provision based on a review of contingent liabilities. Claims payments are recorded at estimated recoverable values and included with other assets and non-recoverable amounts are charged to the allowance. Subsequent net gains or losses on recovery are credited or charged to income.

Reserve for contingencies

The Corporation has in 1986 established a reserve account, through transfers from retained earnings, as a contingency with respect to possible unforeseen decreases in the value of loans receivable or claims on insurance and guarantees. Subsequent reductions, if any, in the reserve for contingencies will be credited to retained earnings.

Loan interest and fees earned

Interest is accrued on principal receivable until such time as the loan becomes non-current. Non-current is defined as any loan where there is significant doubt as to collectibility, where significant payments have not been received for a period of two years and a rescheduling agreement has not been negotiated, or when a rescheduling agreement has been signed and a significant payment has not been received for one year.

Loan fees are taken into income over the disbursement and repayment periods of a loan.

EXPORT DEVELOPMENT CORPORATION—*Continued*

NOTES TO FINANCIAL STATEMENTS—*Continued*

Investment interest earned

Investment interest, which is substantially earned outside Canada, is prorated between loans and guarantees and insurance and guarantees on the basis of average funds investment.

Interest expense

Interest expense includes the amortization of debt discount and issue expenses which is charged over the life of the debt on a straight line basis.

Insurance premiums

Insurance premiums and fees are earned in Canada. For short-term insurance policies, premiums are taken into income at the commencement of coverage. Premiums on other export insurance policies are taken into income using methods which generally reflect the exposures over the terms of the policies. Foreign investment insurance premiums are taken into income evenly over the terms of coverage, except that the premium in the first year is taken into income in its entirety when received.

Translation of foreign currency

The Corporation hedges its U.S. dollar assets and liabilities on a total portfolio basis. Any net exposure to future changes in the U.S. dollar foreign exchange rate is due to short-term timing differences in cash flows. It is the Corporation's policy to manage assets and liabilities denominated in U.S. dollars in such a way as to minimize this net exposure. Accordingly, assets and liabilities denominated in U.S. dollars are translated into Canadian dollars at exchange rates prevailing at year-end.

Gains and losses relating to the translation of any unhedged long-term foreign currency assets or liabilities in other than U.S. dollars are deferred and amortized on a straight line basis over the remaining life of the asset or liability. The unamortized balance of the deferred exchange gains or losses is included in deferred revenues or other assets.

Income and expenses are translated at average monthly exchange rates in effect during the year. Exchange gains and losses resulting from the translation of foreign currency balances and transactions are reported with investment interest earned.

2. Loans receivable

Loans receivable from both sovereign and commercial borrowers are mostly at fixed interest rates established in competition with similar export credit agencies in other countries and generally below commercial rates. These loans mature as follows:

	December 31	
	1986	1985
	(in thousands of dollars)	
Within 12 months		
—Fixed	659,039	691,178
—Floating	64,417	56,625
Overdue	395,386	216,938
1987		751,472
1988	779,624	788,687
1989	759,469	767,706
1990	679,787	672,766
1991	620,294	581,887
1992 to 1996	1,505,538	1,257,130
1997 and thereafter	359,453	291,837
Total	5,823,007	6,076,226
Commercial loans included above	1,034,291	1,167,519
Floating rate loans, generally based on Libor rates, included in total loans	731,407	568,842

The geographic distribution of these loans is as follows:

	December 31	
	1986	1985
	(in thousands of dollars)	
Pacific and North Asia	550,064	623,254
South Asia	310,891	244,429
Middle East and East Africa	471,345	473,531
North and West Africa	1,214,101	1,237,147
Eastern Europe	737,921	707,171
Western Europe	595,762	648,528
USA and Caribbean	546,625	771,643
Mexico and Central America	293,721	337,506
South America East	539,433	500,939
South America West	563,144	532,078
	5,823,007	6,076,226

Interest on non-current loans not recognized as revenue in 1986 amounted to $71,929 thousand (1985—$43,824 thousand). At December 31, 1986, the accumulated interest not accrued on loans amounted to $114,487 thousand (1985—$49,555 thousand).

The geographic distribution of the overdue principal and recognized interest, in the amounts of $395,386 thousand (1985—$216,938 thousand) and $218,588 thousand (1985—$214,322 thousand) respectively, is as follows:

	December 31	
	1986	1985
	(in thousands of dollars)	
Pacific and North Asia	1,062	1,716
South Asia	3	820
Middle East and East Africa	15,907	20,420
North and West Africa	54,225	40,548
Eastern Europe	105,620	90,540
Western Europe	16,053	8,442
USA and Caribbean	122,309	15,006
Mexico and Central America	49,067	30,199
South America East	129,978	125,861
South America West	119,750	97,708
	613,974	431,260

In order to facilitate the collectibility of some loans or portions of loans, the Corporation has rescheduled principal and interest payments in the following amounts:

	December 31	
	1986	1985
	(in thousands of dollars)	
During the year		
Principal	95,919	52,143
Interest	53,320	29,239
	149,239	81,382
Balance of rescheduled loans outstanding		
Sovereign	379,387	289,465
Commercial	35,552	36,752

3. Loans payable

Loans payable mature as follows:

	December 31	
	1986	1985
	(in thousands of dollars)	
Within 12 months		
—Fixed	767,724	480,578
—Floating	1,563,275	1,635,339
1987		792,231
1988	1,144,970	1,180,185
1989	551,233	538,828
1990	773,741	781,915
1991	351,849	355,741
1992 to 1996	747,973	257,755
Total	5,900,765	6,022,572
Commercial loans included above		
Fixed interest rates from 5.38% to 15.55% (1985—5.38 to 16.88%)	4,216,407	4,120,221
Floating rate and short-term fixed rate revolving loans	1,604,358	1,747,854
Canada loans included above		
Fixed interest rates from 8.25% to 8.50% (1985—5.50 to 9.13%)	80,000	154,497

The Corporation also had lines of credit and overdraft facilities aggregating $3,201 million at December 31, 1986 (1985—$3,211 million).

4. Share capital

The authorized share capital is $1.5 billion consisting of 15 million shares with a par value of $100 each. The number of shares issued and fully paid is as follows:

	December 31	
	1986	1985
	(in thousands)	
Beginning of year	6,970	6,600
Issued		370
End of year	6,970	6,970

5. Statutory limits, commitments and contingent liabilities

The Export Development Act (the Act) allows the Corporation to have outstanding loans and commitments to foreign borrowers up to a maximum of $15 billion. The position against this limit, determined in accordance with the requirements of the Act, is $8,370 million (1985—$8,894 million). Of this amount, undisbursed commitments on signed loan agreements at face rates from 6.94% to 12.5% is $2,549 million (1985—$2,846 million) with the balance representing loans receivable and loans with recourse to the Corporation.

The Corporation expects to fund these undisbursed commitments near the time of their disbursement, typically over a three year period, by issuing a combination of debt instruments in world capital markets at commercial rates of interest and capital stock. The Corporation generally attempts to match debt maturities and currencies with those of its average export loans.

The Act also specifies that the Corporation can incur liabilities under contracts of insurance, related guarantees and guarantees pertaining to the lending program up to a maxium of $15 billion. The position against this limit, determined in accordance with the requirements of the Act, is $2,930 million (1985—$2,692 million).

Contingent liabilities of the Corporation included in the above positions amounted to $2,123 million (1985—$1,875 million). Of this amount, $245 million (1985—$213 million) related to loan guarantees and loans with recourse to the Corporation. The balance pertained to the Corporation's insurance activities.

The Act allows the Corporation to borrow up to a maximum of ten times the aggregate of its paid-in capital from time to time and the retained earnings determined in accordance with the most recent audited financial statements. As at December 31, 1986, this formula produced a limit of $8,961 million (1985—$8,915 million) against which borrowings amounted to $5,901 million (1985—$6,023 million).

6. Foreign currency balances

The Corporation has substantial assets and liabilities in U.S. dollars and in other currencies. The Canadian dollar equivalent after taking into consideration forward exchange contracts is as follows:

	December 31	
	1986	1985
	(in thousands of dollars)	
U.S. Dollars		
Assets	5,250,209	5,369,446
Liabilities	5,389,775	5,560,755
Net exposure	(139,566)	(191,309)
Rate of exchange U.S. $1.00	1.3805	1.3983
British pounds, Deutsche marks, European Currency Units, Swiss francs and Yen		
Assets	77,936	42,857
Liabilities	66,601	36,448
Net exposure	11,335	6,409

7. Related party transactions

Transactions with Canada are summarized as follows:

	Year ended December 31	
	1986	1985
	(in thousands of dollars)	
Income and expense items		
Interest expense	8,320	14,853
Less: administrative expenses recovered	7,101	6,476
interest earned	472	467
	747	7,910

	December 31	
	1986	1985
	(in thousands of dollars)	
Amounts due to (due from) Canada

Accounts administered for Canada (Note 8)	3,085	13,416
Long-term loans payable	80,000	154,497
Accrued interest payable	1,420	3,647
	79,444	166,496

EXPORT DEVELOPMENT CORPORATION—*Concluded*

NOTES TO FINANCIAL STATEMENTS—*Concluded*

The Government of Canada intends to recommend that Parliament appropriate such funds as are necessary to cover losses, if any, of the Corporation. To date, no such funds have been necessary.

The Corporation is not subject to the requirements of the Income Tax Act with respect to its earnings.

The Corporation also enters into transactions with other Crown corporations in the normal course of business.

8. Accounts administered for Canada

(a) Pursuant to the Act, the Corporation administers for Canada certain loans and insurance programs entered into under the authority of the Governor in Council for which the Board of Directors is not accountable other than in respect of the administration of the contracts. These accounts are maintained separately from the Corporation's accounts, and are consolidated annually as at March 31 with the financial statements of the Government of Canada which are reported upon separately by the Auditor General of Canada. The assets administered for Canada, mainly loans receivable and accrued interest and fees recorded in accordance with accounting policies and practices approved by the Government of Canada, amounted to $880 million (1985—$1,142 million).

(b) Canada account statutory limits, commitments and contingent liabilities

The Act allows the Accounts administered for Canada to have outstanding loans and commitments to foreign borrowers up to a maximum of $6 billion. The position against this limit, determined in accordance with the requirements of the Act, is $823 million (1985—$1,438 million), including contingent liabilities of $9 million (1985—$13 million).

The Act also specifies that the Accounts administered for Canada can incur liabilities under contracts of insurance, related guarantees and guarantees pertaining to the lending program up to a maximum of $7 billion. The position against this limit, determined in accordance with the requirements of the Act, was $430 million (1985—$428 million) including contingent liabilities of $376 million (1985—$374 million).

SUMMARY PAGE

FARM CREDIT CORPORATION

MANDATE

To assist Canadian farmers to establish and develop viable farm enterprises through the provision of long-term credit and other financial services.

BACKGROUND

Since 1959, under the authority of the *Farm Credit Act*, the corporation has made loans to farmers for the purchase of farm land, livestock and machinery, for permanent farm improvements and to refinance debt. Under the authority of the *Farm Syndicates Credit Act*, the corporation may make loans to groups of farmers for the joint acquisition of agricultural facilities and equipment. The maximum loan for an individual farm is $600,000 and for a syndicate is $100,000. As of March 31, 1987 the corporation had 75,487 loans outstanding. The corporation has 573 permanent employees stationed at headquarters, seven regional offices and about 90 district and field offices.

FARM CREDIT CORPORATION

MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL STATEMENTS

The accompanying financial statements of Farm Credit Corporation and all information in this annual report are the responsibility of management and have been approved by the Board of Directors. The financial statements include some amounts, such as the allowance for losses on loans, that are necessarily based on management's best estimates and judgement.

The financial statements have been prepared by management in accordance with accounting principles which are generally accepted in Canada and which have been consistently applied. Financial information presented elsewhere in the annual report is consistent with that contained in the financial statements.

In discharging its responsibility for the integrity and fairness of the financial statements, management maintains financial and management control systems and practices designed to provide reasonable assurance that transactions are authorized, assets are safeguarded and proper records are maintained. The system of internal control is augmented by internal audit which conducts periodic reviews of different aspects of the Corporation's operations. In addition, the internal and external auditors have full and free access to the Audit Committee of the Board, which oversees management's responsibilities for maintaining adequate control systems and the quality of financial reporting.

The independent auditor, the Auditor General of Canada, is responsible for auditing the financial statements and for issuing his report thereon.

Eiliv H. Anderson

AUDITOR'S REPORT

TO THE MINISTER OF AGRICULTURE

I have examined the balance sheet of Farm Credit Corporation as at March 31, 1987 and the statements of operations and deficit and changes in cash position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1987 and the results of its operations and the changes in its cash position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Further, in my opinion, the transactions of the Corporation that have come to my notice during my examination of the financial statements have, in all significant respects, been in accordance with Part XII of the Financial Administration Act and regulations, the Farm Credit Act and the by-laws of the Corporation.

Kenneth M. Dye, F.C.A.
Auditor General of Canada

Ottawa, Canada
June 10, 1987

NOTES TO FINANCIAL STATEMENTS MARCH 31, 1987

1. The Corporation

Farm Credit Corporation was established in 1959 by the Farm Credit Act as the successor to the Canadian Farm Loan Board and is a Crown corporation named in Schedule C, Part I of the Financial Administration Act. The Corporation's prime objective is to assist Canadian farmers to establish and develop viable farm enterprises through the use of long-term credit as provided for by the Farm Credit Act.

The Corporation also administers the lending program authorized under the Farm Syndicates Credit Act which was originally introduced as the Farm Machinery Syndicates Credit Act in 1964. It provides for loans to groups or syndicates of farmers organized to share in the purchase and use of farm machinery, buildings and installed equipment.

In addition, the Corporation also administers certain programs assigned to it by the government. In the February 26, 1986 Budget, the government directed the Corporation to establish a $700.0 million Commodity-based Loan Program for existing clients who are experiencing financial difficulty and who meet the eligibility criteria. Under this program, reduced interest rates are available to borrowers and the loan principal is indexed to changes in commodity prices. The resulting net cash flow deficiencies are made up by the government to a maximum of $20.0 million for 1986-87 and $50.0 million for 1987-88.

In view of Canada's deficiency of equity in the Corporation and FCC's current financial condition, discussions are underway with the government to develop a financial recovery plan. A wide range of options is being considered. However, the government has yet to make a decision in this regard.

The Corporation operates in one business segment, providing long-term loans to Canadian farmers.

2. Significant accounting policies

(a) Allowance for losses on loans

The allowance for losses on loans represents an estimate of probable losses on the accounts outstanding at the end of the year and is based on a review of collectability of outstanding loans. Attention is focused on loans which are in arrears. With respect to this estimate, the Corporation recognizes that future economic and agricultural conditions are not predictable and, therefore, their impact on the collectability of loans is uncertain.

Actual losses on loans and write-downs of acquired real estate to net realizable value are charged to the allowance while recoveries of losses on loans are credited to the allowance. The adjustment of the allowance to the appropriate level is charged to operations as a provision for losses on loans. In addition to a specific allowance made as a result of the review of the outstanding loans in arrears, a general allowance is established to provide for losses on loans which have not yet been specifically identified.

(b) Revenue recognition

Interest income is recorded on an accrual basis. Interest is not recognized on non-performing loans. A non-performing loan is defined as a loan where, in management's opinion, there is reasonable doubt as to collectability.

Loan fees and charges are recorded when earned.

(c) Real estate

Real estate is carried at the lower of cost and net realizable value. It represents farm property acquired in the process of administering the outstanding loans receivable and must be disposed of within five years of acquisition or such further period as the Governor in Council may prescribe.

FARM CREDIT CORPORATION—*Continued*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1987—*Continued*

(d) Fixed assets

Fixed assets are recorded at cost less accumulated depreciation or amortization. Leasehold improvements are amortized using the straight-line method over the term of the lease and one renewal period. Computer hardware and software are depreciated using the straight-line method over their estimated useful lives. Other fixed assets are depreciated using the diminishing balance method.

(e) Debt discount and issue expenses

Discounts and expenses relating to the issuance of debt are amortized on a straight-line basis over the life of the debt and included in interest expense on loans payable.

(f) Translation of foreign currencies

Loans payable in foreign currencies are hedged by currency conversion agreements and are translated into Canadian dollars at the rates provided therein. The differences between the ultimate amounts payable at the contracted rates and the cash proceeds of the debt issues are considered to be financing costs and are therefore amortized by charges to interest expense over the lives of the obligations on a straight-line basis. The related interest payable in foreign currencies on these debt issues is also hedged by currency conversion agreements and is translated into Canadian dollars at such contract rates.

(g) Pension plan

The Corporation's employees participate in the Public Service Superannuation Plan administered by the Government of Canada. Contributions to the Plan are made equally by both employees and the Corporation, and these contributions are expensed during the year in which the services are rendered.

(h) Employee termination benefits

On termination of employment, employees of the Corporation are entitled to severance benefits provided for under their terms of employment. The liability for these benefits is recorded as the benefits accrue to the employees.

(i) Income taxes

The Corporation records income taxes on the tax allocation basis which recognizes the income tax effect of transactions when they are recorded in accounting income, regardless of when such items are recognized for tax purposes.

3. Loans receivable

	Maturities not exceeding	Annual interest rate %	1987	1986
			(in thousands of dollars)	
Loans to farmers, secured by mortgages	24 years	5-7 ⅞	556,501	609,767
	25 years	8-10 ⅞	2,070,218	1,812,994
	26 years	11-12 ⅞	1,561,319	1,650,900
	26 years	13-16 ¾	730,084	871,147
			4,918,122	4,944,808
Loans to farm syndicates, secured by notes	15 years	6 ¼-17 ½	7,573	9,012
Loans receivable from real estate sales, secured by agreements for sale or mortgages	26 years	5-15 ¾	35,690	30,478
			4,961,385	4,984,298

Maturities by fiscal year are as follows:

	1987	1986
	(in thousands of dollars)	
Past due	56,325	41,985
1987		76,206
1988	148,220	139,920
1989	163,554	149,770
1990	581,787	615,339
1991	289,975	221,937
1992	316,935	240,961
1993 through 2014	2,964,006	3,072,894
	4,520,802	4,559,012
Accrued interest	440,583	425,286
	4,961,385	4,984,298

During the year, interest not recognized on non-performing loans amounted to $55.4 million, (1986—$40.0 million). At March 31, 1987, the accumulated interest not recognized on non-performing loans amounted to $95.4 million.

Prepayments of principal from farmers of $215.9 million (1986—$106.3 million) were received during the year.

During the year, Commodity-based Loans in the amount of $242.6 million were disbursed. Of this amount, $13.5 million was used to pay arrears on the Corporation's previous loans.

4. Allowance for losses on loans

The allowance for losses on loans as at March 31, 1987, has been reduced by $15.0 million. This represents the balance of a $20.0 million commitment made in the February 26, 1986 Budget as part of the federal government's Farm Financial Assistance Package. The intent of this allocation was to reduce the impact of probable losses on the Corporation.

In addition, certain amounts relating to interest which were previously included in the 1986 comparative amounts of the loans receivable and the allowance for losses on loans have been restated to conform to the presentation adopted in 1987.

5. Loans payable

	Maturities not exceeding	Annual interest rate %	1987	1986
			(in thousands of dollars)	
Loans from Canada, secured by notes Farm Credit Act	10 years	6-7 ½	538,748	625,951

			4,753,891	4,758,415

FARM CREDIT CORPORATION—*Concluded*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1987—*Concluded*

Maturities by fiscal year are as follows:

	1987	1986
	(in thousands of dollars)	
1987		211,702
1988	201,851	211,885
1989	209,756	230,534
1990	855,290	861,462
1991	454,229	460,136
1992	334,697	346,651
1993 through 2005	2,576,839	2,319,893
	4,632,662	4,642,263
Accrued interest	121,229	116,152
	4,753,891	4,758,415

6. Contributed capital

The contributed capital of the Corporation represents the amount received from Canada under Section 12 of the Farm Credit Act. The statutory limit on this amount is $225.0 million (1986—$225.0 million). During the year, no capital was contributed by Canada.

7. Income taxes

As at March 31, 1987 the Corporation has available various timing differences of approximately $321.0 million which have not been recognized in the accounts since these will not be utilized in the foreseeable future. These result primarily from differences between the provision for losses on loans charged to operations and the amount claimed for tax purposes pursuant to Section 33 of the Income Tax Act.

In addition, the loss carry-forward for income tax purposes which has not been recognized in the financial statements amounts to $13.0 million. Of this amount, $7.0 million will expire on March 31, 1993 and $6.0 million will expire March 31, 1994.

8. Limits on borrowing

The Farm Credit Act limits the aggregate amount outstanding of the principal borrowings by the Corporation pursuant to the Act to twenty-five times the capital of the Corporation. At March 31, 1987 the Corporation's outstanding borrowings under this Act, comprising short-term notes of $271.6 million and loans payable of $4,617.6 million, were 22.39 times the capital of $218.3 million (1986—22.26 times).

The Farm Syndicates Credit Act limits the loans from Canada pursuant to the Act to twenty-five million dollars. At March 31, 1987 the Corporation's loans from Canada under this Act were $6.0 million (1986—$9.2 million).

9. Commitments to farmers

As at March 31, 1987, loans to farmers approved but not disbursed amounted to $62.2 million (1986—$44.3 million). Of this amount, $53.3 million were for regular loan approvals, most of which were approved at rates from 10.75% to 11.50%. The balance of $8.9 million is related to Commodity-based Loans approved at rates of 6% and 8.50%. It is expected that the majority of these loans will be disbursed within the six-month period ending September 30, 1987.

10. Operating leases

The future minimum lease payments by fiscal year required under operating leases having initial non-cancellable lease terms in excess of one year are as follows:

	(in thousands of dollars)
1988	1,426
1989	1,157
1990	1,004
1991	790
1992	500
1993 and subsequent	1,439
	6,316

These leases generally provide for the payment by the Corporation of real estate taxes and operating expenses in excess of those amounts established at the commencement of the lease term.

11. Subsequent events

As an interim measure, effective April 1, 1987 and pending approval of Farm Credit Corporation's recovery plan, the Corporation has discontinued all financial market borrowings. Any required borrowing or refinancing, including any short-term requirements, will be made from the Consolidated Revenue Fund and will be subject to the approval of the Minister of Finance.

The moratorium on foreclosures was lifted on May 1, 1987. Accordingly, the Corporation may commence foreclosure actions after all alternatives have been considered.

12. Comparative figures

Certain 1986 comparative figures have been reclassified to reflect the presentation adopted in 1987.

SUMMARY PAGE

FEDERAL BUSINESS DEVELOPMENT BANK

MANDATE

To promote and assist in the establishment and development of business enterprises in Canada by providing financial assistance, management counselling, management training, information and advice.

BACKGROUND

Since 1974, the Bank has provided financial assistance to Canadian firms by acting as a supplementary lender and a source of equity financing. It also provides financial planning, counselling and training, information and other management services to small business.

FEDERAL BUSINESS DEVELOPMENT BANK

MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL STATEMENTS

The accompanying financial statements were prepared by the management of the Federal Business Development Bank in accordance with accounting principles generally accepted in Canada, consistently applied. The financial data contained in other sections of this annual report is consistent with the content of the financial statements.

In discharging its responsibility for the integrity and fairness of the financial statements and for the accounting systems from which they are derived, management maintains a system of internal controls designed to provide reasonable assurance that transactions are authorized, assets are safeguarded and proper records are maintained. The system of internal controls is augmented by audit and inspection staff who conduct periodic reviews of different aspects of the Bank's operations. In addition, the Vice-President, Internal Audit and the Independent Auditor have full and free access to the Audit Committee of the Bank's Board of Directors which oversees management's responsibilities for maintaining adequate control systems and the quality of financial reporting.

These financial statements have been examined and reported upon by the Bank's independent auditor, Mr. Raymond J. Morcel, F.C.A. of Price Waterhouse, Chartered Accountants.

Guy A. Lavigueur
President

AUDITORS' REPORT

THE HONOURABLE MINISTER OF REGIONAL
INDUSTRIAL EXPANSION
THE HONOURABLE MINISTER OF STATE
SMALL BUSINESSES AND TOURISM

I have examined the balance sheet of the Federal Business Development Bank as at March 31, 1987, and the statements of operations, deficit and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Federal Business Development Bank as at March 31, 1987, and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Further, I have examined the transactions that came to my notice in the course of the above mentioned examination of the financial statements of the Federal Business Development Bank for the year ended March 31, 1987, to determine whether they were in accordance with Part XII of the Financial Administration Act, the regulations, the FBDB Act and the by-laws of the Bank. My examination of these transactions was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances. In my opinion, these transactions were, in all significant respects, in compliance with the authorities specified.

Raymond J. Morcel, F.C.A.
of Price Waterhouse

FEDERAL BUSINESS DEVELOPMENT BANK—*Continued*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1987

1. Objectives and operations of the Corporation

Federal Business Development Bank is a Crown corporation wholly-owned by the Government of Canada, which was established December 20, 1974, by the Federal Business Development Bank Act, as the successor to the Industrial Development Bank which commenced operations in 1944.

The objectives of the Bank, as stated in the Act, are to promote and assist in the establishment of business enterprises in Canada by providing financial assistance, management counselling, management training, information and advice; giving particular consideration to the needs of small business enterprises.

The Bank's lending and venture capital operations are carried out by Financial Services. Management Services includes counselling, training and information services. A statement of operations is shown for Management Services since it is funded separately by Parliamentary appropriation.

Federal Business Development Bank is for all purposes of its Act an agent of the Government of Canada, and as such all liabilities of the Corporation are direct obligations of the Government of Canada.

The Bank is exempt from income taxes.

2. Significant accounting policies

Loans and venture capital investments

Loans and venture capital investments are recorded at principal amounts.

Provision for losses on loans, guarantees and venture capital investments

Provisions are established for specifically identified probable losses on loans, guarantees and venture capital investments, as well as for anticipated but unidentified losses. The specific provision is established on an account by account basis whereas the general provision is based on historical experience and is intended to cover losses on loans, guarantees and venture capital investments which have not yet been specifically identified.

Revenue recognition

Interest on loans is recorded as income on an accrual basis except that interest is not accrued on loans where management believes that the interest will not be recovered. Dividends, interest and capital gains on venture capital investments are recorded as income when received.

Fixed assets and depreciation

Fixed assets are recorded at cost.

Depreciation is charged against income using the straight-line or diminishing balance methods in amounts sufficient to amortize the cost of fixed assets over their estimated useful lives.

With respect to the Management Services function of the Bank, all capital expenditures are recovered from the Department of Regional Industrial Expansion and hence are not capitalized.

Debt issue expenses

Discounts, premiums and expenses related to the issue of the long-term debt are amortized on a straight-line basis over the term of the obligations to which they pertain and charged to interest expense.

Translation of foreign currencies

Notes payable in foreign currencies are hedged by forward exchange contracts and are translated into Canadian dollars at the rates provided therein. The difference between the ultimate amount payable at the contracted rate and the cash proceeds of the issue is considered to be a financing cost and is therefore amortized by a charge to interest expense over the life of the obligation on a straight-line basis. The unamortized portion of these costs is included with unamortized debt issue expenses in the balance sheet. The related interest payable on these note issues is also hedged by forward exchange contracts and is translated into Canadian dollars at such contract rates.

3. Venture capital investments

	1987	1986
	(in thousands of dollars)	
Shares	24,960	20,046
Shareholder advances	1,927	10,657
Participating debentures	14,476	1,242
Convertible debentures	1,770	3,163
	43,133	35,108

4. Accumulated provision for losses

	1987	1986
	(in thousands of dollars)	
Accumulated provision, beginning of year	141,831	157,737
Amounts written off during the year	(48,961)	(43,849)
Recovery of amounts previously written off	3,024	3,902
	95,894	117,790
Additional provision required for the year	29,671	24,041
Accumulated provision, end of year	125,565	141,831

5. Long-term investment

Pursuant to a Directive dated October 16, 1986, given by the Government of Canada to the Federal Business Development Bank under section 99 of the Financial Administration Act, the Bank has been directed to purchase from Cominco Ltd. 790,000 series "E" preferred shares for an amount of $79 million in three tranches. The first tranche of 280,000 preferred shares for $28 million was made during the year. The second tranche of $28 million was made on April 1, 1987, and the final tranche of $23 million is scheduled for fiscal 1989.

Cominco Ltd. is a Canadian mining producer of zinc and lead. This investment forms part of a $260 million programme of modernization relating to lead smelting operations in Trail, B.C. Funding for this share purchase is provided by capital paid into the Bank by the Government of Canada.

A twenty year agreement between the Government of Canada and Cominco Ltd. provides for a sharing in the risks of the project. The redemption of the Bank's investment and payment of dividends thereon are tied to the success of the project as determined by a profitability index which is related to the performance of lead and silver prices over the life of the agreement.

This investment is carried at cost and any dividends will be recorded when received.

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1987—*Concluded*

6. Notes held by Canada

All notes held by Canada, amounting to $51 million, at rates of 10% and 10⅛%, mature in fiscal 1988.

7. Notes payable, other than to Canada

Maturities by fiscal year were as follows:

Rate %	1988	1989	1990	1991	1992	1993-97	Total
			(in thousands of dollars)				
7			50,000				50,000
8⅝-9¾	55,000		157,600	128,968	105,000	174,975	621,543
10-11	78,000	53,000	69,875	3,000	3,000	9,000	215,875
12½-13⅝	109,600						109,600
14-14⅜	30,000	105,700					135,700
	272,600	158,700	277,475	131,968	108,000	183,975	1,132,718

The above includes notes payable of U.S. $100 million and Yen 16.4 billion.

8. Capital paid in by Canada

	1987	1986
	(in thousands of dollars)	
Capital, beginning of year	456,600	456,600
Cash paid in	28,000	
Capital, end of year	484,600	456,600

9. Contingent liabilities and commitments

The Bank is contingently liable as guarantor of loans aggregating $7,486,651.

The undisbursed amount as at March 31, 1987, on loans and venture capital investments authorized aggregated $212,135,000 (1986—$185,712,000).

10. Lease commitments

Future minimum lease commitments under operating leases related to the rental of Bank premises are as follows:

	(in thousands of dollars)
1988	5,584
1989	4,412
1990	3,666
1991	3,177
1992	3,431
Thereafter	14,188
	34,458

11. Pension plan

The Bank has a pension plan for its employees which is contributory and trusteed. Related costs, net of employees' contributions, are charged to earnings as paid. Based on an independent actuarial valuation, the plan was fully funded as at December 31, 1985.

12. Statutory limitations on operations

The Minister of Finance may, with the approval of the Governor in Council, authorize capital payments to the Bank not in excess of an aggregate amount determined by the application of Section 28 of the Federal Business Development Bank Act. Under current ministerial interpretation of the provisions of this Section, the Bank is presently authorized to receive capital payments to the extent that total capital paid in by Canada does not exceed $554 million. The total of direct and contingent liabilities of the Bank is limited to a maximum of 12 times the amounts of its capital and deficit (or up to 15 times with the approval of the Governor in Council) and may not exceed $3.2 billion.

13. Financial services

The statement of operations for Financial Services is comprised of the results of the Loans Division and the Venture Capital Division which are segregated below. Within the capital of the Bank as at March 31, 1986 and 1987, was an amount of $35.6 million provided by the Government of Canada to fund the venture capital investment portfolio.

	1987			1986		
	Loans	Venture Capital	Total	Loans	Venture Capital	Total
			(in thousands of dollars)			
Interest and investment income	230,806	8,072	238,878	210,139	8,054	218,193

Net interest and investment income after provision for losses	53,036	8,009	61,045	49,898	5,552	55,450
Non-interest expenses	51,657	2,660	54,317	48,442	2,179	50,621
Net income	1,379	5,349	6,728	1,456	3,373	4,829

14. Comparative financial data

Certain amounts pertaining to the fiscal year ended March 31, 1986, have been reclassified to conform with the presentation adopted for the fiscal year ended March 31, 1987.

SUMMARY PAGE

FRESHWATER FISH MARKETING CORPORATION

MANDATE

To regulate inter-provincial and export trade in freshwater fish.

BACKGROUND

The corporation's Act gives it a monopoly over inter-provincial and export trade in freshwater fish originating in the Northwest Territories, the three prairie provinces and parts of northern Ontario. The objectives of the corporation are (a) to market fish in an orderly manner; (b) to increase returns to fishermen; and (c) to promote international markets for, and increase inter-provincial and export trade in, fish. The Act also requires the corporation to conduct its operations on a self-sustaining financial basis without appropriations.

FRESHWATER FISH MARKETING CORPORATION

AUDITOR'S REPORT

TO THE MINISTER OF FISHERIES AND OCEANS

I have examined the balance sheet of the Freshwater Fish Marketing Corporation as at April 30, 1987 and the statements of income and retained earnings and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at April 30, 1987 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Further, in my opinion, the transactions of the Corporation that have come to my notice during my examination of the financial statements have, in all significant respects, been in accordance with Part XII of the Financial Administration Act and regulations, the Freshwater Fish Marketing Act and the by-laws of the Corporation.

NOTES TO FINANCIAL STATEMENTS APRIL 30, 1987

1. Objectives and operations

The Corporation was established by the Freshwater Fish Marketing Act in 1969, as a corporation without share capital, for the purpose of marketing and trading in fish, fish products and fish by-products in and out of Canada. The Corporation is an agent Crown corporation named in Schedule C, Part I of the Financial Administration Act and is required to conduct its operations on a self-sustaining basis. Total loans outstanding from Canada and from banks may not exceed $30 million.

The Corporation has the exclusive right to market the products of the commercial fishery in the provinces participating in the program in inter-provincial and export trade. Participation of the provinces of Manitoba, Saskatchewan, Alberta and Ontario and the Northwest Territories was established by agreement with the Government of Canada.

2. Significant accounting policies

Inventories

Finished fish products are valued at the lower of cost and net realizable value. Packaging material and parts are valued at the lower of cost and replacement cost.

Depreciation and amortization

Depreciation is based on the estimated useful lives of the assets using the following methods and annual rates:

Buildings	—Lake stations	Straight-line	10%
	—Plant	Straight-line	2 ½%
Equipment	—Machinery and office equipment	Declining balance	10-25%
	—Automotive	Declining balance	30%
Fresh fish delivery tubs		Straight-line	10%
Packer vessel		Straight-line	6 ⅔%

Leasehold improvements are amortized on a straight-line basis over the term of the lease. Lease terms vary in length up to 20 years.

Payments to fishermen

The Corporation purchases fish at initial prices established by the Board of Directors and the cost of such purchases is included in the cost of sales. A guide used in the determination of the initial price is 80% of the projected total payments to fishermen (initial plus final), based upon forecasts prepared by the Corporation. Final payments, if any, to fishermen are determined by the Board after the end of the year, based on the results of operations for the year. The final payments are made in respect of products purchased during the year and therefore are charged to operations of the current year.

Foreign currency translation

Accounts receivable and payable denominated in foreign currency are translated into Canadian dollars at the year-end exchange rate. Transactions in foreign currency during the year are translated at the rate in effect at the time of the transaction. Foreign exchange gains and losses are included in interest expense.

FRESHWATER FISH MARKETING CORPORATION—*Concluded*

NOTES TO FINANCIAL STATEMENTS
APRIL 30, 1987—*Concluded*

3. Contributions receivable

	1987	1986
	$	$
Government of Canada		
Department of Regional Industrial Expansion	78,834	57,458
National Research Council	485	
Canada Employment and Immigration Commission		5,413
	79,319	62,871

Total contributions from the Government of Canada towards the cost of property, plant and equipment, market research development and job creation programs earned by the Corporation during the year were $256,775 (1986—$235,241).

4. Property, plant and equipment

	1987			1986
	Cost	Accumulated depreciation and amortization	Net	Net
	$	$	$	$
Land	214,428		214,428	216,428
Buildings	5,386,223	2,214,460	3,171,763	3,234,165
Equipment	6,573,904	4,377,677	2,196,227	2,243,921
Fresh fish delivery tubs	1,692,084	1,040,550	651,534	606,152
Packer vessel	444,492	363,840	80,652	40,498
Leasehold improvements	420,904	364,375	56,529	68,801

	15,013,579	8,360,902	6,652,677	6,610,896

5. Loans from Canada

These loans are secured by promissory notes and are made under Section 17 of the Act. At the end of the year the outstanding amounts were as follows:

	1987		1986	
	Interest rate	Amount	Interest rate	Amount
	%	$	%	$
Working capital loans	7.02	400,000	9.125	8,000,000
	8.134	500,000	9.375	2,000,000
			9.500	2,000,000
		900,000		12,000,000
Capital loans			10.125	53,359
			10.875	1,191,122
			14.000	408,108
			15.375	450,000
			15.625	550,000
				2,652,589

Working capital loans are repayable on demand and capital loans are repaid in amounts at least equal to the sum of the annual provision for depreciation and amortization on property, plant and equipment and proceeds derived from disposals thereof.

6. Interest expense

	1987	1986
	$	$
Interest on loans from Canada		
Working capital	725,192	1,211,481
Capital	29,488	360,351
	754,680	1,571,832
Losses (gains) on foreign exchange	187,949	(50,657)
Interest income (net)	(116,487)	(71,327)
	826,142	1,449,848

7. Income taxes

The Corporation is eligible to deduct for tax purposes a portion of its eligible capital cost allowance, and accordingly has no taxable income for the year. At April 30, 1987, the excess of undepreciated capital cost over net book value of property, plant and equipment amounted to $5,121,889 (1986—$5,505,387) which can be used to reduce future years' taxable income.

8. Remuneration to foreign agents

During the year, the Corporation paid an aggregate amount of $1,147,614 (1986—$836,234) to the following foreign sales agents: Frohman International, Juhl Brokerage Incorporation, Bill Bush & Associates, R.M. Sloan Co., Mile Hi Country Sales Co., Sahakian, Salm & Gordon, Benolken Brokerage Company, International Pacific Seafoods, Inc.,—U.S.; I. LeGrand H. Malo et Cie—France; Lejos Oy—Finland; AB.P. Jorgensen—Sweden; Rud Kanzow Gmbh & Co.—Germany.

9. Comparative figures

Certain figures for 1986 presented for comparison purposes have been reclassified to conform to the 1987 presentation.

SUMMARY PAGE

GREAT LAKES PILOTAGE AUTHORITY, LTD.

MANDATE

To establish, operate, maintain and administer in the interests of safety, an efficient pilotage service in designated Canadian waters in the Great Lakes area and in and around Ontario, and in designated waters in Manitoba, and in the St. Lawrence River, south of the St. Lambert Lock in Quebec.

BACKGROUND

Established in 1972, the Authority provides pilotage services and has the power to make regulations, subject to the approval of the Governor in Council, which establish compulsory pilotage areas; prescribe the ships/classes of ships that are subject to compulsory pilotage, the circumstances under which compulsory pilotage may be waived and pilotage tariffs; and which cover the licensing of pilots and issuance of pilotage certificates. Tariffs must be fair and reasonable and sufficient to permit the Authority to operate on a self-sustaining financial basis.

GREAT LAKES PILOTAGE AUTHORITY, LTD.

AUDITOR'S REPORT

TO THE MINISTER OF TRANSPORT

I have examined the balance sheet of Great Lakes Pilotage Authority, Ltd. as at December 31, 1986 and the statements of operations, deficit and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Authority as at December 31, 1986 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Further, in my opinion, the transactions of the Authority that have come to my notice during my examination of the financial statements have, in all significant respects, been in accordance with Part XII of the Financial Administration Act and regulations, the Pilotage Act and regulations, and the by-laws of the Authority.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 1986

1. Authority and objectives

The Great Lakes Pilotage Authority was established on February 1, 1972 pursuant to the Pilotage Act, incorporated as a limited company on May 17, 1972, and is continued under the Canada Business Corporations Act. Pursuant to the Financial Administration Act, the Authority is deemed to be a parent Crown corporation listed in Schedule C Part I thereto. The majority of shares issued by the Authority are held by The St. Lawrence Seaway Authority, also a parent Crown corporation. The balance is held by the Authority's Chairman and six Directors appointed by the Governor in Council.

The objectives of the Authority are to establish, operate, maintain and administer a safe and efficient pilotage service within designated Canadian waters. The Act provides that the pilotage tariffs shall be fair, reasonable and sufficient and together with any revenue from other sources, shall permit the Authority to operate on a self-sustaining financial basis.

The Authority is exempt from any income taxes.

2. Significant accounting policies

Parliamentary appropriations

When revenues are not sufficient to permit the Authority to operate on a self-sustaining financial basis, cash operating losses are recovered from parliamentary appropriations. These appropriations are recorded in the accounts when approved by Parliament and are reflected in the statement of deficit.

Parliamentary appropriations to finance capital expenditures are recorded as contributed capital.

Depreciation

Depreciation of fixed assets is calculated on a straight-line basis and is based on the estimated useful lives of the assets as follows:

Buildings	20 years
Furniture and equipment	5 to 10 years

Pension plan

All employees are covered by the Public Service Superannuation Plan administered by the Government of Canada. Contributions to the Plan are required from both the employee and the Authority. Contributions with respect to current service are expensed in the current period. Contributions with respect to past service benefits are expensed when paid, generally over the remaining years of service of the employees.

Employee termination benefits

Employees are entitled to specified benefits on termination as provided for under labour contracts and conditions of employment. The liability for these benefits is recorded in the accounts as the benefits accrue to the employees. The current liability reflects the accrued termination benefits of only those employees who have indicated their intention to terminate their employment within the coming year.

3. Parliamentary appropriation

The parliamentary appropriation of $3,360,500 (1985—$263,064), reflected in the statement of deficit appeared in Supplementary Estimates "C" and represents funding of the previous year's cash operating loss.

GREAT LAKES PILOTAGE AUTHORITY, LTD.—*Concluded*

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1986—*Concluded*

4. Pension plan

Under provisions of the Pilotage Act, pilots who choose to become employees of the Authority are entitled to count service prior to becoming an employee as pensionable under the Public Service Superannuation Act. For pilots who have elected to purchase pension benefits with respect to past service, the Authority is required to match the employee contribution. The estimated unfunded past service pension contribution with respect to these employees was approximately $293,000 as of December 31, 1986 (1985 — $352,000) and will be funded over the remaining years of service of the pilots, or the terms of purchase, whichever is the lesser.

In 1986, the pension expense was $541,158 (1985 — $593,534) including $48,028 (1985 — $61,066) for past service contributions.

5. Commitments

The Authority has entered into a long-term lease for the rental of office space. The minimum annual rental payments which will be paid over the life of the lease are as follows:

	$
1987	33,820
1988	35,500
1989	2,970
	72,290

In addition, the Authority has requested tenders for its pilot boat services for the next two years. The estimated commitment with respect to these contracts is approximately $300,000 a year.

SUMMARY PAGE

HALIFAX PORT CORPORATION

MANDATE

Administration, management and control of the Halifax harbour and all works and property within the harbour previously under the jurisdiction of the Canada Ports Corporation or, prior to February 24, 1983, the National Harbours Board.

BACKGROUND

The Halifax Port Corporation was established on June 1, 1984, pursuant to the national ports policy to create local port corporations at the major ports and harbours previously under the centralized administration of the National Harbours Board and, since February 1983, the Canada Ports Corporation. Total cargo handled by the port in 1986 amounted to 14.1 million tonnes including 2.3 million tonnes of containerized cargo.

HALIFAX PORT CORPORATION

AUDITORS' REPORT

TO THE HONOURABLE JOHN CROSBIE, P.C., M.P.
MINISTER OF TRANSPORT

We have examined the balance sheet of the Halifax Port Corporation as at December 31, 1986, and the statements of income and deficit and changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the Corporation as at December 31, 1986 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Further, in our opinion, the transactions of the Corporation that have come to our notice during our examination of the financial statements have, in all significant respects, been in accordance with the Financial Administration Act and Regulations, the Canada Ports Corporation Act and the by-laws of the Corporation.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 1986

1. In accordance with the Canada Ports Corporation Act, sections 6.1 and 6.2, a petition for the establishment of a local port corporation at the Port of Halifax was approved and the Halifax Port Corporation was established effective June 1, 1984.

   In accordance with the Canada Ports Corporation Act, the assets, liabilities and equity were transferred at their carrying values in the accounts of the Canada Ports Corporation—Port of Halifax to the Halifax Port Corporation.

2. Significant accounting policies

   (a) Investments

   The investments, which are direct and guaranteed securities of Canada, are shown at amortized cost. Premiums or discounts are amortized over the periods to maturity.

   (b) Fixed assets

   Fixed assets are recorded at cost except for those transferred to the Corporation from Canada which are recorded at appraised or fair market value established at the time of transfer. Grants towards capital projects received from Canada and from third parties are deducted from the cost of the related fixed assets.

   Depreciation is calculated on the straight-line basis for the full year, commencing with the year the asset becomes operational, using rates based on the estimated useful lives of the assets.

   (c) Pension costs

   All permanent employees of the Corporation are covered by the Public Service Superannuation Plan administered by Canada. Contributions to the plan are required from both the employees and the Corporation. The annual contributions for pensions are recognized in the accounts on a current basis.

   (d) Insurance

   Canada Ports Corporation assumes substantially all risks against fire and general perils, as well as worker compensation claims. Any costs arising from these risks are recorded in the accounts in the year they can be reasonably estimated.

   (e) Grants in lieu of municipal taxes

   The expense for grants in lieu of municipal taxes is based on estimated municipal assessments adjusted in accordance with the Municipal Grants Act. Grants are paid after the amounts have been audited by the Municipal Grants Division of Public Works Canada. Any adjustments upon finalization are reflected in the accounts in the year of settlement.

   (f) Employee benefits

   The Corporation accrues in its accounts, annually, the estimated liabilities for severance pay, annual leave and overtime compensatory leave, which are payable to its employees in subsequent years under its collective agreements, or in accordance with its policy.

Grants in lieu of municipal taxes	122,955
	2,056,794
Loss on operations	(75,069)

SUMMARY PAGE

HARBOURFRONT CORPORATION

MANDATE

a) To develop, manage and operate the waterfront in accordance with the development framework.

b) To initiate, conduct or sponsor cultural, recreational, scientific and educational programs which, in its opinion are of advantage to the public.

BACKGROUND

The Harbourfront site was delineated by the federal government in 1972 through the assembly of lands it owned plus other lands it expropriated. Extensive decayed properties were removed. With the efforts of all levels of government and an interim board, a long-term development plan was established and the mandate for Harbourfront Corporation was put in place in 1978. Since 1976, active Harbourfront programs of cultural, recreational and educational activities have made the site an attractive, busy public place. In addition to its spending on facilities for public use, the corporation has furthered private sector development on the site by leasing some land and selling air rights. With its cash flow from development, Harbourfront is now close to financial self-sufficiency in its operation.

HARBOURFRONT CORPORATION

AUDITOR'S REPORT

TO THE HONOURABLE STEWART McINNES, P.C., M.P.
MINISTER OF PUBLIC WORKS

We have examined the balance sheet of Harbourfront Corporation as at March 31, 1987 and the statements of income, retained equity and changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1987 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Further, we have examined the transactions that came to our notice in the course of the above mentioned examination of the financial statements of Harbourfront Corporation for the year ended March 31, 1987, to determine whether they were in accordance with Part XII of the Financial Administration Act, the regulations, the charter and by-laws of the corporation and the seven year management agreement dated June 13, 1980 as subsequently amended. In our opinion, these transactions were, in all significant respects, in compliance with the authorities specified.

NOTES TO THE FINANCIAL STATEMENTS MARCH 31, 1987

1. General

The Company, incorporated under the Laws of Ontario, was continued under Section 181 of the Canada Business Corporations Act by Certificate of Continuance dated December 21, 1984.

The Company is a Crown corporation listed under Part I of Schedule C of the Financial Administration Act. Share capital is held by Her Majesty the Queen in Right of Canada as represented by the Minister of Public Works.

The Company is exempt from Corporation Income Taxes under Section 149(1)(d) of the Income Tax Act.

The Company owns shares in the following subsidiary companies:

630370 Ontario Limited
15972 Canada Limited
Peter Street Basin Properties Inc.
Harbourpoint Developments (Harbourfront) Ltd.

HARBOURFRONT CORPORATION—*Continued*

NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 1987—*Continued*

2. Related parties transactions

Pursuant to a seven year agreement dated June 13, 1980 as subsequently amended, Her Majesty the Queen in Right of Canada, has granted the Company the right to operate, manage, maintain and develop certain premises situated on the Toronto harbourfront for commercial and residential purposes, including the leasing of space and to initiate, conduct or sponsor on the premises cultural, recreational and educational programmes for the benefit of the public. Subsequent to March 31, 1987, this contract has been extended to March 31, 1988. This extension is subject to the understanding that revisions to the Agreement may be required prior to the new expiry date as a result of present and impending policy reviews related to the future mandate.

Funds received on account of development rights and capitalized land leases are remitted to the Receiver General for deposit in the Harbourfront Capital Account, an interest bearing trust account within the Consolidated Revenue Fund of the Government of Canada.

The Corporation may, with the approval of the Governor in Council, upon recommendation of the Treasury Board, withdraw amounts of principal remitted to the Harbourfront Capital Account for purposes consistent with the development and financial objectives of the Corporation.

The following summarizes related party transactions for the year.

Government of Canada contributions:

	1987	1986
	$	$
Operating contribution		205,700
Development contribution	954,000	5,886,300
	954,000	6,092,000
Interest received and receivable from the Harbourfront Capital Account	532,977	557,062
Government of Canada receivable	357,022	344,733

At March 31, 1987, $500,000 received under a development agreement and included in cash and term deposits, remained to be remitted to the Harbourfront Capital Account.

The Company is related to two cultural corporations, Art Gallery at Harbourfront and School by the Water by virtue of common management. In both cases Harbourfront has majority representation on the Boards of Directors. The Company also acts as financial agents for these companies.

	Art Gallery at Harbourfront	School by the Water	1987	1986
	$	$	$	$
Operating contribution	194,600	81,300	275,900	243,400
Amounts receivable at March 31	1,751,561	130,134	1,881,695	162,488

The major portion of the $1,751,561 amount receivable from the Art Gallery at Harbourfront as at March 31, 1987 is related to the construction of the Gallery's new Power Plant building. The Gallery will repay Harbourfront, with interest tied to interest rates earned by the Harbourfront Capital Account, as pledges and donations are received in future years as follows:

	$
1988	710,842
1989	263,795
1990	245,331
1991	178,585
1992	105,352
	1,503,905

3. Accounting policies

Land

The land being developed by Harbourfront is owned by Her Majesty the Queen in Right of Canada except for certain designated portions that have been conveyed to the Company for nominal consideration to facilitate certain redevelopment agreements. Land, the acquisitions of which are funded by contributions from the Government of Canada, is owned by the Government of Canada, and accordingly, is recorded as expenditures. Land transferred to the Company from the Government of Canada is transferred and recorded at $1.

Buildings and site improvements

The Company records the costs of maintaining and improving the site and buildings thereon as expenditures in the year incurred, except for additions to land conveyed to and retained by the Company which are capitalized.

Operating fixed assets

Certain operating fixed assets were originally transferred from the Government of Canada to the Company by Order in Council for $1. Additions to March 31, 1985 were recorded as expenditures and equipment capital leases were treated as operating leases.

Operating assets, consisting of machinery, equipment and office furniture, are recorded at cost and depreciated over their useful lives. Assets reflected in the financial statements include additions, including acquisitions through capital leases, if any, after March 31, 1986.

Recognition of revenues

Development rights and leases

Upon closing of development agreements, the Company records all amounts received and receivable which are reasonably determinable as unearned revenue. Sales of air rights are recognized and net income is recorded upon transfer of title of said air rights and registration of the condominium development. Capitalized land leases are recognized on a straight line basis over the lease term.

Interest

Interest earned by the Corporation from the monies held in the Harbourfront Capital Account and interest earned on balances due under development agreements, are part of the operating revenues of the Corporation.

Government contributions

Contributions from the Government of Canada are recognized at the time they are authorized as payable to the Company.

Basis of consolidation

The consolidated financial statements include the accounts of the Company and its subsidiaries.

Retained equity

Retained equity consists of retained earnings and restricted surplus (deficit). Net income recognized under development agreements and capitalized land leases, is transferred to the restricted surplus account to reflect the restriction set out in Note 2. Transfers out of the restricted surplus account to retained earnings are

HARBOURFRONT CORPORATION—*Continued*

NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 1987—*Continued*

limited to such amounts as are approved by the Governor in Council, upon recommendation of the Treasury Board.

4. Receivables and other assets

	1987	1986
	$	$
Accounts receivable	653,091	316,144
Interest and construction allowances under development agreements	1,717,594	1,277,016

Development fees	450,000	500,000
Participating income receivable	37,616	124,355
Programming grants receivable	65,700	95,050
Prepaid expenses and deposits	459,245	629,556
	3,482,824	3,028,184

5. Deposit with Receiver General

As of March 31, 1987, the Corporation had received and paid $7,999,520 into the Harbourfront Capital Account. Balances due upon the registration of various condominium developments amount to $22,388,972 and will be remitted to the Harbourfront Capital Account on receipt.

	1987	1986
	$	$
Balance at beginning of year	8,773,245	3,841,370
Deposits during year	7,999,520	4,931,875
Withdrawals during year	(9,800,000)	
Balance at end of year	6,972,765	8,773,245

6. Due under development agreements

	Due within one year	Due after one year	Total 1987	Total 1986
	$	$	$	$
Amounts due, interest bearing	8,683,253	900,000	9,583,253	4,833,253
Amounts due, non-interest bearing	8,341,094	4,464,625	12,805,719	18,618,039
	17,024,347	5,364,625	22,388,972	23,451,292

7. Fixed assets

Fixed assets consist of:

	Cost	Accumulated depreciation	Net 1987	Net 1986
	$	$	$	$
Land	1		1	1
Operating fixed assets transferred from Crown	1		1	1
Equipment	637,578	214,044	423,534	230,715
	637,580	214,044	423,536	230,717

8. Unearned revenue from development agreements

	1987	1986
	$	$
Balance at beginning of year	31,034,821	15,894,123
Amounts received	500,000	2,477,000
Amounts receivable	6,937,200	13,853,414
	38,472,021	32,224,537
Earned in year	8,317,503	1,189,716
Balance at end of year	30,154,518	31,034,821

9. Deferred development contributions

	1987	1986
	$	$
Deferred contributions at beginning of year	1,799,414	6,472,518
Contributions during year		
Government of Canada (Note 2)	954,000	5,886,300
Allowances under development agreements	1,168,000	1,436,551
Sponsorships	800,000	
	4,721,414	13,795,369
Contributions applied in year	3,278,831	11,995,955
Deferred contributions at end of year	1,442,583	1,799,414

The deferred contributions at beginning of 1986 were represented by contributions from the Government of Canada.

10. Personnel

Personnel costs were incurred in each operational area as follows:

	1987	1986
	$	$
Property and operations	1,028,750	983,089
Events production	2,315,914	2,125,532
General and administration	1,212,362	955,783
Planning and development	410,285	379,033
	4,967,311	4,443,437

11. Restricted deficit

The restricted deficit arises as a result of Harbourfront Capital Account funds advanced to provide working capital for the Corporation, in excess of the recognition of income from development agreements, as summarized below.

Recognized as income

	$
1986	1,189,716
1987	8,317,503
	9,507,219
Advances in excess of recognized income	292,781
Amounts withdrawn per Note 5	9,800,000

HARBOURFRONT CORPORATION—*Concluded*

NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 1987—*Concluded*

The following items maintain a consistent relationship:

	1987	1986
	$	$
Funds received and deposited with Receiver General	16,772,765	8,773,245
Approved withdrawals	(9,800,000)	
Deposit with Receiver General (Notes 2 and 5)	6,972,765	8,773,245
Deposit received under development agreement	500,000	
Amounts due under development agreements (Note 6)	22,388,972	23,451,292
	29,861,737	32,224,537
Unearned revenue from development agreements (Note 8)	30,154,518	31,034,821
Restricted surplus (deficit)	(292,781)	1,189,716
	29,861,737	32,224,537

12. Comparative figures

Certain other 1986 comparative figures have been reclassified in order to conform with the financial statement presentation adopted for 1987.

13. Cumulative contributions by the Government of Canada

The following historical cost information in millions of dollars has been supplied by the Department of Public Works:

	Fiscal 1972 to 1980	Fiscal 1981 to 1987	Total
	$	$	$
Land acquisition	54.4		54.4
Operating and capital expenditures	21.5		21.5
Operating contributions		8.5	8.5
Development and land acquisition contributions		51.3	51.3
	75.9	59.8	135.7

Funds contributed subsequent to fiscal 1980 represent expenditures pursuant to the Management Agreement referred to in Note 2.

14. Commitments

The contractual principal repayments under equipment leases entered into prior to April 1, 1985 are as follows:

Fiscal year	$
1988	102,798
1989	38,089
1990	25,891

15. Uncertainties and Contingencies

(a) A policy review of Harbourfront Corporation is in progress. To avoid actions that will prejudice the Corporation's ability to properly consider and act upon any recommendations, the Minister of Public Works on May 5, 1987 instructed the Corporation that all capital projects be put in abeyance. Projects which have received the required building permits from the City of Toronto and are now under construction are proceeding. All other projects requiring building permits are in abeyance.

Due to the nature of the review and the uncertainty of its results, these financial statements give no effect to the financial implications of the projects under suspension.

The ramifications of the suspension of capital projects are unknown at the present time.

(b) The Company is the defendant in certain litigation matters. The Company has denied liability in these actions and in some instances has served counterclaims. In the opinion of management, based in part upon discussion with counsel, these actions will be resolved satisfactorily and will not have a material adverse effect on the Company's financial position.

SUMMARY PAGE

INTERNATIONAL CENTRE FOR OCEAN DEVELOPMENT

MANDATE

To initiate, encourage and support cooperation between Canada and developing countries in the field of ocean resource development.

BACKGROUND

ICOD was established by statute as a parent Crown corporation in February 1985. It complements the work of CIDA, the International Development Research Centre, and other development assistance organizations. It is seen as an important new dimension in Canada's efforts to assist less fortunate nations through its long experience and expertise in marine resource management.

INTERNATIONAL CENTRE FOR OCEAN DEVELOPMENT

AUDITOR'S REPORT

TO THE SECRETARY OF STATE FOR EXTERNAL AFFAIRS

I have examined the balance sheet of the International Centre for Ocean Development as at March 31, 1987 and the statements of operations, deficit, contributed surplus and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Centre as at March 31, 1987 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding period.

Further, in my opinion, the transactions of the Centre that have come to my notice during my examination of the financial statements have, in all significant respects, been in accordance with Part XII of the Financial Administration Act and regulations, the International Centre for Ocean Development Act and regulations and the by-laws of the Centre.

Raymond Dubois, C.A.
Deputy Auditor General
for the Auditor General of Canada

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1987

1. Authority and objectives

The International Centre for Ocean Development was established by the International Centre for Ocean Development Act in 1985 as a Crown corporation without share capital, named in Schedule C, Part I to the Financial Administration Act. The Centre is dependant on the Government of Canada for operating appropriations.

The objectives of the Centre are to initiate, encourage and support cooperation between Canada and developing countries in the field of ocean resource development by:

(a) initiating and supporting programs in developing countries for the improved management and utilization of ocean resources, particularly as a source of food;

(b) supporting the development of indigenous expertise and institutions in developing countries in order to increase the capacity of developing countries in integrated ocean use management;

(c) enlisting the expertise of people and institutions in Canada, developing countries and elsewhere;

(d) developing and sponsoring the collection and dissemination of information relating to ocean resource development;

(e) developing and sponsoring training programs, technical assistance and advisory services relating to ocean resource development; and

(f) supporting research relating to ocean resource development.

INTERNATIONAL CENTRE FOR OCEAN DEVELOPMENT—*Continued*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1987—*Concluded*

2. Significant accounting policies

The financial statements reflect the following policies:

(a) Capital expenditures

Purchases of equipment, office furniture, and costs of leasehold improvements are expensed in the year of acquisition.

(b) Parliamentary appropriations

Parliamentary appropriations are recorded in the Statement of Deficit for the year to which they apply.

(c) Project expenditures

The Centre enters into agreements with third parties to undertake projects. Project expenditures are charged to operations when disbursed and as they become due under the terms of the contractual agreement.

(d) Pension plan

Employees of the Centre are covered by the Public Service Superannuation Plan administered by the Government of Canada. Contributions to the Plan are required equally from the employees and the Centre. These contributions represent the total liability of the Centre and are recognized in the accounts on a current basis.

3. Contributed surplus

Contributed surplus represents the net book value of assets contributed to the Centre by the predecessor, non-government organization, International Centre for Ocean Development. In accordance with the Centre's accounting policy, net fixed assets contributions of $52,790 were charged to expense during the preceding period.

4. Income taxes

The Centre is exempt from income taxes.

5. Operating leases

The Centre has entered into various operating lease arrangements for office premises and equipment. The future minimum lease payments are as follows:

	1987	1986
	$	$
Year ending March 31		
1987		142,300
1988	190,000	143,500
1989	193,300	159,500
1990	193,800	170,000
1991	188,900	
1992	188,900	
	954,900	615,300

6. Contractual commitments

The Centre is committed to project expenditures during the next five years subject to compliance by recipients with the terms of their agreements.

	1987	1986
	$	$
Year ending March 31		
1987		678,500

SUMMARY PAGE

INTERNATIONAL DEVELOPMENT RESEARCH CENTRE

MANDATE

To initiate, encourage, support and conduct research into the problems of the developing regions of the world and into the means for applying and adapting scientific, technical and other knowledge to the economic and social advancement of those regions.

BACKGROUND

IDRC was created to help resolve, through research carried out by Third World scientists, the problems of poverty in the developing countries. To this end, it has established the following main program areas: Agriculture, Food and Nutrition Sciences; Health Sciences; Information Sciences; Social Sciences; and, through collaborative research, the Earth Sciences and Technologies for Local Enterprises.

INTERNATIONAL DEVELOPMENT RESEARCH CENTRE

AUDITOR'S REPORT

TO THE INTERNATIONAL DEVELOPMENT RESEARCH CENTRE
AND THE
SECRETARY OF STATE FOR EXTERNAL AFFAIRS

I have examined the balance sheet of the International Development Research Centre as at March 31, 1987 and the statements of operations, equity of Canada and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Centre as at March 31, 1987 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

INTERNATIONAL DEVELOPMENT RESEARCH CENTRE—*Continued*

NOTES TO FINANCIAL STATEMENTS AS AT MARCH 31, 1987

1. Authority and objective

The International Development Research Centre, a Corporation without share capital, was established in 1970 by the Parliament of Canada through the International Development Research Centre Act. The annual grant received from the Parliament of Canada is pursuant to External Affairs Votes 60 and 70 for the years ended March 31, 1987 and 1986 respectively.

The objective of the Centre is to initiate, encourage, support, and conduct research into the problems of the developing regions of the world and into the means for applying and adapting scientific, technical, and other knowledge to the economic and social advancement of those regions.

2. Significant accounting policies

The financial statements have been prepared in accordance with Canadian generally accepted accounting principles and reflect the following policies:

Property and equipment

Property and equipment are recorded at cost and depreciated over their estimated useful lives. Leasehold improvements are amortized over the terms of the respective leases. The methods and rates used to provide for the depreciation and amortization of property and equipment are:

	Method	Rate (%)
Computer hardware	Straight-line	20
Leasehold improvements	Straight-line	9-50
Office furniture and equipment	Diminishing balance	20
Vehicles	Diminishing balance	30
Telephone system	Straight-line	20

Expenditure

Expenditure is recorded on an accrual basis except for contract research expenditure, which is charged to operations when disbursed.

Recognition of revenue

Revenue in respect of contract research and of the contribution from the Canadian International Development Agency (CIDA) is recognized at the time that the related project expenditure is incurred. Contract research and CIDA contribution funds received in excess of expenditure are included in current liabilities.

Pension costs

Employees of the Centre are covered by the Public Service Superannuation Plan administered by the Government of Canada. Contributions to the Plan are required from the employees and the Centre. These contributions represent the total liability of the Centre and are recognized in the accounts on a current basis.

Income taxes

The Centre is exempt from any liability for income taxes.

Foreign currency translation

Monetary assets and liabilities are translated into Canadian dollars at the rate of exchange in effect at year-end. Non monetary assets are translated at rates prevailing at the respective transaction dates. Foreign-currency transactions are translated into Canadian dollars by the use of an average exchange rate that closely approximates the rate in effect at the transaction date. Exchange gains and losses are included in operations for the current year.

3. Cash and short-term deposits

	1987	1986
	$	$
Cash (bank overdraft)	(2,062)	462,316

	7,974,540	8,446,521

7. Due to Government of Canada

The Budget Papers tabled in the House of Commons by the Minister of Finance on May 23, 1985 provided for the recovery of $15,000,000 from the Centre in 1985-86. The Centre negotiated the remittance of $8,000,000: $4,000,000 in fiscal year 1985-86 and $4,000,000 in April 1986.

INTERNATIONAL DEVELOPMENT RESEARCH CENTRE—*Continued*

NOTES TO FINANCIAL STATEMENTS AS AT MARCH 31, 1987—*Concluded*

8. Contribution from the Canadian International Development Agency

On March 29, 1985, the Centre executed an agreement in respect of a contribution of up to $4,764,690 to be provided by CIDA for a development-research project.

	1987	1986
	$	$
Contribution received during the year	521,375	1,000,000
Project expenditure	498,393	728,890
Administration charges by the Centre	40,000	30,000
	538,393	758,890
Excess of funds received over expenditure and administration charge (expenditure and administration charge over funds received)	(17,018)	241,110
Funds available at the beginning of the year	241,110	
Funds available at the end of the year	224,092	241,110

9. Deferred rent—Head Office

The Centre signed a new lease for 10 years and 10 months starting in January 1987. The terms call for an annual rent of about $2,740,000 starting with a rent-free period of 13 months. This rent-free period is being amortized over the life of the lease. The amount of $270,229 reflects the deferred rent as at March 31, 1987.

10. Operating leases

The Centre has entered into various lease arrangements for office premises, equipment, and staff accommodation, in Canada and in various countries. The total annual payments under such lease arrangements will be:

Year ending March 31	$
1988	4,929,382
1989	4,162,882
1990	3,518,215
1991	3,487,803
1992	3,558,053
	19,656,335

11. Contractual commitments—Project grants and project development

The Centre is committed to make payments totalling up to $85,005,643 during the next 4 years subject to funds being provided by Parliament and subject to compliance by recipients with the terms of project agreements. The Centre has also submitted formal grant offers to prospective recipients totalling $24,918,569 and is awaiting acceptance of these offers.

The Centre is further committed to make payments of up to $3,337,617 during the next 3 years, subject to funds being provided by CIDA and subject to compliance by the recipient with the terms of the project agreement.

12. Contingencies

The Centre is a defendant in two actions for damages and costs allegedly sustained by the plaintiffs. Management and counsel are of the opinion that the Centre has defences against these claims and accordingly no provision has been made in the financial statements in respect of them. The claims are not significant to the operations of the Centre.

13. Comparative figures

The 1986 comparative figures have been reclassified to conform to the statement presentation adopted in 1987.

SUMMARY PAGE

LAURENTIAN PILOTAGE AUTHORITY

MANDATE

To establish, operate, maintain and administer in the interests of safety an efficient pilotage service in the St. Lawrence River between Les Escoumins and the north end of the St. Lambert Lock, in the Saguenay River and in the Bay of Chaleur.

BACKGROUND

Established in 1972, the Authority provides pilotage services and has the power to make regulations, subject to the approval of the Governor in Council, which establish compulsory pilotage areas; prescribe the ships/classes of ships that are subject to compulsory pilotage, the circumstances under which compulsory pilotage may be waived and pilotage tariffs; and which cover the licensing of pilots and issuance of pilotage certificates. Tariffs must be fair and reasonable and sufficient to permit the Authority to operate on a self-sustaining financial basis.

LAURENTIAN PILOTAGE AUTHORITY

AUDITOR'S REPORT

TO THE MINISTER OF TRANSPORT

I have examined the balance sheet of Laurentian Pilotage Authority as at December 31, 1986 and the statements of operations, contributed capital, deficit and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Authority as at December 31, 1986 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Further, in my opinion, the transactions of the Authority that have come to my notice during my examination of the financial statements have, in all significant respects, been in accordance with Part XII of the Financial Administration Act and regulations, the Pilotage Act and regulations and the by-laws of the Authority.

Raymond Dubois, C.A.
Deputy Auditor General

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 1986

1. Authority and activities

The Laurentian Pilotage Authority was established on February 1, 1972 under the Pilotage Act. Its objectives are to establish, operate, maintain and administer in the interests of safety an efficient pilotage service within certain designated Canadian waters in and around the Province of Quebec. The Act provides that pilotage tariffs shall be fair and reasonable and assure a revenue which, together with any revenue from other sources, is sufficient to permit the Authority to operate on a self-sustaining basis.

The Authority is a Crown corporation named in Part I of Schedule C to the Financial Administration Act.

2. Significant accounting policies

Fixed assets

Fixed assets obtained from Canada when the Authority was established were recorded at the then assigned values. Fixed assets purchased subsequently by the Authority are recorded at cost.

Fixed assets are depreciated using the straight-line method, at rates based on the estimated useful lives of the assets.

Contributed capital

The values assigned to the fixed assets obtained from Canada when the Authority was established and the net cost of fixed assets financed from parliamentary appropriations are recorded as contributed capital.

Parliamentary appropriations

Parliamentary appropriations received to finance the excess of expenditures over revenues are recorded in the year in which they are voted by Parliament, to contributed capital for that portion pertaining to the acquisition of fixed assets and to the deficit for that pertaining to operations. In this respect, operating expenditures include only those which require an outlay of funds.

Services provided without charge

Estimated amounts for services provided without charge by a government department are included in expenses with an offset to the deficit.

LAURENTIAN PILOTAGE AUTHORITY—*Concluded*

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1986—*Concluded*

Pension plan

Employees of the Authority participate in the Superannuation Plan administered by the Government of Canada. The employees and the Authority contribute equally to the cost of the Plan. This contribution represents the total liability of the Authority. Contributions in respect of current service and of admissible past service are expensed when paid. The terms of payment of past service contributions are set by the applicable purchase conditions, generally over the number of years of service remaining prior to retirement.

Employee termination benefits

On termination of employment, employees of the Authority are entitled to certain benefits provided for under their collective agreements and their conditions of employment. The cost of these benefits is expensed in the year in which they are earned.

3. Fixed assets

Details of fixed assets are as follows:

	1986			1985
	Cost	Accumulated depreciation	Net	Net
	$	$	$	$
Land	9,300		9,300	9,300
Buildings	23,622	23,622		261
Pilot boats	1,386,892	721,238	665,654	774,149
Furniture and fixtures	121,358	70,269	51,089	38,656
Communications equipment	178,832	117,405	61,427	82,035
Boarding facilities	216,689	117,670	99,019	114,256
Wharf improvements	169,033	50,710	118,323	126,775
Leasehold improvements	82,059	31,456	50,603	67,015
	2,187,785	1,132,370	1,055,415	1,212,447

Depreciation for the year is $182,169 ($173,659 in 1985).

The estimated useful lives for the principal categories of fixed assets for the purposes of calculating depreciation are as follows:

Pilot boats	10, 15 and 20 years
Furniture and fixtures	10 years
Communications equipment	10 years
Boarding facilities	10 and 20 years
Wharf improvements	20 years
Leasehold improvements	duration of the leases

4. Pension plan

The estimated unrecorded liability for employees' past services is $69,600 as at December 31, 1986 ($80,000 as at December 31, 1985).

5. Parliamentary appropriation

On November 18, 1986, the Treasury Board approved a temporary allotment of $1,400,000 from its Vote 5, Government Contingencies, prior to the release, in Supplementary Estimates "C" for 1986-87, of an appropriation to cover the Authority's cash deficit for the year 1986. An amount of $1,000,000 was received during the year.

6. Trust account

Agreements between representatives of the users of the pilotage service and the pilots' corporations were signed on December 26, 1985 in order to provide for supplementary interim remuneration to the pilots' corporations until the signing of new service contracts between the Authority and the pilots' corporations. Concurrently with the signing of those agreements, the Authority had agreed to administer, through a trust account, amounts to be received from users and subsequently distribute them to the pilots' corporations. The supplementary interim remuneration arrangements were terminated in November 1986 concurrently with the signing of new service contracts.

Although the amounts payable to the pilots' corporations under these agreements were fully paid before and after December 31, 1986, an amount of approximately $300,000 remains receivable from certain users of the pilotage service who challenge their obligation to pay the supplementary interim remuneration provided for in these agreements. The Authority has taken action before the Courts to exercise its rights.

7. Canadian Transport Commission investigation

In January 1985, the Authority published in the Canada Gazette a copy of each tariff of pilotage charges that it had proposed to prescribe pursuant to the Pilotage Act. Notices of objection were filed with the Canadian Transport Commission, which subsequently made such investigation as in its opinion was necessary or desirable in the public interest. The Commission made its recommendation to the Authority on April 4, 1986. The new tariff was applied effective September 26, 1986.

SUMMARY PAGE

MARINE ATLANTIC INC.

MANDATE

To acquire, establish, manage and operate a marine transportation service, a marine maintenance, repair and refit service, a marine construction business and any service or business related thereto.

BACKGROUND

The company provides marine ferry services to Atlantic Canada. As CN Marine Inc., it was a subsidiary of Canadian National Railway Company. Pursuant to the *Marine Atlantic Inc. Acquisition Authorization Act* (S.C. 1986, C. 36), which was proclaimed on June 27, 1986, the company's name was changed to Marine Atlantic Inc. and was added to Part I of Schedule C of the *Financial Administration Act*. At close of business on December 31, 1986, ownership was transferred to Her Majesty in right of Canada.

MARINE ATLANTIC INC.

AUDITORS' REPORT

TO THE HONOURABLE J. CROSBIE
MINISTER OF TRANSPORT

We have examined the balance sheet of Marine Atlantic Inc. as at December 31, 1986 and the statements of income, retained earnings (deficit) and changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the Corporation as at December 31, 1986 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

We further report that, in our opinion, the transactions of the Corporation that have come to our notice in the course of our examination of the financial statements have, in all significant respects, been in accordance with Part XII of the Financial Administration Act and regulations, the charter and by-laws of the Corporation.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1986
(in thousands of dollars)

1. Nature of operations and authority

Bill C-88, the Marine Atlantic Inc. Acquisition Authorization Act was proclaimed in 1986 and transferred ownership of the Corporation from the Canadian National Railway Company ("CNR") to the Government of Canada. This Act changed the Corporation's name of CN Marine Inc. to Marine Atlantic Inc. In accordance with the Act, the Corporation's articles restrict the business that it may carry on to the acquisition, establishment, management and operation of a marine transportation service, a marine maintenance repair and refit service, a marine construction business and any service or business related thereto.

The Corporation's activities are also governed by agreements negotiated with the Government of Canada. The agreements provide, among other things, for the Corporation to receive contract revenues from the Government of Canada to the extent that the estimated cost of providing ferry, coastal, terminal and water services is not recovered from estimated commercial revenues. In addition, and subject to parliamentary appropriations, amounts are received to finance the acquisition of fixed assets on a proven cash needs basis. The allocation of funds received in respect of contract revenue and the acquisition of fixed assets are subject to ministerial directive. As a result, the Corporation is economically dependent on the Government of Canada for the funds it receives through these arrangements.

2. Significant accounting policies

Inventory of fuel and supplies

Inventories are valued at the lower of cost and replacement cost. Cost is determined on a weighted-average basis.

Fixed assets

Fixed assets are carried at the cost to acquire them less accumulated depreciation. Due to a change in funding arrangements with the Corporation's shareholder, and as explained further in Note 3, a provision for those capital costs not considered recoverable from future revenue sources has been made and has been charged to retained earnings.

Shipbuilding subsidies available on fixed assets acquired through long-term construction contracts are approved on the percentage-of-completion basis and applied to reduce the cost of assets under construction.

Depreciation

Depreciation is calculated at rates sufficient to write off fixed assets over their estimated useful lives generally on a straight line basis. Assets acquired from the CNR in 1979 are depreciated based on the original cost to the Ministry of Transport of $197.7 million. The rates for significant classes of assets are as follows:

Vessels	5%
Terminal properties	2.5%
Equipment	10%, 12.5% and 25%

Deferred charges

Deferred charges are accounted for at cost less accumulated amortization. They are being amortized to income on a straight line basis over periods not exceeding 60 months.

Capital assistance

Amounts received from the Government of Canada to finance the acquisition of fixed assets are recorded as deferred capital assistance in the year in which they are reasonably assured of being received, and are amortized to income on the same basis and over the same periods as the related fixed assets are depreciated.

MARINE ATLANTIC INC.—*Continued*

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1986—*Continued*

Government contract revenue

Revenues received under contract to provide ferry service to Atlantic Canada are based on operating budgets approved by the Government of Canada for each year and are included in income in the year received to fund operating expenses in excess of commercial revenues. Deferred contract revenue at December 31, 1986 represents January 1987 government contract revenue received by the Company on December 31, 1986.

Accruals for vacation pay and vessel refits are reduced to the extent that the amounts are reasonably assured of being paid and recovered from future contract revenues to be received from the Government of Canada.

Foreign currency translation

Monetary assets and liabilities denominated in a foreign currency are translated at exchange rates in effect at the year end. Other assets and liabilities, revenues and expenses are translated using exchange rates in effect at the date of the transaction. Gains and losses arising on translation are included in net income.

Employee compensation

Pension plans

During the year the Company assumed responsibility for retirement plans covering substantially all of its employees. In prior years the plans had been administered by CNR and the Corporation had made payments to the plan on the basis of a formula determined by CNR's actuaries.

In 1986 the costs of benefits for current services of employees have been funded and charged to income. Based on current actuarial information prepared in connection with the transfer of responsibility for the plans, management is of the opinion that it will be assuming an unfunded liability. Consequently an additional payment of $3 million has been made toward a reduction of that liability and has been charged to income.

Personal injury costs

Certain retired employees are currently provided with specified pensions resulting from injury. The Corporation recognizes the benefit payouts as an expense in the year paid.

Vessel spare parts

The Company maintains spare parts for vessels in service. The acquisition of spare parts is charged to operations in the period the purchase is made.

3. Provision for capital assistance

In accordance with changes in the contractual funding agreements and the change in the ownership of the Company, future depreciation and amortization on those fixed assets and deferred charges acquired prior to January 1, 1987, and which had substantially been financed through the issue of capital stock, are no longer recoverable under contracts with the Government of Canada. Management considers it unlikely that the Corporation will generate sufficient commercial revenue to recover these costs. Accordingly, management has provided for $290.6 million (after net related deferred income taxes of $44.6 million) as an adjustment to retained earnings. This provision for capital assistance will be reduced as the related assets are depreciated, amortized or upon their disposition.

4. Fixed assets and deferred charges

	1986			1985
	Cost	Accumulated depreciation and amortization	Net book value	Net book value
	(in thousands of dollars)			
Vessels	285,868	49,517	236,351	104,063
Terminal properties	81,316	15,928	65,388	49,514
Equipment	11,007	7,766	3,241	3,760

	378,447	73,288	305,159	157,712
Assets under construction	7,279		7,279	135,280
	385,726	73,288	312,438	292,992
Deferred charges	6,101	411	5,690	1,623
	391,827	73,699	318,128	294,615

5. Commitments and contingencies

(a) The Corporation has been directed by the Government of Canada to contract with a shipbuilder for a new vessel. The directive authorizes an expenditure of $130 million, subject to an economic price adjustment, of which the Corporation was required and has paid $5 million which is included in assets under construction. The balance will become payable by the Corporation upon delivery of the vessel.

The total amount required to complete contracted fixed assets under construction at December 31, 1986 is estimated to be $134.7 million (1985—$31.6 million).

(b) The Company has received a claim of approximately $14 million plus interest from the builder of one of the Company's vessels. The Company has filed a claim of approximately $14 million plus interest against the builder. An arbitration of this matter was completed in October, 1986 and the Company is awaiting the decision of the arbitrators. The final outcome of this matter cannot be determined at this time. The Company is also in receipt of claims which have not yet reached litigation. The Company's estimate of total financial exposure for these items is $2.6 million; however any final determination is presently unknown.

6. Acquisitions

The Company has agreed in principle to acquire, by purchase, all of the issued and outstanding shares of the capital stock of Coastal Transport Limited, whose principal business is transportation. Such acquisition was approved by an Order In Council issued in December, 1985.

In addition, the Government of Canada has authorized the Company to enter into negotiations with CNR to acquire the Newfoundland Dockyard Company.

MARINE ATLANTIC INC.—*Concluded*

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1986—*Concluded*

7. Operating leases

The company makes use of property which is available through operating leases. The minimum lease payments are as follows:

	(in thousands of dollars)
1987	814
1988	795
1989	358
1990	343
1991	343
1992	343
Total minimum lease payments	2,996

8. Income taxes

The company has been listed under Part I of Schedule C to the Financial Administration Act and has not been prescribed as a Federal Crown Corporation under the Canadian Income Tax Act.

9. Comparative figures

Certain of the prior year's figures have been reclassified to conform with the current year's presentation.

SUMMARY PAGE

MINGAN ASSOCIATES, LTD

MANDATE

To purchase land for eventual disposition.

BACKGROUND

Ownership of the corporation was purchased for Canada in 1983 to obtain the land and fishing rights it owns. Those assets are to become Indian reserve property and, as a first step, they have been transferred to the Crown in right of Canada. The further steps towards reserve status are underway now and the corporation is in position to be dissolved.

MONTREAL PORT CORPORATION

MANDATE

Administration, management and control of the Montreal harbour and all the works and property within the harbour previously under the jurisdiction of the Canada Ports Corporation or, prior to February 24, 1983, the National Harbours Board.

BACKGROUND

The Montreal Port Corporation was established on July 1, 1983, pursuant to the national ports policy to create local port corporations at the major ports and harbours previously under the centralized administration of the National Harbours Board and, since February 1983, the Canada Ports Corporation. The Port of Montreal is the largest on the east coast of Canada and handles more diversified traffic than any of the other ports previously administered by the Canada Ports Corporation. The port handled 21.6 million tonnes of cargo in 1986 including 4.0 million tonnes of grain and 4.9 million tonnes of containerized cargo.

MONTRÉAL PORT CORPORATION

AUDITORS' REPORT

TO THE HONOURABLE JOHN CROSBIE, P.C., M.P.
MINISTER OF TRANSPORT

We have examined the statements of income, contributions to Canada, deficit and changes in financial position of the Montréal Port Corporation for the fiscal year ended December 31, 1986 and its balance sheet at that date. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the results of operations and the changes in the financial position of the Corporation for the year ended December 31 1986 and its financial position at that date in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Further in our opinion, the transactions of the Corporation that have come under our notice in the course of our examination of the financial statements were, in all material respects, in accordance with the Financial Administration Act and Regulations, the Canada Ports Corporation Act, the Letters Patent and by-laws of the Corporation.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 1986

1. Status

The Montréal Port Corporation (the Corporation) was incorporated by letters patent in accordance with paragraph 6.2(1) of the Canada Ports Corporation Act on July 1, 1983.

Under Section 6.5 of the same Act, on the establishment of a local port corporation, all rights, obligations and liabilities of the Canada Ports Corporation in relation to that harbour shall become rights, obligations and liabilities of the local port corporation and the administration of all such property and works within the limits of that harbour as are administered by the Board, shall be deemed to have been transferred to the local port corporation, in this case the Montréal Port Corporation.

2. Significant accounting policies

(a) Fixed assets and depreciation

Fixed assets are recorded at original cost with related accumulated depreciation transferred from Canada Ports Corporation; subsequent acquisitions are recorded at cost.

Depreciation on fixed assets is calculated according to the straight-line method for the full year, commencing in the year the asset becomes operational, using rates based on the estimated useful lives of the assets.

(b) Pension costs

All permanent employees of the Corporation are covered by the Public Service Superannuation Plan administered by the Government of Canada. Contributions to the plan are required from both the employees and the Corporation. These contributions represent the total liability of the Corporation and are recognized in the accounts on a current basis.

MONTRÉAL PORT CORPORATION—*Concluded*

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 1986—*Concluded*

(c) Grants in lieu of municipal taxes

Grants in lieu of municipal taxes are based on estimated municipal assessments adjusted in accordance with the Municipal Grants Act. Grants are paid after the amounts have been audited by the Municipal Grants Division of Public Works Canada. Any adjustments upon finalization are reflected in the accounts in the year of settlement.

(d) Employee benefits

The Corporation accrues in its accounts annually the estimated liabilities for severance pay, annual leave, sick leave and overtime compensatory leave, which are payable to its employees in subsequent years under collective agreements, or in accordance with Corporation policy.

3. Investments

Funds are invested in Government of Canada direct securities and guaranteed by the Government of Canada which are shown at amortized cost, with premiums or discounts amortized over the periods to maturity. As at December 31, 1986, the market value of the short-term investments is equivalent to their amortized cost, and market value of long-term investments is $46,246,000 ($43,881,239 in 1985).

4. Fixed assets

	1986				1985
	Depreciation rates	Cost	Accumulated depreciation	Net value	Net value
	%	(in thousands of dollars)			
Land		19,058		19,058	18,060
Dredging	2.5	15,633	11,810	3,823	3,787

Roads and surfaces	2.5-10	30,681	10,306	20,375	18,694
Machinery and equipment	5-20	41,739	28,212	13,527	14,625
Office furniture and equipment	20	1,405	838	567	248
		241,239	121,574	119,665	118,500
Projects under construction		11,017		11,017	4,933
		252,256	121,574	130,682	123,433

5. Accounts payable and accrued liabilities

Included in accounts payable and accrued liabilities are amounts for deferred revenues of $652,589 ($792,840 in 1985) and for the current portion of long-term liabilities of $360,576 ($339,365 in 1985).

6. Loans from Canada

	1986	1985
	(in thousands of dollars)	
Loans bearing interest at 6.25% with blended annual principal and interest repayment requirements of $842,561 and maturing in the year 2000	7,712	8,051
Less: current portion	361	339
	7,351	7,712
Non-interest bearing loans with indefinite due date	132,995	132,995
Accrued interest on loans not due nor payable	98,162	98,162
	238,508	238,869

Principal repayment requirements over the next five years amount to:

	$
1987	360,576
1988	383,112
1989	407,056
1990	432,497
1991	459,528

7. Contingencies

Claims aggregating approximately $5,948,000 in respect of lawsuits, guarantees and damages allegedly suffered on the Corporation property and sundry legal matters in dispute have been made against the Corporation but are not reflected in the accounts. In the opinion of the Corporation, its position is defensible and the final outcome of such claims should not result in any material loss.

8. Capital expenditure commitments

Contractual obligations for the completion, construction and purchase of fixed assets are estimated at $4,008,000.

9. Related party transactions

In the ordinary course of business, the Corporation enters into transactions with related parties, including the Government of Canada, its agencies and other Crown corporations.

The Corporation derives revenues from related parties principally from grain warehousing and switching charges. The expenses paid to related parties are principally administration fees.

10. Contributions to Canada

Canada has requested cash contributions from various Crown Corporations. As part of this cash recovery exercise, the Ports Canada network which consists of the Canada Ports Corporation and the six local port corporations, was requested to contribute $133,000,000.

The Montréal Port Corporation's portion amounts to $54,983,000 and it has been charged to the "Contributions to Canada" item.

In accordance with a decision by the Government of Canada, the Corporation is required to issue a dividend, in respect of the 1986 financial year, set at 30% of net income before extraordinary items and payable before March 31, 1987. This dividend amounted to $4,136,000 in 1986 and has been charged to the "Contributions to Canada" item.

SUMMARY PAGE

NATIONAL ARTS CENTRE CORPORATION

MANDATE

To operate and maintain the National Arts Centre; to develop the performing arts in the National Capital Region; and to assist the Canada Council in the development of the performing arts elsewhere in Canada.

BACKGROUND

In 1969, the corporation was given the lease of the National Arts Centre complex for twenty years without charge. The corporation's revenues meet about 50 per cent of its cash requirements; payments from Canada cover the remainder. The corporation is a charitable organization for the purposes of the *Income Tax Act*.

NATIONAL ARTS CENTRE CORPORATION

AUDITOR'S REPORT

TO THE CHAIRMAN OF THE BOARD OF TRUSTEES
NATIONAL ARTS CENTRE CORPORATION

I have examined the balance sheet of the National Arts Centre Corporation as at August 31, 1986 and the statements of revenue and expenses, surplus and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at August 31, 1986 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Kenneth M. Dye, F.C.A.
Auditor General of Canada

Ottawa, Canada
October 27, 1986

NATIONAL ARTS CENTRE CORPORATION—*Continued*

NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 1986

1. Objectives and operations

The objectives of the Corporation are: to operate and maintain the National Arts Centre; to develop the performing arts in the National Capital Region; and to assist the Canada Council in the development of the performing arts elsewhere in Canada.

In furtherance of its objectives, the Corporation may arrange for and sponsor performing arts activities at the Centre; encourage and assist in the development of performing arts companies resident at the Centre; arrange for or sponsor radio and television broadcasts and the showing of films in the Centre; provide accommodation at the Centre, on such terms and conditions as the Corporation may fix, for national and local organizations whose objects include the development and encouragement of the performing arts in Canada; and, at the request of the Government of Canada or the Canada Council, arrange for performances elsewhere in Canada by performing arts companies, whether resident or non-resident in Canada, and arrange for performances outside Canada by performing arts companies resident in Canada.

With a view to achieving the objectives, Her Majesty demised and leased the National Arts Centre building complex to the Corporation for a period of twenty years, expiring May 31, 1989. Under the terms of the lease, the Corporation is responsible for maintenance and operation of the building complex, but is not required to pay for the use of the complex.

2. Significant accounting policies

(a) Basis of accounting

The accounts of the Corporation are maintained on an accrual basis.

(b) Short-term investments

Short-term investments are carried at cost which approximates market value.

(c) Grants

Grants are recorded as revenue in the year in which the grantors make firm commitments to the Corporation.

(d) Programmes in progress

Direct costs, including advances to performing companies and artists, incurred prior to the end of the year for programmes in progress are deferred and charged to expenses in the year in which the programmes terminate. Indirect costs and common services not attributable to particular performances are charged to expenses in the year in which they are incurred.

(e) Inventories

Inventories are valued at the lower of cost and net realizable value for food, beverages and boutique materials or replacement cost for production materials.

(f) Fixed assets

Fixed assets used in the operations, other than the NAC complex, are recorded at cost. Depreciation and amortization are calculated on the straight-line method, as follows:

Building—l'Atelier	20 years
Equipment	5 and 7 years
Leasehold improvements	4 and 10 years

Gains and losses on disposals of fixed assets are credited or charged to operations.

Cost of uncompleted capital projects are transferred to the appropriate fixed asset classification upon completion, and are then depreciated or amortized according to the Corporation's policy.

Extraordinary repairs to the NAC building complex are deducted from the parliamentary appropriation received for that purpose and are neither capitalized nor expensed.

(g) Deferred revenue

Revenue from tickets sold prior to the end of the year for programmes in progress is deferred and credited to revenue in the year in which the programmes terminate. Gift certificates and exchange vouchers not redeemed within three years of the year of their issuance are written off and credited to revenue. A percentage of those less than three years old is also credited to revenue.

(h) Operating expenses

Expenses of performing arts programmes do not include costs relating to building and equipment maintenance, utilities, administrative services, furniture and equipment. Expenses of restaurants, garage and boutique do not include costs relating to utilities, administrative services and building maintenance. These costs are disclosed respectively as operation of the buildings expenses and administrative services.

(i) Pension plan

Employees of the Corporation participate in the Public Service Superannuation plan, administered by the Government of Canada. Contributions to the plan are required by both the employees and the Corporation. These contributions represent the Corporation's total obligation and are recorded as they become due.

(j) Employee termination benefits

Employees of the Corporation are entitled to specified benefits on termination as provided for under labour contracts and conditions of employment. The liability for these benefits is recorded in the accounts as the benefits accrue to the employees under the respective terms of employment.

(k) Parliamentary appropriations

The parliamentary appropriation for operations, received during the period April 1 to August 31, is in respect of the Government of Canada's fiscal year ending on March 31 of the following year. The Corporation credits to surplus each month one-twelfth of the approved appropriation. Accordingly, of the amount received to August 31, the amount received which is in excess of 5/12ths of the appropriation is deferred to the following year. In the event that the amount received is less than 5/12ths of the appropriation, the difference is recorded as a receivable.

The parliamentary appropriation received for extraordinary building repairs is deferred until used. An amount equal to the repairs incurred during the year is deducted from the deferred parliamentary appropriation. Should the total cost of the repairs be less than the amount received, the balance will be returned to the Consolidated Revenue Fund.

11. Commitments

As at August 31, 1986, commitments for operating leases and box office management services, with terms of more than one year, amounted to $1,360,408. Future minimum payments under these arrangements are payable as follows:

Year ending August 31	$
1987	504,302
1988	247,963
1989	128,886
1990	124,257
1991	165,000
1992	190,000
	1,360,408

12. Related party transactions

In addition to the rental of the NAC complex, provided free of charge, the Corporation receives audit services without charge from the Office of the Auditor General of Canada.

During the year, in the normal course of business, the Corporation incurred expenses totalling $554,078 (1985—$535,409) for utility services provided by the Department of Public Works and $85,929 (1985—$82,711) for ground maintenance and snow removal services provided by the National Capital Commission.

13. Comparative figures

Certain figures for the year ended August 31, 1985 have been reclassified to conform to the presentation adopted for the year ended August 31, 1986.

SUMMARY PAGE

NATIONAL CAPITAL COMMISSION

MANDATE

To prepare plans for and assist in the development, conservation and improvement of the National Capital Region.

BACKGROUND

Funding from Canada to the Commission is usually budgetary funding. The Commission's own revenues meet about 17 per cent of its operating expenses.

CORPORATION DATA

HEAD OFFICE	161 Laurier Avenue West Ottawa, Ontario K1P 6J6
STATUS	— Schedule C, Part I — an agent of Her Majesty
APPROPRIATE MINISTER	The Honourable Stewart McInnes, P.C., M.P.
DEPARTMENT	Public Works
YEAR AND MEANS OF INCORPORATION	1958; by the *National Capital Act* (R.S.C. 1970, N-3). Canada has owned this corporation since 1899 with the creation then of the Ottawa Improvement Commission (1899-1927), succeeded by the Federal District Commission (1927-1958).
CHAIRMAN AND CHIEF EXECUTIVE OFFICER	Jean Pigott
AUDITOR	The Auditor General of Canada

FINANCIAL SUMMARY ($ million) The financial year ends March 31.

	1986-87	**1985-86**	**1984-85 (restated)**	**1983-84**
At the end of the period				
Total Assets*	298.3	306.5	332.8	411.6
Obligations to the private sector	nil	nil	nil	nil
Obligations to Canada	nil	nil	26.3	31.1
Equity of Canada	267.1	284.4	281.4	344.5
Cash from Canada in the period				
— budgetary	59.0**	73.4**	97.1	86.6
— non-budgetary	nil	(26.3)	(4.8)	nil

* The data series on Total Assets and on Equity reflect NCC's change in accounting practice by recording depreciation; this change has lowered the book value of much of its assets from "historic cost" value to "net of depreciation" value.

** Net of sales proceeds and surplus (in 1986-87, $3.5 million; in 1985-86, $7.6 million) which were paid to Canada.

NATIONAL CAPITAL COMMISSION

MANAGEMENT RESPONSIBILITY FOR FINANCIAL STATEMENTS

The accompanying financial statements of the National Capital Commission are the responsibility of management and have been approved by members of the Commission. The financial statements have been prepared by management in accordance with generally accepted accounting principles.

Management has developed and maintains books of account, records, financial and management controls and information systems. These are designed to provide reasonable assurance that assets are safeguarded and controlled and that transactions are in accordance with the Financial Administration Act and regulations as well as the National Capital Act and By-Laws of the Commission. Internal audits are conducted to assess these systems and practices.

The members of the Commission carry out their responsibilities for the financial statements principally through an Audit Committee which consists of members of the Commission only. The Audit Committee meets periodically with management as well as with the internal and external auditors to discuss the results of audit examinations with respect to the adequacy of internal accounting controls and to review and discuss financial reporting matters. The external auditors have full access to the Audit Committee, with and without management being present.

The Commission's external auditor, the Auditor General of Canada, has examined the financial statements. He submits his report to the Minister of Public Works who is responsible for the National Capital Commission.

Jean E. Pigott
Chairman

John T. Denis
Chief Financial Officer

AUDITOR'S REPORT

THE MINISTER OF PUBLIC WORKS

I have examined the balance sheet of the National Capital Commission as at March 31, 1987 and the statements of operations, equity and changes in cash resources for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Commission as at March 31, 1987 and the results of its operations and the changes in its cash resources for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Further, in my opinion, the transactions of the Commission that have come to my notice during my examination of the financial statements have, in all significant respects, been in accordance with Part XII of the Financial Administration Act and regulations, the National Capital Act, the articles and by-laws of the Commission.

Kenneth M. Dye, F.C.A.
Auditor General of Canada

Ottawa, Canada

NOTES TO FINANCIAL STATEMENTS MARCH 31, 1987

1. Authority and Objectives

The National Capital Commission was established by the National Capital Act, 1958. The Commission is a Crown Corporation without share capital named in Schedule C, Part I to the Financial Administration Act and is an agent corporation. The objects and purposes of the Commission are to prepare plans for and assist in the development, conservation and improvement of the National Capital Region in order that the nature and character of the seat of the Government of Canada may be in accordance with its national significance.

2. Significant Accounting Policies

(a) Land, Buildings and Equipment

Land, buildings and equipment are generally recorded at historical cost. Property acquired at nominal cost or by donation is recorded at market value at time of acquisition. Property acquired by exchange is recorded at the carrying value of the assets disposed of in the transaction.

NATIONAL CAPITAL COMMISSION—*Continued*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1987—*Continued*

(b) Depreciation

Depreciation is charged to operations in equal annual amounts based on the estimated useful life of the assets, as follows:

Buildings	20 years
Roads and bridges	25 years
Park landscaping and improvement	25 years
Festival equipment	5 years
Equipment	7 to 15 years
Vehicles	4 to 7 years
Equipment and vehicle attachments	10 years

(c) Operating Supplies, Small Tools and Nursery Stock

Operating supplies and small tools are carried at cost. Nursery stock is valued at estimated replacement cost less an allowance for overhead, balling and packaging expenses.

(d) Pension Plan

The Commission's employees participate in the Public Service Superannuation Plan, which is administered by the Government of Canada. Contributions to the Plan are made by both the employees and the Commission on an equal basis. These contributions represent the total pension obligations of the Commission and are recognized in the accounts on a current basis.

(e) Employee Termination Benefits

Severance pay generally accrues to employees over their service period, and is payable on their separation or retirement. The liability for these benefits is recorded in the accounts as the benefits accrue to the employees.

3. Land, Buildings and Equipment

	1987			1986
	Historical Cost	Accumulated Depreciation	Net Book Value	Net Book Value
	(in thousands of dollars)			
Land and Buildings				
Greenbelt	54,525	15,457	39,068	39,647

	16,746	10,426	6,320	5,098
	397,312	114,623	282,689	278,282

* Provision for transfers pertains to property to be transferred in accordance with agreements with the Province of Quebec. This includes lands to be given free of charge for approaches to the MacDonald-Cartier Bridge, and for the transfer for $1 of lands to be used as a right-of-way for Highway 550.

4. Summary of Expenses by Major Classification

	1987	1986
	(in thousands of dollars)	
Payroll and related costs	37,801	33,482
Goods and services	24,249	25,439

Other contributions	6,573	6,829
Depreciation	10,549	9,316
	92,179	82,999

5. Major Commitments

(a) The Commission is committed to make contributions to other levels of government and other authorities as follows:

(i) Province of Quebec, one-half of the cost of the work of a road network within the Quebec portion of the National Capital Region. The Commission's remaining commitment to be paid over the next several years is estimated at $95 million and is subject to Treasury Board of Canada approval.

NATIONAL CAPITAL COMMISSION—*Concluded*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1987—*Concluded*

(ii) The Outaouais Regional Community Transit Commission and the Ottawa-Carleton Regional Transit Commission, a total of $1.6 million annually to the end of 1988 to assist in the provision of interprovincial transit service in the National Capital Region.

(iii) The Canada Museums Construction Corporation Inc., 65% of the cost of landscaping sites for two new museums in the National Capital Region. The Commission's commitment is $7.0 million.

(b) The Province of Quebec has expropriated certain lands at Laurier Park on behalf of the Commission. An amount of $1.25 million will be payable to the province in exchange for appropriate title documents.

(c) The Commission has entered into agreements for computing services and leases of equipment and office space. Annual payments under these agreements are approximately as follows:

	(in thousands of dollars)
1987-88	3,032
1988-89	2,541
1989-90	2,553
1990-91	2,138
	10,264

6. Contingencies

(a) Claims

Claims and potential claims have or may be made against the Commission totalling approximately $25.7 million for alleged damages and other matters. The final outcome of these claims is not determinable and accordingly these items are not reflected in the accounts. However, in the opinion of management, the position of the Commission is defensible. Settlements, if any, resulting from the resolution of these claims will be accounted for in the year in which the settlements occur.

(b) Agreement with the Province of Ontario

In 1961, the Commission entered into an agreement whereby the Province of Ontario established and maintains 2,654 hectares (6,557 acres) of forest. When the agreement expires in 2011, or is terminated, the Commission will reimburse the Province for the excess of expenses over revenues, or the Province will pay the Commission the excess of revenues over expenditures. At March 31, 1986, cumulative expenditures exceeded cumulative receipts by $1.0 million, and are not reflected in the accounts of the Commission.

7. Related Party Transactions

(a) Exchange of Properties

In August and December 1986, the Commission, with the approval of the Governor in Council, exchanged certain properties with the Departments of National Defence and Public Works. The properties received were recorded at the carrying value of the properties transferred.

(b) Construction Costs

The Commission has permitted another Crown corporation to undertake major construction projects on certain Commission lands. Although the Commission is not responsible for funding and managing these projects, or reporting their costs, it may have title to the construction works. However, in keeping with the intent of these projects, which includes the eventual transfer of the lands as explained in Note 8, the Commission is not claiming ownership of the work in progress or the completed buildings. Accordingly, the value of the construction costs is not included in the records of the Commission or in its financial statements.

8. Subsequent Events

The Commission is in process of transferring certain lands to a federal government department. The estimated cost of these lands is $11.8 million. The financial statements of the Commission as at March 31, 1987 do not include this pending transaction because the authority necessary to effect the transfer has not yet been obtained.

9. Comparative Figures

Certain comparative figures have been reclassified to conform to the current presentation.

SUMMARY PAGE

NORTHERN CANADA POWER COMMISSION

MANDATE

To plan, construct and operate, on a self-sustaining basis, public utilities in the Northwest Territories and, subject to approval of the Governor in Council, elsewhere in Canada.

BACKGROUND

Since incorporation in 1948, NCPC has acquired or installed power generation and distribution facilities in Yukon and the Northwest Territories. The federal government is presently pursuing options for the control of the Commission's operations to be transferred to the governments of the Territories. To this end, with the authority of the *Northern Canada Power Commission Yukon Assets Disposal Authorization Act* (S.C. 1987, C. 9), the assets and operations of the Commission in Yukon were sold on March 31, 1987 to the Yukon Power Corporation, a subsidiary of the Yukon Development Corporation, a corporation created by an ordinance of the Yukon Territorial Government.

NORTHERN CANADA POWER COMMISSION

AUDITOR'S REPORT

TO THE MINISTER OF INDIAN AFFAIRS AND NORTHERN DEVELOPMENT

I have examined the balance sheet of Northern Canada Power Commission as at March 31, 1987 and the statements of operations, retained earnings and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Commission as at March 31, 1987 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Further, in my opinion, the transactions of the Commission that have come to my notice during my examination of the financial statements have, in all significant respects, been in accordance with Part XII of the Financial Administration Act and regulations, the Northern Canada Power Commission Act, and the by-laws of the Commission.

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1987

1. Authority and objective

The Northern Canada Power Commission is a Crown corporation named in Schedule C, Part I, to the Financial Administration Act and operates under the Northern Canada Power Commission Act. The Commission is exempt from income tax.

The objective of the Commission is to provide utility services on a self-sustaining basis in the Northwest Territories, the Yukon Territory and, with the approval of the Governor in Council, elsewhere in Canada. As explained in Note 3, under the authority of the Northern Canada Power Commission Yukon Assets Disposal Authorization Act effective March 31, 1987, the Commission's business activities in the Yukon Territory were transferred to the Yukon Power Corporation, owned by the Government of the Yukon Territory.

2. Accounting policies

These financial statements have been prepared by management in accordance with generally accepted accounting principles considered to be appropriate in the circumstances and applied on a basis consistent with that of the preceding year. A summary of the significant accounting policies of the Commission is as follows:

Property and equipment

Property and equipment, including that donated to the Commission by Canada and others, are carried at cost less accumulated depreciation. Costs of additions, betterments and major renewals are capitalized. In addition to direct costs of goods and services, capital project costs include interest at prevailing rates on loan funds used to finance construction during the construction period and a share of engineering and general administration expense which is directly attributable to the projects.

NORTHERN CANADA POWER COMMISSION—*Continued*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1987—*Continued*

For normal retirements, the cost of property and equipment retired less disposal proceeds is charged or credited to accumulated depreciation with no gain or loss being reflected in operations. Gains or losses on disposal of property and equipment resulting from exceptional circumstances are reflected in the results of operations for the year.

Depreciation

Depreciation of property and equipment, financed by loans from Canada, and in service prior to March 31, 1977, excluding the Head Office building, is calculated as an amount equivalent to the principal portion of the repayment of the associated loan. The loans are being repaid by the annuity method over the estimated economic life of the assets. Property and equipment, financed by loans from Canada and in service subsequent to March 31, 1977, the Head Office building, property and equipment purchased from internally generated funds, and donated plants and extensions, are depreciated on the straight-line method.

Depreciation rates for the various classes of assets are based on their estimated economic lives, which for the principal classes of assets are:

Hydroelectric plants	30 - 50 years
Diesel engines and associated equipment	10 - 15 years
Fuel storage equipment	20 years
Buildings	20 - 30 years
Heating systems	20 years
Transmission and distribution systems	20 - 30 years
Office and general equipment	5 - 15 years
Motor vehicles	4 years

Deferred credit

Deferred credit represents contributions from Canada and others to aid the construction and acquisition of property and equipment, and is amortized over the estimated economic lives of the respective donated property and equipment.

Inventories

Inventories are valued at average cost. Provision is made for any decline in value of slow-moving inventory.

Employee termination benefits

Employees are entitled to specified benefits on termination as provided for under labour contracts and conditions of employment. The liability for these payments is recorded in the accounts as the benefits accrue to the employees.

Pension plan

All employees are covered by the Public Service Superannuation Plan administered by the Government of Canada. Contributions to the Plan are required from both the employee and the Commission. These contributions represent the total liability of the Commission and are recognized in the accounts on a current basis.

Grants in lieu of taxes

Grants in lieu of taxes are based on estimated municipal assessments adjusted in accordance with the Municipal Grants Act. Grants are paid after the amounts have been audited by the Municipal Grants Division of Public Works Canada.

3. Devolution

On November 5, 1985, the Minister of Indian Affairs and Northern Development agreed to a Memorandum of Understanding with the territorial ministers representing the Governments of the Northwest Territories and the Yukon Territory, to transfer Northern Canada Power Commission to the territorial governments.

(a) Yukon Territory

The Northern Canada Power Commission Yukon Assets Disposal Authorization Act came into effect on March 31, 1987 and provides that the Commission's business operations related to the Yukon Territory be transferred to the Yukon Power Corporation, owned by the Government of the Yukon Territory. In exchange for the fixed assets and related parts inventory, the consideration was $95,000,000, which amount was applied against the debts and obligations of the Commission due to the Government of Canada in relation to the Commission's business operations in the Yukon Territory. The application of the financial terms of the Act has created an extraordinary gain as follows:

	(in thousands of dollars)
Long-term debt and interest forgiven and written off	46,358
Loss on the transfer of fixed assets	(27,938)
Loss on transfer of related parts inventory	(346)
Write-off of accumulated deficit	(16,692)
Extraordinary gain on the devolution of Yukon operations	1,382

The gain is recognized on the statement of income as an extraordinary item, and on the balance sheet an equivalent amount is credited to contributed surplus—Divestiture of operations.

(b) Northwest Territories

The terms and conditions of divestiture to the Government of the Northwest Territories had not been determined at the time of preparation of these financial statements.

(c) Field, B.C.

Order in Council PC 1987—7/955 of May 7, 1987 authorizes the Commission to sell the assets of Field, B.C. rate zone. The net book value of these assets as at March 31, 1987 has been written down by $63,000 to reflect the accepted bid price of $61,000. An agreement of sale was not signed at the time of preparation of these financial statements.

4. Property and equipment in service

	1987	1986
	(in thousands of dollars)	
Electric power plants	124,883	245,984
Transmission and distribution systems	25,832	43,724
Other utilities	3,687	3,687
Staff accommodation	3,430	3,891
Warehouses, motor vehicles and general facilities	7,415	8,223
	165,247	305,509
Less: accumulated depreciation	65,648	84,283
	99,599	221,226

5. Loans from Canada

The Commission receives funds for capital expenditures by way of interest-bearing loans from Canada. Interest at prevailing rates is accrued during the course of construction of a project and added to the amount borrowed. The total loan, including accrued interest is repaid on terms and conditions as approved by Governor in Council.

In 1979, the Commission received a working capital loan of $7,500,000 which was repaid on March 31, 1987.

At March 31, 1987, loans for capital expenditures carried interest at rates ranging from 4.125% to 15.625% with a weighted

NORTHERN CANADA POWER COMMISSION—*Concluded*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1987—*Concluded*

average interest rate of 9.234% (1986—10.168%). Borrowings during the year were at an average interest rate of 9.15% (1986—10.5%).

Loans from Canada mature as follows:

	(in thousands of dollars)
1988	7,130
1989	7,254
1990	6,964
1991	7,132
1992	6,554
1993-2024	68,225
	103,259
Less: current portion	7,130
	96,129

6. Engineering and general administration expense

Engineering and general administration expense is net of $344,000 (1986—$287,000) allocated to capital projects.

7. Interest

	1987	1986
	(in thousands of dollars)	
Interest on long-term loans from Canada	25,057	23,699
Income from term deposits and receivables	2,536	2,175
	22,521	21,524

8. Contingency reserve

Order in Council PC 1980-1989 of July 24, 1980, authorizes the Commission to establish a contingency reserve which is not to exceed $10 million. The contingency reserve is non-funded.

9. Commitments

At March 31, 1987, the estimated committed cost to complete capital projects is approximately $797,000 (1986—$8,373,000).

10. Segmentation

The Commission operates predominantly as one industry, that being the generation and distribution of electric power. Most expenses are directly attributable to the geographic rate zones, and common expenses are allocated among the rate zones. Identifiable assets are those assets that are used in the operation of each rate zone. Corporate assets are primarily the property in Edmonton, cash and term deposits.

	1987	1986
	(in thousands of dollars)	
Revenues		
Northwest Territories	79,148	74,965

Corporate	314	63
	13,013	4,040

11. Related party transactions

In addition to the transactions described in Notes 3, 5 and 7, the Commission has significant transactions with the Government of Canada and its agencies, as well as with territorial and municipal governments of the Northwest Territories and the Yukon Territory. These transactions and resulting balances comprise:

	1987	1986
	(in thousands of dollars)	
Sale of power and heat	43,869	43,957
Purchase of fuel	9,088	8,956
Contributions to the Public Service Superannuation Plan	742	711
Treasury bills and accrued interest	14,494	10,212
Accounts receivable	7,338	4,845
Accounts payable	1,959	2,203

Furthermore, the Commission receives audit and legal services without charge from the Office of the Auditor General of Canada and the Department of Justice of Canada.

SUMMARY PAGE

PACIFIC PILOTAGE AUTHORITY

MANDATE

To establish, operate, maintain and administer, in the interests of safety, an efficient pilotage service within designated waters in and around British Columbia.

BACKGROUND

Established in 1972, the Authority provides pilotage services and has the power to make regulations, subject to the approval of the Governor in Council, which establish compulsory pilotage areas; prescribe the ships/classes of ships that are subject to compulsory pilotage, the circumstances under which compulsory pilotage may be waived and pilotage tariffs; and which cover the licensing of pilots and issuance of pilotage certificates. Tariffs must be fair and reasonable and sufficient to permit the Authority to operate on a self-sustaining financial basis.

PACIFIC PILOTAGE AUTHORITY

AUDITOR'S REPORT

TO THE MINISTER OF TRANSPORT

I have examined the balance sheet of Pacific Pilotage Authority as at December 31, 1986 and the statements of operations, retained earnings and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Authority as at December 31, 1986 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Further, in my opinion, the transactions of the Authority that have come to my notice during my examination of the financial statements have, in all significant respects, been in accordance with Part XII of the Financial Administration Act and regulations, the Pilotage Act and regulations and the by-laws of the Authority.

Cash and short-term deposits at end of the year	1,289	1,499

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1986

1. Nature of activities

The Pacific Pilotage Authority was established on February 1, 1972 pursuant to the Pilotage Act. The objectives of the Authority are to establish, operate, maintain and administer a safe and efficient pilotage service within designated Canadian waters. The Act further provides that the tariffs of pilotage charges shall be fair and reasonable and consistent with providing a revenue, together with any revenue from other sources, sufficient to permit the Authority to operate on a self-sustaining financial basis.

Pilotage services on the Fraser River are provided by employee pilots and in other coastal waters under a contract with a local association of licensed pilots.

The Authority is not subject to any income taxes.

2. Significant accounting policies

Capital leases

Under the terms of certain lease agreements the Authority assumes the rights and obligations of ownership. These leases are treated as capital leases. An asset and an obligation are recorded at an amount equal to the market value of the asset at the beginning of the lease. The obligation is reduced each year by the principal portion of the lease payments and the interest portion is charged to expense.

Depreciation

Depreciation of property and equipment is calculated on a straight-line basis and is based on the estimated useful lives of the assets as follows:

Buildings	20 years
Pilot boats	20 years
Equipment	5 and 10 years
Leasehold improvements	15 years

Employee termination benefits

Employees are entitled to specified benefits on termination as provided for under labour contracts and conditions of employment. The liability for these payments is recorded in the accounts as the benefits accrue to the employees.

Contributed capital

Amounts representing the values assigned to property and equipment transferred from Canada in 1972 and the cost of any property and equipment financed from parliamentary appropriations are shown as contributed capital.

Retained earnings

Amounts are appropriated from time to time by the Authority to provide for extraordinary costs arising from renewal or acquisition of fixed assets and for contingencies.

Pension plan

All employees are covered by the Public Service Superannuation Plan administered by the Government of Canada. Contributions to the Plan are required from both the employee and the Authority. These contributions represent the total liability of the Authority and are recognized in the accounts on a current basis.

PACIFIC PILOTAGE AUTHORITY—*Concluded*

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1986—*Concluded*

3. Property and equipment

	1986	1985
	(in thousands of dollars)	
Buildings	40	40
Pilot boats	1,142	1,142
Equipment	800	718
Leasehold improvements	31	129
	2,013	2,029
Accumulated depreciation	1,173	1,102
	840	927

The above assets include property and equipment under capital leases at a total value of $276,000 (1985—$276,000) less accumulated depreciation of $193,000 (1985—$179,000).

4. Obligations under capital lease

	1986	1985
	(in thousands of dollars)	
Total minimum payments under 8% lease agreement with Canada for pilot boat, due April 1988, payable in blended annual payments of $32,000	64	97
Amount representing interest	(7)	(14)
Balance of the obligations	57	83
Current portion	(27)	(26)
Long-term portion	30	57

Upon maturity of the lease, the Authority has the option to purchase the pilot boat for $1.

5. Commitments

The Authority has a long-term lease obligation for office accommodation aggregating $1,002,560 for the period to December 31, 1999 at a base annual rent of $77,120. The obligation also calls for pro-rata share of operating costs estimated at $41,000 for 1987.

The Authority has an operating lease agreement for the services of a manned pilot boat with a guaranteed annual rental of $58,000 to 1990, plus operating expenses. There is an option to purchase the boat, at any time, at a price to be determined when the option is exercised.

SUMMARY PAGE

PETRO-CANADA

MANDATE

To explore for, research, develop, produce and distribute hydrocarbons and other types of fuel and energy, and to engage or invest in ventures related thereto.

BACKGROUND

After 11 years of operation the corporation employs 9,156 people and has $8.1 billion in total assets. Its growth was principally from its acquisition, in succession, of Atlantic Richfield, Pacific Petroleums, Petrofina, BP Canada and Gulf Canada rights and other assets but, as well, major new investments have been made by the corporation in frontier drilling. It is a significant share-owner in the promising Hibernia and Terra Nova offshore fields and is a participant in Beaufort Sea and in Venture (Nova Scotia) fields, and in the Syncrude tar-sands operation.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

The financial statements have been prepared by management in accordance with generally accepted accounting principles appropriate in the circumstances. Management is responsible for the other information in the Annual Report, which is consistent, where applicable, with that contained in the financial statements. Management is also responsible for installing and maintaining a system of internal control to provide reasonable assurance that reliable financial information is produced. The Corporation has an internal audit department whose functions include reviewing the system of internal control to ensure that it is adequate and functioning properly.

The Board of Directors is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control. The Board exercises its responsibilities through the Audit Committee of the Board, a majority of which is composed of directors who are not employees of the Corporation. The committee meets with management, the internal auditors and the external auditors to satisfy itself that responsibilities are properly discharged and to review the financial statements.

The external auditors conduct an independent examination, in accordance with generally accepted auditing standards, and express their opinion on the financial statements. Their examination includes a review and evaluation of the Corporation's system of internal control and appropriate tests and procedures to provide reasonable assurance that the financial statements are presented fairly. The external auditors have full and free access to the Audit Committee of the Board.

AUDITORS' REPORT

TO THE HONOURABLE MARCEL MASSE, P.C., M.P.
MINISTER
ENERGY, MINES AND RESOURCES CANADA
HOUSE OF COMMONS

We have examined the consolidated balance sheet of Petro-Canada (incorporated by Special Act of the Parliament of Canada) as at December 31, 1986 and the related consolidated statements of earnings, retained earnings and changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these consolidated financial statements present fairly the financial position of the Corporation as at December 31, 1986 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied, except for the change (with which we concur) in full cost accounting as explained in Note 2 to the consolidated financial statements, on a basis consistent with that of the preceding year.

We further report that, in our opinion, the transactions of the Corporation and its consolidated wholly-owned subsidiaries that have come to our notice in the course of our examination of the consolidated financial statements of Petro-Canada were, in all significant respects, in accordance with the Financial Administration Act and the regulations thereto, the charter and by-laws of the Corporation and its consolidated wholly-owned subsidiaries and any directives given to the Corporation.

PETRO-CANADA—*Continued*

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 1986 (in millions of dollars)

1. Summary of Significant Accounting Policies

(a) Basis of Consolidation

The consolidated financial statements include the accounts of Petro-Canada, an agent of Her Majesty in right of Canada, and of all subsidiary companies ("the Corporation") except Canertech Inc., which is excluded for the reason described in Note 5.

The excess of the consideration paid for the shares of subsidiaries over the underlying net book values at the dates of acquisition is attributed to the related assets acquired and is amortized over the life of these assets.

(b) Inventories

Inventories are stated at the lower of cost and net realizable value.

(c) Investments

The Corporation accounts for investments in companies over which it has significant influence on the equity method. Other long-term investments are accounted for on the cost method.

(d) Property, Plant and Equipment

The Corporation accounts for its investment in oil and gas properties on the full cost method whereby all costs relating to the exploration for and development of oil and gas reserves are capitalized. Such costs include those related to lease acquisitions, geological and geophysical activities, lease rentals on non-producing properties, drilling both productive and non-productive wells and overhead related to exploration and development. Separate cost centres have been established for each country in which the Corporation has an interest in oil and gas properties. The Corporation applies a "ceiling test", to each of its producing oil and gas cost centres, to ensure that such costs do not exceed the estimated future net revenues from production of proven reserves, at prices and operating costs in effect at the balance sheet date, together with the unimpaired costs of certain projects in Canadian frontier areas and of unevaluated properties. In addition a consolidated ceiling test provides for future administrative overhead, financing costs and income taxes.

Costs are accumulated separately for the Syncrude Project, producing in situ and other oil sands leases. Over-burden removal costs relating to oil sands which will be mined in future years are deferred and are charged to earnings when the related oil sands are mined.

Substantially all of the Corporation's exploration and production activities are conducted jointly with others. Only the Corporation's proportionate interest in such activities is reflected in the financial statements.

The interest cost of debt attributable to the construction of major new facilities is capitalized during the construction period.

(e) Depreciation, Depletion and Amortization

Costs incurred in producing oil and gas cost centres, other than unimpaired costs of certain projects in Canadian frontier areas and of unevaluated properties, and costs incurred on the Syncrude Project and producing in situ oil sands leases are depreciated or depleted separately on the unit of production method based on estimated proven recoverable oil and gas reserves before royalties. For purposes of calculating depreciation and depletion, natural gas production and reserves are converted to equivalent units of crude oil based on the relative energy content of each commodity.

Costs incurred in non-producing oil and gas cost centres and other oil sands leases are subject to review for impairment. Any impairment is charged to earnings. When exploration proves to be successful, and economic viability has been established, the unimpaired balance is depleted on the unit of production method when production commences.

Depreciation of other plan and equipment is provided on either the unit of production method or the straight line method as appropriate. Straight line depreciation rates are based on the estimated service life of the related asset.

(f) Income Taxes

The Corporation makes full provision for income taxes deferred as the result of claiming depreciation, exploration, development and other costs for income tax purposes which differ from the related amounts charged to expense.

(g) Translation of Foreign Currency

Current assets, except inventories and prepaid expenses, current liabilities and long-term debt are translated at rates of exchange in effect at the balance sheet date. Long-term assets, inventories, prepaid expenses, deferred income taxes and redeemable preferred shares are translated at rates of exchange in effect at the respective transaction dates. Revenue and expense items are translated at the average rates of exchange in effect during the year, except for depreciation, depletion and amortization, which reflect rates of exchange in effect when the assets were acquired.

The resulting exchange gains or losses are included in earnings, except for unrealized exchange gains or losses arising on translation of long-term debt, which are deferred and amortized over the remaining term of the debt.

Foreign operations are integrated with the Corporation's other activities and are translated in the above-described manner.

(h) Pension Plans

Costs of pension benefits for current services of employees are funded and are charged to earnings as they accrue. Costs arising from amendments to pension plans which relate to services of employees in prior years and experience deficiencies are funded in accordance with applicable pension legislation and charged to earnings over periods not exceeding fifteen years.

2. Full Cost Accounting

Effective January 1, 1986 the Corporation modified prospectively its full cost accounting for oil and gas properties in accordance with the Canadian Institute of Chartered Accountants' Accounting Guideline "Full Cost Accounting in the Oil and Gas Industry" (Note 1 (d) and (e)). The effect of this change has been to increase 1986 earnings before unusual items and dividends on redeemable preferred shares by $17 million.

3. Acquisition of Gulf Canada Limited Assets

Pursuant to a 1985 agreement, the Corporation agreed to acquire certain refining and marketing assets from Gulf Canada Limited. In 1985, assets were acquired for $714 million and, effective April 1, 1986, the remaining assets, consisting mainly of the Edmonton refinery, were acquired for a further $301 million.

The net assets acquired in 1986, at attributed values, consist of:

Property, plant and equipment	291
Investments	1
Net working capital	9
	301

PETRO-CANADA—*Continued*

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 1986—*Continued*

4. Inventories

	1986	1985
Crude oil, refined products and merchandise	498	1,044
Materials and supplies	55	66
	553	1,110

5. Investments

	1986	1985
At equity		
Westcoast Transmission Company Limited	177	181
Petro-Canada Centre	84	24
Sedpex Inc.	31	23
Other	17	12
At cost		
Mortgages and other investments	47	51
	356	291

Westcoast Transmission Company Limited ("Westcoast")

At December 31, 1986, the Corporation held 30.8% of the outstanding common shares of Westcoast.

Westcoast is a regulated utility and is subject to regulatory directives which may change the components of the cost of service. Changes resulting from such directives do not have a direct effect on net earnings due to rate of return on rate base considerations which are also taken into account in the regulatory process.

At December 31, 1986, the quoted market value of the Corporation's investment in Westcoast was $165 million (1985 — $228 million).

Petro-Canada Centre

At December 31, 1986, the Corporation held 50% of a joint venture which owns Petro-Canada Centre, an office complex in Calgary. The Corporation has entered into a long-term lease for use of a portion of the complex and has guaranteed $232 million of long-term debt related to the facility.

Sedpex Inc.

At December 31, 1986, the Corporation held 50% of the outstanding common shares of Sedpex Inc., a company which owns a semi-submersible drilling vessel. This vessel is under lease to the Corporation.

Canertech Inc. ("Canertech")

The accounts of Canertech, a wholly owned subsidiary company, have been excluded from consolidation because a formal plan exists to dispose of the investment in the subsidiary. In response to a directive by the Government of Canada, the Corporation incorporated Canertech in 1981 to develop alternate energy sources. At that time the Government indicated its intention of purchasing the Corporation's investment at cost and establishing Canertech as an independent Crown corporation. During 1984 the Government directed the Corporation to bring about the dissolution of Canertech. The Corporation is proceeding with the implementation of this directive. The Corporation's investment in Canertech is carried in the accounts at its original cost of one dollar.

6. Property, Plant and Equipment

	1986			1985
	Cost*	Accumulated Depreciation, Depletion and Amortization	Net	Net

		805	269

Repayment of long-term debt

The minimum repayment of long-term debt in each of the next five years is as follows:

1987	13 million
1988	8 million
1989	8 million
1990	8 million
1991	8 million

9. Redeemable Preferred Shares

The redeemable preferred shares, which were issued by a subsidiary to a group of Canadian chartered banks, are floating rate, cumulative, and non-voting. Cumulative dividends, payable quarterly, are, at the option of the subsidiary, based on a percentage of either the United States Base Rates or the London Inter-Bank Offered Rates of the banks. At December 31, 1986, the dividend rate was approximately 3.5% per annum. The shares are redeemable, at the option of the subsidiary, at one hundred dollars U.S. per share, plus accrued dividends. In 1986 the subsidiary exercised its option to redeem 850,000 shares (1985—750,000 shares) for a consideration of U.S. $85 million (1985 — U.S. $75 million and repurchased 1,728,000 shares for a consideration of U.S. $172 million. At December 31, 1986, 7,872,000 shares were outstanding.

Under the terms of an agreement between the banks and the Corporation, in the event that the subsidiary does not exercise its option to redeem the shares over a seven-year period ending December 31, 1993, or in the event of certain other occurrences under the provisions of the agreement, the banks have the option to require the Corporation to purchase the shares at one hundred dollars U.S. per share, plus accrued dividends. These annual options increase from U.S. $78 million to U.S. $139 million over the remaining period.

10. Capital

Authorized

(a) 71,188 common shares with a par value of one hundred thousand dollars each, and

(b) Preferred shares issued to the Government of Canada provided that the amount of such shares together with any loans received, and outstanding, from the Consolidated Revenue Fund of the Government of Canada is not in excess of one billion dollars.

Issued (to the Government of Canada)

	Number of Shares	Consideration
Common Shares		
Balance at beginning of year	31,883	3,188
Preferred Shares		
Balance at beginning and end of year	972,771,853	973
Total Capital at End of Year		4,161

The preferred shares have a par value of one dollar each, are redeemable at par at the option of the Corporation, carry no stated rate of dividend and are non-cumulative.

11. Taxes Other than Income Taxes

	1986	1985
Federal sales tax	411	249
Petroleum and Gas Revenue Tax	38	124
Other	63	55
	512	428

12. Income Taxes

The provision for income taxes of $249 million (1985 — $341 million) represents an effective rate of 57.8% (1985 — 66.5%) on earnings before income taxes of $431 million (1985 — $513 million). The computation of the provision, which requires adjustment to earnings before income taxes for non-taxable and non-allowable items, is as follows:

	1986	1985
Earnings before income taxes	431	513
Add (deduct)		
Royalties and other payments to provincial governments	169	307
Federal allowances		
Resource allowance	(127)	(260)
Tax depletion	(39)	(21)
Inventory allowance	(5)	(30)
Petroleum and Gas Revenue Tax	38	124
Non-deductible depreciation, depletion and amortization	81	95
Non-taxable gains	(21)	(1)
Equity in earnings of affiliates	(18)	(22)
Other	(3)	3
Earnings as adjusted before income taxes	506	708
Canadian Federal income tax at 47.8% (1985—46.9%) applied to earnings as adjusted	242	332
Provincial and other income taxes, net of federal abatement	12	16
Provincial income tax rebates	(5)	(7)
Provision for income taxes	249	341

PETRO-CANADA—*Continued*

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 1986—*Continued*

13. Unusual Items

The unusual items charged to earnings in 1985 consisted mainly of asset write-downs associated with Canadian frontier oil and gas properties, process development costs and oil sands properties.

14. Working Capital Provided from Operations

	1986	1985
Earnings before unusual items and dividends on redeemable preferred shares	182	174
Add (deduct)		
Depreciation, depletion and amortization	394	410
Deferred income taxes	165	296
Equity earnings, net of dividends received		(7)
Other	(13)	(3)
	728	870

15. Changes in Components of Operating Working Capital

The increase (decrease) in operating working capital consists of:

	1986	1985
Accounts receivable	(433)	470
Inventories	(557)	264
Income taxes recoverable	10	(13)
Deposits and prepaid expenses	2	12
Accounts payable and accrued liabilities	556	(681)
Operating working capital acquired from Gulf Canada Limited (Note 3)	(9)	(293)
Accruals relating to 1985 unusual items, and other	25	225
	(406)	(16)

Operating working capital is comprised of working capital other than cash, short-term notes payable and current portion of long-term debt.

16. Pension Plans

Based on the most recent actuarial valuations of the Corporation's pension plans, at December 31, 1986 all accrued and vested benefits were fully funded. The actuarial projections of employees' compensation to time of retirement indicate that there was a present value obligation of $36 million (1985—$67 million) for pension benefits relating to plan amendments and experience deficiencies. This amount is being funded in accordance with the applicable pension legislation.

17. Material Transactions with Related Parties

Transactions with the Government of Canada and its agencies are in the normal course of business and are therefore on the same terms as those accorded to non-related parties.

18. Segmented Information

The Corporation operates in two business segments:

Natural resources, comprising exploration, development, production, transportation and marketing activities for crude oil, natural gas, field liquids, sulphur and oil sands; and extraction of liquids from natural gas.

Refined oil products, comprising purchase and sale of crude oil, refining crude oil into oil products and distribution and marketing of these and other purchased products.

Financial information by business segment is presented in the following table as though each segment were a separate business entity. Inter-segment transfers of products, which are accounted for at market value, are eliminated on consolidation. Corporate and other includes investment income, interest expense and unallocated general corporate revenues and expenditures. Corporate and other assets are principally cash and short-term deposits, investments in other companies and general corporate assets.

19. Comparative Figures

Certain reclassifications have been made to the 1985 comparative figures to conform with the current year's presentation.

20. Commitments and Contingencies

(a) Commitments

The Corporation has leased property and equipment under various long-term operating leases for periods up to 2008. The minimum annual rentals for non-cancellable operating leases are estimated at $55 million in 1987, $51 million in 1988, $48 million in 1989, $42 million in 1990, $37 million in 1991 and $15 million per year thereafter until 2008.

(b) Contingencies

The Corporation is involved in litigation and claims associated with normal operations. Management is of the opinion that any resulting settlements would not materially affect the financial position of the Corporation.

PETRO-CANADA—*Continued*

APPENDIX

CANERTECH INC.

AUDITORS' REPORT

TO THE SHAREHOLDER OF CANERTECH INC.

We have examined the Balance Sheet of Canertech Inc. (a wholly-owned subsidiary of Petro-Canada) as at December 31, 1986 and the Statements of Loss and Deficit and Changes in Financial Position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the company as at December 31, 1986 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles, applied on a basis consistent with that of the preceding year.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1986

Order-in-Council

On December 21, 1984, the Government of Canada issued Order-in-Council P.C. 1984-4187 which was subsequently replaced by P.C. 1986-2311 dated October 9, 1986 whereby the parent corporation was authorized to bring about the dissolution of Canertech Inc. and to replace federal Crown ownership of Canertech Conservation Inc., a wholly-owned subsidiary with other ownership.

1. Significant accounting policy

Consistent with the terms of the Order-in-Council, these financial statements have been prepared on the liquidation basis with the exception of the investment in Canertech Conservation Inc. Assets have been presented at their estimated net realizable values before costs of dissolution.

Canertech Conservation Inc. is accounted for by the equity method, to the time of sale, as management believed that consolidation of this subsidiary with Canertech Inc. would not have resulted in a more informative financial presentation.

2. Due from Energy, Mines and Resources Canada

The amount of $2,250,000 arose from the corporation's participation in the Societe Biosyn (Reg'd) joint venture. Prior to the above mentioned Order-in-Council of December 21, 1984, the corporation was to be reimbursed for these amounts by Energy, Mines and Resources Canada. It is anticipated that the ultimate settlement of these amounts will require the direction of the Treasury Board of the Government of Canada and will involve a set-off against the advances from the Government of Canada. The corporation has recorded this set-off in these financial statements.

3. Other investments

As a result of the disposition of the corporation's investment in Canertech Conservation Inc., the corporation acquired a non-interest bearing debenture receivable in the amount of $6,500,000. The first payment of $500,000 is due January 2, 1988 and the balance is due in 48 monthly payments of $125,000 commencing November 1, 1988.

This agreement contains an adjustment clause based on the realizability of certain contracts having a total value of $1.6 million. Management's estimate of the potential loss in this regard is $400,000 and accordingly this amount has been accrued in these financial statements.

The corporation holds a minority interest in Valera Electronics Inc. together with several loans receivable acquired as a result of the disposition of other investments. These investments are recorded at estimated net realizable values before costs of disposition. Included in other investments are certain notes receivable of which approximately $300,000 is due in 1987.

4. Income taxes recoverable

This amount represents the recovery of all income taxes previously paid by the corporation together with the benefit of certain Investment Tax Credits.

The benefits resulting from any future income tax reductions have not been recorded in these financial statements.

5. Accrual for dissolution costs

The accrual for dissolution costs represents management's anticipation of the costs to complete the disposition of assets and the settlement of liabilities. Should the corporation not conclude the disposition of investments as currently contemplated by management, additional costs may be incurred.

PETRO-CANADA—*Concluded*

APPENDIX—*Concluded*

CANERTECH INC.—*Concluded*

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 1986—*Concluded*

6. Advances from the Government of Canada

The advances are without requirement for interest or repayment. Management anticipates that the corporation will be unable to repay the obligation in its entirety and the Government of Canada will absorb the company's deficit upon dissolution. The corporation has reduced these advances by the $2,250,000 due from Energy, Mines and Resources Canada.

7. Share capital

Authorized—An unlimited number of common shares

Issued and fully paid—1 common share for $1

8. Contingencies

The corporation is a defendant in legal actions amounting to approximately $77 million. Management and legal counsel are of the opinion that the actions are without foundation and accordingly, no provision for such claims has been made in the accounts of the company.

9. Related party transaction

The parent company has provided management services to the corporation in the amount of $124,551 in 1986 ($150,000 in 1985). The amounts of the costs which remain unpaid as at December 31, 1986 and 1985 are $49,877 and $150,000 respectively.

10. Prior years financial statements

Certain reclassification were made to the 1985 comparative figures to conform with the 1986 financial statement presentation.

SUMMARY PAGE

PETRO-CANADA INTERNATIONAL ASSISTANCE CORPORATION

MANDATE

To assist oil-importing developing countries to exploit their own hydrocarbon resources; to provide development assistance directly to Third World countries; and to be available as an executing agent for other institutions such as the World Bank.

BACKGROUND

The first meeting of the board of directors took place January 25, 1982. Since then, the corporation has been active in several countries, applying Canadian technology and expertise with Canadian official development assistance funding in the search for hydrocarbons and in related studies, and in providing technical assistance and personnel training to those countries. This is a non-profit, government-funded organization. By Order in Council P.C. 985-2957, pursuant to s. 97(2) of the FAA, the corporation was directed to report on its affairs as if it is a parent Crown corporation.

PETRO-CANADA INTERNATIONAL ASSISTANCE CORPORATION

AUDITORS' REPORT

TO THE SHAREHOLDER

We have examined the balance sheet of Petro-Canada International Assistance Corporation (a wholly-owned subsidiary of Petro-Canada) as at December 31, 1986 and the related statements of operations and changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the Corporation as at December 31, 1986 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 1986

1. Incorporation

The Corporation was incorporated in 1981 by Petro-Canada under the Canada Business Corporations Act as a wholly-owned subsidiary pursuant to directions provided by Order-in-Council P.C. 1981-2167 of August 5, 1981.

2. Operations

The Corporation's operations are financed by Parliamentary appropriations. An affiliated company, Petro-Canada Inc. ("PCI"), provides technical and administrative services to the Corporation at cost. In addition, the Corporation may also borrow from PCI such funds as it may require from time to time. Advances received from PCI, which cannot exceed $50,000,000 at any time, bear interest at the cost of borrowing to PCI.

3. Parliamentary appropriations

In addition to Parliamentary appropriations received pursuant to subsection 24.2 of the Petro-Canada Act, a portion of the Corporation's expenditures relating to the Pakistan project, amounting to $10,534,788 (1985—$17,081,233), were financed by Government funds made available to the Corporation through the Canadian International Development Agency.

4. Share capital

Authorized

Common shares—Unlimited

Issued

One common share for a cash consideration of one dollar.

6. Comparative figures

The 1985 comparative figures were examined by Peat, Marwick, Mitchell & Co. whose auditors' report thereon, dated February 19, 1986, was without qualification. Certain reclassifications have been made to these comparative figures to conform with the current year's presentation.

SUMMARY PAGE

PORT OF QUEBEC CORPORATION

MANDATE

Administration, management and control of the Harbour of Quebec and all the works and property within the harbour previously under the jurisdiction of the Canada Ports Corporation or, prior to February 24, 1983, the National Harbours Board.

BACKGROUND

The Port of Quebec Corporation was established on June 1, 1984, pursuant to the national ports policy to create local port corporations at the major ports and harbours previously under the centralized administration of the National Harbours Board and, since February 1983, the Canada Ports Corporation. The port is an important trans-shipment point for Canadian grain exports and has recently modernized its two grain elevators which are operated under contract by a private firm. The port handled 12.5 million tonnes of cargo in 1986 including 3.1 million tonnes of grain, a reduced performance due to a labour dispute that closed the port for more than three months.

PORT OF QUÉBEC CORPORATION

AUDITORS' REPORT

TO THE HONOURABLE JOHN CROSBIE, P.C., M.P.
MINISTER OF TRANSPORT

We have examined the balance sheet of the Port of Québec Corporation as at December 31, 1986 and the statements of income and deficit and changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the Port as at December 31, 1986 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

We further report that, in our opinion, the transactions of the Corporation that have come to our notice in the course of our examination of the financial statements have been in all significant respects in accordance with the Financial Administration Act and regulations, the Canada Ports Corporation Act and by-laws of the Corporation.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 1986

General

The Port of Québec Corporation was incorporated on June 1, 1984, under article 6.2(1) of the Canada Ports Corporation Act.

Summary of significant accounting policies

(a) Investments

Investments are direct securities guaranteed by Canada. They are presented at amortized cost and the premium or discount is amortized over the periods to maturity.

(b) Fixed assets

Fixed assets are recorded at cost except for those transferred to the Corporation from Canada, which are recorded at appraised or fair market value established at the time of transfer. Grants received from Canada and from third parties for capital projects are deducted from the cost of the related fixed assets.

Depreciation is calculated using the straight line method, once the asset becomes operational for an entire year, using the following annual rates:

Dredging	2.5-6.7%
Berthing structures	2.5-10%
Buildings	2.5-10%
Utilities	3.3-10%
Roads and surfaces	2.5-10%
Machinery and equipment	5-100%
Office furniture and equipment	20%

(c) Pension costs

All permanent employees of the Corporation are covered by the Public Service Superannuation Plan administered by Canada. Contributions to the plan are required from both the employees and the Corporation. The annual contributions represent the liability of the Corporation for pensions and are recognized in the accounts on a current basis.

(d) Insurance

The Port of Québec Corporation assumes all risks with respect to compensation claims for occupational injury. Any costs arising from these claims are recorded in the accounts in the year they can be reasonably estimated.

(e) Grants in lieu of municipal taxes

The expense for grants in lieu of municipal taxes is based on estimated municipal assessments adjusted in accordance with the Municipal Grants Act. Grants are paid after the amounts have been audited by the Municipal Grants Division of Public Works Canada. Any adjustments upon finalization are reflected in the accounts in the year of settlement.

(f) Employee benefits

Every year the Corporation accounts for estimated liabilities relating to severance pay, annual leave, sick leave and overtime compensatory leave; these benefits are payable to its employees in subsequent years under its collective agreements or in accordance with its policy.

1. Investments

Investments, which are direct securities guaranteed by Canada, are as follows:

	1986		1985	
	Cost	Market value	Cost	Market value
	$	$	$	$
Current	12,160,125	12,166,576	33,109,060	33,101,895
Long-term	6,623,856	7,860,139	6,597,511	7,387,483

PORT OF QUÉBEC CORPORATION—*Concluded*

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 1986—*Concluded*

2. Fixed assets

	1986			1985
	Cost	Accumulated depreciation	Net	Net
	$	$	$	$
Land	11,043,597		11,043,597	11,043,597
Dredging	4,561,341	3,895,186	666,155	694,216
Berthing structures	22,636,930	15,867,910	6,769,020	6,704,977
Buildings	33,600,707	12,836,618	20,764,089	16,570,175
Utilities	3,427,705	1,876,360	1,551,345	1,649,523
Roads and surfaces	5,848,340	2,833,369	3,014,971	3,373,861
Machinery and equipment	499,355	384,448	114,907	138,802
Office furniture and equipment	443,006	232,517	210,489	168,750
Projects under construction	816,917		816,917	4,349,081
	82,877,898	37,926,408	44,951,490	44,692,982

As at December 31, 1986, contractual obligations for the completion, construction and purchase of fixed assets are estimated at $39,000, most of which will be expended in the year ending December 31, 1987.

3. Contribution to Canada

The Government of Canada has requested cash contributions from various Crown Corporations. As part of this cash recovery exercise, there was a request for a contribution of $133,000,000 from Canada Ports Corporation and the six local port corporations.

The Corporation's share amounted to $21,735,000 and has been recorded as contribution to Canada in the equity of Canada.

4. Contingencies

Claims aggregating approximately $2,660,000 have been received by the Corporation in respect of lawsuits, warranties, collective agreements, damages allegedly suffered on Corporation property and various other matters in dispute. These amounts are not recorded in the financial statements. In the Corporation's view, its position is defensible and these claims should not result in any material financial liability.

5. Operations

The operations of the Corporation have been reduced due to a lock-out by the Association des Employeurs Maritimes on September 15, 1986. Operations resumed on February 6, 1987.

SUMMARY PAGE

PRINCE RUPERT PORT CORPORATION

MANDATE

Administration, management and control of the Prince Rupert Harbour and all the works and property within the harbour previously under the jurisdiction of the Canada Ports Corporation or, prior to February 24, 1983, the National Harbours Board.

BACKGROUND

The Prince Rupert Port Corporation was established on June 1, 1984, pursuant to the national ports policy to create local port corporations at the major ports and harbours previously under the centralized administration of the National Harbours Board and, since February 1983, the Canada Ports Corporation. The port recently completed development of a new site on Ridley Island. A modern, high-efficiency grain elevator and coal shipment terminal which was constructed by private interests went into service at this site in 1984. In 1986, 10.7 million tonnes of cargo was handled, 6.7 million tonnes of which was coal.

PRINCE RUPERT PORT CORPORATION

AUDITORS' REPORT

THE HONOURABLE JOHN C. CROSBIE, P.C., M.P.
MINISTER OF TRANSPORT

We have examined the balance sheet of the Prince Rupert Port Corporation as at December 31, 1986 and the statements of income and deficit and changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the Corporation as at December 31, 1986 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Further, in our opinion, the transactions of the Corporation that have come to our notice during our examination of the financial statements have, in all significant respects, been in accordance with Part XII of the Financial Administration Act and Regulations, the Canada Ports Corporation Act, and the Letters Patent and By-laws of the Corporation.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 1986

Local Port Corporation

The Prince Rupert Port Corporation ("the Corporation") was established effective June 1, 1984 as a local port corporation pursuant to the Canada Ports Corporation Act ("the Act"). The Corporation is exempt from income taxes.

On June 1, 1984, pursuant to the Act, all the assets and liabilities of the Canada Ports Corporation relating to the Port of Prince Rupert were transferred to the Corporation at their book value as recorded by the Canada Ports Corporation. The net liabilities assumed were recorded as contributed capital of $678,275 and a deficit of $11,673,894. Accordingly, the financial statements are prepared as though the Prince Rupert Port Corporation had operated these facilities since their inception.

Summary of significant accounting policies

(a) Investments
The investments, which are direct and guaranteed securities of Canada, are shown at amortized cost. Premiums or discounts are amortized over the periods to maturity.

(b) Property, plant and equipment
Property, plant and equipment are recorded at cost. Grants towards capital projects received from Canada and from third parties are deducted from the cost of the related property, plant and equipment.
Depreciation is calculated on the straight-line basis using rates based on the estimated useful lives of the assets.

(c) Pension costs
All permanent employees of the Corporation are covered by the Public Service Superannuation Plan administered by Canada. Contributions to the plan are required from both the employees and the Corporation. The annual contributions represent the liability of the Corporation for pensions and are recognized in the accounts on a current basis.

(d) Grants in lieu of municipal taxes
The expense for grants in lieu of municipal taxes is based on estimated municipal assessments adjusted in accordance with the Municipal Grants Act. Grants are paid after the amounts have been audited by the Municipal Grants Division of Public Works Canada. Any adjustments upon finalization are reflected in the accounts in the year of settlement.

(e) Employee benefits
The Corporation accrues in its accounts annually the estimated liabilities for severance pay, annual leave and overtime compensatory leave, which are payable to its employees in subsequent years.

		79,134,103	7,110,054	72,024,049	73,214,955

(b) Depreciation

Depreciation consists of:

	1986	1985
	$	$
Depreciation expense	926,760	918,496
Writedown of equipment	317,906	
	1,244,666	918,496

3. Loans from Canada

	1986	1985
	$	$
Non-interest bearing loans with indefinite due date	27,084,979	27,084,979
Accrued interest on loans not due and payable	11,026,012	11,026,012
	38,110,991	38,110,991

4. Recoverable contribution from Canada

A recoverable contribution of $50,400,000 was approved for the construction of the infrastructure for the coal terminal facility on Ridley Island. The recoverable contribution as at December 31, 1986 was $48,300,000.

The total recoverable contribution is interest-free until April 1, 1989, and thereafter bears interest at approximately 13.9%.

Principal and interest on $48,300,000 of the contribution are repayable over 20 years, commencing on April 1, 1989, contingent upon the revenues received from a direct coal throughput surcharge.

5. Contribution to Canada

Canada requested cash contributions from various Crown Corporations. As part of this cash recovery exercise, a request was made for a contribution of $133,000,000 from the Ports Canada System made up of the Canada Ports Corporation and the six local port corporations.

The Corporation's share was in the amount of $2,501,000. A sum of $1,211,864 has been applied against Recoverable Contribution from Canada as authorized by the Minister of Transport. The balance of $1,289,136 has been treated as a Contribution to Canada.

6. Related party transactions

(a) During the year ended December 31, 1986, the Corporation received revenue of $1,169,454 (year ended December 31, 1985, $1,250,370) from Ridley Terminals Inc., a company in which the Canada Ports Corporation has a significant investment.

(b) During the year the Corporation paid $436,093 (year ended December 31, 1985, $521,297) to Canada Ports Corporation as its share of that corporation's head office expense.

SUMMARY PAGE

ROYAL CANADIAN MINT

MANDATE

To produce and arrange for the production and supply of coins of the currency of Canada; produce coins of currency of countries other than Canada; melt, assay and refine gold, silver and other metals; buy and sell gold, silver and other metals, etc.; mint coins; and carry out other related activities in anticipation of profit.

BACKGROUND

The Royal Canadian Mint was a departmental agency until 1969, when it was incorporated by legislation. For minting circulating Canadian coinage, it receives payment on a cost-recovery basis. Minting of numismatic and bullion coins, etc., yields profit which is payable to Canada. Occasionally, it receives loans from Canada for working capital and to finance capital projects.

ROYAL CANADIAN MINT

AUDITOR'S REPORT

TO THE MINISTER OF SUPPLY AND SERVICES

I have examined the balance sheet of the Royal Canadian Mint as at December 31, 1986 and the statements of earnings and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at December 31, 1986 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Further, in my opinion, the transactions of the Corporation that have come to my notice during my examination of the financial statements have, in all significant respects, been in accordance with part XII of the Financial Administration Act and regulations, the Royal Canadian Mint Act and by-laws of the Corporation.

Kenneth M. Dye, F.C.A.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 1986

1. Authority and objectives

The Mint was incorporated in 1969 by the Royal Canadian Mint Act and is an agent of Her Majesty named in Part I of schedule C to the Financial Administration Act. The Mint operates through the Consolidated Revenue Fund.

The objectives of the Mint are to produce coins in anticipation of profits and carry out other related activities.

2. Statutory financial limitations

At the request of the Mint and on the recommendation of the Minister of Supply and Services, the Minister of Finance may make loans to the Mint on such terms and conditions as are approved by the Governor in Council for:

(a) meeting establishment and operating expenses of the Mint, in amounts not exceeding in the aggregate $5 million;

(b) financing the costs of capital projects that are approved by the Governor in Council; and

(c) temporary purposes, in amounts not exceeding in the aggregate $1 million, and each loan shall be repaid within twelve months from the day on which the loan was made.

The total amount outstanding at any time of loans made for (a) and (b) above shall not exceed $35 million.

Furthermore, the Mint may make provision from earnings for a reserve against possible losses, but the aggregate amount in the reserve at any one time shall not exceed $1 million. The Mint's net earnings for the year shall be applied:

(a) firstly, to previous years' losses that could not be met by a charge to the reserve;

(b) secondly, to the reserve; and

(c) any excess, to the revenues of Canada.

3. Significant accounting policies

(a) Foreign currency translation

Foreign currency transactions are translated into Canadian dollars at the exchange rate in effect at the transaction date. Assets and liabilities denominated in foreign currency at the balance sheet date are translated into Canadian dollars at the exchange rate in effect at that date.

(b) Inventories

Raw materials, work in process and finished goods are valued at the lower of cost and net realizable value, cost being determined by the average cost method.

Operating and maintenance supplies are valued at the lower of cost and replacement cost, cost being determined by the average cost method.

(c) Property, plant and equipment

Property, plant and equipment are recorded at cost and depreciated under the straight-line method at the following annual rates:

Land improvements	2 ½%
Buildings	2 ½%
Equipment	10%
Equipment under capital lease	20%
Leasehold improvements	50%

(d) Employee termination benefits

According to their collective agreement and terms of employment, employees are entitled to termination benefits. The liability for these benefits is recorded when earned by the employees.

ROYAL CANADIAN MINT—*Continued*

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1986—*Continued*

(e) Pension plan

The employees of the Mint participate in the Public Service Superannuation Plan, which is administered by the Government of Canada. Contributions to the plan are required from both the employees and the Mint. These contributions represent the Mint's total liability and are recorded on a current basis.

4. Inventories

	1986	1985
	(in thousands of dollars)	
Raw materials	24,418	20,919
Work in process	3,781	3,277
Finished goods	8,685	11,107
Operating and maintenance supplies	3,576	3,301
	40,460	38,604

In order to facilitate the production of gold coins, the Mint borrows the quantity of gold required and pays interest based on the value of gold established on the London market. As at December 31, 1986 a total of 933,709 ounces were borrowed and are not reflected in these financial statements.

5. Prepaid expenses

	1986	1985
	(in thousands of dollars)	
Insurance, postage and freight	193	154
Rent	77	93

Construction in progress				16,140
Leasehold improvements				177
	62,119	20,352	41,767	30,771

7. Deferred expenses

Included under this caption are expenses related to the launching of the 1988 Olympic Coin Program totalling $10.6 million. These expenses are recorded at cost and are amortized on the basis of anticipated sales over the duration of the Program from 1985 to 1988. $1.7 million was amortized in 1985 and $7.0 million in 1986.

8. Due to Government of Canada, net earnings

	1986	1985
	(in thousands of dollars)	
Balance at beginning of the year	42,978	44,801
Net earnings for the year	9,810	8,877
Paid during the year		(10,700)
Balance at end of the year	52,788	42,978

9. Deferred revenues

	1986	1985
	(in thousands of dollars)	
Regular Numismatic Products and 1988 Olympic Coin Program	14,674	10,520
Foreign contracts		3,423
	14,674	13,943

10. Loans from Government of Canada

These loans bear interest at various annual rates ranging from 8.125% to 12.00% and are repayable according to the following schedule:

	(in thousands of dollars)
1987	3,129
1988	2,989
1989	7,673
1990	2,673
1991	2,673
1992-1998	10,867
	30,004
Current portion	3,129
	26,875

The interest expense on these loans amounts to $3.4 million for the year (1985—$2.1 million).

11. Obligation under capital lease

The future minimum lease payments under capital lease are as follows:

	(in thousands of dollars)
1987	283
1988	102
Total future minimum lease payments	385
Less: amount representing interest	30
Present value of obligation under capital lease	355
Less: current portion	255
Long-term obligation under capital lease	100

The capital lease was recorded at an amount equal to the present value of the minimum lease payments using an implicit lease interest rate of 14.3%. This obligation expires in 1988.

ROYAL CANADIAN MINT—*Concluded*

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1986—*Concluded*

12. Expenses

Expenses include cost of goods sold detailed as follows:

	1986	1985
	(in thousands of dollars)	
Materials used	833,558	899,189
Direct labour	3,115	2,904
Manufacturing overhead expenses	17,157	21,831
	853,830	923,924

13. Extraordinary item

The Mint introduced an early retirement program effective January 1, 1985 in an effort to minimize the adverse effects of organizational changes necessitated by the consolidation of the facilities in the National Capital Region. The expenditure is reflected as an extraordinary item in the 1985 statement of earnings.

14. Related party transactions

Included in these financial statements are transactions with the Department of Finance relating to the borrowing, refining and purchasing of gold and silver. These transactions were conducted in the normal course of business, under the same terms and conditions that apply to unrelated parties.

15. Commitments

The Mint is committed to purchase the silver requirements for the 1988 Olympic Coin Program. $15.0 million will be payable in 1987.

16. Proposed amendments to the Act

The Royal Canadian Mint has proposed amendments to the Mint Act including a financial restructuring that would enable it to retain its net earnings.

SUMMARY PAGE

ST. ANTHONY FISHERIES LIMITED

MANDATE

To operate the St. Anthony fish plant in the year 1982 in the most efficient and economic manner possible.

BACKGROUND

The corporation has been inactive for several years.

YEAR AND MEANS OF INCORPORATION	May 21, 1982, pursuant to the Newfoundland *Companies Act* (R.S.N., C. 54).

By the *Crown Corporations Dissolution Authorization Act* (S.C. 1985, C. 41) authority was provided for the dissolution of this corporation and the Registrar of Companies for the Province of Newfoundland removed it from his register, effective March 27, 1987.

SAINT JOHN PORT CORPORATION

MANDATE

Administration, management and control of the Saint John harbour and all the works and property within the harbour previously under the jurisdiction of the Canada Ports Corporation or, prior to February 24, 1983, the National Harbours Board.

BACKGROUND

Saint John Port Corporation was established on December 31, 1986, pursuant to the national ports policy to create local ports corporations at the major ports and harbours previously under the centralized administration of the National Harbours Board and, since February 1983, the Canada Ports Corporation. Total port traffic in 1986 was 12.3 million tonnes, greater than 1985 traffic by 42 percent. Petroleum products, in particular crude oil imports at 9 million tonnes, accounted for 73 per cent of the 1986 tonnage, the rest of the tonnage being forest products, potash, grain and salt.

SAINT JOHN PORT CORPORATION—*Concluded*

NOTES TO BALANCE SHEET
DECEMBER 31, 1986—*Concluded*

1. Canada Ports Corporation Act

In accordance with the Canada Ports Corporation Act, a petition for the establishment of a local port corporation at the Port of Saint John was approved and the Saint John Port Corporation was established effective at the closing of business on December 31, 1986.

In accordance with the Canada Ports Corporation Act, the assets, liabilities and equity were transferred to the Saint John Port Corporation at their carrying values in the accounts of the Canada Ports Corporation—Port of Saint John.

2. Significant accounting policies

(a) Investments

The investments are shown at amortized cost whereby premiums or discounts from par value are amortized over the periods to maturity.

(b) Fixed assets

Fixed assets are recorded at cost except for those transferred to the Corporation from Canada, which are recorded at appraised or fair market value established at the time of transfer. Grants towards capital projects received from Canada and from third parties are deducted from the cost of the related fixed assets.

Depreciation is calculated on the straight-line basis for the full year, commencing with the year the asset becomes operational, using rates based on the estimated useful lives of the assets.

(c) Pension costs

All permanent employees of the Corporation are covered by the Public Service Superannuation Plan administered by Canada. Contributions to the plan are required from both the employees and the Corporation. The annual contributions represent the liability of the Corporation for pensions and are recognized in the accounts on a current basis.

(d) Insurance

The Corporation assumes substantially all risks against fire and general perils, as well as for workers' compensation claims. Any costs arising from these risks are recorded in the accounts in the year they can be reasonably estimated.

(e) Grants in lieu of municipal taxes

The expense for grants in lieu of municipal taxes is based on estimated municipal assessments adjusted in accordance with the Municipal Grants Act. Grants are paid after the amounts have been audited by the Municipal Grants Division of Public Works Canada. Any adjustments upon finalization are reflected in the accounts in the year of settlement.

(f) Employee benefits

The Corporation accrues in its accounts, annually, the estimated liabilities for severance pay, annual leave, sick leave and overtime compensatory leave, which are payable to its employees in subsequent years under its collective agreements, or in accordance with its policy.

3. Investments

Investments are direct and guaranteed securities of Canada as follows:

	Amortized cost	Market value
	(in thousands of dollars)	
Current	4,845	4,849
Long-term	949	1,159

4. Fixed assets

(a) Summary

	Depreciation rates	Cost	Accumulated depreciation	Net
	%	(in thousands of dollars)		
Land		30,063		30,063
Dredging	2.5-6.7	1,967	1,442	525
Berthing structures	2.5-10	62,918	24,930	37,988
Buildings	2.5-10	15,570	7,204	8,366
Utilities	3.3-10	7,651	2,752	4,899
Roads and surfaces	2.5-10	4,779	3,584	1,195
Machinery and equipment	5-100	1,904	1,567	337
Office furniture and equipment	20	711	396	315
Works under construction		680		680
		126,243	41,875	84,368

(b) Capital expenditure commitments

Contractual obligations for the completion, construction and purchase of fixed assets are estimated at $87,000, of which most will be expended in the year ending December 31, 1987.

5. Accounts payable and accrued liabilities

Included in accounts payable and accrued liabilities are the following:

	(in thousands of dollars)
Deferred revenues	217
Current portion of long-term liabilities	175

6. Financing provided by a province

The Province of New Brunswick advanced $25,000,000 to partially finance the construction of Rodney Terminal, Saint John. The Province will receive annual principal payments equal to approximately 47% of the net operating income of the terminal until the non-interest bearing advance is repaid. The cost of major repairs has been included in calculating the net operating income of the terminal and the current portion payable as at December 31, 1986 has been calculated accordingly. The Province is disputing this accounting treatment. Had net operating income not been reduced by the cost of these major repairs, the current portion payable would increase further by an estimated $825,000.

7. Loans from Canada

	(in thousands of dollars)
Term loans bearing interest at 11.0% to 15.625% maturing between December 31, 1998 and 2005	20,565
Non-interest bearing loans with indefinite due date	37,768
Accrued interest on loans not due and payable	10,023
	68,356

8. Contribution to Canada

Canada requested from various Crown Corporations a portion of cash identified as surplus to their requirements. As part of this cash recovery exercise, a request was made for a contribution of $133,000,000 from the Ports Canada system made up of the Canada Ports Corporation and the seven Local Port Corporations.

The contribution of the Corporation amounted to $1,033,000 and has been treated as a Contribution to Canada.

SUMMARY PAGE

ST. JOHN'S PORT CORPORATION

MANDATE

Administration, management and control of the Harbour of St. John's and all the works and property within the harbour previously under the jurisdiction of the Canada Ports Corporation or, prior to February 24, 1983, the National Harbours Board.

BACKGROUND

St. John's Port Corporation was established on June 1, 1985, pursuant to the national ports policy to create local ports corporations at the major ports and harbours previously under the centralized administration of the National Harbours Board and, since February 1983, the Canada Ports Corporation. Total cargo handled by the port in 1986 amounted to 0.9 million tonnes.

ST. JOHN'S PORT CORPORATION

AUDITORS' REPORT

TO THE HONOURABLE JOHN CROSBIE, P.C., M.P.
MINISTER OF TRANSPORT

We have examined the balance sheet of the St. John's Port Corporation as at December 31, 1986, and the statements of income and surplus and changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the Corporation as at December 31, 1986 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding period.

Further, in our opinion, the transactions of the Corporation that have come to our notice during our examination of the financial statements have, in all significant respects, been in accordance with the Financial Administration Act and Regulations, the Canada Ports Corporation Act and the by-laws of the Corporation.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 1986

1. In accordance with the Canada Ports Corporation Act, a petition for the establishment of a local port corporation at the Port of St. John's was approved and the St. John's Port Corporation was established effective June 1, 1985.

   In accordance with the Canada Ports Corporation Act, the assets, liabilities and equity were transferred at their carrying values in the accounts of the Canada Ports Corporation—Port of St. John's to the St. John's Port Corporation.

2. Significant accounting policies

   (a) Investments

   The investments, which are direct and guaranteed securities of Canada, are shown at amortized cost. Premiums or discounts are amortized over the periods to maturity.

   (b) Fixed assets

   Fixed assets are recorded at cost except for those transferred to the Corporation from Canada, which are recorded at appraised or fair market value established at the time of transfer. Grants towards capital projects received from Canada and from third parties are deducted from the cost of the related fixed assets.

   Depreciation is calculated on the straight-line basis for the full year, commencing with the year the asset becomes operational, using rates indicated in Note 4.

   (c) Pension costs

   All permanent employees of the Corporation are covered by the Public Service Superannuation Plan administered by Canada. Contributions to the plan are required from both the employees and the Corporation. The annual contributions for pensions are recognized in the accounts on a current basis.

   (d) Grants in lieu of municipal taxes

   The expense for grants in lieu of municipal taxes is based on estimated municipal assessments adjusted in accordance with the Municipal Grants Act. Grants are paid after the amounts have been audited by the Municipal Grants Division of Public Works Canada. Any adjustments upon finalization are reflected in the accounts in the year of settlement.

   (e) Employee benefits

   The Corporation accrues in its accounts, annually, the estimated liabilities for severance pay, annual leave and overtime compensatory leave, which are payable to its employees in subsequent years in accordance with its policy.

Annual principal repayments in each of the next five years are as follows:

	$
1987	56,833
1988	62,136
1989	67,933
1990	74,271
1991	81,201

6. Contribution to Canada

During the year, the Government of Canada requested cash contributions from various Crown Corporations. As part of this cash recovery exercise, a request was made for a contribution of $133,000,000 from the Ports Canada system made up of the Canada Ports Corporation and the local port corporations.

The St. John's Port Corporation's share was in the amount of $1,836,000, which has been treated as a Contribution to Canada.

7. Contingent liability

Claims aggregating approximately $5,000,000 arising from alleged damages suffered on the Corporation's property have been received by the Corporation. The Corporation is a third party defendant, and has denied any liability, and no material loss is anticipated.

8. Commitments

Funds have been committed on capital projects as at the balance sheet date in the amount of $208,183. The full amount is expected to be expended during 1987.

9. Subsequent event

Subsequent to the balance sheet date, funds were committed on capital projects in the amount of $4,077,853. The full amount is expected to be expended during 1987.

10. Comparative figures

The comparative figures presented in these financial statements are for the seven month period ended December 31, 1985.

SUMMARY PAGE

ST. LAWRENCE SEAWAY AUTHORITY, THE

MANDATE

Construction, operation and maintenance of canals, bridges, works and other property related to the deep waterway between the Port of Montreal and Lake Erie, known as the St. Lawrence Seaway.

BACKGROUND

The St. Lawrence Seaway Authority was established in 1954 to construct and operate the Seaway in conjunction with an appropriate authority in the United States and to construct, maintain and operate bridges and other works and property incidental thereto as the Governor in Council may deem to be necessary. The Authority operates 13 locks and 20 moveable bridges in Canadian territory along the waterway, as well as four high-level bridges traversing the St. Lawrence River. Two locks in the United States are operated by the St. Lawrence Seaway Development Corporation.

A wholly-owned subsidiary, the Seaway International Bridge Corporation, Ltd. was established in 1962 to manage the international bridge at Cornwall, Ontario. A second wholly-owned subsidiary, the Jacques Cartier and Champlain Bridges Incorporated was established to manage the two high-level bridges in Montreal when these were transferred from the National Harbours Board in 1978. A third wholly-owned subsidiary, Great Lakes Pilotage Authority, Ltd. is a parent Crown corporation for the purposes of the *Financial Administration Act*. The Canadian span of the Thousand Islands Bridge at Lansdowne, Ontario has been directly administered by the Authority since this property reverted to Canada in 1976.

THE ST. LAWRENCE SEAWAY AUTHORITY

AUDITOR'S REPORT

TO THE MINISTER OF TRANSPORT

I have examined the balance sheet of The St. Lawrence Seaway Authority as at March 31, 1987 and the statements of operations, deficit and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Authority as at March 31, 1987 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Further, in my opinion, the transactions of the Authority that have come to my notice during my examination of the financial statements have, in all significant respects, been in accordance with Part XII of the Financial Administration Act and regulations, The St. Lawrence Seaway Authority Act and the by-laws of the Authority.

NOTES TO FINANCIAL STATEMENTS MARCH 31, 1987

1. Authority and objectives

The St. Lawrence Seaway Authority was established in 1954 under The St. Lawrence Seaway Authority Act and is classified as a parent Crown corporation under Schedule C Part I of the Financial Administration Act.

The Authority was established to construct and operate a deep waterway between the Port of Montreal and Lake Erie together with such works and other property, including bridges incidental to the deep waterway, as deemed necessary by the Governor in Council.

2. Accounting policies

The financial statements have been prepared in accordance with accounting principles generally accepted in Canada. A summary of significant accounting policies follows:

(a) Supplies inventory

Supplies inventory comprises equipment and supplies used in the operation and maintenance of the Seaway and is recorded at cost.

(b) Investments in subsidiary companies

Investments in wholly-owned subsidiary companies are recorded at cost. The financial statements of the subsidiary companies have not been consolidated in these financial statements because changes in the equity of the subsidiaries do not accrue to the Authority. Separate audited financial statements for each of the subsidiary companies are available to the public.

(c) Fixed assets

Fixed assets are recorded at cost. Replacements and major improvements which increase the capacity of the deep waterway system or extend the estimated useful lives of existing assets are capitalized. Repairs and maintenance are charged to operations as incurred and major betterments incurred to assure the reliability of the system are capitalized. The cost of assets sold, retired, or abandoned, and the related accumulated depreciation are removed from the accounts on disposal. Gains or losses on disposals are credited or charged to operations.

Depreciation is recorded using the straight-line method based on the estimated useful lives of the assets.

(d) Employee termination benefits

Employees of the Authority are entitled to specified benefits on termination as provided for under labour contracts and conditions of employment. The liability for these benefits is recorded in the accounts as the benefits accrue to employees.

(e) Pension plan

All employees of the Authority are covered by the Public Service Superannuation Plan administered by the Government of Canada. Contributions to the Plan are required from both the employee and the Authority. These contributions represent the total liability of the Authority and are recognized in the accounts on a current basis.

(f) Thousand Islands Bridge

In September 1976, the Minister of Transport entrusted the Authority with the management and operation of the Thousand Islands Bridge, while the real property was vested in the name of Her Majesty in Right of Canada. Subsequent capital expenditures made by the Authority to improve the Bridge have been recorded as fixed assets. The retained earnings of the Bridge represent its cumulative earnings since September 1976.

THE ST. LAWRENCE SEAWAY AUTHORITY—*Continued*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1987—*Continued*

These financial statements have segregated the operations of the Thousand Islands Bridge on the premise that its management and operation by the Authority is independent of Seaway operations.

3. Deposit in Trust

Pending the completion of the transaction on the settlement with railroads relative to the Welland By-Pass, the Authority has transferred funds for the full payment to a trust account, and an equivalent amount is included in accrued liabilities.

4. Long-term receivables

The Authority has entered into long-term contractual agreements for the sale of one parcel of land and for the recovery of costs associated with the construction of certain facilities. Long-term receivables outstanding at March 31 are as follows:

	1987	1986
	(in thousands of dollars)	
5½% interest, recoverable in blended annual installments of $28,000, maturing in 1995	155	173
Non-interest bearing, recoverable in annual installments of $33,952, maturing in 1990	102	136
	257	309

5. Long-term investments

The long-term investment at March 31, set aside by the Authority in order to provide for future major capital improvement projects of The St. Lawrence Seaway and the rehabilitation of the Canadian span at the Thousand Islands Bridge, are as follows:

	1987	1986
	(in thousands of dollars)	
Canada Bonds		
Cost, maturing on varying dates up to 1989 Par value $9,000 (1986—$16,000) Market value $9,374 (1986—$16,016)	8,872	15,810
Treasury Bills, maturing March 1988 Market value $3,732	3,732	
Investment Certificates, maturing March 1990 Market value $5,000	5,000	
	17,604	15,810

6. Deposits in Consolidated Revenue Fund

Consolidated Revenue Fund deposits bearing interest, set aside by the Authority in order to provide for future payments of employee termination benefits, mature on March 31, 1989.

7. Subsidiary companies and related parties

Investments in wholly-owned subsidiary companies consist of the following:

	No. of shares	Cost
		$
Great Lakes Pilotage Authority, Ltd. (GLPA)	15	1,500
The Jacques Cartier and Champlain Bridges Incorporated (JCCB)	1	100
The Seaway International Bridge Corporation, Ltd. (SIBC)	8	8,000
		9,600

During the year ended March 31, 1987, the Authority provided JCCB with certain administration services for which it charged $595,000 (1986—$581,000). At March 31, 1987, $63,000 was outstanding (1986—$76,000).

Each calendar year, SIBC pays a bridge user charge to the Authority (1986—$131,000; 1985—$307,000) to amortize the Authority's construction and interest costs related to the North Channel Bridge. At March 31, 1987, $11.5 million (1986—$11.6 million) in construction and interest costs remained unamortized.

The Canadian Coast Guard provides the Authority with navigational aids services. The fee paid by the Authority for this service in 1986-87 amounted to $525,000 ($525,000 in 1985-86).

8. Fixed assets

		1987			1986
	Depreciation rate	Cost	Accumulated depreciation	Net	Net
		(in thousands of dollars)			
Seaway					
Land		30,352		30,352	30,600
Channels and canals	1%	249,108	66,184	182,924	185,416
Locks	1%	236,066	82,766	153,300	155,584
Bridges and tunnels	2%	88,325	36,207	52,118	52,105
Buildings	2%	12,153	6,521	5,632	5,868
Equipment	2-20%	25,928	9,929	15,999	9,197
Remedial works	1%	134,396	25,329	109,067	110,522
Interest during construction		32,822		32,822	32,822
Works under construction		15,219		15,219	9,309
		824,369	226,936	597,433	591,423
Thousand Islands Bridge Improvements	2%	1,552	246	1,306	1,337
		825,921	227,182	598,739	592,760

Since the unpaid interest on loans from Canada may be forgiven (see Note 9), no depreciation has been provided on interest of $32.8 million capitalized during construction of the Welland Modernization Project.

Following the 1985 incidents and considering the age of the Welland Canal, the Authority has engaged consultants to examine the detail and report on the structural condition of the system. The report was submitted during 1986 and, as a result a seven-year $175 million rehabilitation program has been devised to refit the Welland Canal and ensure a continued safe and reliable waterway into the 21st century. The program consists of refurbishing of lock walls, stabilizing the canal banks and approach walls, and rehabilitating ancillary structures.

A study on the useful life of fixed assets with emphasis placed on an in-depth review of the present depreciation policy has also been undertaken.

9. Equity financing

As of April 1, 1977, loans from Canada of $624.95 million were converted to equity by parliamentary appropriation. This amount was recorded as contributed capital. The unpaid interest of $210 million on these loans was not converted and is reflected on the balance sheet as deferred interest. This deferred interest, on which no further accrual of interest is required, is not classified as a current liability because the Crown Corporations Directorate of the Department of Finance and Treasury Board is currently studying this matter with a view to obtain approval from Parliament to have the unpaid interest forgiven. Upon forgiveness, $32.8 million

THE ST. LAWRENCE SEAWAY AUTHORITY—*Continued*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1987—*Concluded*

will be credited to fixed assets (see Note 8) and $177.2 million will reduce the deficit.

The parliamentary appropriation authorizing the 1977 conversion of loans from Canada to equity also authorized the Minister to fix, from time to time, the amount that shall be paid by the Authority annually out of its toll revenue as a return on capital. No return on capital has been required to be paid for the years ended March 31, 1987 and 1986.

During 1986 the Government of Canada approved a budgetary equity infusion to finance the Welland Canal Rehabilitation Program for an amount not to exceed $175 million over a period of seven years as follows:

	(in millions of dollars)
1986-87	13.2
1987-88	24.5
1988-89	25.4
1989-90	26.9
1990-91	27.3
1991-92	28.7
1992-93	29.0
Total	175.0

As at March 31, 1987, $7.2 million of the approved equity infusion was received. The balance of $6.0 million is included in accounts receivable and was received subsequent to the year end.

10. Income taxes

The Authority, as a prescribed Federal Crown corporation, is subject to the provisions of the Income Tax Act; the Corporation has incurred substantial losses in prior years which can be carried forward and applied against taxable income of future years.

The Authority is not subject to any provincial income taxes.

11. Commitments

At March 31, 1987, contractual obligations for capital and other expenditures amounted to $.8 million (1986—$2.6 million).

12. Contingencies

Following the blow-out of a section of a wall at Lock 7 in October 1985, fifty-two court actions totalling $26.9 million were instituted against the Authority by shipping companies alleging economic losses suffered. In the previous year, as a result of the breakdown of the Valleyfield Bridge in November 1984, sixty-nine court actions totalling $23.0 million have been instituted. The Authority is contesting all these claims, however, their outcome cannot be determined at this time.

The Authority is also the claimant or defendant in certain other pending or threatened claims and lawsuits.

It is the opinion of management that these actions will not result in any material losses to the Authority.

Renewal of insurance against economic losses suffered by other parties could not be obtained.

13. Unusual and extraordinary items

During the course of the year, because of the 1985 incidents on the Welland Canal and at the bridges in the Montreal-Lake Ontario Section, the Authority has incurred unusual maintenance and legal expenses.

The amounts are summarized as follows:

	1987			1986
	Montreal-Lake Ontario	Welland	Total	Total
	(in thousands of dollars)			
Unusual maintenance (expenses) recoveries	(2,475)	1,519	(956)	(11,218)
Legal and engineering services (expenses)	(407)	(64)	(471)	(1,631)
	(2,882)	1,455	(1,427)	(12,849)
Less adjustments to accounts re: settlement with public utility and others				(575)
	(2,882)	1,455	(1,427)	(12,274)

The Authority also recovered from its insurers $2,853 thousand as a settlement in full for the loss of property due to the collapse of the Robin Hood Wall during 1983-84.

THE JACQUES CARTIER AND CHAMPLAIN BRIDGES INCORPORATED

AUDITOR'S REPORT

TO THE MINISTER OF TRANSPORT

I have examined the balance sheet of The Jacques Cartier and Champlain Bridges Incorporated as at March 31, 1987 and the statements of operations, deficit and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1987 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Further, in my opinion, the transactions of the Corporation that have come to my notice during my examination of the financial statements have, in all significant respects, been in accordance with Part XII of the Financial Administration Act and regulations, as well as the charter and by-laws of the Corporation.

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1987

1. Authority and activities

The Jacques Cartier and Champlain Bridges Incorporated was established under the Canada Business Corporations Act on November 3, 1978 and is a wholly owned subsidiary of The St. Lawrence Seaway Authority, which is a Crown corporation named in Part I of Schedule C to the Financial Administration Act.

The Corporation is partially dependent on the Government of Canada for its financing.

Effective December 1, 1978, the Corporation assumed the responsibility for the operation, maintenance and control of the Jacques Cartier and Champlain bridges and of a portion of the Bonaventure Autoroute, situated in the Montreal area.

2. Significant accounting policies

Fixed assets

Fixed assets acquired from the National Harbours Board (now Canada Ports Corporation) on December 1, 1978 were recorded at their then book values. Subsequent additions are recorded at cost.

Fixed assets are depreciated over their estimated economic lives using the straight-line method, at the following rates:

Jacques Cartier Bridge	4.8%
Champlain Bridge	2.5%
Vehicles and equipment	10% and 20%

The cost of the portion of the Bonaventure Autoroute for which the Corporation is responsible and the initial cost of the Jacques Cartier Bridge are fully depreciated.

Parliamentary appropriation

The amount of the parliamentary appropriation used to cover the loss for the year is reflected in the statement of deficit. In this regard, operating expenses do not include depreciation and any change in the provision for employee termination benefits.

The balance of the parliamentary appropriation, used to finance the acquisition of fixed assets, is accounted for in the capital deficiency.

Any balance of the parliamentary appropriation required to finance the loss for the year and not received at the year end is shown as an amount due from Canada. Any parliamentary appropriation received in excess of requirements is recorded as due to Canada. It is the Corporation's policy to reimburse this amount in the following fiscal year.

Deferred revenues

The estimated value of unredeemed toll tokens and tickets as well as rental revenues collected in advance are recorded as deferred revenues.

Employee termination benefits

On termination of employment, employees are entitled to certain benefits provided under their collective agreements and their conditions of employment. The cost of these benefits is expensed in the year in which they are earned.

THE ST. LAWRENCE SEAWAY AUTHORITY—*Continued*

APPENDIX 1—*Concluded*

THE JACQUES CARTIER AND CHAMPLAIN BRIDGES INCORPORATED—*Concluded*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1987—*Concluded*

Pension plan

Employees participate in the Superannuation Plan administered by the Government of Canada. The employees and the Corporation contribute equally to the cost of the Plan. This contribution represents the total liability of the Corporation. Contributions in respect of current service and of admissible past service are expensed when paid. The terms of payment of past service contributions are set by the applicable purchase conditions, generally over the number of years of service remaining prior to retirement.

Expenses

Expenses incurred with respect to the portion of the Bonaventure Autoroute for which the Corporation is responsible are included with those for the Champlain Bridge.

Income tax

As a federal Crown corporation, the Corporation is not subject to provincial income tax. However, it is subject to the federal Income Tax Act from the fact that its parent corporation has been prescribed by regulation under that Act to be a federal Crown corporation. It has incurred substantial losses in prior years which can be carried forward and applied against taxable income of future years.

3. Loans from Canada

	$
Certificate of indebtedness	59,752,867
Advance	6,489,605
	66,242,472

The certificate of indebtedness, dated April 1, 1981, does not bear interest and does not carry a definite due date nor terms of repayment.

The advance, which bears no interest, was recorded in the accounts of Canada as a non-active loan and charged to the accumulated deficit of Canada when it was made.

4. Interest in arrears

Accumulated simple interest as at March 31, 1981, on loans from Canada, is recorded on the balance sheet as long-term since the Corporation does not foresee paying it, in whole or in part, during the next fiscal year. This interest does not include the interest since 1962 on a 2 3/4% loan in the amount of $7,576,000 issued with respect to the Jacques Cartier Bridge. The recording of this interest was discontinued when the tolls on this bridge were abolished.

5. Capital deficiency

When the Corporation took possession of its fixed assets on December 1, 1978, it also assumed the related debt obligations. The excess of such debts over the book value of the assets acquired at that date amounted to $72,448,371 and was recorded as a capital deficiency. The capital deficiency was reduced during the year by $18,319 ($62,410 in 1986) representing the parliamentary appropriation for financing the acquisition of fixed assets.

6. Related party transactions

Related party transactions not otherwise disclosed in these financial statements are as follows:

Operation services are received from the Montreal Port Corporation. Both corporations have agreed on the value of the services rendered on a regular basis to December 31, 1986. Since January 1, 1987 the Corporation has been invoiced for these services on an interim basis. The amount thus invoiced for the year ended March 31, 1987 amounts to $2,520,362 ($1,594,800 for 1986) of which $170,084 was unpaid as at March 31, 1987 ($132,900 as at March 31, 1986). The difference between the recorded amounts and those that shall be agreed upon will be accounted for when a final settlement will have been reached.

Administrative services from the parent company amounted to $594,718 ($580,506 in 1986). As at March 31, 1987, an unpaid balance thereon of $62,588 ($45,820 in 1986) is included in the amount due to the parent company. The Corporation estimates the cost of such services for the next year to be approximately $607,000.

7. Contingencies

In connection with its operations, the Corporation is the claimant or defendant in certain pending claims and lawsuits. It is the opinion of management that these actions will not result in any material liabilities to the Corporation.

THE ST. LAWRENCE SEAWAY AUTHORITY—*Continued*

APPENDIX 2

THE SEAWAY INTERNATIONAL BRIDGE CORPORATION, LTD.

AUDITOR'S REPORT

TO THE MINISTER OF TRANSPORT

I have examined the balance sheet of The Seaway International Bridge Corporation, Ltd. as at December 31, 1986 and the statements of operations and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at December 31, 1986 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Further, in my opinion, the transactions of the Corporation that have come to my notice during my examination of the financial statements have, in all significant respects, been in accordance with Part XII of the Financial Administration Act and regulations, the Canada Business Corporations Act, The St. Lawrence Seaway Authority Act and by-laws of the Corporation.

D. Larry Meyers, F.C.A.
Deputy Auditor General
for the Auditor General of Canada

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 1986

1. Authority and activities

The Seaway International Bridge Corporation, Ltd. is a Crown corporation pursuant to the Financial Administration Act and is a wholly-owned subsidiary of The St. Lawrence Seaway Authority, a parent Crown corporation named in Schedule C Part I of the aforementioned Act. The Corporation was incorporated under the Canada Corporations Act in 1962, continued under the Canada Business Corporations Act, and is subject to The St. Lawrence Seaway Authority Act. Its purpose is to operate and manage the international toll bridge system between Cornwall, Ontario, and Rooseveltown, New York, on behalf of The St. Lawrence Seaway Authority and the Saint Lawrence Seaway Development Corporation.

2. Accounting policies

The financial statements have been prepared in accordance with accounting principles generally accepted in Canada. A summary of significant accounting policies follows:

Bridge user charge

As described in Note 4 to the financial statements, the Corporation is required to distribute as a bridge user charge its excess of revenues over expenses. Payments are dependent on the Corporation's ability to generate excess revenues. Accordingly, the unpaid balances to The St. Lawrence Seaway Authority and the Saint Lawrence Seaway Development Corporation are not recorded as a liability in the books of the Corporation.

Fixed assets and depreciation

Fixed assets are recorded at cost. The cost of the North Channel Bridge is recorded in the books of The St. Lawrence Seaway Authority and is being amortized over a period of 50 years. Costs incurred by the Corporation relating to the Bridge which do not extend its estimated useful life are expensed.

Depreciation is based on the estimated useful life of the assets calculated on the straight-line method at the following annual rates:

Automotive	20%
Maintenance equipment	10% to 20%
Office and toll equipment	10%

Employee termination benefits

Employees are entitled to specified benefits on termination as provided for under the conditions of employment. The liability for these benefits is recorded in the accounts as the employees become entitled to the benefits.

Pension plan

Employees are covered by the Public Service Superannuation Plan administered by the Government of Canada. Contributions to the Plan are required from both the employee and the Corporation. These contributions represent the total pension liability of the Corporation and are recognized in the accounts on a current basis.

Deferred revenue

Revenue from unredeemed toll tokens is deferred.

3. Debentures payable

These debentures, due on December 31, 2012, are non-interest bearing and payable to the Saint Lawrence Seaway Development Corporation.

THE ST. LAWRENCE SEAWAY AUTHORITY—*Concluded*

APPENDIX 2—*Concluded*

THE SEAWAY INTERNATIONAL BRIDGE CORPORATION, LTD.—*Concluded*

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1986—*Concluded*

4. Bridge user charge

By agreement between The St. Lawrence Seaway Authority and the Saint Lawrence Seaway Development Corporation, the annual excess of revenues over expenses of the Corporation is due as a bridge user charge; first, to the Authority to offset the amortization of the cost of the North Channel Bridge together with interest; then to the Saint Lawrence Seaway Development Corporation to offset the amortization of a $300,000 contribution towards the cost of the Raquette River Bridge; and the balance, if any, is then divided equally between both parties.

All bridge user charges since the commencement of the Corporation's operations have been paid to The St. Lawrence Seaway Authority. At December 31, the unpaid balance of the total cost of the North Channel Bridge was as follows:

	1986	1985
	$	$
Cost of construction	8,539,695	8,539,695
Interest	7,860,462	7,860,462
	16,400,157	16,400,157
Less: bridge user charges		
Beginning of year	4,798,112	4,491,318
Current charge	131,404	306,794
End of year	4,929,516	4,798,112
Unpaid balance to The St. Lawrence Seaway Authority	11,470,641	11,602,045

5. Bridge use

With the approval of the Canadian Transport Commission, the Corporation has continued the practice of providing free usage of the bridge system to certain North American Indians. This represents a substantial portion of the Bridge traffic.

6. Related party transactions

In addition to the transactions disclosed elsewhere in these financial statements, The St. Lawrence Seaway Authority provides to the Corporation, without charge, certain engineering and administrative support services.

7. Commitments

The Corporation has entered into a long-term lease for the rental of toll collection facilities and equipment which will expire in 1987. The minimum annual rental payment which will be paid in that year is $11,700.

SUMMARY PAGE

STANDARDS COUNCIL OF CANADA

MANDATE

To foster and promote voluntary standardization in fields relating to construction, manufacture, production, quality, performance and safety of buildings, structures, manufactured articles and products, and other goods not expressly provided for by law, as a means of advancing the national economy, benefiting the public and protecting consumers.

BACKGROUND

The Council coordinates the activities of organizations involved in standardization in Canada, and represents Canada in international standardization organizations.

AUDITOR'S REPORT

TO THE STANDARDS COUNCIL OF CANADA
AND THE
MINISTER OF CONSUMER AND CORPORATE AFFAIRS

I have examined the balance sheet of the Standards Council of Canada as at March 31, 1987 and the statements of operations, surplus and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Council as at March 31, 1987 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Further, in my opinion, the transactions of the Council that have come to my notice during my examination of the financial statements have, in all significant respects, been in accordance with Part XII of the Financial Administration Act and regulations, the Standards Council of Canada Act and by-laws of the Council.

NOTES TO FINANCIAL STATEMENTS MARCH 31, 1987

1. Authority and objectives

The Standards Council of Canada was created by Parliament as a corporation under the Standards Council of Canada Act in 1970 to be the national co-ordinating body for voluntary standardization. The Council is a Crown corporation named in Part I of Schedule C to the Financial Administration Act. The Council carries out its task through the National Standards System, a federation of accredited organizations concerned with standards-writing, certification and testing.

The objectives of the Council are to foster and promote voluntary standardization in fields relating to the construction, manufacture, production, quality, performance and safety of buildings, structures, manufactured articles and products and other goods and to further international co-operation in the field of standards.

2. Significant accounting policies

(a) Office furniture and equipment

Office furniture and equipment are recorded at cost and depreciated on a straight-line basis over the estimated useful life of the assets as follows:

Furniture	5 years
Equipment	4 years

(b) Employee termination benefits

Employees are entitled to specified benefits on termination as provided for under labour contracts and conditions of employment. The liability for these benefits has been recorded in the accounts as the benefits accrue to the employees.

(c) Pension plan

Employees are covered by the Public Service Superannuation Plan administered by the Government of Canada. Contributions to the Plan are required from both the employee and the Council. Contributions with respect to current service are expensed in the current period.

The Council has accepted an offer to lease office space at its present location for a five-year term commencing June 1, 1987. The future minimum annual rental under this agreement is $382,305.

SUMMARY PAGE

TELEGLOBE CANADA

MANDATE

To establish, maintain and operate, in Canada and elsewhere, international telecommunications services for the conduct of public communications.

BACKGROUND

Originally the Canadian Overseas Telecommunications Corporation, its name was changed in 1975 by the *Teleglobe Canada Act*. The corporation has operated and added substantially to overseas cable and other communications systems for Canada. The transfer of this business to a subsidiary and the sale of the latter to Memotec Data Inc. was announced by the government on February 11, 1987 and, with the proclamation of the *Teleglobe Canada Reorganization and Divestiture Act*, took place on April 3, 1987. Teleglobe Canada will be dissolved once the accounting for the transfer has been completed.

TELEGLOBE CANADA

AUDITOR'S REPORT

TO THE PRESIDENT OF THE TREASURY BOARD

I have examined the balance sheet of Teleglobe Canada as at April 3, 1987 and the statements of income and retained earnings and changes in financial position for the period of 93 days then ended for the purposes set out in Note 1. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at April 3, 1987 and the results of its operations and the changes in its financial position for the period of 93 days then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year, on a going concern basis, without taking into account any transaction related to the Corporation's privatization, including the creation of a wholly-owned subsidiary on April 2, 1987, as outlined in Note 12.

Further, in my opinion, the transactions of the Corporation that have come to my notice during my examination of the financial statements have, in all significant respects, been in accordance with Part XII of the Financial Administration Act and regulations, the Teleglobe Canada Act and regulations and the by-laws of the Corporation.

APRIL 3, 1987

1. Authority and activities

Teleglobe Canada, created by the Teleglobe Canada Act, was until April 3, 1987 mandated to establish, maintain and operate Canada's international telecommunication services and to coordinate these services with those of other countries.

On April 3, 1987 following adoption of the Teleglobe Canada Reorganization and Divestiture Act (S.C. 1986-87, c. 12), governmental approval, and the signing of a purchase and sale agreement, the Corporation's undertaking was effectively sold to Memotec Data Inc., which will operate it from now on under the corporate name of Teleglobe Canada Inc.

These financial statements present the financial position of the Corporation as at April 3, 1987 and the results of its operations and the changes in its financial position for the period of 93 days then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year, on a going concern basis, without taking into account any transaction related to the Corporation's privatization, including the creation of a wholly-owned subsidiary on April 2, 1987, as outlined in Note 12.

TELEGLOBE CANADA—*Continued*

NOTES TO FINANCIAL STATEMENTS
APRIL 3, 1987—*Continued*

2. Significant accounting policies

The financial statements have been prepared in accordance with accounting principles generally accepted in Canada. The Corporation follows the significant accounting policies summarized below:

(a) Fixed assets

Fixed assets are stated at acquisition cost, which includes salaries, benefits and certain overhead costs related to construction activities. In addition, for major capital projects, an allowance for funds used during construction is included.

Jointly-owned fixed assets are accounted for proportionally to the Corporation's share.

From time to time, the Corporation acquires indefeasible rights of user in international telecommunications circuits that extend over specific time periods. Furthermore, the Corporation may grant such rights in circuits owned by it, or grant such rights that have been previously acquired. The amounts paid or received according to the terms of these transactions are recorded as fixed assets and depreciated over the duration of each agreement.

The Corporation has been designated by the Government of Canada to be the Canadian signatory to the International Telecommunications Statellite Organization (Intelsat) and the International Maritime Satellite Organization (Inmarsat). Periodically, each signatory's ownership share is adjusted to conform to its percentage of total use of the system or any other percentage elected within the terms of the agreements. The Corporation's ownership share is reported in fixed assets and depreciated in accordance with the fixed assets depreciation policy.

(b) Allowance for funds used during construction

The rate applied in determining the allowance for funds used during major construction projects is based principally on the interest rate established by the Minister of Finance for medium-term Government loans to Crown corporations. This allowance is accounted for as income during the construction period.

(c) Depreciation of fixed assets

Fixed assets are depreciated over the estimated service lives of the assets, using the straight-line method.

When depreciable assets are taken out of service, their net book value, less salvage, is charged to depreciation. When other assets are taken out of service, any resulting gain or loss is reflected in income.

In the event of a satellite launch failure or breakdown of an orbiting satellite, the costs are depreciated over the life of the group of satellites.

(d) Operating revenues

—Public services

Revenues from international public services (telephone, telex and telegraph) rendered through the Corporation's telecommunications network represent the amounts billed to Canadian subscribers by domestic carriers and amounts received or due from foreign administrations for the routing of overseas traffic. Estimates are included to provide for that portion of revenues which domestic carriers and foreign administrations have not yet reported to the Corporation at the end of the year. Public service revenues are also derived from leasing circuits to foreign carriers for routing their traffic through Canada.

—Other services

Revenues from other services are derived primarily from leasing circuits to private users.

—Share of Intelsat and Inmarsat revenues

The Corporation's share of Intelsat and Inmarsat revenues represents its share of revenues from the international telecommunications satellite system as well as from the international maritime satellite system.

(e) Carriers' share of revenues and other realization costs

—Carriers' share of revenues

This represents amounts owing to domestic carriers and foreign administrations for their part in routing telecommunications traffic.

—Other realization costs

These costs include:

- the Corporation's voluntary contribution to developing Commonwealth Telecommunications Organisation partners in accordance with the 1983 financial agreement;
- the Corporation's share of the operating costs of the international telecommunications satellite system and the international maritime satellite system, excluding depreciation, which amounted to $1.7 million for the period of 93 days ended April 3, 1987 ($6.2 million for the year ended December 31, 1986).

(f) Foreign currency translation

Assets, liabilities, revenues and expenses arising from foreign currency transactions are translated into Canadian dollars at the exchange rates at the time of the transaction, except when the transaction is hedged.

When a purchase or sale of goods or services in a foreign currency is hedged before the transaction, the Canadian dollar price of such goods or services is established by the terms of the hedge. If the hedge is incomplete as a result of having entered into a contract involving a foreign currency other than that of the transaction and the Canadian dollar, the price of the goods or services is first established by the terms of the foreign exchange contract and then translated into Canadian dollars by using the exchange rate of that intermediate currency at the time the transaction occurred.

When a purchase or sale of goods or services in a foreign currency is hedged after the transaction, completely or in part, the amount in Canadian dollars of the payable or receivable is restated according to the terms of the foreign exchange contract constituting the hedge. The difference thus recognized is reflected in income as a gain or loss on foreign exchange.

As at the end of a financial year, monetary items denominated in foreign currencies are adjusted to reflect the exchange rates in effect as at the date of the balance sheet. For items hedged by way of forward exchange contracts, the difference thus recognized is deferred. The gain or loss recognized on other items is reflected in current earnings as a gain or loss on foreign exchange, except for that portion which relates to monetary items with a fixed or ascertainable life extending beyond one year from the end of the financial year. In these cases, the gain or loss is deferred and amortized over the remaining life of the related monetary item using the straight-line method. The unamortized balance of the deferred gain or loss on foreign exchange is recorded in the balance sheet as a deferred charge. The effect of the forward exchange contracts on the long-term debt is recorded as an element of long-term debt.

TELEGLOBE CANADA—*Continued*

NOTES TO FINANCIAL STATEMENTS
APRIL 3, 1987—*Continued*

Commitments in foreign currencies are translated into Canadian dollars at the exchange rates in effect as at the date of the balance sheet, except when they are hedged in which case the terms of the foreign exchange contracts are used.

(g) Pension plans

All employees of the Corporation are covered by the pension plans administered by the Government of Canada. Employees and the Corporation are required to contribute to the cost of the plans for current service. These contributions represent the total liability of the Corporation in this matter and are accounted for on a current basis.

(h) Retirement benefits

Retiring employees are paid a benefit equivalent to one half of accumulated unused sick leave days up to March 31, 1981, with an additional credit of five days for every year of service after that date, calculated at the salary level in effect at the time of retirement. The cost of the benefit is expensed in the year in which it is earned by employees.

3. Fixed assets

(a) The main classes of fixed assets are as follows:

	April 3, 1987			December 31, 1986
	Cost	Accumulated depreciation	Net	Net
	(in thousands of dollars)			
Land	4,729		4,729	4,814
Buildings and leasehold improvements	49,420	19,801	29,619	29,744
Furnishings	10,723	5,788	4,935	4,559
Cable systems	95,061	30,044	65,017	65,654
Terminal, transmission and switching equipment	206,848	95,558	111,290	114,896
International satellite systems space segment (Intelsat-Inmarsat)	55,195	35,028	20,167	20,025
Other plant and equipment	29,512	17,513	11,999	12,230
Construction in progress	51,809		51,809	48,796
	503,297	203,732	299,565	300,718

(b) Fixed assets owned outright by the Corporation or owned jointly with other telecommunications entities are as follows:

	April 3, 1987			December 31, 1986
	Cost	Accumulated depreciation	Net	Net
	(in thousands of dollars)			
Owned outright	307,691	133,889	173,802	175,714
Owned jointly (Corporation's share)	195,606	69,843	125,763	125,004
	503,297	203,732	299,565	300,718

(c) For depreciation purposes, the estimated service lives of the main classes of fixed assets are as follows:

	Number of years
Buildings and related equipment	15 - 40
Leasehold improvements	over the term of the lease
Furnishings	8 - 10
Cable systems	over the term of the agreement
Terminal, transmission and switching equipment	5 - 15
International satellite systems space segment (Intelsat-Inmarsat)	6 - 12
Other plant and equipment	1 - 25

(d) As at April 3, 1987, construction in progress included an amount of $32,984,000 ($33,065,000 as at December 31, 1986) for the international satellite systems space segment (Intelsat-Inmarsat).

(e) As at April 3, 1987, the Corporation's ownership share in Intelsat was 2.683107 percent (2.362596 percent as at December 31, 1986) and its ownership share in Inmarsat was 2.17898 percent (4.35796 percent as at December 31, 1986).

4. Deferred charges

Unamortized deferred charges include:

	April 3, 1987	December 31, 1986
	(in thousands of dollars)	
Unrealized loss (gain) on foreign exchange	(319)	2,261
Interconnection costs relating to the Toronto International Center	414	482
	95	2,743

5. Long-term debt

As at April 3, 1987, the Corporation's long-term debt comprised loans from the Government of Canada bearing interest at rates ranging from 3½ percent to 5 percent, and of amounts owing to the prime contractors of the ANZCAN cable system bearing interest at the rate of 8¾ percent payable in pounds sterling and in United States dollars.

The Corporation has entered into agreements with the two prime contractors of the ANZCAN project whereby 15 percent of contract costs have been paid, and the balance is payable in 17 semi-annual installments which started with the completion of construction in 1985. According to the terms of one of the agreements, payments by the Corporation to the prime contractor are secured by means of bills of exchange drawn by the latter and accepted by the Corporation.

As described in Note 10(b), the Corporation has entered into forward exchange contracts to protect itself against fluctuations of the pound sterling and of the United States dollar. The effect of this protection has been recorded as an element of long-term debt.

TELEGLOBE CANADA—*Continued*

NOTES TO FINANCIAL STATEMENTS
APRIL 3, 1987—*Continued*

As at April 3, 1987, the details of the long-term debt were as follows:

Maturities	Loans from Government of Canada	Amounts owing to the prime contractors of the ANZCAN project	Effect of forward exchange contracts	Total
		(in thousands of dollars)		
1987 (272 days)	157	8,012	360	8,529
1988	325	8,012	209	8,546
1989	234	8,012	278	8,524
1990	135	8,012	347	8,494
1991	140	8,012	416	8,568
1992-98	1,037	11,896	750	13,683
	2,028	51,956	2,360	56,344
Portion due within one year	318	8,012	360	8,690
	1,710	43,944	2,000	47,654

6. Amount reimbursed to Commonwealth Telecommunications Organisation partners

The Commonwealth Telecommunications Organisation Financial Agreement of 1973 was legally terminated, retroactive to March 31, 1983, when the governments of all 26 member countries completed the signing formalities. During the year ended December 31, 1986, partnership accounts were finalized to March 31, 1983. As final settlement of its account under this Agreement, the Corporation reimbursed in that year $9,856,000, of which $1,915,000 had been accounted for in previous years. The difference of $7,941,000 was charged to earnings for the year ended December 31, 1986. Of this amount, $3,819,000 was in respect of the year ended March 31, 1983 and $4,122,000 of the year ended March 31, 1982.

The Corporation also paid interest in the amount of $2,233,000 which was included under Financial charges — Other interest for the period ended December 31, 1986.

7. Other income—Net

	93 days ended April 3, 1987	Year ended December 31, 1986
	(in thousands of dollars)	
Interest from temporary investments	2,129	7,951
Gain on disposal of temporary investments	356	5,787
Other interest	58	1,237
Allowance for funds used during construction	262	971
Gain on disposal of assets		109
Gain (loss) on foreign exchange	1,083	(2,278)
Other	351	1,315
	4,239	15,092

8. Financial charges

	93 days ended April 3, 1987	Year ended December 31, 1986
	(in thousands of dollars)	
Interest on long-term debt	1,220	5,504
Interest on long-term receivables	(186)	(829)
Other interest	208	2,418
	1,242	7,093

9. Income tax

The Corporation is subject to federal income tax.

Deferred income tax results principally from timing differences between depreciation of fixed assets for accounting and income tax purposes.

Income tax expense comprises:

	93 days ended April 3, 1987	Year ended December 31, 1986
	(in thousands of dollars)	
Current	21,449	58,809
Deferred	(2,860)	(2,829)
	18,589	55,980

10. Commitments

(a) Construction in progress

As at April 3, 1987, the estimated cost of completing construction projects, planned and in progress, amounted to approximately $241,500,000, of which $31,340,000 relates to the remaining of the year ending December 31, 1987. Contractual commitments outstanding as at April 3, 1987 amounted to approximately $33,336,000.

(b) Forward exchange contracts

As a result of the Corporation's participation in the ANZCAN project, the Corporation must make payments of principal and interest to a prime contractor in pounds sterling.

To protect itself against this foreign currency exposure, the Corporation has entered into forward exchange contracts with two Canadian chartered banks to buy a total of 44,678,000 pounds sterling. The balance of amounts involved under the contracts, estimated to cover construction costs and interest charges, is hedged in United States dollars as follows:

Maturities	Pounds sterling	United States dollars
	(in thousands)	
1987 (272 days)	5,459	8,964
1988	5,151	8,522
1989	4,842	8,079
1990	4,533	7,627
1991	4,224	7,166
1992-93	5,757	9,864
	29,966	50,222

TELEGLOBE CANADA—*Continued*

NOTES TO FINANCIAL STATEMENTS
APRIL 3, 1987—*Concluded*

Furthermore, to protect itself against fluctuations of the United States dollar, the Corporation entered into forward exchange contracts maturing in 1987 to purchase 8,961,000 United States dollars at a cost of 12,023,000 Canadian dollars.

(c) Long-term leases

The Corporation is a party to long-term leases covering properties and facilities. The aggregate minimum annual rentals which will be paid in subsequent years are:

	(in thousands of dollars)
1987 (272 days)	16,347
1988	21,854
1989	17,052
1990	14,466
1991	10,633
1992-97	5,512

Rental expenses for properties and facilities which were charged to the period of 93 days ended April 3, 1987 amounted to $4,072,000 ($18,717,000 for the year ended December 31, 1986).

(d) Agreement with the Department of Transport

Under the terms of an agreement between the Corporation and the Department of Transport, the Corporation charters the cableship/icebreaker C.C.G.S. John Cabot on a cost reimbursement basis for periods of actual usage. This agreement is cancellable on 12 months notice. The Corporation incurred a cost under this agreement of $3,023,000 during the period of 93 days ended April 3, 1987 ($5,948,000 for the year ended December 31, 1986).

(e) Intelsat and Inmarsat commitments

The Corporation's share of Intelsat's and Inmarsat's outstanding commitments was respectively $28,065,000 and $9,715,000 based on their financial statements as at March 31, 1987.

11. Contingencies

(a) Retirement compensation benefit

Prior to November 1, 1974, the Corporation provided a post-retirement life insurance plan for its retiring employees. On that date, the plan was replaced by a retirement compensation benefit for all employees on staff at the time. The cost of this benefit is recognized in the accounts in the year in which payments are made. As at April 3, 1987, the maximum liability of the Corporation under this plan, should all entitled employees retire while in the service of the Corporation, amounted to $1,318,000 ($1,385,750 as at December 31, 1986).

(b) Terms of contracts, agreements and arrangements

Certain contracts, agreements and arrangements entered into by Teleglobe Canada may be terminated and new ones may therefore have to be negotiated, or some terms may have to be renegotiated as a result of the sale of the Corporation's undertaking as mentioned in Notes 1 and 12. No provision has been made in these financial statements for any adverse effect such renegotiations may have on the new owner.

12. Privatization of the Corporation

On April 2, 1987, the Corporation created a wholly-owned subsidiary under the corporate name of Teleglobe Canada Inc., and subscribed to 100 common shares for a cash consideration of $100.

On April 3, 1987, the Corporation transferred to Teleglobe Canada Inc., its undertaking, fixed assets, and nearly all other assets including its rights by virtue of contracts, agreements and arrangements and Teleglobe Canada Inc. assumed certain of the Corporation's obligations, as follows:

At book value

	(in thousands of dollars)
Cash or equivalent	1,636
Accounts receivable	100,797
Prepaid expenses	1,528
Long-term receivables	7,100
Deferred charges	95
	111,156
Accounts payable	95,589
Long-term debt (including short-term portion)	54,316
Deferred credits	5,860
	155,765
	(44,609)
At 140% of net book value	
Fixed assets	419,391
	374,782

As consideration, the Corporation received a non-interest bearing promissory note in an aggregate principal amount of $143,382,433 payable one year and one day following demand, 1,000 special redeemable shares at an issue and stated capital value of $1,000, and 233,228,000 common shares at an issue and stated capital value of $231,397,879.

Also on April 3, 1987, but consecutively to the above-mentioned transfer, the Corporation sold to Memotec Data Inc. the promissory note and the common shares of Teleglobe Canada Inc. at a cash price of $488,268,000, subject to adjustments according to the provisions of the purchase and sale agreement concerning guaranties and commitments given by both parties. The Corporation proposes to transfer the special shares of Teleglobe Canada Inc. to the Government of Canada, without consideration. These shares will entitle the holder thereof to receive, on or about December 31, 1987, a dividend of $16,567,273 as deemed excess profits, as defined, earned between April 4 and December 31, 1987.

The transfer of fixed assets has resulted in a recapture of capital cost allowances previously deducted for income tax purposes and in a capital gain. The sale of securities to Memotec Data Inc. also resulted in a capital gain. The resulting income tax thereon is estimated at approximately $113,000,000.

The Corporation intends to pay its income tax and loans from the Government of Canada before the due dates and to remit its surplus cash on hand to the Government of Canada.

The Teleglobe Canada Reorganization and Divestiture Act, on days to be fixed by proclamation, will change the name of the Corporation to TH (1987) and bring about its dissolution.

TELEGLOBE CANADA—*Continued*

AUDITOR'S REPORT

TO THE PRESIDENT OF THE TREASURY BOARD

I have examined the balance sheet of Teleglobe Canada as at December 31, 1986 and the statements of income and retained earnings and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at December 31, 1986 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Further, in my opinion, the transactions of the Corporation that have come to my notice during my examination of the financial statements have, in all significant respects, been in accordance with Part XII of the Financial Administration Act and regulations, the Teleglobe Canada Act and regulations and the by-laws of the Corporation.

Kenneth M. Dye, F.C.A.
Auditor General of Canada

Ottawa, Canada
February 20, 1987

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1986

1. Authority and activities

Teleglobe Canada, created by the Teleglobe Canada Act, is mandated to establish, maintain and operate Canada's international telecommunication services and to coordinate these services with those of other countries.

2. Significant accounting policies

The financial statements have been prepared in accordance with accounting principles generally accepted in Canada. The Corporation follows the significant accounting policies summarized below:

(a) Fixed assets

Fixed assets are stated at acquisition cost, which includes salaries, benefits and certain overhead costs related to construction activities. In addition, for major capital projects, an allowance for funds used during construction is included.

Jointly-owned fixed assets are accounted for proportionally to the Corporation's share.

From time to time, the Corporation acquires indefeasible rights of user for international telecommunications circuits that extend over specific time periods. Furthermore, the Corporation may grant such rights on circuits owned by it, or grant such rights that have been previously acquired. The amounts paid or received according to the terms of these transactions are recorded as fixed assets and depreciated over the duration of each agreement.

The Corporation has been designated by the Government of Canada to be the Canadian signatory to the International Telecommunications Satellite Organization (Intelsat) and the International Maritime Satellite Organization (Inmarsat). Periodically, each signatory's ownership share is adjusted to conform to its percentage of total use of the system or any other percentage elected within the terms of the agreements. The Corporation's ownership share is reported in fixed assets and depreciated in accordance with the fixed assets depreciation policy.

(b) Allowance for funds used during construction

The rate applied in determining the allowance for funds used during major construction projects is based principally on the interest rate established by the Minister of Finance for medium-term Government loans to Crown corporations. This allowance is accounted for as income during the construction period.

(c) Depreciation of fixed assets

Fixed assets are depreciated over the estimated service lives of the assets, using the straight-line method.

When depreciable assets are taken out of service, their net book value, less salvage, is charged to depreciation. When other assets are taken out of service, any resulting gain or loss is reflected in income.

TELEGLOBE CANADA—*Continued*

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1986—*Continued*

In the event of a satellite launch failure or breakdown of an orbiting satellite, the costs are depreciated over the life of the group of satellites.

(d) Operating revenues

—Public services

Revenues from international public services (telephone, telex and telegraph) rendered through the Corporation's telecommunications network represent the amounts billed to Canadian subscribers by domestic carriers and amounts received or due from foreign administrations for the routing of overseas traffic. Estimates are included to provide for that portion of revenues which domestic carriers and foreign administrations have not yet reported to the Corporation at end of the year. Public service revenues are also derived from leasing circuits to foreign carriers for routing their traffic through Canada.

—Other services

Revenues from other services are derived primarily from leasing circuits to private users.

—Share of Intelsat and Inmarsat revenues

The Corporation's share of Intelsat and Inmarsat revenues represents its share of revenues from the international telecommunications satellite system as well as from the international maritime satellite system.

(e) Carriers' share of revenues and other realization costs

—Carriers' share of revenues

This represents the amounts owing to domestic carriers and foreign administrations for their part in routing telecommunications traffic.

—Other realization costs

These costs include:

- the Corporation's voluntary contribution to developing Commonwealth Telecommunications Organisation partners in accordance with the 1983 financial agreement;
- the Corporation's share of the operating costs of the international telecommunications satellite system and the international maritime satellite system, excluding depreciation, which amounted to $6.2 million for the year ended December 31, 1986 ($5.2 million for year ended December 31, 1985).

(f) Foreign currency translation

Assets, liabilities, revenues and expenses arising from foreign currency transactions are translated into Canadian dollars at the exchange rates at the time of the transaction, except when the transaction is hedged.

When a purchase or sale of goods or services in a foreign currency is hedged before the transaction, the Canadian dollar price of such goods or services is established by the terms of the hedge. If the hedge is incomplete as a result of having entered into a contract involving a foreign currency other than that of the transaction and the Canadian dollar, the price of the goods or services is first established by the terms of the foreign exchange contract and then translated into Canadian dollars by using the exchange rate of that intermediate currency at the time the transaction occurred.

When a purchase or sale of goods or services in a foreign currency is hedged after the transaction, completely or in part, the amount in Canadian dollars of the payable or receivable is restated according to the terms of the foreign exchange contract constituting the hedge. The difference thus recognized is reflected in income as a gain or loss on foreign exchange.

As at the end of a financial year, monetary items denominated in foreign currencies are adjusted to reflect the exchange rates in effect as at the date of the balance sheet. For items hedged by way of forward exchange contracts, the difference thus recognized is deferred. The gain or loss recognized on other items is reflected in current earnings as a gain or loss on foreign exchange, except for that portion which relates to monetary items with a fixed or ascertainable life extending beyond one year from the end of the financial year. In these cases, the gain or loss is deferred and amortized over the remaining life of the related monetary item using the straight-line method. The unamortized balance of the deferred gain or loss on foreign exchange is recorded in the balance sheet as a deferred credit or as a deferred charge. The effect of the forward exchange contracts on the long-term debt is recorded as an element of long-term debt.

Commitments in foreign currencies are translated into Canadian dollars at the exchange rates in effect as at the date of the balance sheet, except when they are hedged in which case the terms of the foreign exchange contracts are used.

(g) Pension plan

All employees of the Corporation are covered by the pension plan administered by the Government of Canada. These employees and the Corporation are required to contribute to the cost of the plan for current service. These contributions represent the total liability of the Corporation in this matter and are accounted for on a current basis.

(h) Retirement benefits

Retiring employees are paid a benefit equivalent to one half of accumulated unused sick leave days up to March 31, 1981, with an additional credit of five days for every year of service after that date, calculated at the salary level in effect at the time of retirement. The cost of the benefit is expensed in the year in which it is earned by employees.

3. Fixed assets

(a) The main classes of fixed assets are as follows:

	1986			1985
	Cost	Accumulated depreciation	Net	Net
	(in thousands of dollars)			
Land	4,814		4,814	4,841
Buildings and leasehold improvements	48,015	18,271	29,744	31,664
Furnishings	10,213	5,654	4,559	4,689
Cable systems	95,368	29,714	65,654	70,278
Terminal, transmission and switching equipment	210,683	95,787	114,896	109,238
International satellite systems space segment (Intelsat-Inmarsat)	49,776	29,751	20,025	24,677
Other plant and equipment	30,534	18,304	12,230	10,889
Construction in progress	48,796		48,796	52,362
	498,199	197,481	300,718	308,638

TELEGLOBE CANADA—*Continued*

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1986—*Continued*

(b) Fixed assets owned outright by the Corporation or owned jointly with other telecommunication entities are as follows:

	1986			1985
	Cost	Accumulated depreciation	Net	Net
	(in thousands of dollars)			
Owned outright	307,373	131,659	175,714	185,135
Owned jointly (Corporation's share)	190,826	65,822	125,004	123,503
	498,199	197,481	300,718	308,638

(c) For depreciation purposes, the estimated service lives of the main classes of fixed assets are as follows:

	Number of years
Buildings and related equipment	15 - 40
Leasehold improvements	over the term of the lease
Furnishings	8 - 10
Cable systems	over the term of the agreement
Terminal, transmission and switching equipment	5 - 15
International satellite systems space segment (Intelsat-Inmarsat)	6 - 12
Other plant and equipment	1 - 25

(d) As at December 31, 1986, construction in progress included an amount of $33,065,000 ($23,595,000 as at December 31, 1985) for the international satellite systems space segment (Intelsat-Inmarsat).

(e) As at December 31, 1986, the Corporation's ownership share in Intelsat was 2.362596 percent (2.317395 percent as at December 31, 1985) and its ownership share in Inmarsat was 4.35796 percent (3.83692 percent as at December 31, 1985).

4. Deferred charges

Unamortized deferred charges include:

	1986	1985
	(in thousands of dollars)	
Unrealized losses on foreign exchange	2,261	3,837
Interconnection costs relating to the Toronto International Center	482	870
	2,743	4,707

5. Long-term debt

As at December 31, 1986, the Corporation's long-term debt comprises loans from the Government of Canada bearing interest at rates ranging from 3½ percent to 5¾ percent, and amounts owing to the prime contractors of the ANZCAN cable system bearing interest at the rate of 8¾ percent payable in pounds sterling and in United States dollars.

The Corporation has entered into agreements with the two prime contractors of the ANZCAN project whereby 15 percent of contract costs have been paid, and the balance is payable in 17 semi-annual installments which started with the completion of construction in 1985. According to the terms of one of the agreements, payments by the Corporation to the prime contractor are secured by means of bills of exchange drawn by the latter and accepted by the Corporation.

As described in Note 10(b), the Corporation has entered into forward exchange contracts to protect itself against fluctuations of the pound sterling. The effect of this protection has been recorded as an element of long-term debt.

As at December 31, 1986, the details of the long-term debt were as follows:

Maturities	Loans from Government of Canada	Amounts owing to the prime contractors of the ANZCAN project	Effect of forward exchange contracts	Total
	(in thousands of dollars)			
1987	759	7,799	813	9,371
1988	325	7,799	878	9,002
1989	234	7,799	950	8,983
1990	135	7,799	1,023	8,957
1991	140	7,799	1,096	9,035
1992-98	1,037	11,572	1,777	14,386
	2,630	50,567	6,537	59,734
Portion due within one year	759	7,799	813	9,371
	1,871	42,768	5,724	50,363

6. Amount reimbursed to Commonwealth Telecommunications Organisation partners

The Commonwealth Telecommunications Organisation (CTO) Financial Agreement of 1973 was legally terminated, retroactive to March 31, 1983, when the governments of all 26 member countries completed the signing formalities. During the year, partnership accounts were finalized to March 31, 1983. As final settlement of its account under this Agreement, the Corporation reimbursed $9,856,000, of which $1,915,000 had been accounted for in previous years. The difference of $7,941,000 was charged to earnings for the year. Of this amount, $3,819,000 corresponds to the year ended March 31, 1983 and $4,122,000 to the year ended March 31, 1982.

The Corporation also paid interest in the amount of $2,233,000 which was included under Financial charges—Other interest.

7. Other income—Net

	1986	1985
	(in thousands of dollars)	
Interest from temporary investments	7,951	12,315
Gain on disposal of temporary investments	5,787	2,297
Other interest	1,237	1,975
Allowance for funds used during construction	971	3,817
Gain on disposal of assets	109	248
Loss on foreign exchange	(2,278)	(8,183)
Other	1,315	1,248
	15,092	13,717

8. Financial charges

	1986	1985
	(in thousands of dollars)	
Interest on long-term debt	5,504	5,723
Interest on long-term receivables	(829)	(877)
Other interest	2,418	363
	7,093	5,209

TELEGLOBE CANADA—*Concluded*

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1986—*Concluded*

9. Income tax

The Corporation is subject to federal income tax.

Deferred income tax results principally from timing differences between depreciation of fixed assets for accounting and income tax purposes.

Income tax expense comprises:

	1986	1985
	(in thousands of dollars)	
Current	58,809	44,645
Deferred	(2,829)	1,921
	55,980	46,566

10. Commitments

(a) Construction in progress

As at December 31, 1986, the estimated cost of completing construction projects, planned and in progress, amounted to approximately $254,800,000, of which $44,700,000 relates to the year ending December 31, 1987. Contractual commitments outstanding as at December 31, 1986 amounted to approximately $16,690,000.

(b) Forward exchange contracts

As a result of the Corporation's participation in the ANZCAN project, the Corporation must make payments to a prime contractor in pounds sterling.

To protect itself against this foreign currency exposure, the Corporation has entered into forward exchange contracts with two Canadian chartered banks to buy a total of 44,678,000 pounds sterling. The balance of amounts involved under the contracts, estimated to cover construction costs and interest charges, is hedged in United States dollars as follows:

Maturities	Pounds sterling	United States dollars
	(in thousands)	
1987	5,459	8,964
1988	5,151	8,522
1989	4,842	8,079
1990	4,533	7,627
1991	4,224	7,166
1992-93	5,757	9,864
	29,966	50,222

(c) Long-term leases

The Corporation is a party to long-term leases covering properties and facilities. The aggregate minimum annual rentals which will be paid in subsequent years are:

	(in thousands of dollars)
1987	14,588
1988	14,090
1989	9,313
1990	6,752
1991	2,919
1992-95	3,584

Rental expenses for properties and facilities which were charged to the year ended December 31, 1986 amounted to $18,717,000 ($16,351,000 for the year ended December 31 1985).

(d) Agreement with the Department of Transport

Under the terms of an agreement between the Corporation and the Department of Transport, the Corporation charters the cableship/icebreaker C.C.G.S. John Cabot on a cost reimbursement basis for periods of actual usage. This agreement is cancellable on 12 months notice. The Corporation incurred a cost under this agreement of $5,948,000 during the year ended December 31, 1986 ($5,408,000 for the year ended December 31, 1985).

(e) Intelsat and Inmarsat commitments

As at December 31, 1986, the Corporation's share of Intelsat's and Inmarsat's outstanding commitments was respectively $22,374,000 and $21,897,000 based on their financial statements as at December 31, 1986.

11. Contingency

Retirement compensation benefits

Prior to November 1, 1974, the Corporation provided a post-retirement life insurance plan for its retiring employees. On that date, the plan was replaced by a retirement compensation benefit for all employees on staff at the time. The cost of this benefit is recognized in the accounts in the year in which payments are made. As at December 31, 1986, the maximum liability of the Corporation under this plan, should all entitled employees retire while in the service of the Corporation, amounted to $1,385,750 ($1,597,000 as at December 31, 1985).

12. Privatization of the Corporation

On February 11, 1987, the Minister of State (Privatization) announced the decision of the Government to dispose of its investment in the Corporation to Memotec Data Inc. The divestiture will require a signed purchase agreement and necessary parliamentary approval pursuant to the Financial Administration Act through the passage of the Teleglobe Canada Reorganization and Divestiture Act (Bill C-38).

It is estimated that the ultimate consideration to the Government from the sale of its investment in the Corporation will be $608.3 million to be satisfied as follows:

(a) $488.3 million in cash from the purchaser;

(b) $102.0 million cash on hand within the Corporation at the time of sale;

(c) the balance of $18 million in cash from the purchaser, this being the estimated excess profits, as defined, for the nine month period ending December 31, 1987.

Direct costs of the sale are estimated at $7 million, and a $10 million contingency reserve will be set up to provide for potential non-federal taxes and other possible liabilities.

The income tax payable by the Corporation in respect of the divestiture cannot be reasonably estimated at this time.

SUMMARY PAGE

VANCOUVER PORT CORPORATION

MANDATE

Administration, management and control of the Vancouver Harbour and all the works and property within the harbour previously under the jurisdiction of the Canada Ports Corporation or, prior to February 24, 1983, the National Harbours Board.

BACKGROUND

The Vancouver Port Corporation was established on July 1, 1983, pursuant to the national ports policy to create local port corporations at the major ports and harbours previously under the centralized administration of the National Harbours Board and, since February 1983, the Canada Ports Corporation. Vancouver is the busiest port in Canada. In 1986, 57.6 million tonnes of cargo passed through the port. Coal and grain are the most important commodities; however, sulphur, potash and forestry products are growing in importance.

* Excludes $27.4 million in accrued interest owed to Canada.

** Takes no account of special contributions to Canada in 1986 of $23.3 million.

VANCOUVER PORT CORPORATION

AUDITORS' REPORT

TO THE HONOURABLE JOHN CROSBIE, P.C., M.P.
MINISTER OF TRANSPORT

We have examined the balance sheet of Vancouver Port Corporation as at December 31, 1986 and the statements of income and retained earnings and changes in cash resources for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the Corporation as at December 31, 1986 and the results of its operations and the changes in its cash resources for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Further, in our opinion, the transactions of the Corporation that have come to our notice during our examination of the financial statements have, in all significant respects, been in accordance with Part XII of the Financial Administration Act and regulations, the Canada Ports Corporation Act and the by-laws of the Corporation.

NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 1986

1. General

The Vancouver Port Corporation (the Corporation) was established effective July 1, 1983 as a local port corporation pursuant to the Canada Ports Corporation Act and is named as a Crown corporation in Schedule C, Part II of the Financial Administration Act. The Corporation is exempt from income taxes.

The objectives of the Corporation are to manage and operate the harbour of Vancouver as an effective instrument in support of the national ports policy as set out in the Canada Ports Corporation Act.

2. Summary of Significant Accounting Policies

These financial statements have been prepared by management in accordance with generally accepted accounting principles considered to be appropriate in the circumstances and consistently applied. A summary of the significant accounting policies of the Corporation is as follows:

(a) Property and equipment

Property and equipment are recorded at cost. Depreciation of property and equipment is calculated on the straight-line basis, commencing with the year the asset becomes operational, at rates based on the estimated useful lives of the assets as follows:

Dredging	40 years
Berthing structures, buildings, roads and surfaces	10 to 40 years
Utilities	10 to 33 years
Machinery and equipment	1 to 20 years
Office furniture and equipment	5 years

(b) Pension costs

All permanent employees of the Corporation are covered by the Public Service Superannuation Plan administered by the Government of Canada. Contributions to the plan are required from both the employee and the Corporation. Although the plan is a defined benefit plan, the contributions represent the total liability of the Corporation and are recognized in the accounts on a current basis.

(c) Insurance

The Corporation assumes substantially all risks against fire and property damage, as well as for workers' compensation claims. Any costs arising from these risks are recorded in the accounts in the period incurred.

(d) Grants in lieu of municipal taxes

Grants in lieu of municipal taxes are based on estimated municipal assessments adjusted in accordance with the Municipal Grants Act. After the amounts have been audited by the Municipal Grants Division of Public Works Canada, any adjustments upon finalization are reflected in the accounts in the period of settlement.

(e) Employee benefits

The Corporation accrues in its accounts the estimated liabilities for severance pay and annual leave. These benefits are provided under collective agreements and corporate policy.

3. Investments

Current investments are in Government of Canada treasury bills and at December 31, 1986 and 1985 the market value of the treasury bills approximated carrying value. Long-term investments are in Government of Canada bonds which are shown at amortized cost, with premiums or discounts amortized over the periods to maturity. At December 31, 1986 the market value of the bonds was $48,700 (1985, $10,526,300).

Office furniture and equipment	724	567	157	71
Projects under construction	2,259		2,259	29,516
	242,493	58,306	184,187	177,605

6. Loans from Canada

	1986	1985
	(in thousands of dollars)	
Interest bearing loan at 7.5% repayable in blended annual instalments maturing December 31, 2000	4,333	4,506
Less: current portion	(185)	(173)
	4,148	4,333
Non-interest bearing loan with an indefinite due date	76,494	76,494
Accrued interest not due and payable	27,377	27,377
	108,019	108,204

The non-interest bearing loan and accrued interest not due and payable were transferred to the Corporation by Canada Ports Corporation effective July 1, 1983. This loan replaced an interest bearing loan of the same amount on which interest of $27,377,000 had accrued to December 31, 1980.

Principal repayment requirements over the next five years amount to $185,000 in 1987, $199,000 in 1988, $214,000 in 1989, $230,000 in 1990, and $248,000 in 1991.

7. Operating revenue, Net

The Corporation entered into new Terminal Services contracts during 1986 for terminals operated by the Corporation. Under the old contracts all revenues generated on these terminals were recorded by the Corporation as operating revenue with payments for the services of the service contractors recorded as operating expense. Under the new contracts revenues now accruing directly to the service contractors are not shown as revenue or expense in the Corporation's financial statements.

8. Commitments

At December 31, 1986 the estimated cost of completing all approved capital projects was $20 million of which the Corporation had contractual obligations at that date for $1.1 million.

The Corporation has long-term lease obligations of varying durations to 1991 for office accommodation aggregating $3,152,000 with annual payments in each of the five years of: 1987, $756,000; 1988, $741,000; 1989, $662,000; 1990, $662,000; and 1991, $331,000.

9. Related party transactions

Through common ownership, the Corporation is related to all Government of Canada created departments, agencies and Crown Corporations.

In addition to the loans from Canada disclosed in Note 6, the Corporation paid $1,599,000 (1985, $1,974,000) to Canada Ports Corporation as its share of that Corporation's operating expenses and paid to the Government of Canada $23,331,000 representing the Corporation's share of the contributions requested of Ports Canada by the Government of Canada under the cash recovery program. The Corporation has been requested to consider declaring a dividend of 30% of 1986 net income, payable to the Government of Canada by March 31, 1987.

SUMMARY PAGE

VIA RAIL CANADA INC.

MANDATE

To manage and provide safe, efficient, effective and economic rail passenger service in Canada to meet the needs of the travelling public.

BACKGROUND

In accordance with contracts with the Minister of Transport, VIA Rail operates inter-city, transcontinental, regional and remote passenger train services over CN and CP railway tracks.

CORPORATION DATA

HEAD OFFICE	2 Place Ville-Marie, Montreal, Quebec H3B 2G6

VIA RAIL CANADA INC.

RESPONSIBILITY FOR PREPARATION AND INTEGRITY OF FINANCIAL STATEMENTS

The management of VIA is responsible for the preparation and integrity of the financial statements contained in the Annual Report. These statements have been prepared in accordance with generally accepted accounting principles and necessarily include some amounts that are based on management's best estimates and judgement. Management considers that the statements present fairly the financial position of VIA and the results of its operations.

To fulfill its responsibility, VIA maintains systems of internal accounting controls, policies and procedures to ensure the reliability of financial information and to safeguard assets. The internal control systems and financial records are subject to reviews by internal auditors and by Raymond, Chabot, Martin, Paré during the examination of the financial statements.

The Audit Committee of the Board of Directors meets periodically with the internal and external auditors, and with management to approve the scope of audit work and to assess reports on audit work performed. The financial statements have been reviewed by the Audit Committee and approved by the Board of Directors upon their recommendation.

AUDITORS' REPORT

TO THE HONOURABLE
THE MINISTER OF TRANSPORT

We have examined the balance sheet of VIA Rail Canada Inc. as at December 31, 1986 and the statements of income and deficit and changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the Corporation as at December 31, 1986 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Further, we have examined the transactions that came to our notice in the course of the above-mentioned examination of the financial statements of VIA Rail Canada Inc. for the year ended December 31, 1986, to determine whether they were in accordance with Part XII of the Financial Administration Act, the regulations, the charter and by-laws of the Corporation and any directives given to the Corporation pursuant to the Act. Our examination of these transactions was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances. In our opinion, these transactions were, in all significant respects, in compliance with the authorities specified.

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 1986

1. Accounting policies

These financial statements have been prepared by management in accordance with accounting principles generally accepted in Canada and conform in all material respects with the accounting standards of the International Accounting Standards Committee as they relate to the presentation of historical cost financial information. The significant policies are summarized below:

(a) Revenue recognition

Passenger revenue is recognized when earned. Contract revenue (Note 2a) is recognized on a realized and estimated basis and any changes in the estimates are accounted for in the year of change.

(b) Charges under railway operating agreements

Charges from the contracting railways in respect of the operating agreements (Note 2b) are recorded on an incurred and estimated basis.

These expenditures are subject to adjustment by the Canadian Transport Commission following a review of the actual costs incurred each year by the parties concerned. Adjustments arising from this review are included in the Statement of Income and Deficit in the year in which the resolution occurs.

(c) Materials and supplies

The inventory is valued at weighted average cost for on-board stock, latest invoice price for fuel and new materials in stores, and at estimated utility or sales value for usable second-hand, obsolete and scrap materials.

(d) Investment

The Corporation owns 140,279 common shares of Railroad Association Insurance, Ltd. (R.A.I.L.) representing a 4% interest therein accounted for on the cost basis.

(e) Properties

Properties, including those acquired under capital leases are recorded at cost. The costs of refurbishing and rebuilding of rolling stock for the first time are capitalized. These costs are incurred to improve and extend the useful life of the assets concerned. The costs of refurbishing and rebuilding of rolling stock, for a second time, except for major renewals, are charged to operations.

(f) Depreciation and amortization

Depreciation and amortization is calculated on a straight-line basis at rates sufficient to write off properties over their estimated useful lives. The estimated useful lives for significant classes of assets are as follows:

Rolling stock	8 to 30 years
Stations and facilities	20 years
Maintenance buildings	25 years
Machinery, equipment and other fixed assets	3 to 15 years
Office furniture and equipment	3 to 20 years
Leasehold and infrastructure improvements	10 to 38 years

No depreciation is provided for projects in progress.

(g) Deferred charges

Deferred charges are principally comprised of the costs of development of information systems and are being amortized on the straight-line method over periods varying from three to seven years. Accumulated amortization of $35,816,000 (1985—$27,808,000) has been deducted in arriving at the carrying value of the deferred charges.

VIA RAIL CANADA INC.—*Continued*

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 1986—*Continued*

(h) Leases

Assets recorded under capital leases are amortized on a straight-line basis over the terms of the leases.

All other leases are accounted for as operating leases and the rental costs are accounted for as incurred.

(i) Deferred investment tax credits

In accordance with the cost reduction approach, investment tax credits are deferred and amortized to income over the estimated useful lives of the related assets.

(j) Pensions

The cost of providing pension benefits is determined by actuarial valuations, which allocate to each year of service the applicable portion of total estimated benefits, based on projections of employees' compensation levels to the time of their retirement.

Current service costs include the portion of estimated benefits attributable to services rendered during the current year and are funded as they accrue.

Past service costs are being funded over periods up to twenty-five years having regard for rates recommended by the actuary and approved by the Superintendent of Insurance.

2. Operating agreements

(a) Railway passenger service contract

The Corporation has entered into an agreement with the Government of Canada to provide services, activities and undertakings relating to the provision, management and operation of railway passenger services in Canada.

The agreement also provides that the Minister of Transport and the Corporation shall enter into Subsidiary Service Request Agreements with respect to specified inter-city rail passenger services.

(b) Canadian National Railway Company and Canadian Pacific Limited

The Corporation has operating agreements with the railways for the use of tracks, facilities, train personnel, rolling stock servicing and refurbishing.

Costs incurred under the railway operating agreements, excluding capital expenditures, amounted to $235,986,000 (1985—$400,777,000).

3. Advance on contracts

Advance on contracts represent payments made on capital projects for station upgrading and the purchase of maintenance materials.

4. Properties

	1986	1985
	(in thousands of dollars)	
Land	2,806	391
Rolling stock	517,851	496,751
Stations and facilities	12,526	9,463
Maintenance buildings	90,029	42,884
Machinery, equipment and other fixed assets	9,554	8,231
Office furniture and equipment	21,417	17,593
Leasehold and infrastructure improvements	123,420	133,481
	777,603	708,794
Accumulated depreciation and amortization	(169,848)	(120,218)
	607,755	588,576
Projects in progress	101,719	90,136
	709,474	678,712

At December 31, 1986 the gross value of assets under capital leases included above was $7,235,000 (1985—$5,250,000) and related accumulated amortization thereon amounted to $271,000 (1985—$8,000).

5. Share capital

	1986	1985
	(in thousands of dollars)	
Authorized		
An unlimited number of common shares of no par value		
Issued and fully paid		
93,000 common shares	9,300	9,300

6. Contributed surplus

Contributed surplus represents amounts received or receivable from the Government of Canada for capital expenditures.

7. Lease obligations and commitments

(a) The future minimum rental payments relating to operating leases are as follows:

	(in thousands of dollars)
1987	14,149
1988	12,508
1989	12,060
1990	11,805
1991	12,179
Subsequent year	334,446
	397,147

A significant portion of the leases are for real estate or rental of computer equipment and services.

(b) No obligations under capital leases exist as lease payments applicable to the initial terms have been paid in lump sums at the inception of the leases.

(c) As at December 31, 1986 the Corporation has outstanding commitments mainly relating to the purchase of property and equipment amounting to approximately $34,647,000.

8. Pension plans

(a) The Corporation has retirement benefit plans covering all of its permanent employees, including those transferred from Canadian National Railway Company during the year and in 1985 (Note 11). Under the plans, employees are entitled to benefits at retirement age, based on compensation and length of service.

Actuarial valuations of the pension plans were carried out as at December 31, 1985. Based on these valuations, unfunded liabilities in respect of past service costs at December 31, 1986, excluding any such liability pertaining to the foregoing employees transferred to the Corporation, amounted to approximately $2,402,000.

VIA RAIL CANADA INC.—*Concluded*

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 1986—*Concluded*

(b) Employees transferred from Canadian National Railway Company during the year, and in 1985, will be fully protected to the extent of their benefits accrued under the pension plan of their former employer. Negotiations are continuing concerning the amount of funds to be transferred to cover accumulated benefits up to the dates of transfer.

9. Income taxes

The effective tax rate in the statement of income and deficit varies from the combined Federal and Provincial income tax rate as a result of differences between capital cost allowances and depreciation and amortization expense. No benefits have been recognized in respect of these differences because of uncertainty as to their realization in future accounting periods.

10. Prior period adjustment

As indicated in the Corporation's 1985 financial statements, Revenue Canada was in the process of auditing the Corporation's tax returns for the years ended December 31, 1978 to 1984. This audit has now been completed and assessments have been issued disclosing that no Federal income taxes are payable, due to the utilization of investment tax credits.

Revenue Canada's assessments have influenced the Corporation's Provincial tax position in that certain tax liabilities, previously accounted for as deferred income taxes, are now currently payable. As a result of this revised position, deferred income tax liabilities as at December 31, 1985, have been reduced by $1,727,000, of which $238,000 related to the year then ended; and current income taxes have been increased by a corresponding amount.

11. Related party transactions

VIA Rail Canada Inc. is a Crown Corporation with all of its issued shares owned by the Government of Canada.

In the normal course of business, the Corporation contracts with other Crown Corporations for services which in 1986 amounted to $198,927,000 (1985—$361,912,000). The amounts payable to these Corporations at December 31, 1986 amounted to $52,827,000 (1985—$44,787,000).

During the year, and in 1985, certain rolling stock maintenance and station activities, previously conducted under the operating agreement with Canadian National Railway Company referred to in Note 2(b), have been progressively transferred under the Corporation's direct control. Pursuant to these arrangements certain inventories and properties were acquired during the year for a total consideration of $4,961,000 (1985—$10,808,000). The Corporation also acquired the services of approximately 282 (1985—1,460) former employees of Canadian National Railway Company and entered into various operating leases for the rental of real estate on which the maintenance buildings and certain stations and facilities are located.

12. Subsequent events

As indicated in the Corporation's 1985 financial statements, a National Rail Passenger Transportation Act is expected to be tabled in Parliament. It will establish a legislative basis for the provision of national and commuter rail passenger transportation services. This legislation will change the Corporation's relationship with the Government of Canada, as well as the two freight railways which control the Corporation's essential rights-of-way. The financial impact of the legislation cannot be estimated with any certainty at this time.

PART II

CROWN CORPORATIONS AND OTHER CORPORATE INTERESTS

1. INTRODUCTION TO PART II

This Part responds to the provision in the *Financial Administration Act*, paragraph 153(3)(a) that the Report of the President "shall include a list naming, as of a specified date, all Crown corporations and all corporations of which any shares are held by, on behalf of or in trust for the Crown or any Crown corporation."

The information represents the status of Crown corporations and other Canadian government interests as at July 31, 1987, unless otherwise noted.

The individual lists are:

Parent Crown Corporations and their subsidiaries and associates. These are grouped as:

— **subsidiaries held at 100%**, if wholly-owned,

— **subsidiaries held at 50-99%**, if 50% or more of the equity is held by a Crown corporation; or,

— **Associates held at less than 50%** if less than 50% is held. (Generally subsidiaries of subsidiaries are listed only to a second ownership level below the 100% owned category);

Joint Enterprises are those owned by Canada jointly with another level of government, e.g., provincial or municipal;

Mixed Enterprises are those in which ownership is shared by Canada and the private sector;

Other Entities are corporate entities without share capital for which the Government of Canada, directly or through a Crown corporation, has a right pursuant to statute, articles of incorporation, letters patent or by-law, to appoint one or more members of the board of directors or similar governing body.

International Organizations are corporate entities created pursuant to international agreements by which Canada has a right to appoint or elect members to a governing body.

A statistical summary of the number of entities in each of the lists is presented on the next page.

The reader should note that the descriptions of corporate mandates appearing in this Part are intended to convey the essence of those mandates. They are not legal descriptions. Similarly, the description of the government's objective in making investments in these corporations is meant only as a summarization. For further information, the reader is referred to the special Acts, articles of incorporation, or annual reports of the corporations. The government percentage ownership data displayed are based on the number of voting shares.

2. STATISTICAL SUMMARY

As at July 31, 1987

Crown Corporations

• Parent Crown corporations including eight corporations which are exempted from Part XII of the FAA	54*
• Wholly-owned subsidiaries	114
TOTAL	168

Crown Corporations' Investments (direct and indirect)

• Subsidiaries held at 50% or more but less than 100%	31
• Associates held at less than 50%	154
TOTAL	185

Joint and Mixed Enterprises

TOTAL	25**

Other Entities

— Entities without share capital	41

International Organizations

— Entities created pursuant to international agreement	13

---

* Includes:

— in process of dissolution

Canadian National (West Indies) Steamships Ltd. and *Canagrex*

Excludes:

Teleglobe Canada — assets sold April 3, 1987

** Includes:

— 12 corporations in which the Superintendent of Bankruptcy has received shares in lieu of a cash levy.

— Canada Development Corporation — remaining shares, sale announced October 8, 1987.

3. THE LISTINGS

3.1. PARENT CROWN CORPORATIONS, WHOLLY-OWNED SUBSIDIARIES, OTHER SUBSIDIARIES AND ASSOCIATES

Notes

1. For corporations scheduled in the *Financial Administration Act* (FAA), the relevant schedule is shown in parentheses immediately following the corporation's name.
2. Under the FAA, a subsidiary is a Crown corporation if it is wholly-owned directly or indirectly by one or more parent Crown corporations.
